# SUPPLEMENTAL SCHEDULES FOR THE LEGISLATIVE APPROPRIATIONS REQUEST

Institutions and agencies of higher education are required to enter supplemental schedules into the Legislative Budget Board's (LBB) Automated Budget and Evaluation System of Texas (ABEST) in addition to the schedules required in the LBB's 2024–25 Legislative Appropriations Request Detailed Instructions (hereafter called the Detailed Instructions). Refer to the Detailed Instructions for information on legislative appropriations request (LAR) requirements and other LAR schedules that apply to institutions/agencies of higher education (hereafter referred to as institution). Also, this ABEST data entry manual is a supplement to the LBB's ABEST Instructions for Legislative Appropriations Request 2024–25 Biennium (hereafter called ABEST Instructions).

To access the LBB's online versions of all *Detailed Instructions* and *ABEST Instructions* manuals for the LAR, from the LBB website (www.lbb.texas.gov), click **AGENCIES PORTAL**, and under **DATA ENTRY APPLICATIONS** select **INSTRUCTIONS**, and click **Legislative Appropriations Request (LAR) Instructions**.

If you have a problem with the ABEST LAR application that you cannot resolve using these data entry instructions, call the LBB Help Desk at 512-463-3167 or email the Help Desk. For detailed information on how to email the LBB's Help Desk or how to access ABEST business applications, see the main *ABEST Instructions*.

## PROFILE SELECTION AND CONFIRMATION

Upon successfully logging into the ABEST, two rows of information with drop-down menu boxes will appear near the top of the screen. The first row is the "user profile confirmation bar" and the second row is the "user profile selection bar." Options selected on the "user profile selection bar" determine the menu layout for a particular business process in ABEST (e.g., Operating Budget, Base Reconciliation, Strategic Plan/Measure Definitions, etc.). The user needs to set their profile by selecting the correct session, business process, stage and agency using the drop-down menu boxes and by saving these selections. The saved selections will appear in the "user profile confirmation bar."

To set your user profile for the business process addressed in these ABEST instructions, complete the following steps. From the available drop-down menu boxes, select **88TH LEGISLATIVE REGULAR SESSION, Legislative Appropriation Request, S01 – AGENCY SUBMISSION,** and your institution. Click **Save Selections** to update your profile, as shown below.

The options you selected on your "user profile selection bar" will display on the "user profile confirmation bar", as shown in the following graphic. The agency **Status** associated with these settings is also included on the "user profile confirmation bar". The agency **Status** is explained in the *ABEST Instructions* in more detail, and the following example indicates an agency **Status** of **INCOMPLETE** because it is recommended your institution complete, as much as possible, the main LAR data entry work explained in the *ABEST Instructions* before working the supplemental schedules discussed in these instructions.

#### ABEST DATA ENTRY FOR INSTITUTIONS OF HIGHER EDUCATION SUPPLEMENTAL SCHEDULES

Before you enter data on the **Higher Education** menu, enter all required data on the **Strategy** menu (refer to the *Detailed Instructions* and *ABEST Instructions* for guidance as needed).

The **Higher Education** menu's first submenu (labeled **Other E, G & P Income**) is where you will enter data for your institution's Other Educational, General, and Patient Income. You will enter data similar to this data on additional **Higher Education** submenus later, but to avoid repetition in these data entry instructions, hyperlink references (denoted in blue, underlined text) will refer you to the initial procedures under the *OTHER EDUCATIONAL, GENERAL, AND PATIENT INCOME* section of these instructions. You must use the relevant submenu depending on where you are in the data entry process, but the basic steps are similar.

#### CAUTION

You will lose data if ABEST is inactive for 30 minutes or more. Always click "**Save**" if you leave your computer for more than a few minutes. If ABEST becomes inactive, you must close and reopen your internet browser and log back in. Any unsaved data must be re-entered.

#### CAUTION

Some of the ABEST screens on the **Higher Education** menu have multiple grids for data entry and the screen only has one "**Save**" button for that screen. ABEST allows you to click "**Save**" one time on that screen with multiple grids. You can click "**Save**" after entering data for each grid on the screen or you can enter data for all the grids and click "**Save**" one time. Use the method that works best for you to ensure that your data is saved before moving on to another menu or screen.

