3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.5 percent of payroll in fiscal year 2014 and 7.65 percent of payroll in fiscal year 2015, including annual membership fees of \$3 for contributing members for each fiscal year.
5. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.52 percent of payroll for each fiscal year of the 2014-15 biennium for contributing members.
6. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Plan and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Insurance. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2014-15 biennium.

7. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code §815.5072.
8. **Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.

- 3. Appropriation of Local Funds.** All funds received by the department from counties, cities, and from any other local source and all balances from such sources as of August 31, 2013, are hereby appropriated for the biennium ending August 31, 2015, for the purpose of carrying out the provisions of this Act.
- 4. Nursing Home Program Provisions.**
- a. Nursing Home Income Eligibility Cap. It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
 - b. Establishment of a Swing-bed Program. Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
 - c. Nursing Home Bed Capacity Planning. It is the intent of the Legislature that the department shall control the number of Medicaid beds, and decertify unused Medicaid beds, and reallocate some or all of the decertified Medicaid beds, taking into account a facility's occupancy rate.
 - d. Nursing Facility Competition. It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.
- 5. Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy B.1.2, Credentialing/Certification, and the Home Health and Community Support Services Agencies program in Strategy B.1.1, Facility & Community-Based Regulation, as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$469,418 for fiscal year 2014 and \$469,418 for fiscal year 2015. Direct costs for the Home and Community Support Services Agencies program are estimated to be \$1,948,343 for fiscal year 2014 and \$1,948,343 for fiscal year 2015. "Other direct and indirect costs" for the Nursing Facility Administrator program are estimated to be \$138,813 for fiscal year 2014 and \$144,894 for fiscal year 2015. "Other direct and indirect costs" for the Home and Community Support Services Agencies program are estimated to be \$602,816 for fiscal year 2014 and \$627,141 for fiscal year 2015. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- 6. Accounting of Support Costs.** The Comptroller of Public Accounts shall establish separate accounts from which certain support costs shall be paid. The Department of Aging and Disability Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy

The initial deposit of federal funds shall be made into Fund No. 117 and no direct expenditures shall be made from this fund.
8. **Pediatric Care in Nursing Facilities.** When using funds appropriated above in addition to consideration of expense in determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of state and federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.

Staffing patterns at living centers shall not reflect a census decline until a campus has realized a decline in census.
17. **Unexpended Balances: ICF/IID Standards.** Except as otherwise provided, unexpended and unobligated balances, not to exceed \$5 million in General Revenue, remaining from appropriations for the first year of the biennium to the Department of Aging and Disability Services are appropriated to the department for the purpose of complying with Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF-IID) standards dealing with residential, non-residential, and community based intellectual disability services. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

20. **Reimbursement of Advisory Council Members.** Pursuant to Human Resources Code §161.027, reimbursement of travel expenses for Aging and Disability Services Council members, out of funds appropriated above, is hereby authorized such that the sum total of all reimbursements for members of the council shall not exceed \$10,825 per fiscal year, at the rates specified in the general provisions of this Act.

Hospital Uncompensated Care.** No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the commission's reporting requirements. The commission shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2014. The commission may report by hospital type.

The commission shall also review the impact of health care reform efforts on the funding streams that reimburse uncompensated care, assess the need for those funding streams in future biennia, and consider which funds might be redirected to provide direct health coverage.

- 37. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:

- a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
- b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- d. promotes and rewards increased efficiency in the operation of hospitals;
- e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
- f. recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.

Until HHSC implements a prospective inpatient reimbursement system for Fee-for-Service (FFS) or managed care, including but not limited to health maintenance organizations (HMO) inpatient services, hospitals that meet one of the following criteria: 1) located in a county with 60,000 or fewer persons according to the 2010 U.S. Census, or 2) is a Medicare-designated Rural Referral Center (RRC) or Sole Community Hospital (SCH), that is not located in a metropolitan statistical area (MSA) as defined by the U.S. Office of Management and Budget, or 3) is a Medicare-designated Critical Access Hospital (CAH), shall be reimbursed based on the cost-reimbursement methodology authorized by TEFRA using the most recent data. Hospitals that meet the above criteria, based on the 2010 decennial census, will be eligible for TEFRA reimbursement without the imposition of the TEFRA cap for patients enrolled in FFS. Until HHSC implements a new prospective inpatient reimbursement system for FFS, for patients enrolled in managed care, including but not limited to health maintenance organizations (HMO), inpatient services provided

Authority granted by this provision is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to adjusting budgeted FTE levels and/or acquiring capital equipment that includes the following information:

In order to ensure maximum accountability, HHSC shall contract with a single vendor for the data warehouse.

HHSC shall submit reports to the Legislative Budget Board and the Governor on September 1, 2013 and September 1, 2014 reflecting actual expenditures and accomplishments to date. The reports shall also reflect an estimate of planned expenditures and accomplishments for the remainder of the 2014-15 biennium.

