- 7. State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
- a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, the Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the ~~2022-23~~ 2024-25 biennium.

- 8. Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code, §815.5072.
- 9. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
- 10. Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.

All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to Government Code, §609.512 are hereby appropriated to the system for the ~~2022-23~~ 2024-25 biennium for the purposes authorized by law.

12. Tobacco User Monthly Premium Fee. The Employees Retirement System, pursuant to the provisions of Insurance Code, §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco products. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be ~~\$10,093,766~~ \$10,917,405 in each year of the ~~2022-23~~ 2024-25 biennium) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.

13. Notification of Contracts Greater than \$10 Million. It is the intent of the Legislature that the agency shall submit notice to the Legislative Budget Board at least ten business days prior to issuing a request for proposals for a contract, as defined in Article IX, Section 7.04 of this Act, with a value reasonably expected to exceed \$10 million. The notice shall be provided consistent with the agency's fiduciary duties. The notice shall be provided on a form prescribed by the Legislative Budget Board. The notice shall include:

- a. a brief description of the request for proposals; and
- b. criteria that will be evaluated, as identified in the request for proposals.

Additionally, the notice shall provide the following if ERS' processes have changed substantially from the prior request for proposals subject to this notice provision:

- a. an explanation of the agency's evaluation process;
- b. guidelines for evaluators;
- c. methodology for evaluating additional factors not anticipated during planning; and
- d. methods for verifying the mathematical accuracy of the evaluation.

In addition to the requirements of this rider, the agency shall comply with all reporting requirements under Article IX, Sec. 7.11, Notification of Certain Purchases or Contract Awards, Amendments, and Extensions, of this Act.

14. Health Clinic at a State Agency or Institution of Higher Education. Out of appropriations made in this and other articles of this Act for the Group Benefits Program, the board of trustees may operate or contract with a person to operate an onsite, or near-site, health clinic at a state agency or institution of higher education. The board may only operate or contract for a clinic if the board determines that:

- a. the clinic can be operated on a cost-neutral or cost-positive basis to the health plan;
- b. there is sufficient health plan participation in the area where the proposed clinic will operate; and
- c. no funds will be spent by the board for the cost of acquiring or building the clinic, capital expenses, or acquiring equipment.

15. Health Related Institutions Savings. It is the intent of the legislature that the HealthSelect of Texas network administered under the Employees Retirement System of Texas Group Benefits Program shall maintain competitive and favorable contracted provider rates with Health Related Institutions receiving appropriations under this Act. The Employees Retirement System may initiate and continue innovative value-based plan design models and partnerships with Health Related Institutions.

16. Right to Shop Incentive. It is the intent of the Legislature that the Employees Retirement System incentivize participants to shop for lower cost care within the health plan in order to achieve shared savings. In accordance with existing laws, the agency may contract with one or more third-party vendors for this purpose.

EMPLOYEES RETIREMENT SYSTEM

17. Alternative Delivery Methods for Group Benefits Program. It is the intent of the legislature that the Employees Retirement System (ERS) engage a third party vendor to examine alternative methods to deliver the current benefits supplied under the Group Benefits Program and that ERS provide a report to the chairs of the Senate Finance and Health and Human Services committees, the chairs of the House Appropriations and Insurance committees, and the Governor on the findings of the third party vendor no later than August 31, ~~2022~~ 2024.

18. Public Safety Death Benefits. Notwithstanding the transfer provisions contained in Article IX of this Act, the Employees Retirement System is prohibited from transferring appropriated funds from Strategy A.1.5, Public Safety Death Benefits to other strategies.

3. Appropriations Limited to Revenue Collections. Fees, fines, and other miscellaneous revenues as authorized and generated by the Department of State Health Services (DSHS) shall cover, at a minimum, the cost of the appropriations made for the programs listed in the table below, as well as the "other direct and indirect costs" associated with these programs, appropriated elsewhere in this Act. "Other direct and indirect costs" for these programs are estimated to be \$4,161,353 for fiscal year ~~2022-2024~~ and \$4,347,884 for fiscal year ~~2023-2025~~.

(a) This requirement shall apply to revenues generated in the following strategies and deposited under the following revenue codes or account numbers.

C.1.3. Radiation Control

Fees deposited into General Revenue to support C.1.3, Radiation Control, including fees deposited under the following Revenue Codes: 3589 (Radioactive Materials and Devices for Equipment Regulation).

- (b)- Appropriations made to DSHS in this Act are contingent upon DSHS assessing fees sufficient to generate revenue to cover the General Revenue appropriations for the programs listed under Subsection a above as well as the related "other direct and indirect costs." In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

4. Immunization of Employees. Monies appropriated above to the Department of State Health Services may be expended for any immunization which is required of employees at risk in the performance of their duties.

5. Texas.Gov Authority Appropriation.

- (a)- The Department of State Health Services (DSHS) is authorized in accordance with Section §2054.252 of the Government Code to increase the occupational license, permit, and registration fees imposed on licensees by an amount sufficient to cover the cost of the subscription fee charged by the Texas.Gov Authority.
- (b)- Amounts appropriated above to DSHS include ~~\$706,128,701,299~~ in each fiscal year in revenue collected for license and certification fees in Strategy C.1.4, Texas.Gov, for the purpose of paying Texas.Gov subscription fees.
- (c)- In the event that actual and/or projected revenue collections from fee increases to cover the cost of Texas.Gov subscription fees are insufficient to offset the costs identified above, the Comptroller is ~~hereby~~ directed to reduce the appropriation authority provided by this Act to DSHS to be within the amount of fee revenue expected to be available.
- (d)- For new licensing applications, DSHS is ~~hereby~~ appropriated the additional revenue generated from occupational license, permit, or registration fees in excess of the Comptroller's biennial revenue estimate for the ~~2024-25~~~~2022-23~~ biennium for the sole purpose of payment to the Texas.Gov Authority contractor of subscription fees for implementing and maintaining electronic services for the department. DSHS, upon completion of necessary actions to access or increase fees, shall furnish an annual schedule of the number of license issuances or renewals and associated annual fee total, and any other supporting documentation to the Comptroller and the Legislative Budget Board. If the Comptroller finds the information sufficient to support the projection of increased revenues, a notification letter will be issued and the contingent appropriation made available for the intended purposes.
- (e)- DSHS shall notify the Legislative Budget Board and the Comptroller of Public Accounts in writing upon receiving an exemption from participating in Texas.Gov. Within 45 days of receiving an exemption, DSHS shall provide the Legislative Budget Board and the Comptroller with a report of the effective date, the reason for exemption, and all estimated expenditures for Texas.Gov costs in the fiscal year in which the exemption is made.

6. Collection of Emergency Room Data. Out of funds appropriated in Strategy A.1.5, Health Data and Statistics, the Department of State Health Services (DSHS) shall collect emergency room data as set forth in Chapter 108 of the Health and Safety Code. DSHS shall use the data to measure and report potentially preventable emergency room visits, including potentially preventable mental health and substance abuse emergency room visits. DSHS shall submit the results of their findings to the Legislative Budget Board, Governor, Chairs of the Committees in each House with jurisdiction over public health issues, and the Statewide Behavioral Health Coordinating Council on a biennial basis on or before December 31 of each odd-numbered year.