#### OTHER EDUCATIONAL, GENERAL, AND PATIENT INCOME

All general academic and health-related institutions, Lamar State Colleges, and Texas State Technical Colleges should enter data on the **Higher Education** menu and **Other E, G & P Income** submenu. Enter data on actual and estimated Other Educational and General Income (Other E&G Income) for fiscal years 2021 through 2025. The information entered here calculates the estimated appropriations for Other E&G Income and creates the ABEST Schedule 1A report. Institutions will provide updated information for 2020 after the end of the fiscal year.

Click the Higher Education menu and Other E, G & P Income submenu, as shown in the following graphic.

Adding Amounts – Enter the dollar amounts (positive numbers only) for each item and fiscal year listed and click Save.

# IMPORTANT DO NOT enter negative numbers on the grid. ABEST will automatically calculate the totals based on the "Plus" or "Less" label displayed for a given row of data.

#### HEALTH-RELATED INSTITUTION PATIENT INCOME

Health-related institutions (HRIs) that either generate patient income from hospital operations and receive General Revenue Funds for hospital operations, or receive patient income from dental clinic operations, should enter data on the **Higher Education** menu and **Health-related Institution Patient Income** submenu. The entered data provides detail on patient income collected at institutions that operate a hospital or dental clinic. The information is used to calculate the estimated appropriations for patient income. The data collected here creates the ABEST Schedule 1B report. HRIs must provide updated information for 2022 after the end of the fiscal year.

Click the **Higher Education** menu and the **Health-related Institution Patient Income** submenu, as shown below. (Note: only HRIs will have a **Health-related Institution Patient Income** submenu.)

#### IMPORTANT

i

DO NOT enter negative numbers on the above grid. ABEST will automatically calculate the totals based on the "Plus" or "Less" label displayed for a given row of data.

#### SELECTED EDUCATIONAL, GENERAL AND OTHER FUNDS

All general academic and health-related institutions, Lamar State Colleges, and Texas State Technical Colleges should enter data on the **Higher Education** menu and **Selected Educational, General and Other Funds** submenu. The information collected here summarizes Educational, General, and Other Funds, and includes funding sources not reflected in ABEST Schedule 1A or 1B or the Summary of Request. The data entered here creates the ABEST Schedule 2 report.

Click the **Higher Education** menu and the **Selected Educational, General and Other Funds** submenu, as shown below.

#### IMPORTANT

You cannot enter data for retirees on the ABEST submenu titled Group Insurance – ERS. ERS enters the data for retirees.

#### ERS, UT/A&M, AND SUPPLEMENTAL SUBMENUS

The **Group Insurance – UT/A&M** submenu on the **Higher Education** menu is used as the primary example in these instructions for entering group insurance data on the three submenus labeled **ERS**, **UT/A&M**, and **Supplemental**. You must use the relevant submenu depending on the category your institution falls into, but the basic steps are the same. Refer to the *Detailed Instructions* for guidance and for determining the reporting period.

#### COMPUTATION OF OASI

All general academic and health-related institutions, Lamar State Colleges, Texas State Technical Colleges, and Texas A&M System agencies should enter data on the **Higher Education** menu and **Computation of OASI** submenu. The entered data provides detail for actual and estimated (OASI) for fiscal years 2021–25. This information is used to calculate the amount to be deducted from the Other Educational and General Income Estimates. This data creates the ABEST Schedule 4 report.

Click the Higher Education menu and the Computation of OASI submenu, as shown below.

#### CALCULATION OF RETIREMENT PROPORTIONALITY AND ORP DIFFERENTIAL

All general academic and health-related institutions, Lamar State Colleges, Texas State Technical Colleges, and Texas A&M System agencies should enter data on the **Higher Education** menu and **Calculation of Retirement Proportionality and ORP Differential** submenu. The information collected here provides detail for actual and estimated proportionality and Optional Retirement Program (ORP) differential for fiscal years 2021 through 2025. The data collected here creates the ABEST Schedule 5 report.

Click the **Higher Education** menu and the **Calculation of Retirement Proportionality and ORP Differential** submenu, as shown below.

Higher Education	Calculation of Retirement Proportionality and ORP Differential
Reports	Capital Funding (PUF & HEF)
LAR to PDF	Personnel

For each fiscal year, enter the data for the payroll and employer contributions (rows 1-4), **Proportionality Percentage** grid, **Differential** grid, and click **Save** (as shown in the following example). Click **OK** to confirm. ABEST will use the data you enter here to calculate the **Other E & G Percentage x Total Employer Contribution to Retirement Programs** and **HRI Patient Income Percentage x Total Employer Contribution to Retirement Programs** (gray rows) along with the **Total Differential**.

#### CAPITAL FUNDING (PUF & HEF)

All general academic and health-related institutions, Lamar State Colleges, Texas State Technical Colleges, and Texas A&M System agencies must enter data on the **Higher Education** menu and **Capital Funding (PUF & HEF)** submenu. The data collected here provides information on Permanent University Fund (PUF) and Higher Education Fund (HEF) bond proceeds and debt service, as well as information on Capital Construction Assistance Projects Revenue Bonds and patient income. The data collected here creates the ABEST Schedule 6 report.

Click the **Higher Education** menu and the **Capital Funding (PUF & HEF)** submenu, as shown below.

#### PERSONNEL

All general academic and health-related institutions, Lamar State Colleges, Texas State Technical Colleges, and Texas A&M System agencies should enter data on the **Higher Education** menu and **Personnel** submenu. The data collected here provides information on FTE positions at institutions, which is in addition to the information included on the **Strategy** menu and **FTEs** submenu. The data collected here creates the ABEST Schedule 7 report.

Click the **Higher Education** menu and the **Personnel** submenu, as shown below.

Higher Education	Personnel
Reports	Capital Construction Assistance Projects Revenue Bond - Projects

#### FTE POSITIONS (PART A)

For the three **PART A FTE Positions** grids (**Directly Appropriated, Other Appropriated Funds**, and **Non Appropriated Funds**), enter your data for each fiscal year. Refer to the *Detailed Instructions* for additional guidance as needed.

#### IMPORTANT

i

The ABEST grids for **PART B Personnel Headcount** and **PART C Salaries**, that were required in previous legislative sessions, are discontinued. **PART B** and **PART C** are no longer required in ABEST, effective as of the 87th Legislative Session.

Adding FTEs – Use the gray section at the bottom of each grid to add an FTE **Description** (as shown in the below example). Select a **Description** from the drop-down menu boxes, enter the FTE amounts associated with each fiscal year, and click **Save**. Click **OK** to confirm. The data will not save for an added **Description** unless you have entered at least one fiscal year FTE amount.

#### NON-FORMULA SUPPORT ITEMS

General academic and health-related institutions, Public Community/Junior Colleges, Lamar State Colleges, and Texas State Technical Colleges requesting funds for existing non-formula support items should enter data on the **Higher Education** menu and **Non-Formula Support** submenu. Include all appropriated strategies under the NON-FORMULA SUPPORT Goal in the current General Appropriations Act. The information entered here provides additional information on all non-formula support items and creates the ABEST Schedule 9 report.

Click the **Higher Education** menu and the **Non-Formula Support** submenu, as shown below.

# **RESOLVING CLOSING EDITS AND WARNINGS**

Closing edits and warnings will appear on the **Status** screen when you have failed to enter data or you entered the data incorrectly. All closing edits must be resolved before you can change your LAR **Status** to **COMPLETE**, and <u>refer to the main *ABEST Instructions* for details and guidance on closing edits</u>.

Warnings can also display on the **Status** screen and provide important information about an item in question, but warnings will not prevent you from setting your LAR **Status** to **COMPLETE**. There are LAR ABEST warnings that apply only to institutions. To resolve an institution warning, click a hyperlink displayed in the far-right column for a displayed warning, as shown in the below example. The hyperlink will direct you to the screen location in question, but will not take you to the specific item that could resolve the warning.

# **GENERATING REPORTS**

ABEST can produce several reports based on the LAR data your institution submits. You can generate these reports at any time when your institution's LAR **Status** is set to **INCOMPLETE** or **COMPLETE**. However, *before* printing the final copy of your reports, it is advisable that you complete all your ABEST data entry and change your institution's LAR **Status** to **COMPLETE**.

To generate a report from ABEST, click the **Reports** menu, as shown below.