- 42. FTE Authority during Federally-Declared Disasters.** In the event the Health and Human Services Commission determines a need for additional staff related to providing services for federally-declared disasters, the Commission is hereby authorized to increase the number of FTEs, and adjust the agency limitation on FTEs, for this purpose, contingent upon notification to the Legislative Budget Board and the Governor within 30 days of the intent to hire additional staff and quantify the staffing level. - a. It is the intent of the Legislature that the Department of State Health Services (DSHS) and the Department of Aging and Disability Services (DADS) utilize funds appropriated for New Generation Medications for no other purpose than the provision, prescribing, and monitoring of New Generation Medications. This limitation shall apply to funds appropriated for New Generation Medications in the following strategies at DSHS: B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, B.2.4, NorthSTAR Behavioral Health Waiver, and C.1.3, Mental Health State Hospitals; and in the following strategy at DADS: A.8.1, State Supported Living Centers.
- b. Notwithstanding the limitation described above, the department shall allow a local mental health authority or DADS local authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.
- c. To the extent that the local authorities or state contracted managed care organizations are able to obtain cost savings associated with cost effective purchasing arrangements, private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in DSHS Strategies B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, and B.2.4, NorthSTAR Behavioral Health Waiver, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

Sec. 34. Efficiencies at Local Mental Health Authorities and DADS Local Authorities. It is the intent of the Legislature that the local mental health authorities and DADS local authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency which enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that DADS local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategies A.1.1, Access, Intake & Eligibility, and A.4.2, Intellectual Disability Community Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF/IID services.

Sec. 35. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. §604a.

Sec. 36. Limitation on Unexpended Balances: General Revenue for Medicaid. Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2014 are appropriated for the same purposes to the respective agencies for fiscal year 2015 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by April 1, 2014. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2014:
 - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
 - (2) the amount of the unexpended balance(s) by strategy; and
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2015:
 - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (2) the amount of the expenditure by strategy;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
 - (4) the capital budget impact.

An agency shall submit a revised written request by October 1, 2014 if the amount of the estimated unexpended balance(s) varies by more than five percent from the amount estimated in the original request.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code §§32.021 and 32.039, and Health and Safety Code §431.0585. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency.

Sec. 38. Financial Monitoring of Community Centers. The Department of Aging and Disability Services, the Department of State Health Services, and the Health and Human Services Commission shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community centers, as defined in the Texas Health and Safety Code Sec. 534.0016(b) of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community centers to account for state funds separately from other sources of funds.

Sec. 39. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities. Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2014 recouped by the Department of Aging and Disability Services or the Department of State Health Services from a local mental health authority or DADS local authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health authorities or DADS local authorities in fiscal year 2015.

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2014 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

Sec. 40. Enterprise Support Services. None of the funds appropriated above shall be budgeted, assessed, or expended for enterprise support services unless the following requirements are met:

- a. **Annual Assessments.** The Executive Commissioner of the Health and Human Services Commission shall submit to the Legislative Budget Board and the Governor, by September 1 of each fiscal year, a report that indicates the amounts assessed for enterprise support services for the new and two prior fiscal years. The report shall include the following information at both the agency and enterprise levels:
 - (1) amounts by service category; and

- a. In addition to funds appropriated above and in an effort to maximize the receipt of federal Medicaid funding, the Health and Human Services Commission and the Department of Aging and Disability Services may expend intergovernmental transfers (IGTs) received as Appropriated Receipts-Match for Medicaid for the purpose of matching Medicaid federal funds for payments to Medicaid providers.
- b. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include information regarding the strategy allocation of the IGT, the amount requested in each fiscal year, the All Funds impact to the budget, the impact to the rate or premium for which the IGT will be used (subject to Special Provisions, Section 44 approval), and the specific purpose and program for which the funds will be used. The request must also include a copy of a written agreement from the governmental entity that is transferring the funds that the funding be spent in the manner for which it is being requested.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

At the same time, HHSC shall provide notification to the Legislative Budget Board and the Governor's office of the intent to terminate a lease and the anticipated savings to be realized from consolidation and efficiencies.
- c. The Executive Commissioner is authorized contingent upon approval from the Legislative Budget Board and the Governor to utilize any of the freed-up General Revenue Funds or Other Funds reported under section (b) for the purposes of improving business processes and office modernization projects that promote more efficient use of space, state staff and resources.
- d. To request approval to utilize the freed-up funding for office modernization and business process improvements, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:
 - (1) a detailed explanation of the project to be undertaken and the efficiencies to be realized;
 - (2) the names of the originating and receiving strategies and agencies and the method of financing for each strategy by fiscal year;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets included in this Act for both the originating and the receiving strategies; and
 - (4) the capital budget impact.
- e. The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.
- f. The Comptroller of Public Accounts shall not allow the transfer of funds authorized by the above subsection if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 43. Waiver Program Cost Limits.