DEPARTMENT OF STATE HEALTH SERVICES
(Continued)

An appropriation from an account or revenue object shall be made available to DSHS once certified by a Comptroller's finding of fact that the amount in the BRE for the account or revenue object for the given fiscal year has been exceeded. An appropriation is limited to revenue generated in fiscal year ~~2024~~2022 or fiscal year ~~2025~~2023 and does not include any balances that have accrued in the account or revenue object code.

By March 1st of each year, DSHS may notify the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor of the amount that DSHS projects will be received in excess of the amounts contained in the BRE for each of the accounts listed below, along with sufficient information to reflect how the estimate was determined. If the Comptroller finds the information sufficient to support the projection of additional revenue, a finding of fact to that effect shall be issued to reflect the additional revenue available for each account.

- (b)- Revenue Object 3175, Account No. 5017, Asbestos Removal Licensure, for asbestos inspections and regulatory activities.

The authorization is limited to expenditures in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.
- 4. Cost Comparison Report.** Out of funds appropriated above in Strategy B.1.1, Medicaid & CHIP Contracts & Administration, the Health and Human Services Commission (HHSC) shall develop a report analyzing state and federally-funded residential and nonresidential services in the Home and Community-based Services (HCS) waiver program, the Texas Home Living waiver program, and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID).

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (a) The report shall include the following:
- (1) the monthly average cost to the state per person for individuals residing in state-operated and non-state-operated ICFs/IID, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON) and facility size (private ICFs/IID only);
 - (2) a comparison of severity across settings; and
 - (3) the total number of persons, by LON, who transitioned from state-operated ICFs/IID to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.
- (b) With respect to the cost to the state per person residing in a state-operated ICF/IID, HHSC shall include all costs, such as Statewide Cost Allocation Plan (SWCAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative, medical, and overhead costs. With respect to the cost to the state per person in state-operated ICFs/IID, non-state-operated ICFs/IID, and the HCS and Texas Home Living waivers, HHSC shall include all Medicaid costs including acute care costs that are not included in the waiver rates for those programs and all costs to administer and license those programs. For state-operated ICFs/IID, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. HHSC shall identify the types of costs included in each category.
- (c) Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF/IID services will cover the time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF/IID or waiver within 60 days of discharge. In that case, the Medicaid costs incurred during discharge will be counted toward the ICF/IID costs.

The report shall be submitted to the Legislative Budget Board and the Office of the Governor, and shall be posted on the Commission's website no later than August 31, ~~2022~~2024.

In the event that actual and/or projected revenue collections are insufficient to offset the appropriations identified in this subsection, the Comptroller of Public Accounts is directed to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

Sec. 12. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for medications, that account for significant expenditures. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by HHSC pursuant to other provisions in this Act and should specify method-of-financing. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

~~(a)~~ **Notification of Change to Managed Care Rates.**

- (1) Within seven calendar days of the establishment of preliminary premium rates for managed care organizations (MCOs) contracting with HHSC, the Executive Commissioner of HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:

 - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1), which should include:
 - (a) a thorough explanation of all formulas and rounding methodologies used in the rate setting process;
 - (b) identification of any claims excluded from the data in calculating rates;
 - (c) reasoning and basis for all trends used in the rate-setting process, including an analysis of any regional or plan-specific trends that cause the overall statewide trend to increase by more than one percent and a justification for assuming those trends will continue;
 - (d) all analyses conducted by the Data Analysis Unit (established pursuant to Government Code §Section 531.0082) that are pertinent to the rate-setting process; and

- (e) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. §Section 438.7.
- (iii) an estimate of the fiscal impact, by agency, method-of-financing, and fiscal year, for each rate change listed for §Subsection (1).
- (2) The Executive Commissioner of HHSC shall submit all available information identified in §Subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in §Subsection (1) no later than 45 calendar days prior to implementation.
- (3) Within seven days of the submission requirements listed above in §Subsections (i) through (iii) for final proposed rates, the Executive Commissioner of HHSC shall submit a schedule identifying an estimate of the amount by which expenditures at such rate levels would exceed appropriated funding, by method-of-financing.
- ~~(b)-~~ **Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following the addition of the drug as a payable benefit if managed care capitation rates are to be adjusted or the annual fiscal impact to fee-for-service expenditures is expected to exceed \$500,000 in General Revenue Funds. HHSC may allocate expenses between fee-for-service and managed care using a methodology that reflects the anticipated distribution of the client population eligible for the drug. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. §Section 316, and be required to be covered by the Medicaid program under federal law. With the notification, HHSC shall provide the fiscal impact by fiscal year and method-of-financing, the amount of drug rebates projected, and an estimate of the population to be served.
- ~~(c)-~~ **Semi-Annual Notification.** With the exception of statutorily required pricing updates on oral medications, HHSC shall provide notice on October 1 and April 1 of changed rates for:
 - (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
 - (2) revised rates occurring as a result of a regularly scheduled rate review;
 - (3) any rate change or new rate for which managed care capitation rates will not be adjusted and estimated to have an annual fiscal impact of less than \$500,000 in General Revenue Funds; and
 - (4) any orphan drug not subject to the requirements of subsection (b).
- ~~(d)-~~ **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in §Subsections (b) or (c), HHSC and DSHS may not pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate; and
- (2) an estimate of the fiscal impacts of the new rate and/or rate change by agency, method-of-financing, and fiscal year; ~~and~~
- ~~(3) the amount by which each rate would exceed appropriated funding for each fiscal year by method of financing.~~

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff

Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- (e) Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests, and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- (f) The Office of the State Auditor may review the fiscal impact information provided under ~~s~~Sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by HHSC and report back to the Legislative Budget Board and the Governor before the rate is implemented.
- (g) The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13. Locality Pay. Out of funds appropriated above, the health and human services agencies listed in Article II of this Act are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.

Revenue from Account No. 709 shall be distributed first to the item(s) in ~~s~~Subsection (a)(1) and then to the item in subsection (a)(2)(~~B~~) until the full amount of those appropriations is satisfied. Revenue from Account No. 709 shall be distributed to the appropriate agency within ten business days of receipt.

Appropriations from Account No. 709 shall be expended prior to utilization of General Revenue or General Revenue-Dedicated Funds in strategies identified in this subsection. In the event General Revenue or General Revenue-Dedicated Funds have been expended prior to the receipt of appropriations from Account No. 709, DSHS or HHSC shall reimburse General Revenue or General Revenue-Dedicated on a monthly basis.

