## Summary of Contracts for Fiscal Year 2006

The Texas Government Code (Sections 2054.008, 2166.2551, 2254.006, and 2254.0301) requires all state agencies and institutions of higher education to report to the Legislative Budget Board (LBB) information regarding any professional services, construction or consulting contract that totals \$14,000 or more, or a major information systems contract that totals \$100,000 or more. The requirement also covers any amendments, modifications, renewals, and extensions for specified contracts. Agencies are required to submit the pertinent information to the LBB no later than 10 days after entering into the contract.

In addition to the contract notification requirements contained in the Government Code, the 2004–05 General Appropriations Act (Article IX, Section 7.05) requires state agencies and institutions to report contracts that exceed \$50,000 that are not already being reported to the LBB.

During the fiscal year that ended August 31, 2006, 121 state agencies and institutions of higher education submitted information on 21,521 contracts to the LBB. These contracts represent a total value of approximately \$34.3 billion.

Ten agencies with contracts valued at \$31.2 billion represented 91 percent of all contracts reported (see Table 1). The top three agencies were the Texas Department of Transportation (TxDOT), with \$11.1 billion in contracts; the Teacher Retirement System, with

\$5.9 billion, and the Department of Aging and Disability Services, with \$4.9 billion.

For fiscal year 2006, the average number of contracts per agency (excluding TxDOT) was 135. The 10 agencies with the largest number of contracts (17,887) accounted for 83.1 percent of all contracts. The top three agencies were TxDOT, with 5,321 contracts; the Department of Aging and Disability Services, with 4,769; and the Health and Human Services Commission, with 2,394 (see Table 2).

The 10 contracts with the largest dollar values, collectively amounting to \$8.5 billion, represented 24.8 percent of the value of all contracts reported (see Table 3). The top three contractors were Blue Cross Blue Shield of Texas (two contracts with the Teacher Retirement System), Accenture LLP (Health and Human Services Commission), and Aetna Life Insurance Company (Teacher Retirement System). The contracts were for \$1.9 billion, \$1.9 billion, \$910 million, and \$822 million, respectively.

As depicted in Table 4, 51 agencies reported no eligible contracts in fiscal year 2006.

The detailed contract information contained in this report for state agencies and institutions is organized by government function. Specific detail is provided for the pertinent contractor, contract number, contract description, award/completion dates, and cost.

## Summary of Individual and Aggregate Contracts Totaling \$500,000 or More

In 2005, the Seventy-ninth Legislature approved new reporting requirements for state contracts for the 2006–07 biennium. These new requirements are in addition to the existing contract reporting requirements.

Article IX, Section 7.05 of the 2006–07 General Appropriations Act requires that all agencies and institutions of higher education report to the Legislative Budget Board the following:

- any contract, agreement, purchase order, interagency contract, interlocal agreement, or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education during a fiscal year, which has a value of more than \$500,000; or
- a series of contracts, agreements, purchase orders, interagency contracts, interlocal agreements, or other written expressions of terms of agreement, or amendments, modifications, renewals, or extensions of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education during a fiscal year which together total in value an amount greater than \$500,000 and involving both:
  - a single entity or individual; and
  - a state agency or institution of higher education.

During the fiscal year that ended August 31, 2006, 45 state agencies and institutions of higher education submitted information about contracts That meet the new requirements. Sixty-one agencies reported no eligible contracts (see Table 5); 66 agencies did not respond to requests for information (see Table 6).