- a. **Individual Cost Limits for Waiver Programs.** It is the intent of the Legislature that the Department of Aging and Disability Services and Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:
 - (1) Community-Based Alternatives Program: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility;
 - (2) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility;
 - (3) Community Living Assistance and Support Services Program: 202 percent of the estimated annualized per capita cost of providing services in an IID to an individual qualifying for an ICF/IID Level of Care VIII;
 - (4) Deaf-Blind with Multiple Disabilities Program: 202 percent of the estimated

annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;

- (5) Home and Community-based Services Program: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in an ICF/IID or 202 percent of the estimated annualized per capita cost for ICF/IID services, whichever is greater; and
- (6) STAR+PLUS Community-Based Alternatives: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility.

b. Use of General Revenue Funds for Services.

- (1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use general revenue funds to pay for services if:
 - (i) the cost of such services exceeds the individual cost limit specified in a medical assistance waiver program listed above;
 - (ii) federal financial participation is not available to pay for such services; and
 - (iii) department or commission determines that:
 - (a) the person's health and safety cannot be protected by the services provided within the individual cost limit established for the program; and
 - (b) there is no other available living arrangement in which the person's health and safety can be protected at that time, as evidenced by:
 - (i) an assessment conducted by clinical staff of the department or commission; and
 - (ii) supporting documentation, including the person's medical and service records.
- (2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (c) below, the department and commission are authorized to use general revenue funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program, if:
 - (i) federal financial participation is not available to pay for such services; and
 - (ii) of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
- (3) Authority provided in (b) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.

Sec. 44. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency as listed in Chapter 531, Government Code, shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology) that account for significant expenditures by a health and human services agency as listed in Chapter 531, Government Code. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast

ALL HEALTH AND HUMAN SERVICES AGENCIES**

submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act and should specify General Revenue-related Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

a. **Notification of Change to Managed Care Rates.**

- (1) No later than 45 calendar days prior to implementation of a change to premium rates for managed care organizations (MCO) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
 - (i.) a schedule showing the original and revised rate, which should include information on the rate basis for the MCO reimbursements to providers;
 - (ii.) a schedule and description of the rate-setting process for all rates listed for subsection (1); and
 - (iii.) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of the HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.

b. **Quarterly Notification.** On a quarterly basis, HHSC shall provide notice of changed rates for:

- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
- (2) revised rates occurring as a result of a biennial calendar fee review;
- (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-related Funds or TANF Federal Funds; and
- (4) Any rate change for which approval is obtained under section (c).

c. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in subsections (1) - (3) of section (b), Quarterly Notification, no agency listed in Chapter 531, Government Code, may pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of the HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the

Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

- d. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- e. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (c) along with supporting documentation, supporting records, and justification for the rate increase provided by the Health and Human Services Commission and report back to the Legislative Budget Board and the Governor before the rate is implemented by the Health and Human Services Commission or operating agency.
- f. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 45. Money Follows the Person Demonstration.

- a. **Reporting.** The Health and Human Services Commission and the Department of Aging and Disability Services shall submit to the Legislative Budget Board and the Governor the monthly number of clients enrolled in each 1915(c) long-term-care waiver or receiving STAR+Plus CBA services who are eligible for enhanced federal match under the Money Follows the Person demonstration and the monthly expenditures eligible for the enhanced federal match. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board.
 - (1) Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
 - (2) The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Department of Aging and Disability Services if the Legislative Budget Board and the Governor certify to the Comptroller of Public Accounts that the Department of Aging and Disability Services is not in compliance with this provision.
- b. **Limitations on Use of Available General Revenue Funds.** The Health and Human Services Commission and the Department of Aging and Disability Services are authorized to expend the General Revenue Funds thereby made available under the Money Follows the Person demonstration due to the enhanced federal match only upon prior written notification from HHSC or DADS to the Legislative Budget Board and Governor at least 30 days prior to the expenditure of the funds. The written notification should include the following information:
 - (1) a detailed explanation for the purpose(s) of the use of available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
 - (2) the amount available by strategy;
 - (3) the strategy(ies) in which the funds will be expended and the associated amounts;
 - (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act;
 - (5) the capital budget and/or full-time equivalent impact; and,
 - (6) other reports, supporting documentation, and explanations as the LBB may request.

The Comptroller of Public Accounts shall not allow the expenditure of General Revenue Funds made available if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 46. Balancing Incentive Program Reporting. The Health and Human Services Commission, the Department of Aging and Disability Services, and any other health and human services agency listed in Chapter 531, Government Code, as applicable, shall submit to the Legislative Budget Board and the Governor the monthly expenditures eligible for enhanced federal match under the Balancing Incentive Program. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board.

- a. Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
- b. The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Department of Aging and Disability Services if the Legislative Budget Board or the Governor certify to the Comptroller of Public Accounts that the Department of Aging and Disability Services is not in compliance with this provision.

Sec. 47. Contingent Revenue, Appropriation of Cost.