(b) **Limitation on Use of Public Health Medicaid Reimbursements (Account 709).**

(1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above, the funds are appropriated to DSHS to reimburse the cost of performing newborn screening and to the Newborn Screening Preservation Account, established in Health and Safety Code, Section 33.052. If this occurs, DSHS may notify the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor of the amount that DSHS projects will be received in excess of the amounts appropriated and any increased costs, along with sufficient information to reflect how the estimate was determined. If the Comptroller finds the information sufficient to support the projection of additional revenue, a finding of fact to that effect shall be issued to reflect additional revenue up to \$12,000,000 for the biennium to be made available to DSHS and deposited to the Newborn Screening Preservation Account. Amounts in excess of \$12,000,000 for the biennium may be made available only upon prior written approval from the Legislative Budget Board and the Governor. The request to expend the additional Public Health Medicaid Reimbursement funds shall include the following information:

- (A) the reason for and the amount of Public Health Medicaid Reimbursement revenue that exceeds the amounts in subsection (a) above, and whether this additional revenue will continue in future years;
- (B) a detailed explanation of the purpose(s) of the expenditure and whether the expenditure will be one-time or ongoing;
- (C) the name of the strategy or strategies affected by the expenditure and the FTEs for each strategy by fiscal year;
- (D) the impact of the expenditure on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
- (E) the impact of the expenditure on the capital budget.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

(2) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support the appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments.

(c) **Addition of New Newborn Screening.** In the event that additional screens are added to the Recommended Uniform Screening Panel in the biennium, additional revenue from the account shall be used as follows:

- (1) fund DSHS increased cost for the test; and
- (2) deposited to the credit of the Newborn Screening Preservation Account, established in Health and Safety Code, Section 33.052.

Sec. 15. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose.

Appropriations include ~~\$86,409,985~~\$12,802,252 in each fiscal year 2024 and \$86,074,164 in fiscal year 2025 out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS and Trauma Care Systems. If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

Sec. 18. New or Additional Facilities. No funds appropriated by this Act may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this section, specific authorization may be granted either by basic statute or special authorization in this Act.

Sec. 19. Revolving Petty Cash Funds. Each state mental health hospital, each state supported living center, the Rio Grande State Center, and the Texas Center for Infectious Disease may establish a petty cash fund to be maintained in cash or at a local bank. Sec. 20. Transfers of Appropriation - State Owned Hospitals. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals, and DSHS Strategy A.2.5, TX Center of Infectious Disease, to HHSC Goal B, Medicaid and CHIP Contracts and Administration Support, for the Disproportionate Share Hospital Reimbursement Program:

HHSC and DSHS shall also transfer non-Medicaid state appropriated funds as necessary for other qualifying state-funded community hospitals including mental health community hospitals. HHSC and DSHS shall monitor Medicaid utilization rates at these state-owned hospitals to ensure their qualification for the Disproportionate Share Hospital Reimbursement Program.

Sec. 21. Payment for Compensatory Time. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS), to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory

Any unexpended balances as of August 31, 2024, are appropriated for fiscal year 2025 for the same purposes.

Formula Funding: The Commissioner shall make allocations to local school districts under Chapters 46, 48 and 49 based on:

- (a) estimates of average daily attendance provided by the Texas Education Agency in March ~~2023~~ ~~2021~~;
- (b) local district tax rates as determined by the Legislative Budget Board;
- (c) final tax year ~~2022~~ ~~2020~~ property values; and

The estimates identified in subsections (a) - (d) are projections provided by the Comptroller of Public Accounts and Texas Education Agency and used solely to determine initial state aid payments to school districts, and do not factor into the calculations of local tax base changes. Actual property value changes are determined by local appraisal districts.

To the extent that estimates provided for in subsections (a) - (d) above differ from a school district's actual average daily attendance, tax rates, property values, or local tax collections, the Commissioner shall settle-up with local school districts pursuant to Rider 7, Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues and applicable provisions in Chapters 46, 48, and 49 of the Education Code.

For purposes of distributing the Foundation School Program basic tier state aid appropriated above and in accordance with Section §48.051 of the Texas Education Code, the Basic Allotment is established at \$6,160 in fiscal year ~~2024~~ ~~2022~~ and \$6,160 fiscal year ~~2025~~ ~~2023~~.

54. Helicopter Operation. The University of Texas Medical Branch at Galveston is authorized to lease and operate a helicopter for the purpose of transporting critically ill or emergency patients to the medical branch hospitals. - a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from ~~2012 and 2013~~ 2016 and 2017.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the ~~2024-25~~ 2026-27 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

1211. Small Institution Supplement. The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to the Texas State Technical Colleges with headcounts of fewer than 10,000 students. For the ~~2022-2023~~ 2024-25 biennium, Texas State Technical Colleges with a headcount of fewer than 5,000 students shall receive a small institution supplement of ~~\$1,316,566~~ \$2,633,133. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. Once an institution reaches 10,000 headcount, it shall no longer be eligible for this supplement.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.

2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
5. The Texas A&M University System Health Science Center may admit up to 25 competitively recruited nonresident medical students in each entering class for specialized programs of clinical and research training designed to lead to the MD and MS in Engineering degrees or MD degrees for students from military academies or recipients of military health professions scholarships.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-sixth Legislature in arriving at formula appropriations for fiscal years ~~2022~~2024 and ~~2023~~2025. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years ~~2022~~2024 and ~~2023~~2025 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years ~~2022~~2024 and ~~2023~~2025 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 17. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 18. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 19. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code, Chapter 2259, for a risk otherwise insurable by the institution of higher education, including a reserve account for lump sum payments of vacation and sick leave, shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 20. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 21. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than March 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 22. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has adopted an ethics policy which includes the requirements of Texas Government Code Section 572.051. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall also include specific provisions regarding sexual harassment.

Sec. 23. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health related institutions.

Sec. 24. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 25. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the ~~2022-23~~2024-25 biennium is \$55.66 in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025.

2. **Teaching Experience Supplement.** For the ~~2022-23~~2024-25 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.

3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.47 in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025.

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
 - a. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

5. **Small Institution Supplement.** The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to general academic institutions with headcounts of fewer than 10,000 students. For the ~~2022-2023~~ 2024-2025 biennium, general academic institutions with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,633,133. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. Once an institution reaches 10,000 headcount, it shall no longer be eligible for this supplement.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, ~~2022~~2024.

Sec. 27. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full-time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,622 in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025:

| <u>Program</u> | <u>Weight Per Student</u> |
|------------------------|---------------------------|
| Allied Health | 1.000 |
| Biomedical Science | 1.018 |
| Nursing | 1.138 |
| Pharmacy | 1.670 |
| Public Health | 1.721 |
| Biomedical Informatics | 1.750 |
| Dental | 4.601 |
| Medical | 4.753 |
| <u>Podiatry</u> | <u>4.753</u> |

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.14 in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.17 percent in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.
5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$11,940 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025 are \$5,970 per resident.
6. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

7. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items and hospital and clinic operations.
8. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, ~~2022~~2024.
9. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal year ~~2022~~2024 and ~~2023~~2025 shall be based on the number of total Texas cancer patients served in ~~2020~~2022. The rate per patient shall be ~~\$1,657~~\$1,580 in fiscal year ~~2022~~2024 and fiscal year ~~2023~~2025 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.4, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal year ~~2022~~2024 and ~~2023~~2025 shall be based on the number of such cases treated in fiscal year ~~2020~~2022. The rate per case for fiscal year ~~2022~~2024 and ~~2023~~2025 shall be ~~\$166~~\$99. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.
10. **Mission Specific Support - Performance Based Research Operations Formula.** The University of Texas Southwestern Medical Center has a mission that is research intensive. To enhance research capacity, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:
 - a. General Revenue Research Operations Formula funding allocated to The University of Texas Southwestern Medical Center in Strategy B.1.2, Performance Based Research Operations Formula, shall be guided to the institution through two mechanisms that measure the institution's performance.
 - 1) Base Match allocations shall be based on the institution's average annual research expenditures for the previous three-year period as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Base Match rate shall be ~~12.63~~13.40 percent for each fiscal year of the ~~2022-23~~2024-25 biennium. The Base Match rate shall be adjusted based on the average annualized increase or decrease in research expenditures from the prior biennium's three-year base average.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

- 2) Performance Incentive Tiered Match allocations shall be based on the increase of the institution's average annual research expenditures since the prior biennium. The calculation of this increase shall be based on the average annual research expenditures for the two-year base period preceding each biennium, as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Tiered Match shall allocate funding in three tiers that increase on a sliding scale. Tier 1 shall provide matching General Revenue funds at a rate of 25.0 percent for any increase in the institution's average annual research expenditures between \$0 and \$10,000,000. Tier 2 shall provide matching General Revenue funds at a rate of 50.0 percent for any increase in the institution's average annual research expenditures between \$10,000,000 and \$20,000,000. Tier 3 shall provide matching General Revenue funds at a rate of 75.0 percent for any increase in the institution's average annual research expenditures greater than \$20,000,000.

The institution's Performance Based Research Operations Formula shall be expended for the purpose of research operations, expanding research capacity, and pursuing excellence in its research mission. Any unexpended balances as of August 31, ~~2022~~2024, are hereby appropriated for the same purpose for the fiscal year beginning September 1, ~~2022~~2024.

For formula funding purposes, the amount of growth in total funding for the Performance Based Research Operations Formula from one biennium to another may not exceed 5.0 percent of the institution's total General Revenue appropriations in the prior biennium, excluding tuition revenue bond debt service. The Legislative Budget Board shall implement the funding in accordance with this limitation. In a biennium in which funding is not available to meet the institution's performance-driven target, the formula mechanisms and performance-calculated match rates remain while the Legislature determines the General Revenue provided. In the FY ~~2022-23~~2024-25 biennium, ~~\$114,849,890~~\$130,840,155 in General Revenue is provided.

11. **Mission Specific Support - Performance Based Research Operations Formula.** To enhance research capacity at The University of Texas Health Science Center at Houston, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:
 - a. General Revenue Research Operations Formula funding allocated to The University of Texas Health Science Center at Houston in Strategy B.1.2, Performance Based Research Operations Formula, shall be guided to the institution through two mechanisms that measure the institution's performance.
 - 1) Base Match allocations shall be based on the institution's average annual research expenditures for the previous three-year period as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Base Match rate shall be ~~6.176.47~~ percent for each fiscal year of the ~~2022-23~~2024-25 biennium. The Base Match rate shall be adjusted based on the average annualized increase or decrease in research expenditures from the prior biennium's three-year base average.
 - 2) Performance Incentive Tiered Match allocations shall be based on the increase of the institution's average annual research expenditures since the prior biennium. The calculation of this increase shall be based on the average annual research expenditures for the two-year base period preceding each biennium, as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Tiered Match shall allocate funding in three tiers that increase on a sliding scale. Tier 1 shall provide matching General Revenue funds at a rate of 25.0 percent for any increase in the institution's average annual research expenditures between \$0 and \$10,000,000. Tier 2 shall provide matching General Revenue funds at a rate of 50.0 percent for any increase in the institution's average annual research expenditures between \$10,000,000 and \$20,000,000. Tier 3 shall provide matching General Revenue funds at a rate of 75.0 percent for any increase in the institution's average annual research expenditures greater than \$20,000,000.

The institution's Performance Based Research Operations Formula shall be expended for the purpose of research operations, expanding research capacity, and pursuing excellence in its research mission. Any unexpended balances as of August 31, ~~2022~~2024, are hereby appropriated for the same purpose for the fiscal year beginning September 1, ~~2022~~2024.

For formula funding purposes, the amount of growth in total funding for the Performance Based Research Operations Formula from one biennium to another may not exceed 5.0 percent of the institution's total General Revenue appropriations in the prior biennium, excluding tuition revenue bond debt service. The Legislative Budget Board shall implement the funding in accordance with this limitation. In a biennium in which funding is not available to meet the institution's performance-driven target, the formula mechanisms and performance-calculated match rates remain while the Legislature determines the General Revenue provided. In the FY ~~2022-23~~2024-25 biennium, ~~\$25,476,160~~\$42,949,947 in General Revenue is provided.

12. **Mission Specific Support - Performance Based Research Operations Formula.** To enhance research capacity at The University of Texas Health Science Center at San Antonio, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:

a. General Revenue Research Operations Formula funding allocated to The University of Texas Health Science Center at San Antonio in Strategy B.1.2, Performance Based Research Operations Formula, shall be guided to the institution through two mechanisms that measure the institution's performance.

The Legislative Budget Board shall implement the funding in accordance with this limitation. In a biennium in which funding is not available to meet the institution's performance-driven target, the formula mechanisms and performance-calculated match rates remain while the Legislature determines the General Revenue provided. For informational purposes, total amounts identified for strategies in this subsection total ~~\$17,116,953,16,866,953~~ in fiscal year ~~2022~~2024 and ~~\$17,116,954,16,866,953~~ in fiscal year ~~2023~~2025 for direct costs and indirect administration and ~~\$4,035,6324,344,433~~ in fiscal year ~~2022~~2024 and ~~\$4,063,2024,377,076~~ in fiscal year ~~2023~~2025 for "other direct and indirect costs".

These appropriations are contingent upon the Department of Agriculture (TDA) assessing fees sufficient to generate revenue to cover the General Revenue appropriations for each strategy as well as the related "other direct and indirect costs". In the event that actual and/or projected revenue collections in strategies above are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to the affected strategy to be within the amount of revenue expected to be available.

- b. TDA shall provide a report to the Comptroller of Public Accounts and the Legislative Budget Board no later than the end of the second business week in March, June, and September (for the second, third, and fourth quarters) detailing the following information at both the strategy level and individual program activity level:
- (1) The amount of fee generated revenues collected for each of the cost recovery programs. This information shall be provided in both strategy level detail and individual program detail;
 - (2) A projection of the revenues for each cost recovery program TDA estimates it will collect by the end of the respective fiscal year. This information shall be provided in both strategy level detail and individual program detail;
 - (3) A detailed explanation of the causes and effects of the current and anticipated fluctuations in revenue collections;
 - (4) The amount of expenditures for each of the cost recovery programs; and
 - (5) Any fee changes made during the fiscal year and the anticipated revenue impacts of those changes.

In the event that reported expenditures exceed revenues collected for any cost recovery program, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to the affected strategy by an amount specified by the Legislative Budget Board.

