- **4. State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.0 percent of payroll in fiscal year 2012 and 6.5 percent of payroll in fiscal year 2013, including annual membership fees of \$3 for contributing members for each fiscal year.
- **5. State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System Plan 2, is based on a state contribution of 6.0 percent of payroll in fiscal year 2012 and 6.5 percent of payroll in fiscal year 2013 for contributing members.
- **6. State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

(Continued)

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Plan and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Insurance Contributions. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2012-13 biennium.

- 7. Excess Benefit Arrangement Account. There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code § 815.5072.
- **8.** Transfer of Retirement Contributions and Group Insurance. Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
- 9. Federal Funds for Medicare Part D Prescription Drug Program. The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
- 10. Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund. All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to § 609.512 Government Code are hereby appropriated to the system for the 2012-13 biennium for the purposes authorized by law.
- 11. Tobacco User Monthly Premium Fee. Contingent upon enactment of House Bill 1166 or similar legislation relating to the creation of a tobacco user monthly premium fee, by the Eighty-Second Legislature, Regular Session, 2011 the Employees Retirement System shall apply a \$30 monthly tobacco user fee to any tobacco user covered under the state health plan. Also contingent upon the enactment of this legislation, the Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$16,720,343 in fiscal year 2012 and \$25,080,514 in fiscal year 2013) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.
- 12. Implement Changes for Medicare-Eligible Retirees. It is the intent of the Legislature that the Employees Retirement System shall either implement a Medicare Advantage program for Medicare-eligible retirees, or shall change their policy for coordination of benefits with Medicare for Medicare-eligible retirees in the HealthSelect group insurance plan as described in the 2010 Government Effectiveness and Efficiency Report, *Implement a Tiered Coinsurance Plan for State Employees*. In order to share costs of and reduce utilization of medical procedures, this would have Medicare-eligible retirees pay 30 percent of the remaining costs after Medicare determines and makes payment for covered medical services. ERS should limit the coinsurance maximum to \$1,500 for Medicare-eligible retirees whose household income levels fall below 200 percent of the Federal Poverty Level. Implementing the change in coordination of benefits with Medicare will produce estimated savings of \$34,043,401 in All Funds, which consists of \$19,520,687 in General Revenue Funds, \$1,225,339 in General Revenue-dedicated Funds, \$6,749,850 in Federal Funds, and \$6,547,525 in Other Funds during the 2012-13 biennium.

(Continued)

- 13. Group Insurance Program Study. Out of amounts appropriated elsewhere in this Act for the Group Insurance Program, the Employees Retirement System shall conduct a study of the current group insurance program that includes, but is not limited to, the current plan design and funding of the group insurance program. The study shall include potential plan design and other changes that would improve the long-term sustainability of the group insurance program. A report of the study shall be submitted by the Employees Retirement System to the Legislative Budget Board and the Governor no later than September 1, 2012.
- 14. Contingency for Senate Bill 1811. Contingent on enactment of Senate Bill 1811, or similar legislation relating to state contributions to the Law Enforcement and Custodial Officer Supplemental Retirement Fund from Operators and Chauffeurs License Account No. 99, by the Eighty-second Legislature, Regular Session, in addition to amounts appropriated above in Strategy A.1.2, Law Enforcement and Custodial Officer Supplemental Retirement Fund, the Employees Retirement System is hereby appropriated an estimated \$7,520,372 out of Operators and Chauffeurs License Account No. 99 in fiscal year 2013 for a state contribution of 0.5 percent to the Law Enforcement and Custodial Officer Supplemental Retirement Program in fiscal year 2013.

3. Appropriation of Local Funds. All funds received by the department from counties, cities, and from any other local source and all balances from such sources as of August 31, 2011, are hereby appropriated for the biennium ending August 31, 2013, for the purpose of carrying out the provisions of this Act.

4. Nursing Home Program Provisions.

- a. Nursing Home Income Eligibility Cap. It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
- b. Establishment of a Swing-bed Program. Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
- c. Nursing Home Bed Capacity Planning. It is the intent of the Legislature that the department shall establish by rule procedures for controlling the number of Medicaid beds and for the decertification of unused Medicaid beds and for reallocating some or all of the decertified Medicaid beds. The procedures shall take into account a facility's occupancy rate.
- d. Nursing Facility Competition. It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.
- Appropriations Limited to Revenue Collections. It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy B.1.2, Credentialing/Certification, and the Home Health and Community Support Services Agencies program in Strategy B.1.1, Facility & Community-Based Regulation, as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$479,544 for fiscal year 2012 and \$479,544 for fiscal year 2013. Direct costs for the Home and Community Support Services Agencies program are estimated to be \$1,948,343 for fiscal year 2012 and \$1,948,343 for fiscal year 2013. "Other direct and indirect costs" for the Nursing Facility Administrator program are estimated to be \$115,001 for fiscal year 2012 and \$122,802 for fiscal year 2013. "Other direct and indirect costs" for the Home and Community Support Services Agencies program are estimated to be \$480,620 for fiscal year 2012 and \$512,889 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- **6. Accounting of Support Costs.** The State Comptroller shall establish separate accounts from which certain support costs shall be paid. The Department of Aging and Disability Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable

(Continued)

to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs, and salary and travel costs of staff whose function supports several programs. The department shall be responsible for quarterly allocations of these costs to the original strategies.

- 7. **Fund Transfers for Funds Consolidation.** For the purpose of funds consolidation, federal and other funds may be transferred into the General Revenue Fund from the Department of Aging and Disability Services Fund No. 117. The initial deposit of federal funds shall be made into Fund No. 117 and no direct expenditures shall be made from this fund.
- 8. Pediatric Care in Nursing Facilities. When using funds appropriated above in addition to consideration of expense in determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of state and federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.
- **9. To the maximum extent possible, the department shall encourage the use of videoconferencing and teleconferencing and shall schedule meetings and locations to facilitate the travel of participants so that they may return the same day and reduce the need to reimburse members for overnight stays.

- **13. Survey of Nursing Facility Residents.** Out of funds appropriated above, the Department of Aging and Disability Services is allocated the following:
 - a. up to \$360,000 in All Funds, of which up to \$180,000 is General Revenue Funds, in fiscal year 2012 to conduct surveys of nursing facility residents and individuals receiving other long-term services and supports. The surveys shall assess how satisfied individuals are with their quality of care and quality of life. Not later than January 15, 2013, the department shall submit a written report on the survey to the Legislature, Governor, and Health and Human Services Commissioner; and

Contingent upon a request from the Texas Veterans Land Board, it is the intent of the Legislature that the Department of Aging and Disability Services maintain a program for Medicaid-eligible veterans that will enable those individuals to be placed in State Veterans Homes. It is further the intent of the Legislature that the department amend its nursing facility bed allocation rules to create sufficient certified beds to accommodate the requirements of such a program.
- **15. Limitation on State Supported Living Center Strategy Transfers.** The transfer of appropriations from Strategy A.8.1, State Supported Living Centers, to any other strategy is limited to 5 percent without the prior approval of the Legislative Budget Board and the Governor.
- 16. State Supported Living Center Medicaid Revenues.
 - Proportionality of Funds. Pursuant to Article IX, Sec 6.08, Benefits Paid Proportional by Fund, payment for salaries, wages, and benefits for ICF/MR state supported living center employees shall be proportional to the source of funds. The department shall develop a plan for the 2012-13 biennium which identifies the appropriate portion of state and federal funds for salaries, wages, and benefits for ICF/MR state supported living center employees. This plan is subject to review by the Comptroller of Public Accounts and the Legislative Budget Board and shall be certified by the Chief Financial Officer of the department by October 1, 2011 prior to submission to the Legislative Budget Board.

- 17. State Supported Living Center Funding. It is the intent of the Legislature that the department implement a single funding methodology for state supported living centers which funds all living centers equitably and at a level which is adequate to maintain compliance with applicable federal standards. A primary consideration to be used by the department in determining an acceptable funding methodology should be consideration of the number of residents in each living center and the needs of those residents. Staffing patterns at living centers shall not reflect a census decline until a campus has realized a decline in census.
- 18. Disposition of Construction Appropriation Related to Mental Retardation. Construction appropriations may be used to pay salaries and travel expenses of department engineers and architects and administrative expenses of construction projects (but shall not exceed \$300,000 in a fiscal year that are paid out of G.O. Bonds); architect's and engineer's fees; and the actual travel expenses incurred by them or their representatives in making trips of inspection at the discretion of the department during construction, renovation, or repair of buildings and systems or the installation of fixed equipment. Job titles and rates of pay for such salaried positions of department personnel paid from construction appropriations shall conform with the Position Classification Plan and Classification Salary Schedule.
- 19. Unexpended Balances: ICF/MR Standards. Except as otherwise provided, unexpended and unobligated balances, not to exceed \$5 million in General Revenue, remaining from appropriations for the first year of the biennium to the Department of Aging and Disability Services are appropriated to the department for the purpose of complying with Intermediate Care Facilities for the Mentally Retarded (ICF-MR) standards dealing with residential, non-residential, and community based mental retardation services. This paragraph does not apply to those unexpended and unobligated balances remaining from appropriations for the first year of the biennium that the department is authorized by this Act to retain for specific purposes in the second year of the biennium. The department shall notify the Legislative Budget Board and the Governor as to when the appropriation originated, why it is not needed, and how it will be used prior to budgeting and expending these balances.
- **20.** Unexpended Construction Balances. Any unexpended construction, repair, or renovation balances from previous appropriations, estimated to be \$14,833,333 from fiscal year 2011 to fiscal year 2013 and included in the method of finance above as General Obligation Bond proceeds and in Strategy A.9.1, Capital Repairs and Renovations, are hereby appropriated to the Department of Aging and Disability Services for the same purposes.

Authorization to expend the unexpended balances is contingent upon submission of the following reports to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the reports to the Comptroller of Public Accounts.

- a. a report by September 1, 2011 providing actual expenditures for fiscal years 2010 and 2011, and planned expenditures for fiscal years 2012 and 2013 at the project/state supported living center level; and
- b. a report by March 1 and September 1 of each fiscal year reflecting actual expenditures by project/state supported living center for the previous six months.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The notification and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The planned expenditures shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

(Continued)

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

21. MR Residential Placement Options. Pursuant to § 533.038 of the Health and Safety Code, an individual with mental retardation or an individual's legally authorized representative seeking residential services shall receive a clear explanation of programs and services for which the individual is determined to be eligible, including state supported living centers, community ICFs-MR, 1915(c) waiver services or other services, in order to ensure consumer choice. The programs and services that are explained shall be documented in the individual's record and acknowledged in writing by the individual or the individual's legally authorized representative. If the chosen programs or services are not available, the individual or the individual's legally authorized representative shall be given assistance in gaining access to alternative services and the selected waiting lists.

The department shall keep a central list of the number of openings available for each type of residential service. The department shall honor the program and services preferences of the person or the person's legally authorized representative to the maximum extent openings are available in a residential program or service for which the individual meets program criteria.

- **22. Expenditures on Bond Homes.** Expenditures made for the provision of client services in bond homes operated by the Department of Aging and Disability Services shall not exceed the approved reimbursement rates.
- 23. Appropriation and Unexpended Balances: Affordable Housing for the Elderly. General Revenue Funds appropriated above include fees collected pursuant to § 394.902, Local Government Code, and § 101.022, Human Resources Code, as amended, for the purpose of promoting affordable housing for the elderly (\$454,000 for the biennium).

Any unexpended balances in fees collected to promote affordable housing for the elderly for the fiscal year ending August 31, 2012, may be carried forward into fiscal year 2013, and such balances are hereby appropriated.

In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

- **24. Reimbursement of Advisory Council Members.** Pursuant to Human Resources Code § 161.027, reimbursement of travel expenses for Aging and Disability Services Council members, out of funds appropriated above, is hereby authorized such that the sum total of all reimbursements for members of the council shall not exceed \$10,825 per fiscal year, at the rates specified in the general provisions of this Act.
- **25. Appropriation: GR-Dedicated License Plates Account No. 5055.** Included in funds appropriated above in Strategy A.4.2, MR Community Services, is \$3,000 for the biennium in revenue generated from the sale of specialized "Special Olympics Texas" license plates and collected in GR-Dedicated Account No. 5055 during the 2012-13 biennium. It is the intent of the Legislature that these funds be expended for costs associated with training and with area and regional competitions of the Special Olympics Texas.
- 26. Revolving Fund Services: Canteen Services and Sheltered Workshops. Out of funds appropriated above in Strategy A.8.1, State Supported Living Centers, \$2,724,957 per fiscal year in General Revenue shall be allocated for the operation of canteen and sheltered workshops. In addition, DADS may also utilize agency-generated collections from Revenue Object Code 3767 Supplies/Equipment/Services Federal/Other (estimated to be \$82,160 per fiscal year) and which are appropriated above as MR Revolving Fund Receipts (Other Funds) for the operation of canteen and sheltered workshops. The department shall provide information on related revenues, balances, contracts and profits to the Legislative Budget Board, Governor and Comptroller of Public Accounts. These revenues, expenditures and balances shall be reported and included in agency Operating Budgets, Legislative Appropriation Requests, and Annual Financial Reports. The timetable, format and content for additional monthly reports related to canteen operations and sheltered workshops shall be prescribed by the Legislative Budget Board.

(Continued)

- **27. Guardianship Services.** Out of the funds appropriated above, the Department of Aging and Disability Services shall pay guardianship program caseworkers, supervisors and directors an amount not to exceed \$50 per month for work-related use of the personal cellular telephones.
- **28. Cost Comparison Report.** Out of funds appropriated above, the Department of Aging and Disability Services (DADS) shall develop a report for the Legislature analyzing state and federally funded residential and nonresidential services in Home and Community-based Services (HCS), Texas Home Living, and Intermediate Care Facilities for individuals with Mental Retardation and Related Conditions (ICF-MR/RC).
 - a. The report shall include the following:
 - (1) the monthly average cost to the state per person for individuals residing in stateoperated and non-state operated ICF-MR/RC, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON), and facility size (private ICF-MR only);
 - (2) a comparison of severity across settings.
 - (3) the total number of persons, by LON, who transitioned from state-operated ICF-MR/RC to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.
 - b. With respect to the cost to the state per person residing in a state operated ICF-MR/RC facility, the department shall include all costs, such as Statewide Indirect Cost Allocation Plan (SWICAP), Departmental Indirect Cost Allocation Plan (DICAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative, medical and overhead costs. With respect to the cost to the state per person in state-operated ICF-MR/RC facilities, non-state operated ICF-MR/RC facilities, and the HCS and Texas Home Living waivers, the department shall include all Medicaid costs including acute care costs that are not included in the waiver rate for those programs and all costs to administer and license those programs. For state-operated ICF-MR/RC facilities, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. The department shall identify the types of costs included in each category.
 - c. Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF/MR services will cover the time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF/MR or waiver within 60 days of discharge. In that case the Medicaid costs incurred during discharge will be counted toward the ICF/MR costs.

The report shall be submitted to the Eighty-second Legislature no later than August 31, 2012.

- **29. Services under a 1915c Waiver.** It is the intent of the Legislature that, from the funds appropriated above, the Department of Aging and Disability Services shall provide services under a Section 1915(c) waiver program, other than a nursing facility waiver program to an individual, 21 years and younger, leaving a nursing facility if the individual:
 - a. meets the eligibility requirements for that Section 1915(c) waiver program; and
 - b. in order to leave the nursing facility, requires services that are available only under that Section 1915(c) waiver program.
- **30. Services under HCS Waiver Program.** It is the intent of the Legislature that, from the funds appropriated above, if an individual 21 years and younger, seeking to leave an intermediate care facility for the mentally retarded, has been offered services under the HCS (Home and Community-based Services) waiver program, the Department of Aging and Disability Services may provide services to the individual under another Section 1915(c) waiver program if the individual leaving the facility:
 - a. is determined to be ineligible for the services provided under the HCS waiver program; and

- 31. Promoting Community Services for Children. It is the intent of the Legislature, out of funds appropriated above, to provide opportunities for children (under the age of 22) residing in community intermediate care facilities for the mentally retarded to transition to families during the 2012-13 biennium. To facilitate such transitions when requested by parent/guardian, funding for community intermediate care facilities for the mentally retarded may be transferred from the Strategy A.7.1, Intermediate Care Facilities MR, to Community Care Services strategies to cover the cost of the shift in services. In accordance with all applicable laws the Executive Commissioner may develop rules that would allow decertification of the ICF/MR beds upon such transition to prevent additional costs being incurred.
- 32. Appropriation: Quality Assurance Fees. The Department of Aging and Disability Services is hereby appropriated revenue generated above the amounts identified in the Comptroller of Public Account's Biennial Revenue Estimate for General Revenue Dedicated Quality Assurance Account No. 5080, for deposit in Strategy A.8.1, State Supported Living Centers, for the purpose of funding state supported living center services. At least 30 days prior to budgeting or expending the funds appropriated herein, the department must submit a plan to the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts. The department shall provide a detailed plan outlining the expenditure of the settlement funds in a format approved by the Legislative Budget Board.

Settlement funds may include, but are not limited to, the difference between allowable costs and the reimbursement paid under the interim rate, including applied income.

- **34.** Limits for Waivers and Other Programs. Notwithstanding other provisions included in this Act, this provision shall govern expenditure levels for the following strategies.

Requests for Exemptions. To request an exemption from the limits established under section (a), DADS shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information: a detailed explanation of the reason for the requested exemption and whether and how the exemption would impact client and expenditure levels at the individual strategy level in the 2012-13 biennium and the 2014-15 biennium.

the 2012-13 GAA and specifies the following information: a detailed explanation how the increase would impact client and expenditure levels by method of finance at the individual strategy level in the 2012-13 biennium and the 2014-15 biennium.

35. Elimination of the Consolidated Waiver Program. Upon elimination of the Consolidated Waiver Program as required by Senate Bill 705, Eighty-first Legislature, Regular Session, the Department of Aging and Disability Services is directed to transfer funding from Strategy A.3.6, Consolidated Waiver Program, to other strategies in Goal A, Long-Term Services and Supports, and to the Health and Human Services Commission, Goal B, Medicaid, to serve clients who otherwise would have received services through the Consolidated Waiver Program in the appropriate Medicaid 1915(c) long-term care waiver program with no break in service. Funds from Strategy A.3.6, Consolidated Waiver Program, should be allocated based on the client and cost mix in the Consolidated Waiver Program.