- a. Contingent upon the Comptroller of Public Accounts certifying collection of Medicaid fraud-related settlements, judgments or recoveries submitted by the Office of the Attorney General in Revenue Code 3714, Judgments and Settlements, in excess of \$124,606,000 contained in the Comptroller of Public Account's Biennial Revenue Estimate (BRE) for the 2014-15 biennium, the Health and Human Services Commission is appropriated the amount of collections above the BRE, not to exceed \$25,000,000 in General Revenue Funds in fiscal year 2014 and \$25,000,000 in General Revenue Funds in fiscal year 2015 to Strategy B.1.5, Children, for the purpose of reimbursing the agency for the general revenue portion of investigative, legal, personnel, technology, consulting, and expert witness costs incurred in support of a judgment or settlement relating to Medicaid fraud, abuse, or waste.
- b. The Commission may transfer any portion of this appropriation to the appropriate Medicaid strategy pursuant to HHSC Rider 12, Transfers: Authority and Limitations, or to another Medicaid strategy at an appropriate HHS agency pursuant to Special Provisions Relating to All Health and Human Services Agencies, Section 10, Limitations on Transfer Authority.
- c. Notwithstanding any other provision of this Act, the remainder of such recoveries shall be credited to the appropriate Medicaid strategies to the HHS agency listed in Article II of this Act for the provision of Medicaid services. To the extent that such recoveries exceed \$25 million in General Revenue Funds in fiscal year 2014 or \$25 million in General Revenue Funds in fiscal year 2015 anticipated in section (a), and that amount is appropriated to the Health and Human Services Commission under this section, the General Revenue Match for Medicaid appropriated to HHSC in that specific year shall be reduced by the same amount.

Sec. 48. Program of All-inclusive Care for the Elderly (PACE).

- a. **Expansion of PACE Sites.** The Department of Aging and Disability Services (DADS) may use funds appropriated in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) to add up to two additional PACE sites, each serving up to 150 participants beginning in fiscal year 2015.
- b. **Additional Participants at Existing PACE Sites.** DADS may use funds appropriated in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) to serve up to 96 additional participants at existing PACE sites in Amarillo, Lubbock, and El Paso.
- c. **Funding for Additional Sites and Participants.** Notwithstanding other provisions of this Act, if funds appropriated elsewhere in this Act to DADS in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) are not sufficient to pay for services described in subsections (a) and/or (b), the Health and Human Services Commission (HHSC) shall transfer funds from Goal B, Medicaid, Strategy B.1.1, Aged and Medicare-related, or Goal B, Medicaid, Strategy B.1.2, Disability-Related, in an amount not to exceed \$369,839 in General Revenue Funds in fiscal year 2014 and \$3,419,426 in General Revenue Funds in fiscal year 2015. The Executive Commissioner of HHSC must certify that funds appropriated to DADS in Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE) were insufficient due to an increase in the number of participants served, not due to

an increase in rates for existing PACE sites. The Executive Commissioner of HHSC shall provide written notification to the Legislative Budget Board and the Governor of the certification and the transfer amounts within 30 business days of the date on which any transfer occurs.

- d. **Additional Funding for PACE program.** Should transfer authority provided in subsection (c) be insufficient to serve the increase in participants described by subsections (a) and/or (b), the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor for approval to transfer additional funds from HHSC Goal B, Medicaid, Strategy B.1.1, Aged and Medicare-related, or Goal B, Medicaid, Strategy B.1.2, Disability-Related to DADS Strategy A.5.1, Program of All-inclusive Care for the Elderly (PACE). The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

It is the intent of the Legislature that the Teacher Retirement System control the cost of the retiree insurance program by not providing rate increases to health care providers and pharmacy providers during the 2014-15 biennium without providing 60 days notice to the Legislative Budget Board.

2. **Forensic Laboratory.** The University of North Texas Health Science Center at Fort Worth is authorized to conduct all blood and DNA tests associated with paternity testing for the Office of the Attorney General at a monetary rate not to exceed the monetary rate at which the Attorney General could obtain the service elsewhere to the extent permitted under federal law and regulations. The income derived from this testing is to be spent only on the Forensic Laboratory. In addition, the services of the Forensic Laboratory are available to other entities or interested parties approved by the University of North Texas Health Science Center at Fort Worth.

3. **Parking Garage Debt Service.** Funds appropriated in Strategy C.2.1, Tuition Revenue Bond Retirement, may be used to retire bonds authorized by the Seventy-sixth Legislature to construct a campus parking garage. 5. **Contingency Appropriations: Economic Development & Technology Commercialization.** Of the amounts appropriated above in Strategy D.2.2, Economic Development & Technology Commercialization, \$3,100,000 for the University of North Texas Health Science Center is contingent upon the certification by the Comptroller of Public Accounts that the joint activities of the collaboration of the University of North Texas Health Science Center and the City of Fort Worth will generate revenue to the General Revenue Fund sufficient to offset the appropriation. The Comptroller shall specify the supporting information to be provided by the collaboration and may require independent verification of the information. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingency appropriation up to the amount certified, not to exceed \$3,100,000 for the 2014-15 biennium, shall be made available for the intended purpose.

The accounts of the Texas State Technical College shall be maintained and audited in accordance with the approved reporting system. The Texas State Technical College shall deliver to the Texas Higher Education Coordinating Board, any such program reports as it may deem necessary in accordance with its rules and regulations.
3. **Enrollment Records and Reports.** To be eligible to receive the appropriations herein above, the Texas State Technical College shall maintain separately for each campus and each extension center such enrollment records and report such enrollment data as required by the Texas Higher Education Coordinating Board. 6. **Temporary Special Courses.** Out of funds appropriated by contact hour generation herein above to the Texas State Technical College in pre-apprenticeship, related training for apprentices and specialized training for journeymen and compensatory training for pre-apprenticeship and apprenticeship enrollees, and plant expansion and new plant start-up training program no more than \$50,000 per year may be spent wherever the need exists within the state in conjunction with curriculum approval by the Texas Higher Education Coordinating Board. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. After Board of Regents approval, the plan shall be filed with the Legislative Budget Board.
9. **Audit of Base Contact Hours.** The hours used in the contact hour base period to fund Texas State Technical College are subject to audit for accuracy by the State Auditor according to an audit plan developed in consultation with the Texas Higher Education Coordinating Board, the Legislative Budget Board, and community, technical, and state colleges and the appropriation amounts adjusted accordingly by the Comptroller of Public Accounts. The total amount appropriated to the two-year institutions' contact hour formula shall be redistributed to all institutions funded by the formula based on certified contact hours. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the total contact hour formula appropriations to that institution for the biennium. 12. Returned Value Funding Model for Texas State Technical Colleges. Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

- a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum successful completion of nine semester credit hours from 2005 and 2006.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value-added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2016-17 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

Sec. 6. Expenditure Provisions. The expenditure of the appropriations made in this Article or authorized in law for institutions of higher education, except bequests and gifts specifically designated to be in some manner handled otherwise, shall be subject to the provisions of this section which follow and with exceptions only as specifically noted:

1. **Annual Operating Budgets Required.** It is expressly provided that the governing board of each of the institutions of higher education named herein shall approve on or before September 1, 2013 and 2014, an itemized budget covering the operation of the ensuing fiscal year, which budget shall be prepared within the limits of the revenue available.  - b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
 - c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
- b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

- b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code §55.17 through §55.17721 and §55.19 and any additional authorization enacted by the Eighty-third Legislature. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service payments due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic

teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.

2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2014-15 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Medical School Enrollment. None of the funds appropriated above to The University of Texas System medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2014, and August 31, 2015, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2014 and 2015, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-fourth Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Uniform Recruitment and Retention Strategy. Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.

Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-third Legislature in arriving at formula appropriations for fiscal years 2014 and 2015. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2014 and 2015 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2014 and 2015 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

Sec. 19. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 21. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code §2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 23. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 25. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.

Sec. 26. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 27. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2014-15 biennium is \$56.19 in Fiscal Year 2014 and \$56.50 in Fiscal Year 2015.

Weighting is determined by the following matrix:

| | Lower Div. | Upper Div. | Masters | Doctoral | Special Professional |
|---------------------|------------|------------|---------|----------|----------------------|
| Liberal Arts | 1.00 | 1.69 | 3.87 | 9.33 | 15.3 |

2. **Teaching Experience Supplement.** For the 2014-15 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.60 in Fiscal Year 2014 and \$5.63 in Fiscal Year 2015.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2014.

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,862 in Fiscal Year 2014 and \$9,968 in Fiscal Year 2015:

| <u>Program</u> | <u>Weight Per Student</u> |
|--------------------|---------------------------|
| Allied Health | 1.000 |
| Biomedical Science | 1.018 |
| Nursing | 1.138 |
| Pharmacy | 1.670 |
| Public Health | 1.721 |
| Dental | 4.601 |
| Medical | 4.753 |

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.75 in Fiscal Year 2014 and \$6.85 in Fiscal Year 2015 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler. For these two institutions, the per square foot rate is \$6.20 in Fiscal Year 2014 and \$6.28 in Fiscal Year 2015.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.2 in Fiscal Year 2014 and 1.22 percent in Fiscal Year 2015 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$10,842 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2014 are \$5,175 per resident and appropriations for fiscal year 2015 are \$5,668 per resident.
5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1 2014.
8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal years 2014 and 2015 shall be based on the number of total Texas cancer patients served in 2012. The rate per patient shall be \$1,849 in fiscal year 2014 and \$1,849 in fiscal year 2015 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.2, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal years 2014 and 2015 shall be based on the number of such cases treated in fiscal year 2012. The rate per case for fiscal years 2014 and 2015 shall be \$378.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas

Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 30. Optional Retirement Program Differential. Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions of 6 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 31. Indirect Cost Recovery Earned by Texas A&M System Agencies. The Texas A&M University System agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for the 2016-17 biennium all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 32. Fire Safety Projects at Institutions of Higher Education. Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshal's Office as not meeting the requirements of the National Fire Protection Association, Life Safety Code 101, Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshal's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshal's Office. The State Fire Marshal shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshal's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 33. Funding for Physical Education Courses. No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Furthermore, it is the intent of the Legislature that the Higher Education Coordinating Board shall, during fiscal years 2014 and 2015, use the funds appropriated by this act to be in a position to recommend to the 84th Legislature a funding methodology that excludes semester credit hours related to physical education courses for students who are registered to receive both high school and college credit.