- c. Also, contingent on the generation of such revenue required above to fund TDA's cost recovery programs and related "other direct and indirect costs" TDA's "Number of Full-Time Equivalents" includes ~~178.2176.4~~ FTEs in fiscal year ~~2022~~2024 and ~~178.2176.4~~ FTEs in fiscal year ~~2023~~2025. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may reduce the FTE cap provided by this Act to reflect the number of FTEs funded by the amount of revenue expected to be available.

- d. If cost recovery revenues collected in the first year of the biennium exceed the cost recovery requirements above, the excess revenue may be counted towards the cost recovery requirement in the second year of the biennium in addition to the revenues collected in the second year.

In the event that amounts available for distribution are less than the estimated appropriated amount, this Act may not be construed as appropriating funds to make up the difference.

22. Unexpended Balances within the Biennium. Any unobligated and unexpended balances as of August 31, ~~2022~~2024, in appropriations made to the Department of Agriculture are appropriated for the same purposes for the fiscal year beginning September 1, ~~2022~~2024. ~~23. Sunset Contingency.~~ ~~Funds appropriated above for fiscal year 2023 for the Department of Agriculture are made contingent on the continuation of the Department of Agriculture by the Eighty-seventh Legislature, Regular Session, 2021. In the event that the agency is not continued, the funds appropriated for fiscal year 2022, or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.~~

A property owner can participate in the Texas A&M AgriLife Extension Service experimental use program by hiring a pesticide applicator licensed by the department and

complying with Texas A&M AgriLife Extension Service guidelines for participation in the experimental use program. A property owner with a pesticide applicator licensed by the department failing to comply with the Texas A&M AgriLife Extension Service guidelines may be prohibited from participating in the program. A pesticide applicator may lose the pesticide applicator license issued by the department for failing to comply with Texas A&M AgriLife Extension Service guidelines for participation in the experimental use program.

Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality and the enforcement of environmental and water rights laws of the State.

4. Local Air Pollution Grants Allocation. Out of the amounts appropriated above, no less than \$2,658,228 in each fiscal year out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, Section §382.0622. The combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.

5. Fee Revenue: Pollution Control Equipment Exemptions. Amounts appropriated above include \$229,424 each fiscal year from fee revenue collected pursuant to Tax Code, Section §11.31, beginning with the effective date of this Act out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, for the purpose of determining whether pollution control equipment is exempt from taxation.

COMMISSION ON ENVIRONMENTAL QUALITY

(Continued)

In addition to amounts appropriated above, any amounts collected by the ~~Texas~~ Commission on Environmental Quality pursuant to Tax Code, Section §11.31 on or after September 1, ~~2023~~~~2021~~, in excess of \$229,424 in each fiscal year of the biennium are appropriated to the agency.

- 6. Authorization: Operating Fund.** The ~~Texas~~ Commission on Environmental Quality (TCEQ) is authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes in current law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.
- 7. Air Quality Planning.** Amounts appropriated above include \$4,500,000 for the biennium out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, for air quality planning activities to reduce ozone in "affected counties" (as defined in Texas Health and Safety Code Section §386.001(2)) not designated as nonattainment areas for the O3 National Ambient Air Quality Standards (NAAQS) as of September 1, ~~2023~~~~2020~~ and other areas at significant risk of being designated nonattainment for the O3 NAAQS in the future as approved by the ~~Texas~~ Commission on Environmental Quality (TCEQ). These activities may be carried out through interlocal agreements.

Expenditure of these funds are limited to: inventorying emissions, monitoring of pollution levels, and administration of the program. The TCEQ shall allocate a base amount of \$281,250 to each state planning region containing such areas and the remaining funds proportionally to each state planning region with a combined population of affected counties in excess of 350,000. Grants issued from appropriations identified in this rider should require that no more than 10 percent of the allocation be used for administrative purposes and prohibit the expenditure of the following: marketing and outreach activities, bicycle use programs, carpooling awareness, environmental awareness campaigns, and locally enforceable pollution reduction programs. The grant recipients shall channel the funds to those projects most useful for the State Implementation Plan (SIP).

For informational purposes, the affected counties that are not designated "nonattainment" for the O3 NAAQS as of September 1, ~~2020~~~~2023~~ include Bastrop, Caldwell, Comal, ~~El Paso~~, Gregg, Guadalupe, Hardin, Harrison, Hays, Henderson, Hood, Hunt, Jefferson, Nueces, Orange, Rusk, San Patricio, Smith, Travis, Upshur, Williamson, and Wilson Counties. Additional "attainment/unclassifiable" areas may also be added by TCEQ to this grant program based on their status as being part of a core-based statistical area (CBSA) with O3 design values in excess of 60 parts per billion (ppb).

- 8. Texas Parks and Wildlife Environmental Special Investigations Unit.** Amounts appropriated above include \$225,000 each fiscal year out of the Waste Management Account No. 549 in Strategy C.1.2, Enforcement and Compliance Support, for the purpose of supporting the ~~Texas~~ Parks and Wildlife Department's Environmental Special Investigations Unit to enforce state and federal laws on illegal dumping. This appropriation is contingent on a memorandum of understanding and an interagency transfer of the funds between the ~~Texas~~ Parks and Wildlife Department and the ~~Texas~~ Commission on Environmental Quality to jointly administer the program. Any unexpended balance of this appropriation from fiscal year ~~2022~~~~2024~~ is appropriated for the same purpose for fiscal year 2025~~2023~~.
- 9. Federal Funds and Capital Budget Expenditures.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of federal funds, the ~~Texas~~ Commission on Environmental Quality (TCEQ) is exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget", when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and such funds are federally designated solely for the purchase of specific capital items. In addition, TCEQ is exempted from the Capital Budget Rider provisions within Article IX of this Act when funds are received in the form of disaster related recoveries or gifts to the agency in excess of amounts identified in the agency's Capital Budget Rider. The TCEQ shall notify the Legislative Budget Board, the Comptroller of Public Accounts, and the Governor upon receipt of such federal funds or gift proceeds, of the amount received and items to be purchased.

COMMISSION ON ENVIRONMENTAL QUALITY

- 10. Refinement and Enhancement of Modeling to Demonstrate Attainment with the Clean Air Act.** Amounts appropriated above include \$750,000 in fiscal year ~~2024~~~~2022~~ out of the General Revenue-Dedicated Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, for research to obtain the data and information to refine and enhance any model used to demonstrate attainment with the National Ambient Air Quality Standard (NAAQS) and to assess air quality associated with other pollutants under the Federal Clean Air Act during the biennium beginning on September 1, ~~2023~~~~2024~~. These funds may also be used to collect and analyze data and procure appropriate computing tools for modeling to demonstrate attainment with the National Ambient Air Quality Standard for Ozone and other pollutants. The Commission on Environmental Quality may contract as necessary to carry out these activities.
- 11. Reallocation of Revenue and Balances for Certain Accounts.** Pursuant to Water Code, Section §5.707, and notwithstanding provisions of Article IX, Sec 14.01, Appropriation Transfers, in this Act, the ~~Texas~~ Commission on Environmental Quality is authorized to reallocate within the biennium the lesser of 7 percent of the biennial All Funds amount identified in the Method of Finance above or \$20,000,000 from the following General Revenue-Dedicated accounts (consisting of revenues and balances) to be used for purposes identified in the above strategies.

Clean Air Account No. 151
Water Resource Management Account No. 153
Watermasters Administration Account No. 158
Occupational Licensing Account No. 468
Waste Management Account No. 549
Hazardous and Solid Waste Remediation Fee Account No. 550
Petroleum Storage Tank Remediation Account No. 655
Solid Waste Disposal Account No. 5000
Dry Cleaning Facility Release Account No. 5093
Operating Permit Fees Account No. 5094

The Commission shall notify the Governor, the Comptroller of Public Accounts, and the Legislative Budget Board of any decision to reallocate funds between accounts prior to any such reallocations.

- 12. Appropriations Limited to Revenue Collections: ~~Automobile~~ Vehicle Emission Inspections.** Of the fees, fines, and other miscellaneous revenues as authorized and generated by the operation of the vehicle emissions inspection and maintenance program pursuant to Section §382.202, Health and Safety Code, 20 percent shall cover, at a minimum, the cost of appropriations made above in Strategy A.1.1, Air Quality Assessment and Planning, out of General Revenue-Dedicated Clean Air Account No. 151, as well as "other direct and indirect costs" made elsewhere in this Act associated with this program. Direct costs for the vehicle emissions inspection and maintenance program are estimated to be \$2,004,799 in fiscal year ~~2022-2024~~ and \$2,004,799 in fiscal year ~~2023-2025~~ and "other direct and indirect costs" are estimated to be ~~\$429,606~~~~440,657~~ for fiscal year ~~2022-2024~~ and ~~\$429,232~~~~434,608~~ in fiscal year ~~2023-2025~~. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition, if additional counties enter the vehicle emissions inspection and maintenance program during the fiscal years 2024-25~~2022-23~~ biennium, 20 percent of revenues generated from the vehicle emissions and inspections fee established in Health and Safety Code, Section §382.202(e) in the additional counties in each fiscal year are hereby appropriated to the ~~Texas~~ Commission on Environmental Quality for the same purposes.

Also, the "Number of Full Time Equivalents (FTE)" figure indicated above is increased by 0.1 FTEs for each live greyhound race day granted that exceeds the base of 36 days on the greyhound race date calendar in each fiscal year contingent upon the Texas Racing Commission generating the amount of revenue indicated above. The Texas Racing Commission upon completion of necessary actions to assess or increase such additional revenue shall furnish copies of the Texas Racing Commission's minutes and other information supporting the estimated revenues to be generated for the 2022-23 biennium under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose. For informational purposes, the amount of increased revenue identified above reflects amounts sufficient to cover direct appropriations of \$5,128 and other direct and indirect costs (estimated to be \$546 for the 2022-23 biennium).

- b. In addition to amounts appropriated above out of the Texas bred Incentive Fund No. 327, the Texas Racing Commission is appropriated in Strategy A.2.1, Texas Bred Incentive Program, revenue set aside by the Texas Racing Act pursuant to Occupations Code §§ 2028.101, 2028.103, 2028.105, 2028.154, and 2028.202 for the Texas Bred Incentive Program that is collected by the agency, in an amount not to exceed \$75 from Texas bred Incentive Fund No. 327 for each additional day added beyond the base of 36 days during each fiscal year to the greyhound race date calendar in the 2022-23 biennium. Any appropriations from revenue collected by the agency for the Texas Bred Incentive Program during the 2022-23 biennium may be used only for that purpose and are not transferable to any other strategy.

8. Sunset Contingency. Funds appropriated above for fiscal year 2023 for the Racing Commission are made contingent on the continuation of the Racing Commission by the Eighty-seventh

Part 6.

GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2024, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or monies other than appropriations from the General Revenue Fund have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional monies from the General Revenue Fund to make up such differences. Wherever the language of this Act appropriates federal funds, local funds, or monies other than appropriations from the General Revenue Fund but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to Texas Constitution, Article XVI, Section 10.

Sec. 6.04. Interpretation of Legislative Intent. Monies appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using monies appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the monies appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) monies required by statute, rule, or regulation to be expended on a different time frame;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs benefits program administered by the Health and Human Services Commission or expenditures related to the Children with Special Health Care Needs Systems Development Group administered~~operated~~ by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The monies exempted under Subsection (b) may not be considered in the computation of the total monies appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Monies appropriated in the various articles of this Act for Retirement and Group Insurance, Social Security and Benefit Replacement Pay, Texas Public Finance Authority-G.O. Bond Debt Service Payments, and Lease-Payments to the Texas Public Finance Authority may be transferred between articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated monies, including "local funds" and "education and general funds" as defined in Education Code, Section 51.009(a) and (c), shall be proportional to the method of finance except for public and community junior colleges. Any financing sources subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in policies by the Comptroller governing the calculation of benefits proportionality by method of finance, shall not be subject to this proportional requirement.
- (b) Monies not subject to this proportionality requirement may include but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of monies to certain programs. The Comptroller shall make the final determination on the exclusion of monies from this proportionality requirement in conjunction with the policies developed under Subsection (f).
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between the General Revenue Fund and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (e) For purposes of this Act, a public community or junior college may expend monies appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from monies appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated monies.

The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives monies appropriated under this Act. - (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure that the General Revenue Fund is reimbursed to the maximum extent possible.

To achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.

Assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state Treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state Treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of monies appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of monies from the state Treasury that relate to Texas Public Education Grants, or "local funds" defined in Education Code, Section 51.009, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the monies appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.18. Demographic and Statistical Studies. Before expending monies appropriated by this Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas Demographic Center (previously known as the Texas State Data Center) located at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Such transfers must be accomplished within 12 months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law or other sections of this Act, none of the monies appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.

Sec. 6.22. Informational Items. The Texas Mental Health Care Consortium shall designate an individual to serve as a representative on the coordinating council. Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. (Continued)

HHSC shall require certain community collaboratives that receive state grant funding to present twice annually on the impact each collaborative has had on project implementation and mental health outcomes on the population served by the grant funding. These community collaboratives shall include community collaboratives as defined by Government Code, Chapter 539; community recipients of a grant for veterans' mental health pursuant to Government Code, Section 531.0992; recipients of a grant through the Mental Health Grant Program for Justice-Involved Individuals; and recipients of a grant through the Community Mental Health Grant Program. It is the intent of the Legislature that these presentations serve as an opportunity to increase collaboration for the effective expenditure of behavioral health monies between state and local entities. No provision of this Act may be construed as granting the coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) **Statewide Behavioral Health Strategic Plan.** The purpose of the coordinating council shall be to implement the five-year Texas Statewide Behavioral Health Strategic Plan most recently published on November 3, 2022, and originally published May 1, 2016, (the strategic plan) per 2016-17 GAA, Article IX, Section 10.04(b), Eighty-fourth Legislature, 2015. The coordinating council shall submit an annual report to the Governor and the Legislative Budget Board including the progress of the strategic plan's implementation no later than December 1 of each year of the biennium. The report shall include the coordinating council's agency participation and how the strategic plan's implementation serves to coordinate programs and services to eliminate redundancy; utilize best practices in contracting standards; perpetuate identified successful models for mental health and substance abuse treatment; ensure optimal service delivery; and identify and collect comparable data on results and effectiveness. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs, services, initiatives, and expenditures further the goals of the strategic plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each year.