The Department of Aging and Disability Services must receive approval for the reallocation pursuant to the Department of Aging and Disability Services Rider 9, Limitation: Medicaid Transfer Authority. Until the Consolidated Waiver Program is eliminated, the Department of Aging and Disability Services is directed to submit a report on the status of eliminating the Consolidated Waiver Program to the Legislative Budget Board and the Governor's Office by October 1 of each year of the biennium.

- **36. Behavioral Support Specialists in Educational Settings.** Out of funds appropriated above in Strategy A.8.1. State Supported Living Centers, Mexia State Supported Living Center shall provide behavioral support specialists to assist the alleged offender residents with any specialized educational needs.
- **37. Notwithstanding any other provision in this Act, funding appropriated to Strategy A.5.1 may not be transferred to another strategy or used for another purpose.
- **38.** Unexpended Balances: General Obligation Bond Proceeds. Included in the amounts appropriated above in Strategy A.9.1, Capital Repairs and Renovations, are unexpended and unobligated balances of General Obligation Bond Proceeds that have been approved under the provisions of Article IX, Section 17.11 of Senate Bill 1, Eighty-first Legislature, Regular Session, 2009, remaining as of August 31, 2011 (estimated to be \$14,833,333), for the Department of Aging and Disability Services, in fiscal year 2013.

All projects funded herein with general obligation bond proceeds are subject to approval by the Legislative Budget Board prior to issuance of the bond proceeds by the Texas Public Finance Authority.

- **39.** Waiting List Reduction. Notwithstanding any other provision in this Act, the Department of Aging and Disability Services is directed to consider factors such as length of time on the interest/waiting list, size of waiting list, demographics, average cost, and crisis stabilization in providing services to waiting list clients on a program-specific basis.
- **40. Appropriation: Medicaid Estate Recovery.** Funds deposited to the credit of Medicaid Estate Recovery (General Revenue Dedicated Account No. 5109) above the Biennial Revenue Estimate are hereby appropriated to the Department of Aging and Disability Services for community-based care to individuals who are on a waiting or interest list.

(Continued)

other information requested by the Legislative Budget Board. The plan shall be submitted to the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts 30 days prior to any expenditure of the funds.

- **41. Reporting Abuse/Neglect/Exploitation Incidents at All State Supported Living Centers.** The Department of Aging and Disability Services shall report quarterly for each state supported living center on:
 - a. as reported by victims, the number of abuse/neglect/exploitation claims deemed "unfounded." "Victim" as defined by Texas Administrative Code Title 40 Rule 711.3 and "unfounded" as defined by Texas Administrative Code Title 40 Rules 711.425 and 711.421 by the Department of Family and Protective Services investigators; and
 - b. the number of abuse/neglect/exploitation incidents deemed "confirmed" as defined by Texas Administrative Code Title 40 Rules 711.425 and 711.421 by Department of Family and Protective Services investigators. DADS shall input the information into the LBB's Automated Budget and Evaluation System of Texas.

42. Unexpended Balance Authority for SAS/CARE Consolidation Project.

- a. Unexpended Balance between Biennia. Unexpended balances in General Revenue Funds appropriated for the Service Authorization System/Client Assignment and Registration (SAS/CARE) Consolidation project in fiscal year 2011 (estimated to be \$572,380 in General Revenue and \$5,151,421 in Federal Funds) in Strategy A.6.1, Nursing Facility Payments, are appropriated to the Department of Aging and Disability Services (DADS) for the fiscal year beginning September 1, 2011, only upon prior written approval by the Legislative Budget Board and the Governor. These General Revenue and Federal Funds are contingent on an unexpended balance from fiscal year 2011. The amount of the appropriation is limited to the amount of the unexpended balance.
- b. For authorization to expend the funds, DADS shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts.
- c. The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.
- 43. Reshaping the System for Providing Services to Individuals with Developmental Disabilities. Out of funds appropriated above for persons with mental retardation, intellectual disabilities, and developmental disabilities, the Department of Aging and Disability Services (DADS) is required to increase the number of Home and Community-Based Services (HCS) slots during fiscal years 2012 and 2013 for (1) children aging out of foster care services at the Department of Family and Protective Services, (2) individuals who are at imminent risk of institutionalization as a result of a emergency or crisis situations, and (3) promoting independence initiatives.

It is the intent of the Legislature that DADS continue census management initiatives, not closure, while not removing a state supported living center resident from a state supported living center against the resident's will or against the will of the resident's legally authorized guardian and without denying admission to a state supported living center on the basis that the admission would cause the state supported living center to exceed any potential capacity limit.

- **44. Department of Aging and Disability Services Medicaid Waiver Programs.** It is the intent of the Legislature that the Department of Aging and Disability Services (DADS) maintain the performance level targets for "Average Number of Individuals Served Per Month" and "Number of Persons Receiving Services at the End of the Fiscal Year" established in the General Appropriations Act in the DADS bill pattern for the following Medicaid waivers:
 - A.3.1. Community Based Alternative (CBA)
 - A.3.2. Home and Community-based Services (HCS)
 - A.3.3. Community Living Assistance and Support Services (CLASS)

 - A.3.5. Medically Dependent Children Program (MDCP)

(Continued)

A.3.6. Consolidated Waiver Program A.3.7. Texas Home Living (TxHmL)

The "End of the Fiscal Year" value indicates the number of clients/slots who will be served in the final month of the fiscal year. The "Average Monthly" value indicates the number of clients/slots to be served on average for the fiscal year overall. Average monthly values reflect the approved rollout of new slots and tie to performance targets established within the DADS bill pattern.

- **45. MR Community Services Funded through Medicaid.** Funds appropriated above to Strategy A.4.2, Mental Retardation Community Services, and Strategy A.3.7, Texas Home Living Waiver, reflect the refinancing of services for up to 5,000 Medicaid-eligible individuals.
- **46. Attendant Care Services for Persons Enrolled in Community-based Alternatives.** Funds appropriated above to the Department of Aging and Disability Services assume a savings of \$22,320,772 in All Funds, including \$9,282,093 in General Revenue Funds, in fiscal year 2012 and \$13,412,084 in All Funds, including \$5,717,907 in General Revenue Funds, in fiscal year 2013. The department may achieve these savings by reducing rates for the indirect portion of attendant care services in the Community-based Alternatives waiver to the level of the indirect component of the rate in the Primary Home Care and Community Attendant Services programs.
- **47. Facility and Community-based Regulation.** The Department of Aging and Disability Services shall review their business model related to their regulatory practices in Strategy B.1.1, Facility/Community-based Regulation to achieve operational efficiencies.
- **48. Home and Community-based Services (HCS) Foster Care Rates.** The Department of Aging and Disability Services, in conjunction with the Health and Human Services Commission, shall develop a potential cost savings proposal totaling \$4,074,490 in General Revenue for the 2012-13 biennium, focusing on rates paid for HCS Foster Care and Companion Care services. This rider focuses on the administrative (indirect) component of the Foster Care and Companion Care rate.

- d. **Cash Management**. Notwithstanding the above limitations, DSHS may temporarily utilize funds for cash flow purposes. All funding used in this manner shall be promptly returned to the originating strategy. This authorization is subject to limitations established by the Comptroller of Public Accounts.

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- b. Appropriations made out of the General Revenue Fund to DSHS in Goal E, Indirect Administration, may be transferred for bond debt service payments only if laboratory fees generated by the laboratory during the biennium are insufficient to support the bond debt service, subject to prior approval of the Governor and the Legislative Budget Board and if no funds appropriated to DSHS by this Act have been transferred into Goal E, Indirect Administration.
- c. Included in the appropriations made above in Strategy A.4.1, Laboratory Services, is \$12,808,118 in fiscal year 2012 and \$12,808,119 in fiscal year 2013 from General Revenue-Dedicated Account No. 524. These amounts include an unexpended balance of \$0 from the 2010-11 biennium.
- 15. Appropriations Limited to Revenue Collections. The Department of State Health Services (DSHS) shall review all of the fee schedules within its authority on an annual basis. The DSHS shall provide a copy of the report summarizing this review to the Legislative Budget Board and the Governor no later than September 1 of each year in the biennium, with a copy of the final report to be submitted no later than January 1 of each year of the biennium. It is the intent of the Legislature that, to the extent feasible, fees, fines, and other miscellaneous revenues as authorized and generated by the department cover, at a minimum, the cost of the appropriations made for the programs listed in the table below, as well as the "other direct and indirect costs" associated with these programs, appropriated elsewhere in this Act. "Other direct and indirect costs" for these programs are estimated to be \$6,052,137 for fiscal year 2012 and \$6,386,196 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available. - 3. Budget Authority for Estimated Pass-through Funds. In addition to the amounts appropriated above for the Health and Human Services Commission, the commission may establish additional budget authority with the Comptroller of Public Accounts to reflect other estimated income except from the General Revenue Fund.
- 4. Reimbursement of Advisory Committee Members. Pursuant to Government Code § 2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above not to exceed \$63,200 per year, is limited to the following advisory committees: Hospital Payment Advisory Committee, Medical Care Advisory Committee, Physician Payment Advisory Committee, Drug Use Review Board, Pharmaceutical and Therapeutics Committee, Public Assistance Health Benefits Review and Design Committee, Guardianship Advisory Board, Children's Policy Council, and Volunteer Advocate Program Advisory Committee.

To the maximum extent possible, the commission shall encourage the use of videoconferencing and teleconferencing and shall schedule meetings and locations to facilitate the travel of participants so that they may return the same day and reduce the need to reimburse members for overnight stays.

- 5. Vendor Drug Rebates Medicaid and CHIP. All references in this rider to rebate revenue refer to vendor drug rebates as well as supplemental rebates earned via the preferred drug lists (methods of finance include Vendor Drug Rebates-Medicaid, Vendor Drug Rebates-CHIP, and Vendor Drug Rebates-Supplemental Rebates).
 - a. **Medicaid.** The Health and Human Services Commission is authorized to expend Medicaid rebate revenues appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, pursuant to the federal requirements of the Omnibus Budget and Reconciliation Act of 1990 as well as rebates collected in excess of federal requirements pursuant to state law.
 - b. **CHIP.** The Health and Human Services Commission is authorized to expend CHIP rebate revenues and related interest earnings appropriated above in Strategy C.1.5, CHIP Vendor Drug Program.

(Continued)

- c. **Rebates as a First Source of Funding.** Expenditures for the Medicaid and CHIP Vendor Drug Programs shall be made from rebates received in fiscal years 2012 and 2013. As rebates are generated, expenditures to support the Medicaid and CHIP Vendor Drug Programs shall be made from rebate revenues. In the event rebate revenues are not available for expenditure, General Revenue may be used to support both Vendor Drug Programs until rebate revenues are available.
- d. **Appropriation.** In addition to rebate revenues appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, and Strategy C.1.5, CHIP Vendor Drug Program, the Health and Human Services Commission is appropriated Medicaid and CHIP vendor drug rebates generated in excess of those amounts, subject to the following requirements:
 - (1) Vendor drug rebates shall be expended prior to utilization of any General Revenue available for the purpose of the CHIP or Medicaid Vendor Drug Programs.
 - (2) In the event General Revenue has been expended prior to the receipt of vendor drug rebates, the commission shall reimburse General Revenue. The commission shall reimburse the General Revenue Fund with vendor drug rebates on a monthly basis in order to prevent accumulation of vendor drug rebates.
 - (3) Program Benefit Agreement revenues collected in lieu of state supplemental rebates will be expended prior to utilization of any General Revenue available for the purpose of the Medicaid program specified in the Agreement.
- e. **Limited Use of Rebates**. Rebates generated by the Medicaid program shall only be used for the Medicaid program. Rebates generated by the CHIP program shall only be used for the CHIP program.
- 6. Medicaid Subrogation Receipts (State Share). For the purposes of this provision, Medicaid Subrogation Receipts are defined as tort settlements related to the Medicaid program. Amounts defined as Medicaid Subrogation Receipts are to be deposited into the General Revenue Fund, Object No. 3802. The Health and Human Services Commission is authorized to receive and expend Medicaid Subrogation Receipts. Expenditures shall be made from recoupments and interest earnings received in fiscal year 2012 and fiscal year 2013. The use of the state's share of Medicaid Subrogation Receipts is limited to funding services for Medicaid clients. Medicaid Subrogation Receipts shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Subrogation Receipts (State Share), the commission is hereby appropriated and authorized to expend these Other Funds thereby made available, subject to the following requirements:
 - a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes.
 - b. In the event General Revenue has been expended prior to the receipt of the state's share of Medicaid Subrogation Receipts, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of Medicaid Subrogation Receipt balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources, and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 7. Appropriation Transfers between Fiscal Years. In addition to the transfer authority provided elsewhere in this Act and in order to provide for unanticipated events that increase costs associated with providing Medicaid or CHIP services for eligible clients, the Health and Human Services Commission is authorized to transfer General Revenue from funds appropriated in Medicaid or CHIP strategies in fiscal year 2013 to fiscal year 2012 and such funds are appropriated to the commission for fiscal year 2012. Such transfers may only be made subject to the following:
 - a. Transfers under this section may be made only:
 - (1) if costs associated with providing Medicaid or CHIP services exceed the funds appropriated for these services for fiscal year 2012, or

(Continued)

- (2) for any other emergency expenditure requirements, including expenditures necessitated by public calamity.
- b. A transfer authorized by this section must receive the prior written approval of the Governor and the Legislative Budget Board.
- c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section.
- **8. Reporting of Child Abuse.** The Texas Health and Human Services Commission may distribute or provide appropriated funds only to recipients who show good-faith efforts to comply with all child abuse reporting guidelines and requirements set forth in Chapter 261 of the Texas Family Code
- 9. Authorization to Receive, Administer, and Disburse Federal Funds. The appropriations made herein may be used to match or to meet maintenance of effort requirements for Federal Funds granted to the state for the payment of personal services and other necessary expenses in connection with the administration and operation of state programs of health and public welfare services. Notwithstanding the General Provisions of this Act, the Health and Human Services Commission is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as Federal Funds for such purposes, and to receive, administer, and disburse Federal Funds for federal regional programs in accordance with plans agreed upon by the Health and Human Services Commission and the responsible federal agency, and such other activities as come under the authority of the Commissioner of Health and Human Services, and such moneys are hereby appropriated to the specific purpose or purposes for which they are granted or otherwise made available. - 10. Accounting of Support Costs. The Comptroller of Public Accounts shall establish separate accounts from which certain support costs shall be paid. The Health and Human Services Commission is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Items to be budgeted in and paid from these accounts include but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs and salary and travel costs of staff whose function supports several programs. Any amounts of such transferred funds not required for these payments shall be deposited by the Health and Human Services Commission to the General Revenue Fund as unappropriated revenue. By October 1 of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board. HHSC shall provide notification of all transfers pursuant to subsection (b) of this provision.
- b. **Notification Regarding Transfers that Do not Require Approval.** Authority granted by this provision to transfer funds is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to the transfer, which includes the following information:

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

 - a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
 - b. In the event General Revenue has been expended prior to the receipt of program income, the commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of program income balances.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

14. Use of Additional CHIP Experience Rebates. For the purposes of this provision, CHIP Experience Rebates are defined as: 1) refunds/rebates of previously paid CHIP premiums and related interest earnings; and 2) managed care rebates and related interest earnings as described below. The use of CHIP Experience Rebates is limited to health care services for CHIP clients. CHIP Experience Rebates shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support CHIP-related programs. In the event that these revenues should be greater than the amounts identified in the method of finance above as Experience Rebates - CHIP, the department is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

(Continued)

- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- b. In the event General Revenue has been expended prior to the receipt of CHIP Experience Rebates, the Commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of CHIP Experience Rebate balances.

- c. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:
 - (1) The following information shall be provided for the fiscal year with an unexpended balance:

In the event that the state has not received a tobacco settlements payment for fiscal year 2012 and fiscal year 2013 by September 1 of each year of the biennium, the Comptroller of Public Accounts is hereby authorized to use general revenue funds as needed for program expenditures for cash flow purposes between the beginning of the fiscal year and the receipt by the state of the tobacco settlement payment for the fiscal year. Upon receipt of the tobacco settlement payment, the general revenue fund shall be reimbursed with tobacco settlement receipts for all expenditures made pursuant to this provision.

- 19. Additional Funding Sources, Medicaid. Notwithstanding any other provisions of this Act, if the appropriations provided for a Medicaid program are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the agency operating the Medicaid program, and available for transfer to the Medicaid program, the Legislative Budget Board and the Governor may provide for and are hereby authorized to direct the transfer of sufficient amounts of funds to the Health and Human Services Commission from appropriations made elsewhere in this Act.

It is the intent of the Legislature that the commission expands the use of one-time emergency payments as a cost-effective deterrence from the ongoing cash assistance grant programs.
- 21. High Performance Bonus for Administration of the Supplemental Nutritional Assistance Program (SNAP). High Performance Bonuses are annual incentive payments to state agencies that meet standards for high or most improved performance established by the Secretary of the U.S. Department of Agriculture.  - (1) Before an employee can be eligible for a bonus, the employee must have been employed in the program for the related twelve months, remain employed in the program, and demonstrate performance that meets expectations.
 - (2) The commission has the authority to determine whether employees who have received bonuses under this provision are eligible for merit salary increases during a twelvemonth period prior to or after receipt of the bonus.

None of the General Revenue appropriated for TANF maintenance of effort in Strategy D.1.1, TANF (Cash Assistance) Grants, may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated. However, General Revenue appropriated for TANF maintenance of effort may be transferred to Strategy A.1.2, Integrated Eligibility and Enrollment, subject to the following limitations:

 - b. The amount of TANF MOE General Revenue transferred from Strategy D.1.1, TANF Cash Assistance) Grants, shall be expended as TANF maintenance of effort within Strategy A.1.2, Integrated Eligibility and Enrollment, for TANF program operating costs, within the appropriate fiscal year; and

- 26. Texas Integrated Eligibility Redesign Systems (TIERS). To fund the debt related to TIERS, the commission may seek funding from the most cost-effective type of financing, including but not limited to cash acquisition, commercial financing, and financing provided by the Texas Public Finance Authority. From any funds appropriated to the Health and Human Services Commission for the purpose of implementing the project, an amount not to exceed \$4,221,674 (amounts needed for Master Lease Purchase Program) for the biennium in All Funds may be transferred to the Texas Public Finance Authority to pay debt service on the obligations issued by the Texas Public Finance Authority on behalf of the commission for the above-mentioned project.
- 27. Capital Purchases on Behalf of other Government Entities or Service Providers. In the event that appropriations are insufficient to sustain enrollment at authorized eligibility and benefit levels in CHIP, it is the intent of the legislature that the Executive Commissioner transfer necessary funds to Goal C, CHIP Services, pursuant to the notification and approval requirements contained in other provisions, and request additional appropriation authority from the Legislative Budget Board prior to establishing a waiting list and suspending enrollment pursuant to Health and Safety Code § 62.101.
- **33. Children's Health Insurance Program Priority.** In the event that the Health and Human Services Commission receives less CHIP Federal Funds than are anticipated above in Goal C, CHIP Services, the commission is authorized to prioritize services to recipients of the traditional CHIP program. Serving those eligible for the CHIP Perinatal program may be a secondary priority.
- **34. Medical Treatments.** The Health and Human Services Commission may distribute funds for medical, dental, psychological or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Chapter 32 of the Texas Family Code. In the event that compliance with this rider would result in the loss of Federal Funds to the state, the department may modify, or suspend this rider to the extent necessary to prevent such loss of funds, provided that 45-day prior notification is provided to the Governor and the Legislative Budget Board.
- **35. Unexpended Balance Authority for Eligibility Determination Services.** Unexpended balances in General Revenue Funds appropriated in Strategy A.1.2, Integrated Eligibility and Enrollment, for the fiscal year ending August 31, 2012, are appropriated to the agency for the following fiscal year only upon prior written approval by the Legislative Budget Board and the Governor.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- 36. Continued Medicaid Coverage for Clients Unable to Access Medicare Part D Benefit and for Certain Excluded Medicare Part D Drug Categories. It is the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients who are unable to access their Medicare Part D drug benefit. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. This coverage is limited to only those categories of excluded Medicare Part D drugs that continue to be eligible for federal Medicaid matching funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., prescribed over-the-counter medications, barbiturates, and benzodiazepines).
- 37. Hospital Uncompensated Care. No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the Commission's reporting requirements. The Commission shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced. In pursuing this objective, the commission, in coordination with the Attorney General, and with advice from representatives from the hospital industry, will:
 - a. review the current instruments for reporting uncompensated care by Texas hospitals to ensure that accounting for uncompensated care as well as its reporting is consistent across hospitals;
 - b. coordinate the different instruments for reporting uncompensated care in Texas, e.g., Statement of Community Benefits, Annual Hospital Survey, and DSH Survey, so that there is consistency in reporting among these instruments while maintaining the integrity of each instrument's purpose;

(Continued)

- c. identify the sources of funding to hospitals that are intended to offset uncompensated care;
- d. develop a standard set of adjustments that apply the funding sources to reported uncompensated care in such a manner that a reliable determination of the actual cost to a hospital for uncompensated care can be made; and
- e. identify a standard ratio of cost to charges (RCC) to standardize the conversion of reported charges to costs.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2012. The commission may report by hospital type.

The commission shall also review the impact of health care reform efforts on the funding streams that reimburse uncompensated care, assess the need for those funding streams in future biennia, and consider which funds might be redirected to provide direct health coverage.

- **38. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims that employs sound cost reimbursement principles and:
 - a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
 - b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
 - c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
 - d. promotes and rewards increased efficiency in the operation of hospitals;
 - e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
 - f. recognizes, through add-on payments or other methods, the unique needs of rural hospitals;
 - g. reformulates the Disproportionate Share Hospital (DSH) supplemental payment methodology to increase its focus on paying hospitals for uncompensated care and reduces the existence of the inpatient Medicaid shortfall that prevents the State from achieving this objective.
- **39.** Payments to Health Centers for Medicaid Family Planning. It is the intent of the Legislature that the Health and Human Services Commission shall, to the extent allowed by federal law, reimburse Federally Qualified Health Centers for family planning services under Medicaid, including the Women's Health Program, using a prospective payment system at a per visit rate, not to exceed three payments during a calendar year.
- **40.  - (i) an explanation of the causes of the unexpended balance(s);
 - (ii) the amount of the unexpended balance(s) by strategy; and
 - (iii) the associated incremental change in service levels compared to performance targets in this Act for that fiscal year.
- (2) The following information shall be provided for the fiscal year receiving the funds:
 - (i) an explanation of purpose for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (ii) the amount of the expenditure by strategy;
 - (iii) the incremental change in service levels compared to performance targets in this Act for that fiscal year; and
 - (iv) the capital budget impact.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by the above subsection if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- c. HHSC shall also request the appropriate authority for transfers to other HHS agencies and increased assessments as directed by Article II, Special Provisions Section 10 and Section 46, respectively.
- **76. STAR+PLUS.** It is the intent of the Legislature that if federal approval is not granted for protection of hospital Upper Payment Limit (UPL) payments, the Health and Human Services Commission (HHSC) shall implement the STAR+PLUS expansion while keeping hospitals carved out of the model. Further, to the extent allowable by law, HHSC shall achieve the projected savings to the state, estimated to be \$28,900,000 in General Revenue Funds, which includes the anticipated increases in premium tax, through rate reductions to inpatient and outpatient hospital rates, selective contracting, or other initiatives proposed by the commission.
- 77. STAR. It is the intent of the Legislature that if federal approval is not granted for protection of hospital Upper Payment Limit (UPL) payments, the Health and Human Services Commission (HHSC) shall not implement the expansion of STAR. Further, to the extent allowable by law, HHSC shall achieve the projected savings to the state, estimated to be \$242,700,000 in General Revenue Funds, which includes the anticipated increases in premium tax, through rate reductions to inpatient and outpatient hospital rates, selective contracting, or other initiatives proposed by the commission.
- **78. FQHC Affiliate Agreements.** To the extent allowable by law, no funds appropriated under this Act may be expended to reimburse the costs of a federally qualified health center (FQHC) for services performed or provided by a provider or group of providers pursuant to an affiliation agreement executed between the FQHC and provider unless the Health and Human Services Commission determines the reimbursement complies with criteria promulgated by the Secretary of Health and Human Services, the Centers for Medicare and Medicaid Services, or administrative rules adopted by the commission.

- **80. Durable Medical Equipment Savings Initiatives.** Included in appropriation levels above in Goal B, Medicaid, are General Revenue Funds reductions of \$88,300,000 for the following items:

- **81. Prescription Drug Carve in to Managed Care Organizations.** It is the intent of the Legislature that capitated managed care organizations in STAR, STARHealth, STAR+PLUS and CHIP:

Further, it is the intent of the Legislature that HHSC conduct more extensive reviews of medical necessity for orthodontia services in the Medicaid program.

- c. Each report submitted to the Legislative Budget Board and the Governor pursuant to this provision must be accompanied by supporting documentation detailing the sources and methodologies utilized to develop any caseload or cost projections contained the report and any other supporting material specified by the Legislative Budget Board and the Governor.
- d. Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
- e. The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Health and Human Services Commission if the Legislative Budget Board and the Governor certify to the Comptroller of Public Accounts that the Health and Human Services Commission is not in compliance with this provision.

In the event that the forecasting function is transferred to another health and human services agency listed in Chapter 531, Government Code, the requirement for the Health and Human Services Commission to provide quarterly forecasts under subsection (a), monthly data under subsection (b), or supporting documentation under subsection (c) shall apply to the other health and human services agency.

Sec. 15. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency as listed in Chapter 531, Government Code, shall be governed by the additional specific limitations included in the provisions of this Section 15.

For purposes of the provisions of this Section 15, "rate" is defined to include all provider reimbursements (regardless of methodology) that account for significant expenditures by a health and human services agency as listed in Chapter 531, Government Code. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should: 1) be based on the most current caseload forecast submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act, 2) include the impact on all affected programs, and 3) specify General Revenue Funds, TANF Federal Funds, and All Funds.

- a. **Rate Increases in this Act**. Included in appropriations made elsewhere in this Act are General Revenue Funds and Federal Funds for the following specific rate increases and new rates:
 - (1) New premium rates for managed care organizations (MCO) contracting with HHSC for the expansion of the managed care model for the provision of Medicaid services assumed in this Act, such as geographical expansion and inclusion of services to be 'carved in' including, but not limited to, prescription drugs, inpatient hospital services, dental services and transportation. HHSC shall submit a written request pursuant to section (b) below, which should also include information on the rate basis for the MCO reimbursements to providers.
 - (2) New rates, bundled payments, or increased or reduced rates related to cost-containment initiatives included in HHSC Riders 61, Medicaid Funding Reduction, and 80, Durable Medical Equipment Savings Initiatives, and Article II Special Provisions Section 17, Additional Cost Containment Initiatives. At least 30 calendar days prior to the payment of the proposed new rate, bundled payment, or increased rate related to cost-containment initiatives, HHSC shall submit a written notification to the Legislative Budget Board, the Governor, and the State Auditor with the following information:
 - (i) a description of the cost-containment initiative;
 - (ii) a list of each rate for which an increase is proposed or for each new rate;
 - (iii) an estimate of the fiscal impacts of each rate increase or new rate, by agency and by fiscal year; including the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year; and

(Continued)

- (iv) the estimated savings to be achieved from the cost containment initiative that is assumed in the appropriation levels included above.
- b. **Limitation on Rate Increases Not Authorized in this Act**. Without the prior written approval of the Legislative Budget Board and the Governor, no agency listed in Chapter 531, Government Code, may pay an increased rate or establish a new rate that is not specifically authorized under Subsection (a)(2) above or Subsection (c) below.

To request authorization for such a rate increase or to establish a new rate, the Executive Commissioner of the Health and Human Services Commission shall submit a written request to the Legislative Budget Board and the Governor at least 45 calendar days prior to implementation. At the same time, the Executive Commissioner shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each rate for which an increase is proposed or for each new rate; and
- (2) an estimate of the fiscal impacts of each rate increase or new rate, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

Multiple risk groups may be reported at an aggregate level, and acute care services may be reported by rate category.

- c. HHSC shall provide notification in a quarterly report that includes a list of each rate change, including the initial rate and the proposed new rate and the estimated biennial fiscal impact of the change by agency, fiscal year, and each method of finance to the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts for the following rate changes:
 - (1) any rate change that is estimated to have an annual impact of less than \$500,000 in General Revenue-Related Funds or TANF Federal Funds;
 - (2) new rates for new procedure codes required to conform to the federal Healthcare Common Procedure Coding System (HCPCS); and
 - (3) revised rates occurring as a result of a biennial rate review (Biennial Calendar Fee Review).

The rate changes included in the quarterly report shall be identified under the categories listed above. The report shall include a total for the estimated biennial net impact of all of the changed rates for each agency by method of finance. The rate changes under categories (2) and (3) may be reported at the aggregate level.

- d. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- e. The Office of the State Auditor may review the fiscal impact information provided along with supporting documentation, supporting records, and justification for the rate increase provided by the Health and Human Services Commission and report back to the Legislative Budget Board and the Governor before the rate is implemented by the Health and Human Services Commission or operating agency.

- b. Notwithstanding the limitation described above, the department shall allow a local mental health or mental retardation authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.
- c. To the extent that the local authorities or state contracted managed care organizations are able to obtain cost savings associated with state-approved purchasing arrangements, private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in DSHS Strategies B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, and B.2.4, NorthSTAR Behavioral Health Waiver, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.
- **Sec. 37. Purchasing of Medication.** The Department of State Health Services and the Department of Aging and Disability Services shall require that local mental health and mental retardation authorities, as a condition of receiving funds appropriated by this Act, document their effort to make needed medications available to consumers at the lowest possible prices and to utilize the most cost effective medication purchasing arrangement available. It is the intent of the Legislature that the Department of State Health Services and the Department of Aging and Disability Services shall provide technical assistance to community centers as necessary to maximize efficiency.
- Sec. 38. Donations from Individuals, Community Groups and Volunteer Services Councils. It is expressly provided that the Department of State Health Services and the Department of Aging and Disability Services, in accordance with § 533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state mental health facilities and the state mental retardation facilities from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.
- **Sec. 39. Contracted Medical Services.** Out of funds appropriated above, the Department of State Health Services (DSHS) and the Department of Aging and Disability Services (DADS) shall not pay more than the approved reimbursement rate set by the Health and Human Services Commission for hospital services provided to an indigent DSHS or DADS consumer in a private or public hospital.
- Sec. 40. Efficiencies at Local Mental Health and Mental Retardation Authorities. It is the intent of the Legislature that the local mental health and mental retardation authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency which enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategy A.4.2, Mental Retardation Community Services, or Strategy A.4.5, Mental Retardation In-Home Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF-MR services.

Sec. 41. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. § 604a.

Sec. 42. Limitation on Unexpended Balances: General Revenue for Medicaid. Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2012 are appropriated for the same purposes to the respective agencies for fiscal year 2013 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by April 1, 2012. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2012:
 - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
 - (2) the amount of the unexpended balance(s) by strategy; and
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2013:
 - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (2) the amount of the expenditure by strategy;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
 - (4) the capital budget impact.

An agency shall submit a revised written request by October 1, 2012 if the amount of the estimated unexpended balance(s) varies by more than five percent from the amount estimated in the original request.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 43. Appropriation of Receipts: Civil Monetary Damages and Penalties. Included in the amounts appropriated above for the 2012-13 biennium are the following:

- a. \$2,660,000 in General Revenue Match for Medicaid for the Department of Aging and Disability Services;
- b. \$1,414,870 in General Revenue Match for Medicaid for the Health and Human Services Commission; and
- c. \$520,000 in General Revenue for the Department of State Health Services.

(Continued)

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code §§ 32.021 and 32.039, and Health and Safety Code § 431.0585. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency.

Sec. 44. Financial Monitoring of Community MHMR Centers. The Department of Aging and Disability Services, the Department of State Health Services, and the Health and Human Services Commission shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community mental health and mental retardation centers of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community mental health and mental retardation centers to account for state funds separately from other sources of funds.

Sec. 45. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities. Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2012 recouped by the Department of Aging and Disability Services or the Department of State Health Services from a local mental health or mental retardation authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health or mental retardation authorities in fiscal year 2013.

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2012 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

Sec. 46. Enterprise Support Services. None of the funds appropriated above shall be budgeted, assessed, or expended for enterprise support services unless the following requirements are met:

- a. **Annual Assessments**. The Executive Commissioner of the Health and Human Services Commission shall submit to the Legislative Budget Board and the Governor, by September 1 of each fiscal year, a report that indicates the amounts assessed for enterprise support services for the new and two prior fiscal years. The report shall include the following information at both the agency and enterprise levels:
 - (1) amounts by service category; and
 - (2) amounts by major fund type.
- b. **Annual Expenditures**. No later than October 1 of each year, the Executive Commissioner shall submit to the Legislative Budget Board and the Governor a report that provides information about actual annual expenditures for enterprise support services for the two prior fiscal years. The report shall include the following information at both the agency and enterprise levels:
 - (1) amounts by service category; and
 - (2) amounts by major fund type.

The reports shall be prepared in a format approved by the Legislative Budget Board.

- c. **Anticipated Increases**. The Executive Commissioner shall notify the Legislative Budget Board and the Governor in a timely manner about anticipated increases that would exceed the amounts reported in section (a) by more than \$1,000,000 during the fiscal year.
- d. **Requests-to-Exceed**. The Executive Commissioner shall notify the Legislative Budget Board and the Governor about the anticipated impact of requests-to-exceed on enterprise support service category assessments, by agency and method-of-financing.

The information requested above shall be prepared and submitted in a format approved by the Legislative Budget Board.

(Continued)

The Comptroller of Public Accounts shall not allow the expenditure of funds for an increased assessment if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 47. Reporting Requirements for Confirmed Acts of Abuse Committed by Licensed Professionals Employed by the State. The Department of Aging and Disability Services, the Department of State Health Services, and the Department of Family and Protective Services shall each submit a report to the Legislative Budget Board and the Governor by May 15, 2012, that identifies gaps in their processes and policies, corrective actions, and efforts taken to ensure interagency coordination for reporting all licensed professionals who have committed confirmed acts of abuse, neglect, or exploitation while employed as a state employee. The report should include the following information:

- a. documentation of any peer review processes for reporting licensed professionals;
- b. identification of corrective steps taken to comply with statutory requirements for reporting any licensed professionals who have committed confirmed acts of abuse, neglect, or exploitation to their respective professional licensing boards; and
- c. identification of the number of persons reported to each licensing board, by fiscal year, beginning in fiscal year 2012.

Sec. 48. Evaluate and Report on Case Management Services. The Health and Human Service Commission shall coordinate an evaluation of targeted case management services delivered in the Medicaid program and other programs that provide case management services across all health and human service agencies. The commission shall identify the number of programs with case management and evaluate the method of delivery through state employees or contractors and the impact of case management services to clients. The evaluation may recommend improvements or changes in services and programs to streamline case management services. The Health and Human Services Commission shall submit findings to the Governor and the Legislative Budget Board by December 1, 2012.

Sec. 49. Maintenance of Certain Program Service Levels. Funds appropriated in this Act are based on projections of the amounts needed to maintain current or legislatively authorized eligibility criteria, service or staffing levels, and provider payment levels for the following Article II entitlement and critical health care programs:

- a. Entitlement Programs
 - (1) Medicaid Acute and Long-term Care
 - (2) Early Childhood Intervention
 - (3) Foster Care
 - (4) Adoption Subsidies
 - (5) State Supported Living Centers
- b. Critical Health Programs
 - (1) State Hospitals
 - (2) Children's Health Insurance (CHIP)

In the event that appropriations made for these purposes are insufficient to sustain enrollments and services for any of the entitlement or critical health programs listed above, it is the intent of the Legislature that the executive commissioner (1) notify the Legislative Budget Board and the Governor of any projected shortfalls and describe factors contributing to costs in excess of appropriated levels, and (2) submit options that may be considered by the Legislative Board and the Governor that would reduce or eliminate projected funding shortfalls and assess the impact that each option would have on enrollments, service or staffing levels, projected payments, or federal funding.

This provision is not intended to prohibit programmatic changes or adjustments that are necessary to ensure prudent and responsible administration of the affected program.

Sec. 50. Health and Safety Cost Savings Initiatives at the Department of State Health Services. Funding appropriated above elsewhere in this Act for the 2012-13 biennium reflect a reduction of \$8,724,682 in General Match for Medicaid (\$20,773,052 in All Funds) to the Health and Human Services Commission in Goal B, Medicaid, and an increase of \$8,724,682 in General Revenue Funds to the Department of State Health Services (DSHS) in the following strategies:

- a. \$1,795,713 in Strategy A.1.2, Registries, Info, and Vital Records, for preventable adverse events data reporting;
- b. \$264,893 in Strategy A.1.2, Registries, Info, and Vital Records, for targeted interventions for Health Care Associated Infections (HAIs);
- c. \$564,076 in Strategy A1.2, Registries, Info, and Vital Records, for quality assurance teams for reducing HAIs;
- d. \$4,100,000 in B.1.2, Women and Children's Health, for healthy baby initiatives; and
- e. \$2,000,000 in Strategy A.3.1, Chronic Disease Prevention, for preventative hospitalization projects.

Sec. 51. Statutorily Required Reports. Out of funds appropriated above, the Health and Human Services Commission, on behalf of health and human services agencies governed by Chapter 531, Government Code, may request approval from the Legislative Budget Board and the Governor to not prepare or distribute a report due to decreases in funding. The request shall include the purpose of the report in question, the statutory reference directing the report, and the estimated cost of preparing and distributing the report.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

Sec. 52. Appropriation Authority for Intergovernmental Transfers.

- a. In addition to funds appropriated above and in an effort to maximize the receipt of federal Medicaid funding, the Health and Human Services Commission and the Department of Aging and Disability Services may expend intergovernmental transfers received as appropriated Receipts-Match for Medicaid for the purpose of matching Medicaid federal funds for payments to Medicaid providers.
- b. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include information regarding the strategy allocation of the IGT, the amount requested in each fiscal year, the All Funds impact to the budget, the impact to the rate or premium for which the IGT will be used (subject to Special Provisions, Section 15 approval), and the specific purpose and program for which the funds will be used. The request must also include a copy of a written agreement from the governmental entity that is transferring the funds that the funding be spent in the manner for which it is being requested.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of the funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 53. HHS Office Consolidation and Co-location. It is the intent of the Legislature that the executive commissioner may consolidate or further co-locate local offices in an attempt to reduce the need for office space in local and regional offices. Before consolidation of any offices, the commissioner shall evaluate the current and future space needs of each HHS agency. This evaluation may also include employee usage and travel status, facility costs, facility location, facility condition, Texas Accessibility Standards, and safety.

Sec. 54. Attendant Wages and Benefits. Out of funds appropriated elsewhere in this Act to the Health and Human Services Commission (HHSC), HHSC shall track how much of the funding appropriated for community long term services and support programs is used for attendant wages and employment benefits.

Sec. 55. Funding for HIV Medications. Upon a determination that funding in Strategy A.2.2, HIV/STD Prevention, at the Department of State Health Services (DSHS) is insufficient to cover the costs associated with the purchase of HIV medications, the Executive Commissioner may request to transfer up to \$19,200,000 from General Revenue appropriations made in Goal B, Medicaid, at the Health and Human Services Commission to Strategy A.2.2, HIV/STD Prevention, the amounts necessary to maintain funding for HIV medications in the 2012-13 biennium. To request a transfer, the Executive Commissioner shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts.

The request shall be considered to be disapproved unless the Legislative Budget Board and the Governor issue written approvals within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to transfer the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

Sec. 56. Waiver Program Cost Limits.

- a. **Individual Cost Limits for Waiver Programs.** It is the intent of the Legislature that the Department of Aging and Disability Services and Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:
 - (1) Community-Based Alternatives Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility;
 - (2) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility;
 - (3) Consolidated Waiver Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility, or 200 percent of the estimated annualized per capita cost of providing services in an Intermediate Care Facility/Mental Retardation (ICF/MR), as applicable;
 - (4) Community Living Assistance and Support Services Program: 200 percent of the estimated annualized per capita cost of providing services in an ICF/MR to an individual qualifying for an ICF/MR Level of Care VIII;
 - (5) Deaf-Blind with Multiple Disabilities Program: 200 percent of the estimated annualized per capita cost of providing services in an ICF/MR to an individual qualifying for an ICF/MR Level of Care VIII;
 - (6) Home and Community-based Services Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in an ICF/MR or 200 percent of the estimated annualized per capita cost for ICF/MR services, whichever is greater; and

(Continued)

(7) STAR+PLUS Community-Based Alternatives: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility.

b. Use of General Revenue Funds for Services.

- (1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use general revenue funds to pay for services if:
 - (i) the cost of such services exceeds the individual cost limit specified in a medical assistance waiver program listed above;
 - (ii) federal financial participation is not available to pay for such services; and
 - (iii) the department or commission determines that:
 - (a) the person's health and safety cannot be protected by the services provided within the individual cost limit established for the program; and
 - (b) there is no other available living arrangement in which the person's health and safety can be protected at that time, as evidenced by:
 - an assessment conducted by clinical staff of the department or commission; and
 - ii) supporting documentation, including the person's medical and service records
- (2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use general revenue funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program, if:
 - (i) federal financial participation is not available to pay for such services; and
 - (ii) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
- (3) Authority provided in (b) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.
- c. Use of Utilization Management and Utilization Review Practices. The department and commission shall employ utilization management and utilization review practices as necessary to ensure that the appropriate scope and level of services are provided to individuals receiving services in Medicaid 1915(c) waivers administered by the agency and to ensure compliance with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services.

Sec. 57. March 2013 and April 2013 Medicaid Payments. To the extent allowable by law, the Health and Human Services Commission is authorized to defer the March 2013 payments for Medicaid managed care until April 2013 and the April 2013 payments for Medicaid managed care until May 2013. To the extent allowable by law, the Department of Aging and Disability Services is authorized to defer March 2013 payments for Medicaid until April 2013 and April 2013 Medicaid payments until May 2013.

3. Foundation School Program Funding. Out of the funds appropriated above, a total of \$19,287,500,000 in fiscal year 2012 and \$19,297,400,000 in fiscal year 2013 shall represent the sum-certain appropriation to the Foundation School Program. The total appropriation may not exceed the sum-certain amount. This appropriation includes allocations under Chapters 41, 42 and 46 of the Texas Education Code.

Formula Funding: The Commissioner shall make allocations to local school districts under Chapters 41, 42 and 46 based on the March 2011 estimates of average daily attendance and local district tax rates as determined by the Legislative Budget Board and the final tax year 2010 property values.

For purposes of distributing the Foundation School Program basic tier state aid appropriated above and in accordance with §42.101 of the Texas Education Code, the Basic Allotment is projected to be \$4,765 in fiscal year 2012 and \$4,765 in fiscal year 2013.

For purposes of distributing the Foundation School Program enrichment tier state aid appropriated above and in accordance with §41.002(a)(2) and §42.302(a-1)(1) of the Texas Education Code, the Guaranteed Yield is \$59.97 in fiscal year 2012 and \$59.97 in fiscal year 2013.

Out of amounts appropriated above and allocated by this rider to the Foundation School Program, no funds are appropriated for the New Instructional Facilities Allotment under §42.158 of the Texas Education Code.

Notwithstanding any other provision of this Act, the Texas Education Agency may make transfers as appropriate between Strategy A.1.1, FSP-Equalized Operations, and Strategy A.1.2, FSP-Equalized Facilities. The TEA shall notify the Legislative Budget Board and the Governor of any such transfers at least 45 days prior to the transfer.

The Texas Education Agency shall submit reports on the prior month's expenditures on programs described by this rider no later than the 20th day of each month to the Legislative Budget Board and the Governor's Office in a format determined by the Legislative Budget Board in cooperation with the agency.

4. Foundation School Program Set-Asides. The programs and their funding levels identified in this rider represent all programs at the Texas Education Agency and other state agencies that are funded with amounts set aside from the Foundation School Program. The amounts listed in this rider are for informational purposes only, and do not constitute an appropriation:

6. Windham Schools. The funds appropriated above in Strategy B.2.4, Windham School District, are to be expended only for academic and vocational educational programs approved by the Texas Education Agency. The Commissioner of Education shall allocate funds to the Windham Schools based on contact hours for the best 180 of 210 school days in each year of the biennium. The contact hour rates for the 2012-13 biennium are the following: \$4.18479 for academic education, \$3.67445 for vocational education.

The Windham School District shall use funds appropriated above to serve those students whose participation will help achieve the goals of reduced recidivism and the increased success of former inmates in obtaining and maintaining employment. To achieve these goals, younger offenders with the lowest educational levels and the earliest projected release or parole eligibility dates should receive high priority. This policy shall not preclude the Windham School District from serving other populations according to needs and resources. The Windham School District will report to the Eighty-third Legislature regarding its effort and success in implementing this prioritization. For students who successfully complete the district's program during the 2010-11 biennium, the Windham School District also shall report to the Eighty-third Legislature on the following: recidivism rates, employment rates, and attainment of GEDs, high school diplomas, professional certifications, associate's degrees, and adult education literacy levels.

7. Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues. When reviews and audits of allocations to school districts reveal the allocations previously made were greater or less than the amounts found to be due, the Texas Education Agency is authorized to recover or pay the sums necessary to adjust to the correct amounts. All such amounts recovered shall become a part of the Foundation School Fund or General Revenue Fund, and the amounts necessary to make such additional payments to the school districts are hereby appropriated from the Foundation School Fund or General Revenue Fund.

All funds received from local school districts as recovery for overpayment pursuant to the provisions of § 42.258 of the Texas Education Code are hereby appropriated to the Texas Education Agency for distribution to local school districts for Foundation School Program purposes.

All unexpended balances and all funds received from the payment of school districts for attendance credits in excess of the amounts appropriated above pursuant to the provisions of § 41.094 of the Texas Education Code, are hereby appropriated to the Texas Education Agency for distribution to school districts for Foundation School Program purposes.

8. Textbooks and Instructional Materials. Except as explicitly allowed elsewhere in this Act, any amount expended for Textbook Administration, including new textbooks, rebinding, and other related expenses, shall be paid out of the State Textbook Fund appropriated for that purpose. A transfer of funds from the Available School Fund to the State Textbook Fund is authorized in an amount which, together with other revenues of the State Textbook Fund, is sufficient to finance the sum-certain appropriation from the State Textbook Fund for each fiscal year. Penalties assessed by the State Board of Education shall be deposited to the credit of the Textbook Fund.

In accordance with Texas Education Code § 31.103(b), the Commissioner shall use a school district's enrollment growth or decline for the prior three years as the basis for determining the additional percentage of attendance for which a school district may requisition textbooks.

TRS shall provide to the Legislative Budget Board, the Governor, the Comptroller of Public Accounts, and the State Auditor's Office a report of the number of FTEs associated with the Intern Program each fiscal year.
- 12. Limitation on Funds Appropriated to the Teacher Retirement System (TRS). It is the intent of the Legislature that none of the funds appropriated by this Act or from Teacher Retirement Pension Trust Fund Account No. 960 may be used for the purpose of hiring an external communications consultant.
- 13. Limitation on General Revenue Fund Retirement Contributions to Public Community/Junior Colleges. For each public community/junior college district, the combined annual General Revenue Fund contributions to the Teacher Retirement System shall not exceed 6.0 percent in fiscal year 2012 and 6.4 percent in fiscal year 2013 of each district's unrestricted General Revenue appropriation.

The Teacher Retirement System Board of Trustees shall notify the Legislative Budget Board and the Governor at least 45 days prior to the execution of any performance incentive payment based on the Retirement Trust Fund's investment performance. Funds shall be appropriated pursuant to this rider for performance incentive payments only in a fiscal year following a year in which the Retirement Trust Fund experiences a positive return.

15. Enterprise Application Modernization. Upon approval of the Legislative Budget Board (LBB), the Teacher Retirement System Board of Trustees may enter into contracts to modernize the System's legacy computer systems and may fund the program from the Teacher Retirement System Trust Account Fund No. 960. Such amounts as may be necessary to make payments for services under the approved program plan are appropriated above in Strategy A.1.3, Administrative Operations, from the Teacher Retirement System Trust Account Fund No. 960, estimated to be \$25 million for the biennium. In addition to capital budget authority provided in this rider, the Teacher Retirement System's capital budget rider is modified to include \$25.0 million in capital budget authority in fiscal year 2012 to implement the project.

Prior to issuing an RFP for the Pension Administration System, the Teacher Retirement System (TRS) shall submit a program plan and estimated project budgets to the LBB for review. The LBB shall review and approve the plan or provide recommended modifications to the plan to TRS. If modifications to the plan are recommended, TRS shall revise and resubmit the plan. A report of the findings and recommendations shall be submitted by the Teacher Retirement System to the Legislative Budget Board and the Governor no later than September 1, 2012.
- 17. Contingency Appropriation: Funding for the Teacher Retirement System for Public Education and Higher Education Retirement. Contingent upon passage of legislation by the Eighty-second Legislature, Regular Session, 2011 relating to the state contribution rate for public education and higher education retirement that would amend Government Code, Section 825.404 by temporarily suspending the requirement that the state contribution rate to the TRS Pension Trust Fund be no less than the contribution rate required by active members, the Teacher Retirement System is appropriated above in Strategy A.1.1, TRS-Public Education Retirement and A.1.2, TRS-Higher Education Retirement amounts that would provide for a state contribution rate of 6.0 percent in fiscal year 2012 and 6.4 percent in fiscal year 2013.
- **18.** Contingency Appropriation: Funding for the Texas Public School Retired Employees Group Insurance Program. Contingent upon passage of legislation by the Eighty-second Legislature, Regular Session, 2011 that would reduce the statutory contribution rate below 1.0 percent of the salary for each active employee for the state fiscal year ending August 31, 2013, to the Texas Public School Retired Employees Group Insurance Trust Fund, all estimated General Revenue appropriations made above in A.1.1, TRS Public Education Retirement, and A.1.2, TRS Higher Education Retirement, for fiscal year 2012 in excess of the state's actual statutory obligations for retirement and retiree insurance contributions are hereby re-appropriated to Strategy A.2.1, Retiree Health Statutory Funds, for deposit to the Texas Public School Retired Employees Group Insurance Trust Fund.

- 1. State Contribution to Group Insurance for Higher Education Employees Participating in the Employees Retirement System Group Benefits Program. Funds identified and appropriated above for group insurance are intended to fund:
 - a. the majority of the cost of the basic life and health coverage for all active and retired employees; and
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children.

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

It is further provided that institutions shall cooperate so that employees employed by more than one institution may be covered under one group policy and that said policy may be held jointly by

two or more institutions and paid from funds appropriated to the institutions for payment of employee insurance premiums as set out above.

2. The University of Texas System Group Health Insurance Contributions. Funds identified and appropriated above for group insurance are intended to fund a comparable portion of the costs of basic health coverage for all active and retired employees and their dependents as is provided above for higher education active and retired employees and dependents participating in the Employees Retirement System's Group Benefits Program.

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

The University of Texas System shall file a report with the Legislative Budget Board, the Governor and the Comptroller by September 15 of each year, detailing all group health insurance plans offered to system employees and retirees, including the benefit schedule, premium amounts, and employee/retiree contributions.

Active and retired employees of The University of Texas System are authorized to use one-half of the "employee-only" state contribution amount for optional insurance. Optional insurance for the employees participating in the group insurance program shall be defined by The University of Texas System. Active and retired employees participating in these plans may only use one-half of the employee-only state contribution if they sign and submit a document to their employing institution indicating they have health insurance coverage from another source.

3. Texas A&M System Group Health Insurance Contributions. Funds identified and appropriated above for group insurance are intended to fund a comparable portion of the costs of basic health coverage for all active and retired employees and their dependents as is provided above for higher education active and retired employees and dependents participating in the Employees Retirement System's Group Benefits Program.

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

The Texas A&M System shall file a report with the Legislative Budget Board, the Governor and the Comptroller by September 15 of each year, detailing all group health insurance plans offered to system employees and retirees, including the benefit schedule, premium amounts, and employee/retiree contributions.

Active and retired employees of the Texas A&M System are authorized to use one-half of the "employee-only" state contribution amount for optional insurance. Optional insurance for the employees participating in the group insurance program shall be defined by the Texas A&M System. Active and retired employees participating in these plans may only use one-half of the employee-only state contribution if they sign and submit a document to their employing institution indicating they have health insurance coverage from another source.

4. Transfer Authority.

Out of the funds appropriated above:

a. The Comptroller shall transfer monthly, one-twelfth of the amount appropriated from those institutions participating in the Employees Retirement System's Group Benefit Program to the Employees Life, Accident, and Health Insurance and Benefits Fund No. 973, for use by the Employees Retirement System for each higher education institution which participates in the group insurance program of the Employees Retirement System.

(Continued)

Specification of Appropriations.** The amount of the appropriation made for Strategy C.1.30, Public Community/Junior Colleges, shall be allocated to each college in accordance with a report, specifying the exact amounts for each college, to be provided by the Legislative Budget Board to the Employees Retirement System.

6. Appropriations Transfers.

Funds appropriated above to institutions other than those belonging to The University of Texas System or the Texas A&M University System, may be transferred from one appropriation item to another at the discretion of the chief administrative officer of the Employees Retirement System for the purpose of applying appropriations in excess of actual General Revenue group insurance premium costs at any of the higher education institutions named above to appropriation shortfalls for General Revenue group insurance premiums at any of the higher education institutions named above. Reallocation dollars provided by the group of institutions submitting annual Accounting Policy Statement 011 (Benefits Proportional by Fund) reports to the Comptroller shall be first apportioned among the same group of institutions, and any remaining funds may be applied to appropriation shortfalls among other institutions of higher education. Funds appropriated above to components of The University of Texas System and the Texas A&M University System may be transferred from one component to another component within the same system at the discretion of the chief administrative officer of each system for the same purposes stated above.
- b. The Employees Retirement System, The University of Texas System, and the Texas A&M University System shall file a report with the Legislative Budget Board, the Governor and the Comptroller by December 1 of each year, detailing any such transfers.

6. Contingency Appropriations: Economic Development & Technology Commercialization. Of the amounts appropriated above in Strategy D.2.2, Economic Development & Technology Commercialization, \$3,100,000 for the University of North Texas Health Science Center is contingent upon the certification by the Comptroller of Public Accounts that the joint activities of the collaboration of the University of North Texas Health Science Center and the City of Fort Worth will generate revenue to the General Revenue Fund sufficient to offset the appropriation. The Comptroller shall specify the supporting information to be provided by the collaboration and may require independent verification of the information. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingency appropriation up to the amount certified, not to exceed \$3,100,000 for the 2012-13 biennium, shall be made available for the intended purpose.

2. Administration of Appropriated Funds. Funds appropriated above shall be administered by the Texas Higher Education Coordinating Board.

To ensure the efficient allocation of state appropriations, the Coordinating Board shall reallocate the formula funds appropriated in this bill pattern in the second year of the biennium using certified contact hour data from the previous academic year. The Higher Education Coordinating Board shall exclude contact hours related to physical education courses for students who are registered to receive both high school and college credit from the contact hours used to reallocate formula funds in the second year of the biennium.

- **3. Appropriation Eligibility.** To be eligible for and to receive an appropriation a public community/junior college must be certified as required by Education Code, Chapter 61, § 61.063, and comply with the following provisions:

The Texas Higher Education Coordinating Board shall 1) determine whether each eligible public community/junior college has complied with all the provisions of this section; 2) determine each college's list of approved courses; and 3) certify its findings and such lists to the State Auditor not later than October 1 of each fiscal year. Each public community/junior college shall make such reports to the Texas Higher Education Coordinating Board as may be required, classified in accordance with the rules and regulations issued by the Board.
 - b. On or before the dates for reporting official enrollments each semester to the Texas Higher Education Coordinating Board, each college will collect in full from each student that is to be counted for state aid purposes the amounts set as tuition by the respective governing boards. Valid contracts with the United States government for instruction of eligible military personnel, and valid contracts with private business and public service-type organizations or institutions such as hospitals, may be considered as collections thereunder, but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student shall be considered as collections thereunder but subject to adjustments after final payment thereof.
 - c. Each community/junior college must use a registration and financial reporting system which is sufficient to satisfy the audit requirements of the State Auditor and furnish any reports and information as the auditor may require.
 - d. Each community/junior college must file by December 1 of each fiscal year directly with the Governor, Legislative Budget Board, the Legislative Reference Library, and the Texas Higher Education Coordinating Board, a copy of an annual operating budget, and subsequent amendments thereto, approved by the community/junior college governing board. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
- **Audit of Compliance.** The compliance of each public community/junior college with the requirements set forth in the paragraphs above shall be ascertained by the State Auditor who shall also audit the pertinent books and records of each college as necessary.
- **6. Vouchers for Disbursement of Appropriated Funds.** Vouchers for disbursement of the sums appropriated hereinabove shall be prepared by the Texas Higher Education Coordinating Board on the basis of the provisions in the paragraphs above and the warrants issued in payment thereof shall be issued in compliance with Education Code, § 130.0031.

- **8. Adjustment of Contact Hours.** Texas Higher Education Coordinating Board is authorized to review the accuracy of the contact hour data reported to the Coordinating Board by community college districts. In the event of data reporting errors, the Coordinating Board is authorized to adjust the fiscal year's formula appropriations as necessary to reflect the corrected data elements.
- **9. Separation of Funds.** The funds appropriated by the State shall be maintained separately by community/junior colleges from other sources of income.
- **10. Supplanting of Federal Funds Prohibited.** State funds shall not be used to supplant federal funds for the Workforce Investment Act programs conducted by community/junior colleges.

- 12. Regional Import/Export Training Center. Appropriations of \$43,750 each year made above are contingent upon certification by the Comptroller of Public Accounts that increased economic activity associated with the Regional Import/Export Training Center and the Laredo Community College will generate at least \$87,500 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Regional Import/Export Training Center be used by the Center to attract federal funds on a dollar-for-dollar basis.
- **13. Informational Listing of Other Appropriations.** In addition to the funds appropriated above, general revenue is appropriated elsewhere in this Act for the use of the Public Community/Junior Colleges as follows:

(Continued)

- **14. Financial Information Reporting Requirement.** Each community college shall provide to the Texas Higher Education Coordinating Board financial data related to the operation of each community college using the specific content and format prescribed by the Coordinating Board. Each community college shall provide the report no later than January 1st of each year.

The Coordinating Board shall provide an annual report due on May 1 to the Legislative Budget Board and Governor's Office about the financial condition of the state's community college districts.

- 15. Limitations of Formula Funding Contact Hours. To control costs and limit General Revenue formula appropriations contact hours related to a course for which a student is generating formula funding for the third time shall be excluded from being counted in the hours reported by the Higher Education Coordinating Board to the Legislative Budget Board for formula funding.
- 16. Approved Elements of Expenditure. The expenditures by a public community/junior college of any funds received by it under these provisions headed "Public Community/Junior Colleges" shall be limited to the payment of the following elements of cost: instruction, academic support, student services, institutional support, organized activities, and staff benefits associated with salaries paid from general revenue. It is specifically provided, however, that in addition to the purposes enumerated herein, the funds appropriated above for special items may be expended for salaries, wages, travel, capital outlay and other necessary operating expenses. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
- **17. Funding for StarLink at Dallas Community College.** Funds identified above in Strategy N.1.2, StarLink, are to be used for the sole purpose of supporting the StarLink program and are subject to the provisions of Rider 3 and Rider 4 in this bill pattern.

7. Administrative Accountability

- a. In each state fiscal year of the biennium, an institution of higher education, including a system office, may not spend funds appropriated to the institution by this Act unless, not later than December 1, the institution submits to the Legislative Budget Board, the chair of the House Appropriations Committee, and the chair of the Senate Finance Committee a report that includes the total number of persons holding high-ranking administrative positions at the institution.
- b. For purposes of subsection (a), "high-ranking administrative position" includes the following positions:

- d. Not later than the seventh day after the date an institution of higher education submits the report required by subsection (a), the institution shall make a copy of the report available for public inspection in the library of the institution.
- **Sec. 6. Expenditure Provisions.** The expenditure of the appropriations made in this Article or authorized in law for institutions of higher education, except bequests and gifts specifically designated to be in some manner handled otherwise, shall be subject to the provisions of this section which follow and with exceptions only as specifically noted:
- 1. **Annual Operating Budgets Required.** It is expressly provided that the governing board of each of the institutions of higher education named herein shall approve on or before September 1, 2011 and 2012, an itemized budget covering the operation of the ensuing fiscal year, which budget shall be prepared within the limits of the revenue available. Each institution's operating budget shall contain a section(s) which provides budget amounts and the method of finance for each listed informational item of appropriated funds contained in this Act. A copy of each budget, and any subsequent amendments thereto, shall be filed with the Legislative Reference Library and the

institution's general library to be available for public inspection. Copies of each budget shall also be filed with the Legislative Budget Board, the Governor, and the Texas Higher Education Coordinating Board by December 1 of each fiscal year.

2. **Clearing Accounts.** At their option, the institutions may use their local depository bank account in lieu of the special clearing account, authorized by Education Code, § 51.008(b), provided that the general requirements set out in therein, for deposits and transfers to the state treasury, are complied with.

3. **Revolving Funds.**

- a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
- b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
- c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
- 4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

5. **Investment Reports.**

- a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish on its website quarterly investment reports in any format it deems appropriate.
- b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.

The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
- b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.
- 7. **Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, § 55.11, and the creation and maintenance of any such revolving fund is hereby authorized.

8. Appropriation Expenditure Authorization.

- b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
- 9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code § 55.17 through § 55.17721 and § 55.19 and any

additional authorization enacted by the Eighty-second Legislature. Any funds in excess of the amount expended for debt retirement shall be reverted to the General Revenue Fund at the end of each fiscal year.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

- 1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.
- 2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
- 3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
- 4. Out of the additional funds appropriated for the 2012-13 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

(Continued)

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

- None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially statesupported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
- 2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
- 3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

- 1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
- 2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
- 3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.
- **Sec. 15. Medical School Enrollment.** None of the funds appropriated above to The University of Texas System medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2012, and August 31, 2013, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of

(Continued)

Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2012 and 2013, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-third Legislature.

- Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.
- **Sec. 17. Compliance with Uniform Recruitment and Retention Strategy.** Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.
- Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-second Legislature in arriving at formula appropriations for fiscal years 2012 and 2013. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2012 and 2013 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2012 and 2013 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

- **Sec. 19. System Offices Funding Authorized.** Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.
- **Sec. 20. Annual Reports of Health Related Institutions Practice Plans.** As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.
- **Sec. 21. Self-insurance Funds.** Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that

(Continued)

term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 23. County Indigent Care Contracts.

- 1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
- 2. County Indigent Care Contracts Reporting. The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

- 1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
- 2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.
- **Sec. 25. Driscoll Children's Hospital.** No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.
- **Sec. 26. Participation in Drug Development Research Projects.** A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.
- **Sec. 27. Post Tenure Review.** None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured

(Continued)

faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions other than Lamar Institute of Technology, Lamar State College – Orange, and Lamar State College – Port Arthur will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2012-13 biennium is \$53.71.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special

- 2. **Teaching Experience Supplement.** For the 2012-13 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
- 3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.25.
- 4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
- 5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

(Continued)

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2012

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$8,429:

<u>Program</u>	Weight Per Student
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.25 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler. For these two institutions, the per square foot rate is \$5.68.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and patient care activities.

- 3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.0 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
- 4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$8,872 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2012 are \$4,436 per resident and appropriations for fiscal year 2013 are \$4,436 per resident.
- 5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
- 6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.

(Continued)

- 7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2012.
- 8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M.D. Anderson Cancer Center. General Revenue appropriations for fiscal years 2012 and 2013 shall be based on the number of total Texas cancer patients served in 2010. The rate per patient shall be \$1,752 in fiscal year 2012 and \$1,752 in fiscal year 2013 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.2, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal years 2012 and 2013 shall be based on the number of such cases treated in fiscal year 2010. The rate per case for fiscal years 2012 and 2013 shall be \$322.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.
- **Sec. 30. Optional Retirement Program Differential.** Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions of 6 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.
- **Sec. 31. Indirect Cost Recovery Earned by Texas A&M System Agencies.** The Texas A&M University System agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for the 2014-15 biennium all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.
- **Sec. 32. Fire Safety Projects at Institutions of Higher Education.** Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshal's Office as not meeting the requirements of the National Fire Protection Association, *Life Safety Code 101*, 2009 Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshal's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshal's Office. The State Fire Marshal shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshal's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

(Continued)

Sec. 33. Funding for Physical Education Courses. No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Furthermore, it is the intent of the Legislature that the Higher Education Coordinating Board shall, during fiscal years 2012 and 2013, use the funds appropriated by this act to be in a position to recommend to the 83rd Legislature a funding methodology that excludes semester credit hours related to physical education courses for students who are registered to receive both high school and college credit.

- **Sec. 34. Faculty Salary Increase Report.** The Texas Higher Education Coordinating Board shall report the average salary increase provided to faculty at each general academic institution to the Legislative Budget Board and Governor by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.
- **Sec. 35. Endowed Chairs.** Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at Houston; and University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research.
- **Sec. 36. Nursing School Enrollment.** The Legislature encourages institutions of higher education who receive state appropriations not to reduce the number of student full-time equivalents enrolled in programs preparing students for licensure as registered nurses in state fiscal years ending August 31, 2012, and August 31, 2013, below the number of student full-time equivalents enrolled for the state fiscal year ending August 31, 2011. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5 percent for the state fiscal year ending August 31, 2012, and the state fiscal year ending August 31, 2013, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.
- **Sec. 37. Endowed Programs.** A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment.
- **Sec. 38. Student Travel Policy.** Each governing board of an institution of higher education shall use the appropriations above to adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.
- **Sec. 39. Special Item Support.** Any appropriations made to special item support strategies throughout this article are intended to supplement existing programs and may not be used to supplant funds.
- **Sec. 40. Informational Listing Permanent Funds and Endowments.** The following is an informational list of the amounts used to capitalize Permanent Funds and Endowments created by House Bills 1676 and 1945, Seventy-sixth Legislature, and does not make appropriations.

Sec. 41. Appropriation of Funds from the Permanent Health Fund for Higher Education.

Included in the amounts appropriated to health related institutions of higher education is an estimated appropriation based on the institution's allocation of the estimated earnings out of the Permanent Health Fund for Higher Education for each fiscal year of the biennium. Amounts available for distribution from this fund are estimated to be \$15,750,000 each fiscal year of the biennium. All General Academic Institutions shall use their respective Education and General funds appropriated in this Act to develop and submit an annual report to the Texas Higher Education Coordinating Board (THECB) that details the institution's goals to increase the number, success, and persistence of community college transfer students as measured by THECB. The report shall assess each institution's existing academic and technical transfer pathways, identify each institution's barriers to transfer, and define emerging issues. The report shall detail institution actions to serve current and future transfer students through local and regional articulation agreements with faculty collaboration, community college program enhancements, student outreach and advising, website information development, targeted financial aid, university student success programs, and degree program alignment.

The THECB shall provide performance data by institution (application rates, admission rates, financial aid awarded, time-to-degree, and baccalaureate graduation rates) of transfer and native students by program completion at community colleges and universities during the preceding fiscal year. The THECB shall conduct a comparative analysis of the institutional reports and the performance data. The THECB shall submit an annual report to the Legislature that evaluates actions to increase the number, success, and persistence of community college transfer students and make recommendations to meet state goals.

The report shall be delivered to the House Appropriations Committee, the Senate Finance Committee, the Legislative Budget Board and the Governor by November 1 of each year.

Sec. 56. Appropriations for the Texas Competitive Knowledge Fund. Each institution's reported cost study must include the methodology used for the cost study and an explanation for each expense listed in the study.
- (b) The coordinating board shall use new and existing data, including performance measures, ongoing research studies, and survey data, to evaluate probable student outcomes for online degree plans identified by the institutions. The coordinating board shall:
 - (1) analyze and compare all reported cost studies under this section and corresponding student outcomes to determine the most efficient and effective of the proposed online degree plans among those institutions generally; and

the funds appropriated above and allocated to local juvenile probation boards shall be expended for salaries of personnel that exceed 112% of the previous year.

- 3. Appropriation and Tracking of Federal Title IV-E Receipts. The provisions of Title IV-E of the Social Security Act shall be used in order to increase funds available for juvenile justice services. The Juvenile Probation Commission (JPC) shall certify to the Texas Department of Family and Protective Services that federal financial participation can be claimed for Title IV-E services provided by counties. JPC shall direct necessary general revenue funding to ensure that the federal match for the Title IV-E Social Security Act is maximized for use by participating counties. Such federal receipts are appropriated to JPC for the purpose of reimbursing counties for services provided to eligible children. In accordance with Article IX, Section 8.03(a) of this Act, when reporting Federal Funds to the Legislative Budget Board, JPC must report funds expended in the fiscal year that funds are disbursed to counties, regardless of the year in which the claim was made by the county, received by JPC, or certified by JPC.
- 4. Juvenile Justice Alternative Education Programs (JJAEP). Funds transferred to the Juvenile Probation Commission pursuant to Texas Education Agency (TEA) Rider 29 and appropriated above in Strategy D.1.1, Juvenile Justice Alternative Education Programs, the Juvenile Probation Commission shall allocate \$1,500,000 at the beginning of each fiscal year to be distributed on the basis of juvenile age population among the mandated counties identified in Chapter 37, Texas Education Code, and those counties with populations between 72,000 and 125,000 which choose to participate under the requirements of Chapter 37.

The remaining funds shall be allocated for distribution to the counties mandated by § 37.011(a) Texas Education Code, at the rate of \$79 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under § 37.007, Texas Education Code. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$79 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$79 per student per day.

The Juvenile Probation Commission may expend any remaining funds for summer school programs. Funds may be used for any student assigned to a JJAEP. Summer school expenditures may not exceed \$3.0 million in any fiscal year.

Unspent balances in fiscal year 2012 shall be appropriated to fiscal year 2013 for the same purposes in Strategy D.1.1.

The amount of \$79 per student day for the JJAEP is an estimated amount and not intended to be an entitlement. Appropriations for JJAEP are limited to the amounts transferred from the Foundation School Program pursuant to TEA Rider 29. The amount of \$79 per student per day may vary depending on the total number of students actually attending the JJAEPs. Any unexpended or unobligated appropriations shall lapse at the end of fiscal year 2013 to the Foundation School Fund No. 193.

The Juvenile Probation Commission may reduce, suspend, or withhold Juvenile Justice Alternative Education Program funds to counties that do not comply with standards, accountability measures, or Texas Education Code Chapter 37.

Out of funds appropriated above in Strategy D.1.1, Juvenile Justice Alternative Education Programs, a maximum of \$500,000 in each fiscal year (for a maximum of 90 attendance days per child), is allocated for counties with a population of at least 72,000 which operate a JJAEP under the standards of Chapter 37, Texas Education Code. The county is eligible to receive funding from the Juvenile Probation Commission at the rate of \$79 per day per student for students who are required to be expelled under § 37.007, Texas Education Code, and who are expelled from a school district in a county that does not operate a JJAEP.

- 10. Appropriation: Refunds of Unexpended Balances from Local Juvenile Probation
 Departments. The Juvenile Probation Commission (JPC) shall maintain procedures to ensure that the state is refunded all unexpended and unencumbered balances of state funds held as of the close of each fiscal year by local juvenile probation departments. - **14. Juvenile Justice Alternative Education Program (JJAEP) Disaster Compensation.** Out of funds appropriated above in Strategy D.1.1, the Commission may compensate a mandatory JJAEP for missed mandatory student attendance days in which disaster, flood, extreme weather condition, or other calamity has a significant effect on the program's attendance.
- 15. Community Corrections Diversion Program. Out of the funds appropriated above in Strategy B.1.1, Community Corrections Services, \$19,492,500 in General Revenue Funds in fiscal year 2012 and \$19,492,500 in General Revenue Funds in fiscal year 2013, may be expended only for the purposes of providing programs for the diversion of youth from the Youth Commission (TYC). Payments from these revolving funds may be made as directed by the commission. Reimbursement to such revolving funds shall be made out of appropriations provided for in this Article.
- 5. **Student Employment.** Subject to the approval of the Youth Commission, students residing in any Youth Commission facility may be assigned necessary duties in the operations of the facility and be paid on a limited basis out of any funds available to the respective institutions or facility not to exceed \$50,000 a year for each institution and \$10,000 a year for any other facility.

Support Payment Collections.** The Youth Commission shall annually report to the Governor and to the Legislative Budget Board the number of active accounts, including the amounts owed to the state pursuant to the Texas Family Code, § 54.06 (a) court orders, and the total amount of funds collected.
- 7. Federal Foster Care Claims. Within the appropriations made above, the Texas Department of Family and Protective Services, the Youth Commission, and the Juvenile Probation Commission shall document possible foster care claims for children in juvenile justice programs and maintain an interagency agreement to implement strategies and responsibilities necessary to claim additional federal foster care funding; and consult with juvenile officials from other states and national experts in designing better foster care funding initiatives.

Appropriations made in this Act not otherwise restricted in use may also be expended for medical

tests and procedures on employees that are required by federal or state law or regulations when the tests or procedures are required as a result of the employee's job assignment or when considered necessary due to potential or existing litigation.