Sec. 34. Faculty Salary Increase Report. The Texas Higher Education Coordinating Board shall report the average salary increase provided to faculty at each general academic institution to the Legislative Budget Board and Governor by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 35. Endowed Chairs. Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at Houston; and University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research.

Sec. 36. Nursing School Enrollment. The Legislature encourages institutions of higher education who receive state appropriations not to reduce the number of student full-time equivalents enrolled in programs preparing students for licensure as registered nurses in state fiscal years ending August 31, 2014, and August 31, 2015, below the number of student full-time equivalents enrolled for the state fiscal year ending August 31, 2013. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5 percent for the state fiscal year ending August 31, 2014, and the state fiscal year ending August 31, 2015, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.

Sec. 37. Endowed Programs. A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment.

Sec. 38. Student Travel Policy. Each governing board of an institution of higher education shall use the appropriations above to adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.

Sec. 39. Special Item Support. Any appropriations made to special item support strategies throughout this article are intended to supplement existing programs and may not be used to supplant funds.

Sec. 40. Informational Listing - Permanent Funds and Endowments. The following is an informational list of the amounts used to capitalize Permanent Funds and Endowments created by House Bills 1676 and 1945, Seventy-sixth Legislature, and does not make appropriations.

The transfer of funds shall be repaid to the General Revenue Fund by the end of the biennium in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.

4. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality and the enforcement of environmental and water rights laws of the State.

5. **Local Air Pollution Grants Allocation.** Out of the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, an amount not less than \$2,658,228 in each year of the biennium beginning on September 1, 2013, shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, §382.0622. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.

6. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to Tax Code, §11.31, included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, is \$221,000 each fiscal year from fee revenue collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, §11.31 on or after September 1, 2013, in excess of \$221,000 in each fiscal year of the biennium are hereby appropriated to the agency.

After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to

COMMISSION ON ENVIRONMENTAL QUALITY

facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

- 8. Appropriation: Air Quality Planning.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$3,537,500 for the biennium beginning on September 1, 2013 for air quality planning activities to reduce ozone in areas not designated as nonattainment areas during the 2012-13 biennium and as approved by the Texas Commission on Environmental Quality (TCEQ). These areas may include Waco, El Paso, Beaumont, Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may be carried out through interlocal agreements or contracts and may include: identifying, inventorying, and monitoring of pollution levels; modeling pollution levels; and the identification, quantification, and implementation of appropriate locally enforceable pollution reduction controls. The TCEQ shall allocate these funds in such a way as to channel the funds to those projects most useful for the State Implementation Plan (SIP). The areas receiving funds shall submit work plans for TCEQ approval describing the work they will complete with those funds.
- 9. Contract with the State Office of Administrative Hearings.** Included in the amounts appropriated above is \$1,000,000 in each fiscal year of the biennium beginning on September 1, 2013 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Commission on Environmental Quality (TCEQ) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TCEQ. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TCEQ in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.

COMMISSION ON ENVIRONMENTAL QUALITY

(Continued)

perform remediation services at these transferred sites, the Executive Director of the TCEQ may make direct awards to existing contractors who are otherwise eligible for award to ensure that the continued remediation of these sites progresses in the most efficient and cost-effective manner which presents the least risk of disrupting ongoing remediation and monitoring activities.

- 27. Barnett Shale Permit By Rule Study.** The Texas Commission on Environmental Quality (TCEQ) is not authorized to expend any funds appropriated in this Act to implement a rule that would extend 30 Texas Administrative Code, §106.352, Oil and Gas Handling Production Facilities, Rule Project No. 2010-018-106-PR ("Barnett Shale permit by rule") to oil and gas sources located outside the 23-county area of the Barnett Shale identified in subsection (a)(1) of the Barnett Shale permit by rule region ("Barnett Shale Region") until after August 31, 2015 and until after the agency conducts a study and files a report with the Legislature on the economic impact of extending the provisions of the Barnett Shale permit by rule to other areas of the state. Such a study may be funded through (1) grants, awards, or other gifts made to the TCEQ for that purpose; (2) funds directed to this study through supplemental environmental projects; or (3) by the use of the Texas Emissions Reduction Plan funds, as available. The study shall:
- (a) Be based on data collected during the 18-month period following initial implementation of the Barnett Shale permit by rule in the Barnett Shale Region;
 - (b) Assess the technical feasibility and economic reasonableness of the implementation of the Barnett Shale permit by rule in geographic areas outside of the Barnett Shale Region, including an assessment of the economic impacts on the oil and gas industry and the Texas economy; and
 - (c) Assess any other factors the TCEQ deems relevant.

Nothing herein shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

- 28. Litigation Expenses for the Rio Grande Compact Commission.** Included in amounts appropriated above in Strategy E.1.4, Rio Grande River Compact, is \$5,000,000 in fiscal year 2014 to be used to cover expenses incurred by the Rio Grande Compact Commission relating to investigations and legal expenses resulting from litigation between the State of Texas and the State of New Mexico over the equitable distribution of water according to the Rio Grande Compact.

Any unexpended balances remaining in this appropriation on August 31, 2014, are hereby appropriated for the fiscal year beginning on September 1, 2014.

- 29. Appropriation: Fee Revenue for Newly-Created Watermaster Program.** Contingent upon the creation of a watermaster office that was not existence as of January 1, 2013, and in addition to amounts appropriated above, there is hereby appropriated to the Commission on Environmental Quality for the biennium beginning on September 1, 2013, an amount not to exceed \$674,431 in fiscal year 2014 and not to exceed \$595,977 in fiscal year 2015 in Strategy A.2.2, Water Resource Permitting, in fee revenues collected and deposited to the Watermaster Administration Account No. 158 resulting from the establishment of not more than one newly created watermaster program. This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2014-15 biennium, revenue to cover these appropriations. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2013 any revenues collected by the Commission and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for the 2014-15 biennium.

If the Comptroller finds the information sufficient to support the projection of increased revenues in excess of those estimated in the BRE for 2014-15, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2013, any revenues received from surface mining fee increases deposited to the credit of Revenue Object Code No. 3329 in excess of the Comptroller's Biennial Revenue Estimate for 2014-15.

- 2. Renegotiation of Lump Sum Contract.** Appropriations made above in Strategy A.1.1, Conduct Hearings, include \$1,000,000 in fiscal year 2014 and \$1,000,000 in fiscal year 2015 in Interagency Contracts to fund the Natural Resources Division for the purpose of conducting hearings for the Texas Commission on Environmental Quality (TCEQ). The State Office of Administrative Hearings (SOAH) and TCEQ may not enter into a contract for an amount less than the specified amounts herein above. shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.

3. **Benefit Collection.** Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.
4. **Contingency Appropriation for Expanded Jurisdiction.** Contingent on the enactment of legislation by the Eighty-third Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH may expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.
5. **Hearings Activity Report.** By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate in a format prescribed by the Legislative Budget Board, for each agency served by method of finance, the projected and actual person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate in a format prescribed by the Legislative Budget Board, for each agency served, the projected and actual number of cases received, the number of transcripts requested by Administrative Law Judges, number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, and any other information requested by the Legislative Budget Board during the reporting period.
6. **Contingency for Additional Self-directed Semi-independent Agencies.** Contingent upon additional agencies becoming a self-directed semi-independent (SDSI) agencies during the 2014-15 biennium, any agency becoming an SDSI agency that is listed in Rider 7 shall be removed from the exemption granted in Rider 7 below.
7. **Billing Rate for Workload.**
 - a. Unless otherwise provided, amounts appropriated above and elsewhere in this Act for funding for the payment of costs associated with administrative hearings conducted by the State Office of Administrative Hearings (SOAH) are based on an hourly rate of \$100 per hour for each hour of work performed during each fiscal year as reflected by the SOAH's Legislative Appropriation Request and Hearings Activity Report to the Eighty-third Legislature.
 - b. Notwithstanding other provisions in this Act, amounts for the payment of costs associated with administrative hearings conducted by SOAH for the Comptroller of Public Accounts shall be established through an interagency contract between the two agencies. The contract shall provide funding for hearings on tax issues conducted by Master Administrative Law Judge IIs in a separate tax division within SOAH that have expertise in state tax and shall specify the salaries of the judges within the division.
 - c. Amounts appropriated above in Strategy A.1.1, Conduct Hearings, to SOAH from the General Revenue Fund include funding in each year of the biennium for billable casework hours performed by SOAH for conducting administrative hearings at the rate determined by SOAH and approved by the Legislature for those agencies that do not have appropriations for paying SOAH costs for administrative hearings and are not subject to subsection (a) of this Section:

3. **Texas Bred Incentive Program Receipts.** Amounts set aside by the Texas Racing Act for the Texas Bred Incentive Program are appropriated above in Strategy A.2.1, Texas Bred Incentive Program.
4. **Criminal History Checks and Background Checks.**
 - a. Out of the funds appropriated above in Strategy B.1.1, Occupational Licensing Program, \$196,007 in fiscal year 2014 and \$196,007 in fiscal year 2015 are appropriated to the Racing Commission for the purpose of reimbursing the Department of Public Safety (DPS), Federal Bureau of Investigation (FBI), and/or any other entity authorized to conduct criminal history background checks for costs incurred in conducting criminal history checks or background checks on individuals seeking to transfer ownership interest in an existing racetrack license on Racing Commission license applicants and renewals. Any additional revenue received from occupational license fees to cover the costs of criminal history checks or background checks (estimated to be \$0) is hereby appropriated to the Racing Commission for the purpose of reimbursing the DPS, FBI, and/or any other entity authorized to conduct criminal history background checks.
 - b. Before May 31, 2014, the Racing Commission shall submit a report to the Legislative Budget Board, in a format prescribed by the Legislative Budget Board, that details the amount collected and expended on criminal history checks and background checks to date and the amount the agency is projecting to collect and expend on criminal history checks and background checks for the remainder of the 2014-15 biennium.

The Texas Racing Commission upon completion of necessary actions to access or increase such additional revenue shall furnish copies of the Texas Racing Commission's minutes and other information supporting the estimated revenues to be generated for the 2014-15 biennium under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose. For informational purposes, the amount of increased revenue identified above reflects amounts sufficient to cover direct appropriations of \$607,200 and other direct and indirect costs (estimated to be \$139,362 for the 2014-15 biennium).

- b. In addition to amounts appropriated above in GR Dedicated - Texas Racing Commission Account No. 597, the Texas Racing Commission shall be appropriated in Strategy A.2.1, Texas Bred Incentive Program, revenue set aside by the Texas Racing Act pursuant to VTCS, Article 179e §6.08 (j) for the Texas Bred Incentive Program that is collected by the agency from each new horse racetrack that begins operations for the first time in the 2014-15 biennium or for each reopening horse racetrack that initiates operations again during the 2014-15 biennium in an amount not to exceed \$332,037 from GR Dedicated - Texas Racing Commission Account No. 597 each year for each new horse racetrack. Additionally, the reopening horse racetrack can not have ceased operations during the same biennium in which it initiates operations again.

- 7. Contingent Appropriation: New Racetrack Application.** All fees collected to cover the cost of the racetrack application process, in excess of the \$15,000 in each fiscal year from GR Dedicated - Texas Racing Commission Account No. 597 (Object Code 3191) in the Comptroller's Biennial Revenue Estimate (estimated to be \$0 each fiscal year), are hereby appropriated to Strategy A.1.1, License and Regulate Racetracks. Any appropriations from revenue collected by the agency from new racetrack applications shall be used only for the racetrack application review process for those racetracks that have a scheduled hearing before the State Office of Administrative Hearing or the Texas Racing Commission during the 2014-15 biennium and are not transferable to any other strategy.

SALARY ADMINISTRATION AND EMPLOYMENT PROVISIONS

The State Auditor's Office is directed to conduct a study (which is similar to the biennial study performed by the Auditor's office on the state's classification plan under Chapter 654, Government Code) that reviews the compensation of exempt positions and executive compensation as provided in Articles I through VIII of the General Appropriations Act. The study should compare exempt positions from different agencies and take into account the size of an agency's annual appropriations, the number of full-time equivalent employees (FTES) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2014.

Sec. 3.09. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Distribution of the grant funds is subject to §403.071, Government Code.

Sec. 4.03. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.04. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) §§556.004, 556.005, and 556.006, Government Code;

- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.

- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with §660.206, Government Code.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions. In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2014, unless another meaning is clearly indicated.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.08. Benefits Paid Proportional by Fund.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the source of funds except for public or community junior colleges.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund except for public community or junior colleges. For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office. The State Auditor shall at least biennially review agency and institution (excluding a community or junior college) compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (e) Should legislation limiting General Revenue related funds for benefit contributions to 50 percent of the state contributions for Public Community/Junior Colleges not be adopted by the Eighty-third Legislature, Regular Session, this section shall apply to Public Community/Junior Colleges.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) A state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution without first reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year.
- (2) In addition to the reporting requirement of Subsection (a)(1) of this section, without the written approval of the Governor and the Legislative Budget Board a state agency or

- (A) one hundred and ten percent (110%) of the FTE figure indicated by this Act for that state agency or institution; or
 - (B) one hundred percent (100%) of the figure indicated by this Act for that state agency or institution plus fifty (50) FTEs.
- (b) (1) A report by a state agency or institution of higher education of exceeding the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
- (A) the date on which the board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;
 - (B) a statement justifying the need to exceed or reduce the limitation;
 - (C) the source of funds to be used to pay any additional salaries; and

- (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.

- (h) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
- (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (h), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
- (3) This Subsection (h) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
- (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (h).

In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.

The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. - (h) Federal Monies Collected for Post-retirement Health Care. Federal monies collected for post-retirement health care costs shall be deposited as unappropriated general revenue and are not eligible for appropriation by this provision.
- (i) Amounts Contingent on Collection. The yearly amounts by agency identified above are contingent on collection. In the event that actual and/or projected revenue collections are insufficient to offset the appropriations identified in this provision, the Comptroller shall reduce the General Revenue appropriations provided by this Act to be within the amount of EFF collections expected to be available.
- (j) Contingency Appropriation for additional Agencies. In the event that an agency not identified above enters into an agreement with a federal agency which results in the receipt of EFF which are a new source of collections not anticipated for fiscal years 2014 and 2015, the affected agency shall furnish documentation of the new revenue to the Comptroller. If the Comptroller finds the information sufficient to support the revenue stream as a new collection, a finding of fact shall be issued and the additional EFF collections are appropriated subject to the notification requirements in Subsections (c) and (d).
- (k) Audit. The depositing and classification practices of Earned Federal Funds by agencies referenced above shall be subject to audit by the State Auditor's Office.