The coordinating council shall also collaborate with the Board of Pharmacy and the Medical Board to create a sub-plan related to substance abuse. The sub-plan shall include challenges of existing prevention, intervention, and treatment programs; evaluation of substance use disorder prevalence; service ability; gaps in current services; and strategies for working with state agencies to expand treatment capacity.

- (d) **Coordination of Behavioral Health Expenditures.** The coordinating council shall submit to the Executive Commissioner of HHSC for approval a coordinated statewide expenditure proposal for each agency, which shall include the appropriation amounts identified in Subsection (a). The expenditure proposal shall describe how the identified appropriations at each agency or institution would be spent in accordance with and to further the goals of the approved strategic plan. HHSC shall submit the coordinated statewide behavioral health expenditure proposal to the Legislative Budget Board by September 1, 2023, for fiscal year 2024, and by July 1, 2024, for fiscal year 2025. The strategic plan shall be considered to be approved unless the Legislative Budget Board issues a written disapproval by November 1, 2023, for fiscal year 2024, or by September 1, 2024, for fiscal year 2025.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related monies identified in Subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2024 or fiscal year 2025 General Revenue-Related funds are used to provide services required by federal law, are related to court-ordered treatment, or are required as the result of administrative proceedings, the funding for these services shall still be included in the proposal, but these monies shall not be contingent upon approval.

The coordinated expenditure proposal shall be developed in a format specified by the Legislative Budget Board, and shall, at a minimum, include expenditures related to each program identified in the program inventory required by Subsection (c), identified by fund type. Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

The monies so transferred are appropriated to the Texas Facilities Commission for the purposes of making lease payments to the Texas Public Finance Authority.
- (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts after the passage of the Act, the Comptroller shall reduce monies appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2024-25 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2024 may be paid from fiscal year 2025 appropriations as necessary to facilitate the move.

Sec. 11.05. State Agency Emergency Leases.

- (a) It is the intent of the Legislature that all emergency leases held by state agencies be eliminated. To ensure better planning on the part of state agencies and response from the Texas Facilities Commission Leasing Division, state agencies are directed to adhere to the provisions of this section.
- (b) A state agency that is in an emergency lease agreement on September 1, 2023, shall have its appropriation in each fiscal year in which it is in the emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent.
- (c) At least one year before an agency's lease expires, an agency must notify the Texas Facilities Commission in writing of its intent to renew its existing lease or relocate its offices.
- (d) If an agency fails to notify the Texas Facilities Commission in writing at least one year prior to a lease expiration and is subsequently forced to initiate an emergency lease agreement, the agency shall have its appropriation in each fiscal year in which it is in an emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent. This Subsection (d) applies in addition to the reduction of Subsection (b).
- (e) If an agency notifies the Texas Facilities Commission in writing one year prior to a lease expiration in accordance with Government Code, Chapter 2167, and the Texas Facilities

If this Subsection (e) applies, then the reduction of Subsection (d) does not apply.

- (f) The Comptroller will make all necessary reductions established in this provision each month of an emergency lease agreement. Monies lapsed by agencies for violation of this provision shall be deposited into the fund in the state Treasury from which they were originally appropriated.
- (g) The Texas Facilities Commission shall provide quarterly reports to the Legislative Budget Board and the Governor:
 - (1) detailing the number of state agencies holding emergency leases; and
 - (2) providing the status on the progress of terminating the emergency lease agreement.
- (h) (1) In addition to the requirements of this section, an emergency lease for a health and human services agency is also governed by Government Code, Section 2167.004.
 - (2) In this section, "health and human services agency" includes the Health and Human Services Commission and the agencies named under Government Code, Section 531.001.

Sec. 11.06. Prepayment of Annual Lease Costs.

- ~~(a) The Texas Facilities Commission may enter into an agreement, on behalf of a state agency, with a landlord for prepayment of the annual lease costs in exchange for an early payment discount.~~
- ~~(b) A report regarding the amount of savings realized as a result of an early payment discount shall be provided to the Legislative Budget Board by the Texas Facilities Commission no later than 30 days subsequent to the date of the duly executed agreement with the landlord. After approval by the Legislative Budget Board, the Comptroller shall reduce the appropriations of the affected agency for each year of the biennium in an amount identified by the Texas Facilities Commission and submitted to the Comptroller.~~

Sec. ~~11.0611.07~~. Efficient Use of State Property to House State Facilities. In accordance with Government Code, Section 2167.002, prior to leasing privately owned space, state agencies, or the Texas Facilities Commission on behalf of state agencies, shall identify and prioritize state-owned property with available capacity for relocation, upon expiration of a current lease, or when opening new locations. Agencies shall consider all reasonably available state-owned space and prioritize utilizing state-owned property if cost effective and consistent with the designated use of the property.

(Continued)

- (6) University of Texas System;
 - (7) Texas State Technical College; and
 - (8) Texas Forest Service.
- (c) Notwithstanding any other provision of this Act, all state-owned aircraft (including aircraft forfeited to or seized by a particular agency) are subject to the authority of the Texas Department of Transportation.
- (d) Expenditure of appropriated monies for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the Texas Department of Transportation and a finding of fact by the Governor that a report has been filed with the Governor showing that:
- (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.
- (e) Expenditures necessary to purchase liability insurance pursuant to Government Code, Section 2205.045(a), shall be made on a pro rata basis, as determined by the Texas Department of Transportation, from appropriations authorized to each agency operating a state-owned aircraft. The Comptroller shall transfer such necessary amounts from agencies operating aircraft to the Texas Department of Transportation for the purchase of liability insurance and expenditure of such monies by the Texas Department of Transportation is authorized.
- (f) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are appropriated to the agency receiving the reimbursements and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.
- (g) In this section the term "aircraft" has a meaning consistent with the rules adopted by the Comptroller.

Sec. 12.02. Publication or Sale of Printed, Recorded, or Electronically Produced Matter or Records.

- (a) Monies appropriated by this Act may not be used for the publication, recording, production, or distribution of any item or matter, including lists, notices, pamphlets, video recordings, audio recordings, microfiche, films, or other electronically produced information or records unless such publication, recording, or production is:
- (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.
- (b) Any monies received and collected from any charges specifically authorized by statute for the productions, publications, or records are appropriated to the agency issuing the productions, publications, or records for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

Sec. 12.03. Limitation on Expenditures for Purchases and Conversions of Alternative Fuel Vehicles. A state agency, including an institution of higher education, that is required to meet the percentage requirements for vehicles capable of using alternative fuels under Government Code, Chapter 2158, may expend monies appropriated by this Act for the purpose of meeting the percentage requirements only if the agency purchases or converts a vehicle that uses the most cost-effective, fuel efficient, and mechanically efficient alternative fuel source.

Sec. 12.04. Transfer of Master Lease Purchase Program Payments.