9. Safety. In instances in which regular employees of facilities operated by the Youth Commission are assigned extra duties on special tactics and response teams, supplementary payments, not to exceed \$125 per month for team leaders and \$100 per month for team members, are authorized in addition to the salary rates stipulated by the provisions of Article IX of this Act relating to the position classifications and assigned salary ranges.

10. Charges to Employees and Guests.

12. Salaries, Education Professionals.

Each principal, supervisor, and classroom teacher employed in an institution operated by the Youth Commission shall receive a monthly salary to be computed as follows: The applicable monthly salary rate specified in § 21.402, Texas Education Code, as amended, shall be multiplied by ten to arrive at a ten month salary rate. Such rate shall be divided by the number of days required in § 21.401, Texas Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of Youth Commission educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. Salary rates for educational aides commencing employment before September 1, 1999, shall be calculated in the same manner, using 60 percent of the salary rate specified in § 21.402, Texas Education Code.
- b. The Youth Commission may authorize salary rates at amounts above the adjusted annual salary determined in the preceding formula, but such rates, including longevity for persons commencing employment on September 1, 1983, or thereafter, and excluding hazardous duty pay, shall never exceed the rates of pay for like positions paid in the public schools of the city in which the Youth Commission institution is located. Any authorized local increments will be in addition to adjusted annual salaries. When no similar position exists in the public schools of the city in which the Youth Commission is located, the Youth Commission may authorize a salary rate above the adjusted annual salary determined in the formula provided by Section a.
- c. There is hereby appropriated to the Youth Commission from any unexpended balances on hand as of August 31, 2012, funds necessary to meet the requirements of this section in fiscal year 2013 in the event adjustments are made in the salary rates specified in the Texas Education Code or in salary rates paid by the public schools where Youth Commission facilities are located.

Fees for employee housing are hereby appropriated to be used for maintaining employee housing. The state-owned housing at the Texas Youth Commission shall be a cost recovery program. The total fees charged to all employees shall at least cover the cost of maintenance and utilities.

Also included in the amounts appropriated above are unexpended and unobligated balances of general obligation bond proceeds that have been approved under the provisions of Article IX, Section 17.11 of Senate Bill 1, Eighty-first Legislature, Regular Session 2009, remaining as of August 31, 2011, (estimated to be \$0), for the purposes for which they were approved, for the 2012-13 biennium in Strategy A.1.10, Construct and Renovate Facilities.

- **20. Sunset Contingency.** Funds appropriated above for fiscal year 2013 are made contingent on the continuation of the Youth Commission by the Eighty-second Legislature. In the event that the agency is not continued, the funds appropriated in fiscal year 2012 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.
- 21. Shared Use of Vehicle with the Juvenile Probation Commission. Contingent upon availability of a vehicle in the Youth Commission (TYC) vehicle fleet, TYC may enter into an agreement for the temporary shared use of a TYC vehicle with the Juvenile Probation Commission to support

- collaboration between the two agencies. Any agreement must specify responsibilities of the respective agencies for vehicle maintenance, damage and repair, and fleet reporting requirements.
- 22. TYC Institutional Capacity. Funds appropriated by this Act may be used for the operation of a maximum of 1,600 Youth Commission (TYC) institutional beds beginning January 1, 2012. TYC may close up to three facilities in order to reduce institutional capacity to 1,600 beds. For the purposes of this rider, the institutional capacity of 1,600 beds shall not include halfway house facilities operated by TYC or contract facilities. By October 1, 2011, TYC shall report to the Legislative Budget Board the number of facilities and beds in each facility that will be operational on January 1, 2012, as well as a detailed plan to reduce capacity, which includes criteria on which facilities were evaluated for closure such as staff turnover rates, ease in recruiting a specialized workforce and other criteria as determined by the agency. The plan shall include the estimated number of youth to be in each facility on January 1, 2012, and the projected daily population of each facility in fiscal year 2013.

- a. These appropriations are contingent upon the Department of Agriculture assessing fees sufficient to generate during the 2012-13 biennium, revenue to cover, at a minimum the General Revenue Appropriations of these programs as well as "Other direct and indirect costs" for the programs appropriated elsewhere in this Act. Additionally, these appropriations are contingent on the agency generating sufficient revenues to support other appropriations that are limited to revenues collected.
- b. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified to individual programs by this provision and other provisions making appropriations limited to revenues collected, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority made by this Act to be within the amount of fee revenue expected to be available.
- c. In addition to amounts appropriated above, the Department of Agriculture is hereby appropriated any receipts in the Seed Certification, Seed Testing, and Inspect Measuring Devices programs in excess of \$33,149,608 (Object Codes 3175, 3400, 3402, 3404, 3410, 3414, 3420, 3422, 3428, 3435, 3770, 3795, and 3839), contained in the Comptroller of Public Accounts' Biennial Revenue Estimate for fiscal years 2012 and 2013, for the entire revenue collections deposited into the General Revenue Fund by the Department of Agriculture. Also, contingent on the generation of revenue required to be generated in Subsection (a) of this rider, and in order to meet the demand of the above named programs, the Department of Agriculture may temporarily exceed the agency FTE limit ("Number of Full-Time-Equivalents" listed in the agency bill pattern) by notifying the Legislative Budget Board of the number of temporary FTEs to be hired, the expected length of employment, and the related salary costs.
- d. Also, contingent on the generation of such revenue required above to fund the Department of Agriculture's programs listed above and any other direct and indirect costs appropriated elsewhere in this Act for the operation of these programs, the Department of Agriculture's "Number of Full-Time Equivalents" includes 94.1 FTEs in each fiscal year. In the event that

Also, in addition to the amounts appropriated above, the Department of Agriculture is hereby appropriated out of the General Revenue Fund in fiscal year 2012, an amount equal to the revenue deposited to the credit of the Comptroller revenue object code 3400 related to the fees collected in accordance with Section 12.044 of the Agriculture Code in the 2010-11 biennium (estimated to be \$37,260).
- **27. Appropriations: Hostable Cotton Fee.** In addition to the amounts appropriated above, any fees collected in accordance § 74.0032, Texas Agriculture Code, in excess of amounts for the applicable object code contained in the Comptroller of Public Accounts' Biennial Revenue Estimate in FY 2012 and FY 2013 are hereby appropriated from general revenue to Strategy A.1.3, Strategy: Integrated Pest Management, for the purpose of cotton stalk destruction regulatory activities.

The Texas Department of Agriculture and the Texas Agricultural Experiment Station shall enter into an interagency contract for the funds appropriated above to be used for this research. Any unexpended balances remaining on August 31, 2012 are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2012.

- 3. Contingency Cash Flow. If the Legislative Budget Board (LBB) and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the LBB and Governor may authorize the Texas Commission on Environmental Quality (TCEQ) to temporarily expend General Revenue funds for the purpose of meeting the temporary cash flow needs of the TCEQ, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the biennium in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
- **4. Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality and the enforcement of environmental and water rights laws of the State.
- 5. Local Air Pollution Grants Allocation. Out of the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, an amount not less than \$2,658,228 in each year of the biennium beginning on September 1, 2011, shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, § 382.0622. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
- **6. Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to Tax Code, § 11.31, included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, is \$221,000 each fiscal year from fee revenue collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, § 11.31 on or after September 1, 2011, in excess of \$221,000 in each fiscal year of the biennium are hereby appropriated to the agency.

- 7. Authorization: Operating Fund. The Texas Commission on Environmental Quality (TCEQ) is hereby authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.
- Appropriation: Air Quality Planning. Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$3,537,500 for the biennium beginning on September 1, 2011 for air quality planning activities to reduce ozone in areas as approved by the Texas Commission on Environmental Quality (TCEQ). These areas may include Waco, El Paso, Beaumont, Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may be carried out through interlocal agreements or contracts and may include: identifying, inventorying, and monitoring of pollution levels; modeling pollution levels; and the identification, quantification, and implementation of appropriate locally enforceable pollution reduction controls. The TCEQ shall allocate these funds in such a way as to channel the funds to those projects most useful for the State Implementation Plan (SIP). The areas receiving funds shall submit work plans for TCEQ approval describing the work they will complete with those funds.
- 9. Appropriations Limited to Revenue Collections: Occupational Licensing. Included in the amounts appropriated above is \$1,253,173 in each fiscal year of the 2012-13 biennium out of the Occupational Licensing Account No. 468 in Strategy A.2.4, Occupational Licensing, for the purpose of operating the Occupational Licensing program. It is the intent of the Legislature that fees, fines and other miscellaneous revenues deposited to the TCEQ Occupational Licensing Account No. 468 as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for strategy item A.2.4, Occupational Licensing, as well as the "Other direct and indirect costs" associated with this strategy, appropriated elsewhere in this Act. "Other direct and indirect costs" for strategy A.2.4, Occupational Licensing, are estimated to be \$320,858 for fiscal year and \$333,740 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- 10. Contract with the State Office of Administrative Hearings. Included in the amounts appropriated above is \$1,000,000 in each fiscal year of the biennium beginning on September 1, 2011 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Commission on Environmental Quality (TCEQ) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TCEQ. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TCEQ in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.
- 11. Texas Parks and Wildlife Environmental Special Investigations Unit. Such funds are hereby appropriated above in Strategy C.1.2, Texas Game Warden Training Center (estimated to be \$147,000 in Appropriated Receipts each fiscal year) to purchase meals. Any unexpended balances remaining as of August 31, 2012 are appropriated for the same purpose for the fiscal year beginning September 1, 2012.
- **32. State Park Volunteer Services.** From funds appropriated above, the Texas Parks and Wildlife Department may provide meals for volunteers when volunteers are on-site and providing labor services for park development, repairs, and cleanup efforts.
- **33. Clothing Provision.** It is the intent of the Legislature that no funds may be expended to provide a clothing or cleaning allowance to any non-uniformed personnel. The Texas Parks and Wildlife Department may continue to expend funds for a cleaning allowance not to exceed \$500 per employee per year.
- **34. Unexpended Balance Authority within the Biennium.** Any unexpended balances as of August 31, 2012 in appropriations made to the Texas Parks and Wildlife Department are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2012.
- 35. FTE Cap Flexibility to Manage Reductions-in-Force. Notwithstanding provisions in Article IX, Section 6.10 Limitation on State Employment Levels, the Full-Time Equivalent (FTE) cap for the Texas Parks and Wildlife Department shall be an average of the fiscal year 2012 and 2013 Number of Full Time Equivalents listed in the Texas Parks and Wildlife Department bill pattern. For the purpose of Article IX, Section 6.10(d), the number of FTEs employed by the Texas Parks and Wildlife Department shall be determined in accordance with the reports filed pursuant to Government Code, Section 2052.103 and based on an average of the eight quarterly reports filed for the 2012-13 biennium.
- **36. Appropriation of Receipts and Full Time Equivalent (FTE) Cap Contingency: Off-Highway Vehicle Trail and Recreational Area Program.** The Texas Parks and Wildlife Department (TPWD) is appropriated all receipts collected from increasing the Off-Highway Vehicle decal fee from \$8 to \$16, pursuant to Parks and Wildlife Code, Chapter 29, for the purpose of implementing and administering the program. Amounts appropriated from increasing the fee are included in amounts appropriated above in Strategy B.2.2, Boating Access and Other Grants, in an estimated amount to be \$170,000 each fiscal year from the General Revenue Fund. In the event TPWD generates revenues or otherwise secures funding, including federal funding, to restore program functions, services, or grants impacted by funding reductions in the 2012-2013 biennium, amounts appropriated above in Strategy B.2.2 include 2.0 FTEs to administer the program.

These appropriations are contingent upon the Texas Parks and Wildlife Department assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover at a minimum the General Revenue appropriations for the program listed above, as well as "other direct and indirect costs" for the Off-Highway Vehicle Trail and Recreational Area Program appropriated elsewhere in this Act and estimated to be \$5,362 in fiscal year 2012 and fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

- **37. Receipts from the Sale of Eagle Mountain Lake.** Proceeds previously received by the Texas Parks and Wildlife Department from the sale of Eagle Mountain Lake State Park (\$9,266,191) shall be held in a dedicated subaccount within the General Revenue-Dedicated State Parks Account No. 64 for future acquisition and development of a park site to replace Eagle Mountain Lake State Park, and are not appropriated for use during fiscal years 2012-13.
- 38. Unexpended Balance Authority: Seized Assets. Any unexpended balances of forfeited money, proceeds from the sale of forfeited property, or similar monetary awards related to the Texas Parks and Wildlife Department's (TPWD) participation in the seizure of controlled substances or other contraband appropriated under Article IX, Sec. 8.03 of this Act that are remaining as of August 31, 2012 are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2012. TPWD is authorized to expend these funds for purposes authorized by the Parks and Wildlife Code, including capital budget purposes. Such expenditures must comply with limitations established for salary, travel, and capital expenditures, employment levels, and other provisions contained in Article IX of this Act. TPWD shall provide the Legislative Budget Board, the Governor and the Comptroller of Accounts a report by no later than October 1, 2012 of amounts carried forward from August 31, 2012 to September 1, 2012 under this provision, and the purposes for which those amounts would be expended in fiscal year 2013.

- **4. Appropriation: Unexpended Balances Between Fiscal Years within the Biennium.** Any unexpended balances as of August 31, 2012, in the appropriations made herein to the Railroad Commission are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2012.
- **5. Appropriations Limited to Revenue Collections and Contingent Revenue: LPG/CNG/LNG Fees.** It is the intent of the Legislature that revenues collected pursuant to Natural Resources Code §§ 113.082, 113.090, 113.093, 113.094, 113.131, 116.032, 116.034, and 116.072 and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund, and \$57,000 each fiscal year collected pursuant to Natural Resources Code, § 113.244, in Strategy A.2.1, Gas Utility Compliance, and deposited to Revenue Object Code 3034 in the Alternative Fuels Research and Education Account No. 101, cover, at a minimum, the cost of the appropriations made above for the LP Gas Program and Alternative Fuels Licensing Program in Strategy A.3.3, Regulate Alternative Energy Resources (not to exceed \$978,743 in fiscal year 2012 and \$992,822 in fiscal year 2013).

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover these appropriations. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2011 any revenues collected by the Commission and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for the 2012-13 biennium.

6. Unexpended Balance and Estimated Appropriation Authority: Oil Field Cleanup Account. Included in amounts appropriated above in fiscal year 2012 is an amount not to exceed \$1,152,836 in Strategy C.2.1, Oil and Gas Remediation, and an amount not to exceed \$4,611,346 in Strategy C.2.2, Oil and Gas Well Plugging, in balances remaining in the Oil Field Cleanup Account No. 145 as of August 31, 2011. The agency shall use these funds to carry out duties authorized by Natural Resources Code, Subchapter D, Chapter 91.

These funds shall be used to increase staffing in the oil and gas field operations and technical permitting programs in an attempt to reduce permitting times and prevent permitting backlogs.

In addition, the Number of Full-Time Equivalents (FTE) for the Railroad Commission is hereby increased by 21.0 in each fiscal year of the 2012-13 biennium. These positions shall be filled only in the event that revenues exceed the BRE for 2012-13 and shall be used to reduce permitting times and to prevent permitting backlogs.

454 (Federal Funds). In addition to amounts appropriated above, the Railroad Commission is hereby appropriated any additional federal grant funds from the US Department of Interior for the purposes authorized by Natural Resources Code, Chapter 134, Subchapter G, Abandoned Mine Reclamation.

Appropriation Limited to Revenue Collections: Surface Mining Permits and Contingency Appropriation for Fee Increase. Included in the amounts appropriated above is \$1,874,662 in fiscal year 2012 and \$1,867,352 in fiscal year 2013in Strategy C.1.2, Surface Mining Monitoring and Inspections, from surface mining fee revenues deposited to the General Revenue Fund to cover the cost of permitting and inspecting coal mining facilities. Of this appropriation, \$351,913 in fiscal year 2012 and \$351,345 in 2013 is contingent upon the Railroad Commission increasing surface mining permit fees and shall be limited to revenues deposited to the credit of Revenue Object Code 3329 in excess of the Comptroller's Biennial Revenue Estimate (BRE) for 2012-13.

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover the General Revenue appropriations for the Surface Mining Program as well as "Other direct and indirect costs" for the program appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$774,031 in fiscal year 2012 and \$806,964 in fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

The Railroad Commission, upon completion of necessary actions to assess or increase the surface mining permit fee, shall furnish copies of the minutes and other information supporting the estimated revenues to be generated for the 2012-13 biennium under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues in excess of those estimated in the BRE for 2012-13, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2011, any revenues received from surface mining fee increases deposited to the credit of Revenue Object Code No. 3329 in excess of the Comptroller's Biennial Revenue Estimate for 2012-13.

10. Appropriation for Pipeline Safety Fees. Included in the amounts appropriated above are revenues from fees assessed on pipelines and pipeline facilities and deposited to Revenue Object Code 3553 in the General Revenue Fund pursuant to Utilities Code, § 121.211 in an amount not to exceed \$2,269,031 in fiscal year 2012 and \$2,299,535 in fiscal year 2013. These funds shall be used to operate programs in Strategy B.1.1, Pipeline Safety, and Strategy B.1.2, Pipeline Damage Prevention, and the geographic information systems mapping program in Strategy D.1.1, Geographic Information Systems and Well Mapping.

The Railroad Commission is hereby authorized to transfer appropriations made pursuant to this provision to the appropriate strategy items.

These appropriations are contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover, at a minimum the General Revenue appropriations for the Pipeline Safety program and the underground pipeline damage prevention program as well as "Other direct and indirect costs" for the programs, appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$1,166,609 in fiscal year 2012 and \$1,220,460 in fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2011, any revenues received from pipeline safety fee revenues deposited to the credit of Revenue Object Code No. 3553 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for 2012-13.

11. Capital Budget Expenditures: Federal Funds and Appropriated Receipts. To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of Federal Funds, the Railroad Commission (RRC) is hereby

exempted from the Capital Budget Rider Provisions contained in Article IX, Sec. 14.03, of this Act, "Limitations on Expenditures - Capital Budget," when Federal Funds and Appropriated Receipts are received in excess of amounts identified in the agency's Capital Budget Rider. The RRC shall notify the Legislative Budget Board and the Governor upon receipt of such funds, of the amount received and items to be purchased.

- 12. Appropriation: Uranium Mining Regulatory Program. Included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.2, Surface Mining Monitoring and Inspections, is \$178,535 in each fiscal year 2012 and \$182,113 in fiscal year 2013 for the uranium mining regulatory program. These appropriations are contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover, at a minimum the General Revenue appropriations for the Uranium Mining Regulatory program as well as "Other direct and indirect costs" for the program, appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$57,709 in fiscal year 2012 and \$61,710 in fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- 13. Appropriation: Anthropogenic Carbon Dioxide Storage Trust Fund Revenues in Excess of the Biennial Revenue Estimate. Included in the amounts appropriated above in Strategy A.1.1, Energy Resource Development, is \$88,603 in General Revenue in each year of the biennium beginning on September 1, 2011 to be used for the Anthropogenic Carbon Dioxide Storage Program. In addition to the amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2011, any revenues received in the Anthropogenic Carbon Dioxide Storage Trust fund No. 827 (Other Funds). In accordance with Water Code, Chapter 27, Subchapter C-1, these funds shall be used for the costs of: (1) permitting, monitoring, and inspecting anthropogenic carbon dioxide injection wells for geologic storage and geologic storage facilities; and (2) enforcing and implementing this subchapter and rules adopted by the Railroad Commission under this subchapter.
- **14. Sunset Contingency.** Funds appropriated above for the Railroad Commission for fiscal year 2013 are made contingent on the continuation of the Railroad Commission by the 82nd Legislature. In the event that the agency is not continued, funds appropriated for fiscal year 2012, or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.
- 15. Contingency Appropriation: Appropriation of New Fee Revenues for Oil- and Gas-Related Activities. In addition to amounts appropriated above and contingent upon passage of legislation by the 82nd Legislature, 2011, creating a new dedicated account for fees collected to cover the costs of oil- and gas-related programs at the Railroad Commission, appropriations to the Railroad Commission are hereby increased by the following amounts in the 2012-13 biennium.

"Other direct and indirect costs" for Goal B, Enforce Bingo Laws, are estimated to be \$424,676 for fiscal year 2012 and \$446,843 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- **8. Petty Cash Fund Authorized.** The Texas Lottery Commission is authorized to establish a petty cash fund to be used by Commission employees for the purchase of evidence and/or information and other expenses deemed necessary for agency security and enforcement activities, including audits and expenses, incurred by auditing. - b. In addition to the 5 percent retailer commission amount in subsection (a) above, an amount not to exceed an additional one-half of one percent of gross sales each fiscal year may be made available for the purpose of paying sales performance retailer commissions. Prior to providing an additional retail commission above 5 percent of gross sales, the Texas Lottery Commission shall provide a report to the Governor and the Legislative Budget Board outlining the Texas Lottery Commission's plans to implement a retailer sales performance commission or similar sales performance incentive program and the projected benefits of the program to lottery ticket sales and state revenues.
- 11. Lottery Operator Contract. The amounts included above in Strategy A.1.6, Lottery Operator Contract, are estimated appropriations out of the State Lottery Account in the General Revenue Fund and may only be used for payment of lottery operator contractual obligations. The estimated amount appropriated for fiscal year 2012 is an amount equal to 2.2099 percent of gross sales in fiscal year 2012; and the estimated amount appropriated in fiscal year 2013 is an amount equal to 2.2099 percent of gross sales in fiscal year 2013.

Out of the amounts appropriated above to the Lottery Commission in Strategy B.1.1, Bingo Licensing, the amount of \$1,250,000 in 2012 and \$1,250,000 in 2013 in General Revenue are contingent upon the Lottery Commission assessing or increasing fees sufficient to generate, during the 2012-13 biennium, \$2,500,000 in excess of \$5,988,000 (Object Code 3152), contained in the Comptroller of Public Accounts' Biennial Revenue Estimate for fiscal years 2012 and 2013. 3. Appropriation: Federal Funds. All moneys granted to Texas by the federal government for the administration of the Texas Unemployment Compensation Act or which are now on deposit to the credit of any funds maintained by the comptroller for the Texas Workforce Commission (TWC), and any moneys received for the credit of such funds are hereby appropriated for the purposes authorized by the provisions of the Texas Unemployment Compensation Act and for the purposes for which such moneys were granted. TWC shall notify the Legislative Budget Board and Governor of any funds and associated staffing received above the amounts appropriated above for the biennium.

4. Section 903, Social Security Act Funds.

- a. Out of amounts credited to Texas' account in the Federal Unemployment Trust Fund under § 903 of the Social Security Act, there is included in the appropriation above \$5,000,000 in fiscal year 2012 and \$5,000,000 in fiscal year 2013 for withdrawal and use by the Texas Workforce Commission (TWC) for the administration of the Texas Unemployment Compensation Act and its Public Employment Offices and telecenters. Said funds may be used to provide necessary office facilities and automated equipment, to include the purchase of land and construction of buildings, and the construction of improvements on property owned by TWC, including the cost of repairs and alterations to such property and the purchase of computers and related peripheral equipment.
- b. No part of any amounts based on an initial transfer from the federal government that occurred prior to fiscal year 2000 or after fiscal year 2002, herein appropriated out of amounts credited to Texas' account in the Federal Unemployment Trust Fund under § 903 of the Social Security Act, shall be expended after the close of the period covered by this act and any unused portion of such amounts shall, at such close, revert to Texas' said account in the Federal Unemployment Trust Fund. The amount obligated pursuant to this act shall not exceed at any time the amount by which (a) the aggregate of the amounts transferred to the account of this state pursuant to § 903 of the Social Security Act exceeds (b) the aggregate of the amounts obligated for administration and paid out for benefits and required by law to be charged against the amounts transferred to the account of this State.
- c. Should federal requirements concerning amounts made available under Section 903 of the Social Security Act change after passage of this Act, the appropriation made in this rider shall be subject to such conditions and limitations as required by the changed federal law.
- 5. Authorization: Sale of Agency-owned Buildings and Land. In order to ensure effective facility management in coordination with the local workforce development boards, the Texas Workforce Commission (TWC) is hereby authorized to sell agency-owned buildings and land. Any such sale must be based on a finding by the commission that no other economically viable alternative exists, and specifically that operation within agency-owned or leased buildings would not be feasible. Furthermore, in order to accommodate sudden and unexpected fluctuations in federal funding, TWC is hereby authorized to sell agency-owned buildings and land as it deems necessary. The authority granted in this provision is contingent upon the filing of a written notice with the Governor and the Legislative Budget Board at least 90 days prior to the planned date of sale and is subject to the disapproval of either office within 90 days after notification.
- **6. Payment of Unemployment Benefits State Agencies.** It is the intent of the Legislature that the Texas Workforce Commission charge the Comptroller of Public Accounts only for unemployment benefits paid based on wages earned from agencies appropriated funds under the General Appropriations Act, and that agencies outside the General Appropriations Act be maintained as

individual reimbursing employers. For the purposes of this rider, 'agency' includes a state agency as defined under § 2151.002, Government Code, which includes an institution of higher education (except a public junior college) as defined under § 61.003, Education Code.

- 7. Federal Funds Appropriated. 2. Renegotiation of Lump Sum Contract. Appropriations made above in Strategy A.1.1, Conduct Hearings, include \$1,000,000 in fiscal year 2012 and \$1,000,000 in fiscal year 2013 in Interagency Contracts to fund the Natural Resources Division for the purpose of conducting hearings for the Texas Commission on Environmental Quality (TCEQ). The State Office of Administrative Hearings (SOAH) and TCEQ may not enter into a contract for an amount less than the specified amounts herein above. If SOAH determines, at the end of each fiscal year, that the amount paid under the contract exceeds the funding necessary for the Natural Resources Division, it shall refund the difference. If SOAH determines that these amounts are insufficient to fund the Natural Resources Division it may enter into negotiations with the TCEQ in order to renegotiate an interagency contract in a manner which will provide it with additional funds, provided that SOAH

STATE OFFICE OF ADMINISTRATIVE HEARINGS

shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.

- **3. Benefit Collection.** Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.
- 4. Contingency Appropriation for Expanded Jurisdiction. Contingent on the enactment of legislation by the Eighty-second Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH may expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.
- 5. Hearings Activity Report. By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate in a format prescribed by the Legislative Budget Board, for each agency served, the person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate in a format prescribed by the Legislative Budget Board, for each agency served, the number of cases received, the number of transcripts requested by Administrative Law Judges, the number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, and any other information requested by the Legislative Budget Board during the reporting period.
- 6. Contingency for Additional Self-directed Semi-independent Agency Pilot Projects.

 Contingent upon additional agencies added as a self-directed semi-independent (SDSI) agency pilot project by the Legislature during the 2012-13 biennium, any agency added as a SDSI pilot project that is listed in Rider 7 shall be removed from the exemption granted in Rider 7 below.

7. Billing Rate for Workload.

- a. Unless otherwise provided, amounts appropriated above and elsewhere in this Act for funding for the payment of costs associated with administrative hearings conducted by the State Office of Administrative Hearings (SOAH) are based on an hourly rate of \$100 per hour for each hour of work performed during each fiscal year as reflected by the SOAH's Legislative Appropriation Request and Hearings Activity Report to the Eighty-second Legislature.
- b. Notwithstanding other provisions in this act, amounts for the payment of costs associated with administrative hearings conducted by SOAH for the Comptroller of Public Accounts shall be established through an interagency contract between the two agencies. The contract shall provide funding for hearings on tax issues conducted by Master Administrative Law Judge IIs in a separate tax division within SOAH that have expertise in state tax and shall specify the salaries of the judges within the division.
- c. Amounts appropriated above in Strategy A.1.1, Conduct Hearings, to SOAH from the General Revenue Fund include funding in each year of the biennium for billable casework hours performed by SOAH for conducting administrative hearings at the rate determined by SOAH and approved by the Legislature for those agencies that do not have appropriations for paying SOAH costs for administrative hearings and are not subject to subsection (a) of this Section:

 - (2) The number of authorized positions for a title listed in a "Schedule of Exempt Positions" may be exceeded only:
 - (A) for the purpose of hiring a replacement in a key management position as certified by the chief administrator of the agency;
 - (B) if the current incumbent of the position has formally resigned or otherwise announced irrevocable plans to vacate the position;
 - (C) for a period of time not to exceed the equivalent of one month's salary per fiscal year per terminating incumbent (excluding time spent on the payroll for the purpose of exhausting accrued annual leave or state compensatory time); and
 - (D) if exceptions are reported as prescribed for payroll reporting procedures.

Sec. 3.06. Evening, Night, Weekend Shift Pay: Registered Nurses and Licensed Vocational Nurses. A state agency may pay an additional evening shift or night shift differential not to exceed 15 percent of the monthly pay rate to registered nurses or licensed vocational nurses who work the 3:00 p.m. to 11:00 p.m. shift, or its equivalent, or who work the 11:00 p.m. to 7:00 a.m. shift, or its equivalent. An additional weekend shift salary differential not to exceed five percent of the monthly pay rate may be paid to registered nurses and licensed vocational nurses. The weekend shift salary differential may be paid to an eligible individual in addition to the evening shift or night shift salary differential.

Sec. 3.07. Recruitment and Retention Bonuses. A state agency may pay a bonus to an individual as provided by § 659.262, Government Code.

Sec. 3.08. Equity Adjustments.

- (a) A state agency is authorized to adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:
 - (1) between and among employees of the agency; or
 - (2) between employees of the agency and employees who hold similar positions in the relevant labor market.
- (b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.
- (c) A state agency may award an equity adjustment to an employee under this section only if:
 - (1) the employee has worked in the employee's current position for not less than six months while maintaining at least a satisfactory level of job performance; and
 - (2) the adjustment does not take effect during the same fiscal year as another equity adjustment made to the employee's salary under this section.

(Continued)

- (d) A state agency shall adopt internal written rules relating to making equity adjustments under this section. The rules shall include procedures under which the agency will review and analyze the salary relationships between agency employees who receive salaries under the same job classification and perform the same type and level of work to determine if inequities exist.
- **Sec. 3.09. Classification Study on Scheduled Exempt Positions.** The State Auditor's Office is directed to conduct a study (which is similar to the biennial study performed by the Auditor's office on the state's classification plan under Chapter 654, Government Code) that reviews the compensation of exempt positions in the General Appropriations Act. The study should compare exempt positions from different agencies and take into account the size of an agency's annual appropriations, the number of full-time equivalent employees (FTES) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1,2012.
- **Sec. 3.10. Method of Salary Payments.** All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.
- **Sec. 3.11. Exception Contracts Less Than 12 Months.** Facilities of the Texas Youth Commission in Article V or institutions of higher education or the schools for the blind or deaf in Article III of this Act that make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period of the contract.
- **Sec. 3.12. Matching Retirement and Certain Insurance.** In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

PART 4. GRANT-MAKING PROVISIONS

Sec. 4.01. Emergency and Deficiency Grants Out of Special Funds. For the purposes of §§ 401.061 and 403.075, Government Code, appropriations to the Office of the Governor from "special funds" include excess revenues from General Revenue Fund-Dedicated accounts that were previously special funds above those estimated by the Comptroller in certifying this Act.

Sec. 4.02. Grant Restriction. Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 4.03. Grants.

- (a) Funds appropriated by this Act for grants of money to be made by state agencies, including the agencies in the legislative branch, are appropriated for the statutory purposes as the grantor agency may specify. A state agency shall distribute grants on a reimbursement or as needed basis unless otherwise provided by statute or otherwise determined by the grantor agency to be necessary for the purposes of the grant.
- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and

treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to § 403.071, Government Code.

Sec. 4.04. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.05. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) § § 556.004, 556.005, and 556.006, Government Code;
 - (3) § § 2113.012 and 2113.101, Government Code;
 - (4) § 6.13 of this Article (Performance Rewards and Penalties);
 - (5) § 7.01 of this Article (Budgeting and Reporting);
 - (6) § 7.02 of this Article (Annual Reports and Inventories); and
 - (7) § 2102.0091, Government Code.
- (b) In this section, "unit of local government" means:
 - (1) a council of governments, a regional planning commission, or a similar regional planning agency created under Chapter 391, Local Government Code;
 - (2) a local workforce development board; or
 - (3) a MHMR community center.

PART 5. TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions. The definitions established by § 660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this Article:

- (1) "Council of governments" includes:
 - (A) a council of governments created under Chapter 391, Local Government Code;
 - (B) a regional planning commission created under Chapter 391, Local Government Code; or
 - (C) a regional planning agency created under Chapter 391, Local Government Code.
- (2) "State agency" includes the entities within the definition of § 660.002(19), Government Code, and also includes a council of governments, a local workforce development board, or a MHMR community center, that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees.

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses

(Continued)

unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Failure to Comply.

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 5.04. Transportation Expenses. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.
- (b) The rate of reimbursement for a state employee when the employee travels in the employee's personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft; or
 - (2) 50 cents per highway mile when traveling in twin-engine, turbine-powered, or other aircraft.

Sec. 5.06. Travel Meals and Lodging Expenses.

- (a) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration; unless the agency head or designee of the agency head determines that local conditions necessitate a change in the lodging rate for a particular location.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with § 660.206, Government Code.

(Continued)

Sec. 5.07. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in § 5.06 of this Article.

Sec. 5.08. Limitation on Travel Expenditures.

- (a) In this section "travel expenditures" refers only to travel outside the state of Texas, except as provided by Subsection (i) of this section, and does not include travel expenses incurred after August 31, 2011, for travel critical to the delivery of services consistent with the mission of the agency or institution.
- (b) (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed the greatest of:
 - (A) 125 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures; or
 - (B) 100 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures plus \$10,000; or
 - (C) 100 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures plus any excess travel expenditure amounts approved by waiver.
 - (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.
 - (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by Subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.
- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e) (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;
 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.

(Continued)

- (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
- (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a local workforce development board, or a mental health mental retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.
- (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (i) Travel expenses incurred within the Washington, D.C. area by the Office of State-Federal Relations (OSFR) and by state agencies and institutions of higher education that are represented by their employees in the Washington, D.C. office of OSFR shall be considered in-state travel for the purpose of calculating the agencies' compliance with out-of-state travel limitation provisions.

Sec. 5.09. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by § 659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
 - (2) at the rates provided by this Act for state employees, expense per diem, which includes:
 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.10. Travel of Advisory Committee Members.

(a) For the purpose of this section, the term "advisory committee" has the meaning assigned by § 2110.001, Government Code.

(Continued)

- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.
- (f) Unless otherwise specifically provided for in this Act or by the written authorization of the Legislative Budget Board and Governor, and pursuant to Government Code, § 2110.004, total amounts expended in each fiscal year of the biennium for reimbursement of expenses for an advisory committee authorized to be reimbursed elsewhere in this Act by agencies and institutions, out of funds appropriated to those entities, may not exceed one hundred and twenty-five percent (125%) of total expenditures for reimbursement of the same advisory committee by the agency or institution in fiscal year 2003.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions. In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2012, unless another meaning is clearly indicated.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.

(Continued)

- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Fund.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds except for public community or junior colleges.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source

(Continued)

other than the General Revenue Fund except for public community or junior colleges. For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.

- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office. The State Auditor shall at least biennially review agency and institution (excluding a community or junior college) compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionally paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) Without the written approval of the Governor and the Legislative Budget Board, a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution.
- (b) A request by a state agency or institution of higher education to exceed or reduce the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsection (a), the number of FTEs employed by a state agency (not including an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;

- (2) shall include only employees paid with funds appropriated through this Act;
- (3) shall not include overtime hours; and
- (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (d) For the purpose of Subsection (a), the number of FTEs employed by the State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
 - (1) shall be determined in accordance with the reports filed pursuant to § 2052.103, Government Code;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (e) This section shall not apply to appropriations made by this Act to the:
 - (1) Office of the Governor; or
 - (2) Comptroller when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
 - (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
 - (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This Subsection (g) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.

(Continued)

- (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).
- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.

Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with § 2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is hereby appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.

The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in § 51.009, Education Code, except for tuition and lab fees.
- **Sec. 6.16. - **Sec. 6.19. Cost Allocations.** For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.22. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) Definition. Earned Federal Funds are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under § 8.02(c) of this Article which are not required by the governing agreement to be distributed thereon. Sec. 9.05. TexasOnline Project: Occupational Licenses. Each licensing entity not otherwise authorized to increase occupational license fees elsewhere in this Act is authorized to increase the occupational license or permit fees imposed on the licensing entity's licensees by an amount sufficient to cover the cost of the subscription fee charged by the TexasOnline Project to the licensing entity pursuant to Chapter 2054, Government Code. Each licensing entity provided by Chapter 2054, Government Code and not otherwise authorized to increase occupational license fees elsewhere in this Act is hereby appropriated the additional occupational license or permit fees in excess of the Comptroller's biennial revenue estimate 2012-2013 for the sole purpose of payment to the TexasOnline contractor subscription fees for implementing and maintaining electronic services for the licensing entities. Each agency, upon completion of necessary actions to access or increase fees, shall furnish copies of board meeting minutes, an annual schedule of the number of license issuances or renewals and associated annual fee total, and any other supporting documentation to the Comptroller. If the Comptroller finds the information sufficient to support the projection of increased revenues, a notification letter will be issued and the contingent appropriation made available for the intended purposes.

Sec. 9.06. TexasOnline Project: Cost Recovery Fees. Any cost recovery fees, excluding subscription fees as defined in Subchapter I, Chapter 2054, Government Code, approved by the Department of Information Resources in relation to the TexasOnline Project as authorized under Chapter 2054, Government Code, are hereby appropriated to that agency from the fund to which the fee was deposited for the purpose of paying the costs associated with implementing and maintaining electronic services. Sec. 10.02. Full Application for Health Coverage. To the fullest extent permitted by federal law and regulations, all state agencies that have children in their custody must apply for enrollment of all children in the Medicaid or the Children's Health Insurance Program, unless the children have otherwise been provided health insurance.

Sec.10.03. Appropriation of Disproportionate Share Hospital Payments to State-Owned Hospitals. Disproportionate Share Hospital Program payments from the Health and Human Services Commission to state-owned hospitals are appropriated to the receiving state agency/hospital as replacement funding for funds transferred to the Health and Human Services Commission and are subject to the accounting provisions as required by the Comptroller including deposits to the fund or account from which the original source of transfers to the Health and Human Services Commission was made.

- (c) Other Agencies: An agency other than a health and human services agency listed in Chapter 531, Government Code that directly responds to a disaster may transfer appropriations within the agency, without regard to any limits on transfer of appropriations between strategies, subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).
- (d) Transfers Between Agencies: In the event that a transfer involving at least one agency not listed in Chapter 531, government Code is necessary in order to respond to a disaster, the agencies involved in the transfer shall request approval from the Legislative Budget Board and the Governor for the emergency transfer of funds, pursuant to Article XVI, Section 69, Texas Constitution. Any request under this Subsection (d) should include the same information required in the recommended plan of transfer below, and a copy shall be provided to the Comptroller.

- (g) Notification of Recommended Plan of Transfer.
 - (1) Recommended Plan of Transfer: A recommended plan of transfer submitted by an agency to the Governor and Legislative Budget Board under this Section 14.04 must include the following information:
 - (A) a copy of the appropriate disaster proclamation made under Chapter 418, Government Code;

- (d) From information related to unemployment benefits paid on behalf of previously employed former state employees provided by the Texas Workforce Commission, the Comptroller shall determine the proportionate amount of the reimbursement or payment due from the General Revenue Fund, any General Revenue-Dedicated accounts, Federal Funds or Other Fund appropriations made elsewhere in this Act to agencies. - (f) The Comptroller may prescribe accounting procedures and regulations to implement this section.
- (g) The Comptroller, upon certification of amounts due from the Texas Workforce Commission, including the sources of such amounts due, may transfer funds from such agencies or other units of state government as the Texas Workforce Commission certifies remain due more than 30 days from receipt of the statement of payments due. The Texas Workforce Commission shall also determine the amounts due from funds held outside the state treasury and notify the State Auditor and Comptroller of such amounts.

Sec. 15.02. Payments to the State Office of Risk Management (SORM).

- (a) In this section:
 - (1) "Agency" includes a state agency as defined under § 2151.002, Government Code, which includes an institution of higher education (except a public junior college) as defined under § 61.003, Education Code, and may also include any other unit of state government as defined by the rules of SORM, which participates in cost allocation plan provided under this section;
 - (2) "Assessment" means the amount of the workers' compensation assessment placed on an agency by SORM and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation, as provided by this section and other relevant law; and
 - (3) "SORM" means the State Office of Risk Management.
- (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c) (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.
 - (2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.
- (d) Transfers and payments as are authorized under law shall be made not more than 30 days from receipt of the statement of payments due.
- (e) The Comptroller may prescribe accounting procedures and regulations to implement this section.

(Continued)

- (f) Upon certification by SORM of amounts due, the Comptroller may transfer funds from an agency if the assessment amount due remains unpaid after more than 30 days from receipt of the statement of payments due.
- (g) All funds recovered by SORM from third parties by way of subrogation are appropriated to SORM to be used for the payment of workers' compensation benefits to state employees and shall be retained in the bill pattern of the Workers' Compensation Payments in Strategy A.1.1, Workers' Compensation Payments, in whole for that purpose.
- (h) Amounts not to exceed 2 percent in total of workers' compensation annual expenditures may be awarded to agencies by SORM for the purposes of risk management and loss prevention. In the event that Strategy A.1.1, Workers' Compensation Payments, in the bill pattern of the Workers' Compensation Payments, funded by the annual assessments to agencies, exceeds 110 percent of the expected annual payments, the portion of the excess over 110 percent funded from all funding sources shall be returned to agencies. The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. An all funds excess of 10 percent or less will be used to lower the cumulative assessments to agencies the following year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.
- (k) SORM shall require agencies to provide to SORM and agencies shall submit to SORM information regarding the specific funding sources from which agencies pay their assessed allocation amounts for workers' compensation coverage for their employees.

Sec. 15.03. Contingency Appropriation Reduction.

- (a) After considering all other contingency riders in this Act and all legislation passed by the Eighty-second Legislature that affects revenue, if the appropriations made by Articles I through X of this Act exceed the estimated available revenue, all appropriations made under this Act out of the General Revenue Fund and General Revenue-Dedicated accounts are hereby automatically reduced on a pro-rata basis by the amount necessary, if any, to ensure that the total amount appropriated does not exceed the estimated revenue, pursuant to Article 3, Section 49a, Texas Constitution; provided, however, that appropriations described under Subsection (c) of this section shall not be reduced.
- (b) The Comptroller shall report the amount of the automatic reductions, if any, to the Governor and Legislative Budget Board.

 - (3) Appropriations made in Article IV of this Act;
 - (4) Appropriations made to the Teacher Retirement System;
 - (5) Appropriations made to the Optional Retirement Program;
 - (6) Appropriations made to the Higher Education Fund;

(Continued)

Sec. 15.04. Appropriation Transfers: Billings for Statewide Allocated Costs. As provided by Chapter 2106, Government Code, relating to billings to state agencies for the costs of support services allocated to agencies under the statewide cost allocation plan, the Comptroller shall transfer appropriations made to state agencies and institutions of higher education by this Act to the General Revenue Fund, under Articles I-VIII of this Act, in amounts which total an estimated \$40 million for the biennium.

At least thirty days prior to making transfers of agency appropriations to the General Revenue Fund pursuant to this provision, the Comptroller shall develop and prepare a plan of reductions and notify the Legislative Budget Board and Governor of the amounts proposed for reduction by each agency.

PART 16. LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

Sec. 16.01. Court Representation and Outside Legal Counsel.

- (a) (1) Except as otherwise provided by the Constitution or general or special statutes, the Attorney General shall have the primary duty of representing the State in the trial of civil cases. The provisions of this section apply to the representation of a state governmental entity by outside legal counsel in all legal matters.
 - (2) Funds appropriated by this Act may not be used by a state governmental entity for retaining outside legal counsel before the state governmental entity requests the Attorney General to perform such services.
 - (3) If the Attorney General determines that outside legal counsel is in the best interest of the State, the Attorney General shall so certify to the Comptroller and to the requesting a state governmental entity which may then utilize appropriated funds to retain outside legal counsel.
 - (4) Funds appropriated by this Act may not be used to contract with an outside legal counsel who represents clients before the state governmental entity or who has, during a six month period preceding the initiative of the contract and a six month period following the termination of the contract, represented clients before the state governmental entity.
 - (5) A state governmental entity may not initiate the process of selecting outside legal counsel prior to receiving the approval of the Attorney General to retain outside legal counsel.
- (b) Funds appropriated by this Act may not be expended by a state governmental entity to initiate a civil suit or defend itself against a legal action without the consent of the Attorney General. Absent this consent, the state governmental entity shall be represented in that particular action by the Attorney General.
- (c) On receipt of a request by a state governmental entity to retain outside legal counsel, the Attorney General shall make a determination on the request as expeditiously as possible, but in no event later than 10 working days after receiving such request.
- (d) Funds appropriated by this Act may not be used to pay compensation to outside legal counsel for representing a state governmental entity in the trial of a civil suit if the Attorney General, district attorney, criminal district attorney, county attorney, or other lawyer is required by constitutional or statutory provision to represent a state governmental entity except in those cases where the Attorney General consents to such representation or the district attorney, criminal district attorney, county attorney, or other lawyer has requested that the attorneys employed by the particular state governmental entity assist with the trial of the particular civil suit.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (e) (1) This section does not restrict a state governmental entity in the investigation and assembling of evidence in connection with a pending or prospective civil suit.
 - (2) This section does not prohibit a state governmental entity or its employees from investigating, filing, or presenting to any person a claim, owing to the State.
- (f) This section does not restrict the Attorney General from employing special assistants to assist in the trial of civil suits to be paid from the appropriations therefore made to the Attorney General.
- (g) If a state governmental entity requests the Attorney General to take legal action in court against another state governmental entity, the Attorney General shall give special consideration to permitting one of the state governmental entities to employ, from the permitted state governmental entity's funds, outside legal counsel to represent that state governmental entity in that action, in order to avoid a conflict of interest by the Attorney General in the representation of both state governmental entities.
- (h) If the Attorney General initiates legal action against another state governmental entity on behalf of the Attorney General rather than another state governmental entity, the Legislature determines that a conflict of interest exists and the state governmental entity against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that state governmental entity without the prior approval or consent of the Attorney General.
- (i) Subsections (a) (h) do not apply to funds appropriated to:
 - (1) the Office of the Governor;
 - (2) Comptroller;
 - (3) Department of Agriculture;
 - (4) General Land Office and Veteran's Land Board; or
 - (5) the Railroad Commission of Texas.
- (j) Funds appropriated by this Act may not be expended to pay the legal fees or expenses of outside legal counsel that represents the State or any of its state governmental entities in a contested matter if the outside legal counsel is representing a plaintiff in a proceeding seeking monetary damages from the State or any of its state governmental entities.
- (k) (1) Funds appropriated by this Act may not be expended by a state governmental entity for payment of legal fees or expenses under a contingent fee contract for legal services without the prior approval of the Legislative Budget Board.
 - (2) For purposes of this section, "state governmental entity" means a board, commission, department, office, or other agency in the executive branch of state government created under the constitution or a statute, including an institution of higher education.
 - (3) This section applies to all contingent fee contracts for legal services entered into by a state governmental entity, including legal services related to a *parens patriae* action or proceeding brought by a state governmental entity in the name of the state, except that this section does not apply to a contingent fee contract:
 - (A) for legal services performed for a state governmental entity in relation to the entity's actions as a receiver, special deputy receiver, liquidator, or liquidating agent in connection with the administration of the assets of an insolvent entity, including actions under Chapter 21A, Insurance Code, or Chapters 36, 66, 96, or 126, Finance Code; or
 - (B) under which recoveries from more than one entity are contemplated and the expected amount of each recovery and the actual amount of each recovery do not exceed \$100,000.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (1) Any litigation that results in settlement, court order or other arrangement providing revenues or financial benefits to the State of Texas shall be structured to require the entire amount due to be paid to the treasury.
- (m) (1) None of the money paid to a state governmental entity (as a result of a settlement of litigation, or other arrangement providing revenues or financial benefits as a result of litigation) may be expended by any state government entity unless the Legislative Budget Board is notified in writing by the Attorney General regarding the terms of the settlement or other arrangement and by the state governmental entity receiving the money regarding the plans for the use of the money. The written notice must be delivered to the Legislative Budget Board as soon as practicable, but no later than the 20th day of the month following approval of the settlement or arrangement by a court.
 - (2) This subsection does not apply to a settlement of litigation, court order resulting from litigation, or other arrangement providing revenues or financial benefits as a result of litigation:
 - (A) for a state governmental entity in relation to the entity's actions as a receiver, special deputy receiver, liquidator, or liquidating agent in connection with the administration of the assets of an insolvent entity, including actions under Chapter 21A, Insurance Code, or Chapters 36, 66, 96, or 126, Finance Code; or
 - (B) under which recovery to the state governmental entity does not exceed \$500,000.

Sec. 16.02. Judgments and Settlements.

- (a) The funds appropriated by this Act, including appropriations made in Article X of the Act, may not be expended for payment of a judgment or settlement prosecuted by or defended by the Attorney General and obtained against the State or a state agency, except:
 - (1) pursuant to this section; or
 - (2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments or settlements.
- (b) The authorization provided by this subsection does not apply in those cases where the judgment order of the trial court was entered, or a settlement agreement was executed, prior to September 1, 1995. State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:
 - (1) such funds are to be paid out by the Comptroller on vouchers drawn by the agency settling the lawsuit or paying the judgment, subject to the approval of the Governor and of the Attorney General according to Subsection (d);
 - (2) for purposes of this subsection, "judgment" means a judgment order rendered in a federal court or a court in this state for which an appeal or rehearing, or application therefore, is not pending and for which the time limitations for appeal or rehearing have expired;
 - (3) the payment of a settlement or judgment may not exceed \$250,000;
 - (4) the payment of the settlement or judgment would not cause the total amount of payments made by the payer agency for that fiscal year to exceed 10 percent of the total amount of funds available for expenditure by that agency for that fiscal year; and
 - (5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.
- (c) (1) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (2) A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.
- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.
- (e) The Attorney General shall report to the Legislative Budget Board and the Governor not less than monthly, a listing of all settlements and judgments of more than \$5,000 submitted to the Comptroller for payment. The document for publication shall contain at least the following information unless all or part of the information is exempt by court order or Chapter 552, Government Code, (the Open Records Act):
 - (1) a summary of the cause of action;
 - (2) a summary of the terms of the settlement;
 - (3) the style of the case;
 - (4) the name and business address of each attorney representing the opposing litigants at the time of the settlement;
 - (5) the amount of the judgment or settlement;
 - (6) the fund or account from which payment was or should be made;
 - (7) the statutory citation for the appropriation or other authority to be made;
 - (8) specific statutes granting waiver of sovereign immunity or legislative resolution granting litigant permission to sue;
 - (9) the date of judgment or settlement; and
 - (10) other information as the Legislative Budget Board may request and in the form requested by the Legislative Budget Board.
- (f) The State Auditor may verify compliance with this section for all funds appropriated in this Act, including funds that are retained and expended from accounts held outside the state treasury and that are not subject to reimbursement through funds held in the state treasury. On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's noncompliance has been reviewed and necessary recommendations or changes have been made.

Sec. 16.03. Expenditures for Representatives of Grievants Prohibited.

- (a) The funds appropriated by this Act may not be used to pay expenses for salary, travel, or per diem of a public employee who represents grievants in the presentation of grievances concerning wages, hours of work, or conditions of work.
- (b) Notwithstanding Subsection (a), a state employee may take annual leave, compensatory leave, or leave without pay, subject to the procedures established by the state employee's agency of employment, to engage in this activity.

The excess returned to the agencies by DIR is appropriated to the agencies for expenditures consistent with the original funding source.
- d. The Comptroller may prescribe accounting procedures and regulations to implement this section.
- e. The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.
- f. DIR shall coordinate with the Legislative Budget Board on development of a methodology to implement this provision.
- g. DIR shall require participating agencies to provide to DIR, and those agencies shall submit to DIR, information regarding the specific funding sources from which agencies pay administrative costs charged for the use of DIR's information technology commodity cooperative contracts, telecommunications, and/or data center services respectively and as applicable.

Sec. 18.16. Executive Leadership Salaries.

a. Out of amounts appropriated under this Act and notwithstanding any other provision of this Act, the Texas Transportation Commission shall conduct a nation-wide, comprehensive search for an Executive Director. The Commission shall set the amount of compensation for the Executive Director and not more than five additional senior leadership positions within the Group 8 salary classification, as provided in Article IX, Section 3.05(b)(2) of this Act. If the results of a study conducted by a consultant employed by the Commission indicate that the median compensation for a position in the private sector that is comparable to the Executive Director or one of the senior leadership positions is greater than the upper level of the Group 8 salary classification and on the basis of that study the Commission decides that it is in the best interest of the state and the agency

(Continued)

to exceed the limits of the Group 8 salary classification for that position, the Chair of the Commission shall submit for approval the amount of the compensation for that position to the Governor and the Legislative Budget Board. The amount submitted under this subsection may not exceed the median private sector amount for that position provided in the consultant's study. The amount of the compensation for a position submitted for approval under this subsection must be approved by the Governor and the Legislative Budget Board before the amount of compensation may be paid. The requested compensation amount shall be considered to be approved unless the Governor or the Legislative Budget Board issues a written disapproval within 30 days of the date on which the Chair of the Commission submitted the request.

- b. The Executive Director position is an exempt position in addition to those listed above. The classification schedule under Section 2.01, Article IX, of this Act, does not apply to the five additional senior executive positions to which subsection (a) applies.
- c. The commission shall pay the compensation amounts approved under subsection (a) out of the amounts appropriated under this Act for salaries and wages.

Sec. 18.17. Appropriation of Liquidity Fees. In addition to amounts appropriated elsewhere in this Act, the Comptroller of Public Accounts is hereby appropriated in Strategy B.4.1, Treasury Operations, amounts collected pursuant to Government Code § 404.027 (estimated to be \$250,000 for the 2012-13 biennium) for the purpose of employing financial market experts, including financial advisors, swap advisors, bond counsel, and other similar market experts, as necessary, on issues impacting the financial condition of the state.

In an effort to maximize the availability of federal funds under the Title XIX Medical Assistance Program for the purpose of providing reimbursement for uncompensated trauma care at designated facilities, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) may enter into an interagency contract to allow for the transfer of funds from Account No. 5111, Trauma Facility and EMS, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

Sec. 18.20. Appropriation of Receipts Out of the General Revenue-Dedicated Game, Fish, and Water Safety Account No. 9. Appropriations made elsewhere in this Act to the Texas Parks and Wildlife Department (TPWD) from the General Revenue-Dedicated Game, Fish and Water Safety Account No. 9 are hereby decreased in the following amounts:
