

Texas Foundation School Program Budget Estimates for Fiscal Year 2001

June 1999

The LBB developed reports to show the estimated impact of the provisions of Senate Bill 4, the primary school finance legislation of the 76th legislature (1999). This document compares projections under the law that existed prior to SB 4, in terms of school district total revenue (1) and effective tax rates (4), to projected funding and tax rates under Senate Bill 4. *Please note that the estimates are based on preliminary 1998 property value data.*

Explanation of Column Headings

| | |
|-----------------------------------|---|
| Model 345 Tot Revenue per Wgt ADA | Projected total revenue ¹ per weighted student ² under state laws that existed before Senate Bill 4 ³ (This figure is net of recapture from wealthy districts.) |
| Model 404 Tot Revenue per Wgt ADA | Projected total revenue per weighted student under SB 4. |
| Model 404 Minus Model 345 | Projected increase / (decrease) in total revenue per weighted student under SB 4, compared to prior laws. |
| Model 345 Total Revenue | Projected total (state & local, maintenance & debt) revenue in each district under the laws that existed before SB 4, net of recapture. |
| Model 404 Total Revenue | Projected total (state & local, maintenance & debt) revenues in each district under SB 4, net of recapture. |
| Model 404 Minus Model 345 | Projected increase / (decrease) in each district's total revenue under SB 4. |
| Model 345 Tax Rate | Projected total effective tax rate ⁴ under the laws that existed before SB 4 (this includes all equalized and unequalized maintenance and debt tax rates, subject to a \$1.50 cap on M&O rates). |
| Model 404 Tax Rate | Projected total effective tax rate under SB 4 (same qualifiers as previous item). |
| Model 404 Minus Model 345 | Projected increase / (decrease) in each district's total tax rate under SB 4. |

Notes:

- ¹ Total Revenue consists of all local and state funds, including revenue generated by maintenance and all debt taxes, available school fund revenue, any unequalized local funds, and "chapter 41 hold harmless" funds (for wealthy districts).
- ² "Weighted Students" is a student count that is adjusted for student and district characteristics that are defined in statute.
- ³ Model 345 is the LBB model of "current law" before SB 4, except that it includes the assumption that Chapter 41 (i.e., wealthy districts) hold harmless would not expire in 2001. This adjustment allows for a analysis of comparable models.
- ⁴ Effective vs. Nominal Tax Rates: Effective rates, used in state funding formulas, are based on prior year property values and do not honor local exemptions or abatements. For example, effective rates in FY 1999 (which roughly corresponds with the 1998-99 school year) are based on calendar year 1998 collections divided by 1997 district property values. Local nominal rates are based on current year anticipated collections and the most recent tax year property values, including all local exemptions and abatements.