- (a) The Texas Public Finance Authority may transfer each agency's share of administrative fees and lease payments pursuant to the Master Lease Purchase Program from each agency's appropriations made elsewhere in this Act to the Texas Public Finance Authority Master Lease

Purchase Program cost of issuance funds and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 calendar days prior to the date that debt service payment is required. The Texas Public Finance Authority may transfer monies necessary for Master Lease Purchase Program debt service payments from the State Lease Fund Account to the Texas Public Finance Authority Master Lease Purchase Program interest and sinking funds.

- (b) The Comptroller shall assist the Texas Public Finance Authority in the transfer of lease payments. State agencies participating in the Master Lease Purchase Program shall cooperate in the timely transfer of lease payments to the Texas Public Finance Authority. The absence of specific Master Lease payment appropriations, identified in an agency's capital budget, does not release an agency from lease payment obligations.

Sec. 12.05. Vehicle Fleet Maintenance and Repair. State agencies and institutions of higher education should use the most cost effective means available to maintain and repair state vehicles, including entering into interagency agreements for services with agencies or institutions of higher education which operate vehicle maintenance shops when feasible. This does not prohibit state agencies or institutions of higher education from receiving services from private vehicle maintenance shops when necessary.

Any such interagency agreement for vehicle maintenance and repair services shall include interagency transfers of monies in an amount to offset any increased costs state-owned maintenance shops may incur from the increased number of vehicles serviced and shall not restrict the ability of state agencies or institutions of higher education from selecting alternatives for vehicle maintenance and repair services, unless restricted by other law.

Sec. 12.06. Agency's Participation in Master Lease Purchase Program. It is the intent of the Legislature that all agencies participate in the Master Lease Purchase Program to the extent that the Master Lease Purchase Program would be the most cost-effective type of financing when using a lease purchase method for acquisition of capital assets.

An agency or institution receiving monies under this subsection shall provide notice of the receipt to the Legislative Budget Board and the Governor which specifies the amount of federal funds received and the proposed use of the monies.

- (e) Reports submitted under Subsection (d) shall:

It is the intent of the Legislature that in the event one or more state agencies are awarded by the United States government a combined amount greater than ~~or equal to~~ \$1 billion in federal stimulus funds or other one-time allocations appropriated through legislation separate from the annual federal appropriations bills, the Comptroller shall set state reporting standards and time lines, including performance benchmarks, for all affected agencies, including institutions of higher education, that align with any related federal reporting requirements. The Comptroller may recover the cost of this activity pursuant to authority in Government Code, Chapter 771.

Sec. 13.04. Deposit and Expenditure Limitations. Except for an institution of higher education, federal funds:

- (1) including unexpended balances, shall be deposited to and expended from the specific appropriation item identified in this Act; and

Sec. 13.05. Reimbursements from Federal Funds. As applicable, federal reimbursements received for expenditures previously made or services performed on behalf of federal programs from state monies shall be credited by the Comptroller to the fund from which the expenditure was originally made. The credit shall be to the agency's current appropriation item or accounts from which the expenditures of like character were originally made and are appropriated. Reimbursements received from employee benefits paid from General Revenue Fund appropriations of other administering agencies shall be deposited to the unappropriated General Revenue Fund.

Sec. 13.06. Limitations on Classified Positions.

- (a) A classified position created for administration of federal grant programs shall be phased out upon discontinuance of the federal grant for which it was authorized.
- (b) Agencies subject to Government Code, Chapter 654, will make federal grant employment in accordance with the provisions of that Act in positions listed in, or otherwise authorized by this article.

(Continued)

Sec. 13.07. Funding Reductions. In the event that federal programs that authorize federal funds included in this Act are eliminated, consolidated, or replaced with new federal programs and funding authorization or block grants, or the federal funds appropriated to agencies are reduced, any reduction or reallocation of federal funds will be distributed across affected agencies and programs to pattern the strategies and programs included in this Act to the extent possible without restricting the state's ability to receive federal funds, in accordance with a plan adopted by the designated single state agency or otherwise by each affected agency. An agency shall provide a copy of the plan to the Legislative Budget Board and the Governor.

Sec. 13.08. Unexpended Balances. Except as provided by Section 13.09 of this article, any unexpended balances of federal funds existing at the beginning of this biennium or at the end of a fiscal year of this biennium are appropriated for use during this biennium for the original purposes of the appropriation.

- (a) Notwithstanding Section 13.01, agencies appropriated Temporary Assistance for Needy Families (TANF), Social Services Block Grant (SSBG), or Child Care and Development Block Grant (CCDBG) federal funds elsewhere in this Act may expend any balances of TANF, SSBG, or CCDBG federal funds that are unobligated and unexpended at the beginning of this biennium from an appropriation made during the previous biennium or any additional TANF, SSBG, or CCDBG federal grants. In addition, the TANF, SSBG, or CCDBG federal funds appropriated elsewhere in this Act and/or the balance of all available TANF, SSBG, or CCDBG federal funds may be transferred as appropriate by the single state agency for TANF, SSBG, or CCDBG, respectively.
- (b) No expenditures under this section may be made without prior approval by the Legislative Budget Board and Governor as provided by Subsection (c).
- (c)
 - (1) To request approval to expend monies under Subsection (b), the agency or single state agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency or single state agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the amount of unexpended balance or additional federal grants of TANF, SSBG, or CCDBG funds; a detailed explanation of the purpose and use of the monies; and an estimate of the impact on performance measures and capital budgets. If the purpose for the unexpended balance differs from the original purpose, the request shall include the names of the originating and receiving strategies for the monies. Additional information requested by the Legislative Budget Board or the Governor shall be provided in a timely manner.

- (d) The Comptroller of Public Accounts shall not authorize the expenditure of unexpended balances or additional TANF, SSBG, or CCDBG federal funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13.10. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) **Definition.** Earned Federal Funds (EFF) are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under Section 13.05 of this article which are not required by the governing agreement to be distributed thereon. Typically, EFF arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. These earned federal funds are received in connection with a federally funded program but are not required by the governing agreement to be distributed on that program. For state accounting purposes, EFF are defined as revenues collected from federal receipts and deposited into the state General Revenue Fund as Comptroller revenue object codes 3602, 3702, 3726, 3745, 3750, 3773, 3851, and 3971.

- (b) After obtaining the written approval of the Governor and the Legislative Budget Board, a state agency may exceed the 20 percent discretionary transfer authority provided to the chief administrative officer of the state agency under Subsection (a).
- (c) A request for approval to exceed the 20 percent discretionary transfer authority provided to the chief administrative officer of the state agency under Subsection (a) must be submitted by the agency's governing board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:

- (2) The restrictions, limitations, reporting, and approval requirements of this section do not apply to a change in the method of finance which might result as a part of a transfer transaction involving a capital budget item, provided that the transfer transaction otherwise complies with the requirements of this section and the other provisions of this Act.
- (b) A request for approval to exceed the transfer limitation on capital budget expenditures under Subsection (h) must be submitted by the agency's governing board (if the agency has a governing board) or by the chief administrative officer of the agency (if the agency has no governing board or the governing board has not met) and must include at a minimum:
