INTRODUCTION

This summary of the General Appropriations Bill publication provides an overview of the appropriations included in the General Appropriations Bill, otherwise known as the state budget. The version of the General Appropriations Bill that becomes law, after being passed by the Legislature and signed by the Governor, is referred to as the General Appropriations Act (GAA). This enacted legislation is the state's budget for a two-year period (biennium). The Legislative Budget Board staff provides a Summary of the General Appropriations Bill for each version of the bill as the budget deliberations unfold during the legislative session. The summary is not a reconciliation of each change in the General Appropriations Bill, but rather a high-level overview of major changes between the biennia and between iterations of the bill. It is a reference for legislators and other stakeholders as they work through budget deliberations.

The General Appropriations Bill is categorized into articles that cover certain areas of state government. For example, Article I is General Government. Article II covers Health and Human Services, and Article III is Public and Higher Education. Six additional articles cover the other areas of government.

The Legislature uses four methods of finance to appropriate funds to state agencies and public institutions of higher education: General Revenue Funds, General Revenue–Dedicated Funds, Federal Funds, and Other Funds. **All Funds** is the summation of the methods of finance.

- **General Revenue Funds** include the nondedicated portion of the General Revenue Fund, which is the state's primary operating fund. General Revenue Funds also include the Available School Fund, the State Instructional Materials Fund, and the Foundation School Fund.
- **General Revenue–Dedicated Funds** include approximately 200 accounts within the General Revenue Fund that are dedicated for specific purposes by statute or the funds-consolidation process. For example, Clean Air Account Number 151 is funded primarily through a portion of motor vehicle inspection fees and a portion of air pollution control fees. These revenues are statutorily dedicated to the Texas Commission on Environmental Quality to provide funding for various air quality, monitoring and permitting programs.
- **Federal Funds** include grants, allocations, payments, or reimbursements received from the federal government by state agencies and institutions. The largest portion of federal funding appropriations is for the Medicaid program in Article II. Other examples of Federal Funds appropriations include the U.S. Social Security Act, the U.S. Every Student Succeeds Act (Title I), Grants to Local Educational Agencies, National School Lunch Program, Transportation Grants and National Highway System Funding, Special Education Basic State Grants, and the Children's Health Insurance Program.
- **Other Funds** consist of any funds not included in the General Revenue Fund (dedicated or not) or Federal Funds. Examples of Other Funds appropriations include those from the State Highway Fund, the Texas Mobility Fund, the Property Tax Relief Fund, the Economic Stabilization Fund, trust funds, bond proceeds, and Interagency Contracts.

The introduction chapter of the summary provides a high-level overview of the General Appropriations Bill. **Figures 1 to 14** provide the total appropriations for the 2020–21 biennium by each method of finance for each article in the bill compared to the 2018–19 biennium expended/budgeted level of funding. This chapter includes highlights of major funding items, significant policy, or fiscal issues across the state; examples of factors affecting the state budget, including budget drivers such as correctional population or public school daily attendance; and a reconciliation of the base funding that explains how the previous biennium's appropriations have been adjusted during the 2018–19 biennium.

The introduction chapter also provides additional context for understanding the General Appropriations Bill, including trends in state government expenditures, an explanation of constitutional spending limits, a description of restricted versus unrestricted appropriations, insights into the Economic Stabilization Fund (i.e., the Rainy Day Fund), and the Texas Economic Outlook.

Following the introduction chapter are article-specific chapters. Each chapter provides an overview of the total article appropriations by agency or institution, including estimated and budgeted expenditures for the 2018–19 biennium, recommended appropriation levels in the 2020–21 General Appropriations Bill, full-time-equivalent positions for the article,

and other significant fiscal issues. Some chapters will also include additional detail at the agency level. Agencies are included in the summary if they meet certain criteria: (1) the agency is one of the largest 25 budgets in the state; (2) the agency is subject to the Strategic Fiscal Review as initiated by legislative leadership during the Eighty-fifth Legislature, 2017, interim; or (3) the agency program or function is of significant policy or fiscal import.

Finally, the summary includes two appendices. **Appendix A** provides a reader's guide to the General Appropriations Bill so that first-time users can better understand how to read the actual bill and make sense of the budget structure, performance measures, and riders. **Appendix B** provides a comparison point between versions of the General Appropriations Bill as the Legislature progresses through the budget deliberations. This comparison enables readers to identify differences between chamber bills, or a specific chamber's changes.

HIGHLIGHTS OF THE RECOMMENDATIONS

For the 2020–21 biennium, funding includes the following key budget items:

FOUNDATION SCHOOL PROGRAM

- Funding of \$52.6 billion in All Funds is provided for state aid to school districts and charter schools through the Foundation School Program (FSP). General Revenue Funds appropriations for the FSP total \$42.0 billion, which represents an increase of \$7.4 billion from the 2018–19 biennium.
- General Revenue Funds provided for the FSP represents an increase of \$9.0 billion over what is estimated to be required to fund the current law FSP entitlement, contingent on enactment of legislation supporting school districts and charter schools by increasing the state share of the FSP, enhancing district entitlement, reducing recapture, and providing local property tax relief, while maintaining an equitable system of school finance.
- The All Funds amount represents a \$9.9 billion, or 23.1 percent, increase from the 2018–19 biennium, primarily attributable to the additional \$9.0 billion in General Revenue Funds above statutorily required amounts. The remaining \$0.9 billion All Funds increase is attributable to a projected increase of \$2.4 billion in recapture revenue and a projected \$171.7 million increase from the Property Tax Relief Fund, partially offset by a decrease of \$1.6 billion in General Revenue Funds required to fund current law entitlement.
- Funding for current law FSP entitlement includes an estimated \$2.4 billion for student enrollment growth and \$2.2 billion in additional state aid greater than the 2018–19 biennial funding level for the Tier 2 enrichment funding guaranteed yield associated with the Austin Independent School District.
- FSP Other Funds are increased by \$2.5 billion, attributable to a projected \$2.4 billion increase in recapture payments and a projected \$171.7 million increase from the Property Tax Relief Fund.

MEDICAID

- Funding for the 2020–21 biennium includes \$67.6 billion in All Funds, including \$25.2 billion in General Revenue Funds and \$0.1 billion in General Revenue–Dedicated Funds, for the Texas Medicaid program. This amount is an increase of \$2.0 billion in All Funds and a decrease of \$1.4 billion in General Revenue Funds from 2018–19 biennial levels.
- Included in these amounts is \$62.9 billion in All Funds for Medicaid client services, \$1.7 billion in All Funds for programs supported by Medicaid funding, and \$2.9 billion in All Funds for administration of the Medicaid program and other programs supported by Medicaid funding. The net increase in Medicaid funding is due to a \$2.0 billion All Funds increase in Medicaid client services and a \$69.2 million All Funds increase in other programs supported by Medicaid funding offset by a \$33.7 million All Funds decrease in administrative funding.
- Increased All Funds funding for Medicaid client services supports caseload growth, maintains fiscal year 2019 average costs for most services, and provides funding for cost growth associated with average costs established by the federal government. More favorable Federal Medical Assistance Percentages result in a higher proportion of the program being funded with Federal Funds, more than offsetting increased General Revenue Funds demand associated with caseload and costs, resulting in an overall decrease to General Revenue Funds of \$1.4 billion. Full funding for anticipated increases in cost due to medical inflation, higher utilization, or increased acuity is not included.
- The 2018–19 biennial amounts for Medicaid assume supplemental funding to complete fiscal year 2019 expenditures.

TRANSPORTATION

- Recommendations provide \$31.6 billion in All Funds for all functions at the Department of Transportation, which includes the following amounts: an estimated \$5.0 billion in funding from anticipated state sales tax deposits and \$0.1 billion from motor vehicle sales and rental tax deposits to the State Highway Fund (SHF) (Proposition 7,

2015); \$4.3 billion in funding from oil and natural gas tax-related transfers to the SHF (Proposition 1, 2014); and all available SHF funding from traditional transportation tax and fee revenue sources, estimated to be \$9.3 billion for the 2020–21 biennium).

- Recommendations provide \$27.8 billion in All Funds for highway planning and design, right-of-way acquisition, construction, and maintenance and preservation. The All Funds amount includes \$10.8 billion in Federal Funds; \$7.6 billion from traditional SHF revenue sources; \$4.5 billion from Proposition 7, 2015, proceeds and \$4.3 billion from Proposition 1, 2014, proceeds for constructing, maintaining, and acquiring rights-of-way for nontolled public roadways; and \$0.5 billion from the Texas Mobility Fund and regional toll project revenues.
- Recommendations provide \$2.2 billion in All Funds for debt service payments and other financing costs, including \$1.5 billion in Other Funds from the SHF and Texas Mobility Fund; \$0.6 billion in Other Funds from Proposition 7, 2015, SHF proceeds for General Obligation bond debt service; and \$117.0 million in Federal Funds from Build America Bond interest payment subsidies.

BEHAVIORAL HEALTH

- Funding includes \$4.0 billion in All Funds (\$3.0 billion in General Revenue Funds and General Revenue–Dedicated Funds) for non-Medicaid/Children’s Health Insurance Program (CHIP) behavioral health services. Funding supports programs at 23 agencies across six articles, and includes the following areas: funding for inpatient client services at state hospitals and community hospitals; outpatient services provided through local mental health authorities and local behavioral health authorities; substance abuse prevention, intervention, and treatment services for adults and children; mental healthcare and substance abuse treatment for incarcerated offenders; mental healthcare services for veterans; and other services.
- Medicaid expenditures for behavioral health services, when including projected cost growth that is not funded, are estimated to total \$3.4 billion in All Funds for the 2020–21 biennium. CHIP expenditures, when including projected cost growth that is not funded, are estimated to total \$111.7 million in All Funds. Total behavioral health-related funding, including estimated Medicaid and CHIP expenditures, is estimated to be \$7.5 billion in All Funds for the biennium.

CHILD PROTECTIVE SERVICES

- Funding of \$3.7 billion in All Funds, including \$2.1 billion in General Revenue Funds, is provided for all Child Protective Services (CPS) functions at the Department of Family Services (DFPS). This amount is an increase of \$141.7 million in All Funds and \$45.1 million in General Revenue Funds from the 2018–19 biennial base.
- CPS funding includes a total of \$1.9 billion in All Funds and \$895.6 million in General Revenue Funds for client services programs, including foster care, adoption subsidies, permanency care assistance payments, relative caregiver monetary assistance payments, and daycare.
- Funding includes \$1.5 billion in All Funds for CPS direct delivery staff, including services provided through Community-based Care. This amount includes increased funding for additional full-time-equivalent (FTE) positions to maintain caseloads per worker and increased funding and a decrease in FTE positions to biennialize Community-based Care expansion that occurred during fiscal year 2019.

SCHOOL SAFETY

- Funding for school safety programs includes an additional \$109.4 million in All Funds, including \$64.9 million in General Revenue Funds, \$43.6 million in Other Funds from the Economic Stabilization Fund, and \$0.8 million in Federal Funds at the Health and Human Services Commission and public and higher education agencies and institutions. All Funds amounts for the 2020–21 biennium include the following areas:

- Health and Human Services Commission – \$11.8 million to expand Children’s Community Mental Health;
- Public education – \$54.5 million for the Safe and Healthy Schools Initiative, and an increase of \$10.0 million for Communities in Schools at the Texas Education Agency; \$1.1 million for campus safety staff and infrastructure at the Texas School for the Deaf; and \$0.8 million for campus safety infrastructure at the Texas School for the Blind and Visually Impaired; and
- Higher education – \$20.0 million for Texas Tech University Health Sciences Center’s Telemedicine Wellness Intervention Triage and Referral Program (TWITR); and, at Texas State University, \$7.2 million for the School Safety Center and \$4.0 for Advanced Law Enforcement Rapid Response Training.

HIGHER EDUCATION FORMULA FUNDING

- Higher education formulas are supported by \$7.3 billion in General Revenue Funds and \$1.5 billion in General Revenue–Dedicated Funds. Included in this amount are increases of \$158.4 million in General Revenue Funds and an increase of \$55.9 million in General Revenue–Dedicated Funds, which primarily is statutory tuition.
- For most of the higher education formulas, the 2018–19 biennial rate is maintained. For the Lamar State Colleges (LSC), the Instruction and Administration Formula rate is increased to \$5.23. For The University of Texas Health Science Center at Tyler’s Chest Disease Center Operations formula, the rate decreases to \$183 from \$187 per chest disease patient due to a growth limitation for mission-specific formulas.

TEACHER RETIREMENT AND HEALTH BENEFITS

- Funding of \$4.1 billion in All Funds is provided for the state contribution to retirement benefits of the Teacher Retirement System (TRS), including \$4.1 billion in General Revenue Funds, \$48.8 million in General Revenue–Dedicated Funds, and \$9.1 million in Other Funds from the Teacher Retirement System Pension Trust Fund. Funding represents a state contribution rate of 6.8 percent of employee payroll for each year of the 2020–21 biennium.
- Retiree health insurance funding totals \$1.1 billion in All Funds. Funding includes \$879.4 million in General Revenue Funds to provide a statutorily required state contribution to TRS-Care of 1.25 percent of public education payroll. Funding also includes \$230.8 million greater than statutorily required amounts in Other Funds from the Economic Stabilization Fund to maintain plan year 2019 TRS-Care premiums and benefits for the 2020–21 biennium.
- Funding for TRS assumes 3.9 percent annual public education payroll growth across retirement and TRS-Care strategies and 5.6 percent annual higher education payroll growth. These assumptions are based on payroll and method of finance trend data.

ADULT INCARCERATION

- Funding of \$6.8 billion in All Funds, including \$6.6 billion in General Revenue Funds and General Revenue–Dedicated Funds, is provided for the incarceration, probation, and parole of adult offenders in the Texas Department of Criminal Justice (TDCJ), which includes housing, security, classification, food and necessities, healthcare, and treatment services. All Funds increased by \$183.8 million for the 2020–21 biennium and include the following amounts:
 - a \$160.0 million increase to maintain the Correctional Managed Health Care level of service at 2018–19 biennial levels;
 - a \$26.0 million increase for video surveillance cameras;
 - a \$5.3 million increase for educational and vocational pilot programs;
 - a \$40.0 million decrease for deferred maintenance; and
 - a \$7.4 million decrease to fund basic supervision and parole supervision at the Legislative Budget Board’s June 2018 projections.

BORDER SECURITY

- Funding of \$782.8 million in All Funds is provided to fund border security purposes at nine state agencies across multiple articles of government. The majority of this funding, \$675.7 million, is provided to the Department of Public Safety (DPS). This funding maintains support for DPS personnel at fiscal year 2019 full deployment levels, while eliminating funding for onetime and transitional expenditures.
- Border security funding maintains support for DPS personnel at fiscal year 2019 full deployment levels while eliminating funding for onetime and transitional expenditures. Significant funding items include the following: \$671.1 million in 2018–19 biennial base border security funding provided for the border security initiative, including a 50.0-hour work week for all DPS’ commissioned law enforcement officers, full biennial costs for 22 Texas Rangers, and 250 new troopers and associated support staff; and several other border security-related initiatives.
- Border security funding also includes \$52.0 million to the Trusteed Programs within the Office of the Governor for grants to local entities and other support, \$29.0 million to the Parks and Wildlife Department for enhanced game warden activity, and funding for investigations, prosecutions, and other border security-related activities across several state agencies.

DRIVERS LICENSE SERVICES

- Recommendations include the transfer of the driver license program, including \$135.6 million in General Revenue and 3,198.8 FTE positions, from the Department of Public Safety to the Department of Motor Vehicles for fiscal year 2021, contingent upon the passage of legislation. Recommendations also include an additional \$200.0 million in General Revenue and 962.0 FTE positions to increase staffing and improve service delivery.

TRUSTEED PROGRAMS WITHIN THE OFFICE OF THE GOVERNOR

- Funding for the Trusteed Programs within the Office of the Governor totals \$1,277.5 million in All Funds for the 2020–21 biennium, a decrease of \$202.2 million, or 13.7 percent, from the 2018–19 biennium.
- Funding of \$100.0 million from the Economic Stabilization Fund is provided for disaster grants.
- Funding for economic development and jobs creation is included in Strategy C.1.1, Create Jobs and Promote Texas, which includes programs for economic development, tourism, film and music marketing, the Texas Enterprise Fund, military community support, and the Governor’s University Research Initiative. Funding in the strategy for various economic development programs totals \$365.0 million in All Funds for the 2020–21 biennium, including the following amounts:
 - \$111.9 million in estimated unexpended balances remaining at the end of fiscal year 2019 in the Texas Enterprise Fund for incentive grants, a decrease of \$45.3 million in General Revenue–Dedicated Funds;
 - \$26.2 million in estimated unexpended balances remaining at the end of fiscal year 2019 in the Governor’s University Research Initiative for recruitment grants, a decrease of \$27.1 million in General Revenue–Dedicated Funds;
 - \$100.4 million in General Revenue–Dedicated Funds from Hotel Occupancy Tax deposits for tourism promotion. This amount is the same amount of \$34.2 million appropriated for the 2018–19 biennium, plus projected unobligated balances estimated at \$66.2 million; and
 - \$50.0 million in General Obligation Bond Proceeds for the Military Value Revolving Loan Program for loans to defense communities for economic development projects at the Texas Military Preparedness Commission.

INFORMATION TECHNOLOGY

- Funding for the Centralized Accounting and Payroll/Personnel System (CAPPS) totals \$150.5 million. Included in this amount is \$96.8 million for the Comptroller of Public Accounts (CPA) for ongoing statewide CAPPS operations and agency transitions to the system.

- Funding for Cybersecurity projects and initiatives totals \$42.9 million to decrease the risk of threats to the confidentiality, integrity, and availability of existing data and information systems.
- Funding for Legacy Modernization projects totals \$600.3 million to replace systems with obsolete or inefficient hardware or software technology.
- Funding for other information technology (IT) projects totals \$401.4 million for various IT components, including: updates to existing systems; development projects for process improvement projects, such as transitions to paperless processes, procurement of new systems where none currently exist, computers, or software and hardware updates; VoIP phone systems; network upgrades; and general modifications to IT infrastructure.

JUDICIAL SALARY INCREASE

- Funding of \$30.2 million provides for a 10.0 percent increase for judges and those statutorily linked to state district judge pay. The last judicial salary increase was provided during the 2014–15 biennium.

STATE EMPLOYEE RETIREMENT, HEALTH BENEFITS, SOCIAL SECURITY, AND FULL-TIME-EQUIVALENT POSITIONS

- Funding of \$1.3 billion in All Funds, including \$943.0 million in General Revenue Funds and General Revenue–Dedicated Funds, is provided for the state contribution to the Employees Retirement System of Texas (ERS) retirement program. This amount is an increase of \$22.9 million in All Funds, including \$14.0 million in General Revenue Funds and General Revenue–Dedicated Funds, for state employees' retirement benefits, due to assuming 0.5 percent annual payroll growth. Funding provides for a 9.5 percent state contribution rate for each fiscal year of the 2020–21 biennium. Recommendations also continue the additional retirement contribution from all general state agencies of 0.5 percent of the total base wages and salaries for each eligible employee for a total combined state contribution rate of 10.0 percent, the maximum pursuant to the Texas Constitution, Article XVI, Section 67 (b)(3).
- Funding of \$4.0 billion in All Funds, including \$2.8 billion in General Revenue Funds and General Revenue–Dedicated Funds, is provided for the state contribution for group insurance benefits for general state employees, retirees, and their dependents. The funding is an increase of \$176.6 million in All Funds, including \$116.6 million in General Revenue Funds and General Revenue–Dedicated Funds, driven by assumed active and retired member growth. Funding does not provide a per-member contribution rate increase and instead relies upon the agency spending down the contingency reserve fund, which has achieved historically high fund balances due to savings in health plan contracts.
- Funding of \$143.1 million in General Revenue Funds is provided for health insurance contributions for local community supervision and correction department (CSCD) employees, retirees, and dependents who also participate in the state's Group Benefits Program. Funding provides an increase of \$4.0 million.
- Funding of \$1.8 billion in All Funds, including \$1.4 billion in General Revenue Funds and General Revenue–Dedicated Funds, is provided for the state contribution for Social Security payroll taxes for employees of state agencies and institutions of higher education, an increase of \$47.6 million. Funding is sufficient to provide the 6.2 percent Social Security employer contribution and the 1.45 percent Medicare employer contribution.
- Funding provides for 214,038.7 and 214,427.5 full-time-equivalent (FTE) positions for fiscal years 2020 and 2021, respectively. The number of FTE positions for fiscal year 2021 is a decrease of 2,244.4 positions from fiscal year 2019 budgeted levels, which is related primarily to aligning FTE position caps with funding levels and 2018 actual FTE position levels.

DEBT SERVICE

- Funding for the 2020–21 biennium fully funds debt service and totals \$4.2 billion in All Funds. This amount is a decrease of \$60.9 million, or 2.0 percent, from the 2018–19 biennium. Funding provides for debt service for General Obligation

and revenue debt issued, or expected to be issued, by the Texas Public Finance Authority, the Facilities Commission, the Water Development Board, the Department of Transportation, and the Office of the Governor. Funding also provides for reimbursement of debt service payments for tuition revenue bonds issued by various institutions.

ECONOMIC STABILIZATION FUND

- Appropriations of \$633.0 million from the Economic Stabilization Fund are included for the 2020–21 biennium. The resulting cash balance of the fund plus the total asset value of investments is estimated to be \$14.7 billion at the end of fiscal year 2021.

STRATEGIC FISCAL REVIEW

- Eleven state agencies are subject to the Strategic Fiscal Review (SFR) in preparation for the Eighty-sixth Legislature, 2019. The public service non-formula support items of institutions of higher education also are subject to the SFR. Agencies subject to review are noted as such in this summary. The SFR provides an in-depth analysis of the selected state agency programs and their relationships to the agency's mission and statutes. Legislative Budget Board staff analysis resulting from this review will be made available to the members of the Legislature to aid in their budget and policy deliberations.

BIENNIAL COMPARISON BY FUND SOURCE

Figure 15 shows a comparison of biennial amounts for each of the four fund sources, or Methods of Finance, in the state budget. Estimated and budgeted amounts for the 2018–19 biennium refer to agency-estimated expenditures for fiscal year 2018 and agency-budgeted amounts for fiscal year 2019. Recommendations refer to biennial amounts contained in this summary’s version of the 2020–21 General Appropriations Bill. Percentage amounts represent the percentage of the entire biennial budget represented by that fund source.

FIGURE 15
BIENNIAL COMPARISON BY FUND SOURCE OF 2018–19 ESTIMATED/BUDGETED AND 2020–21 RECOMMENDED AMOUNTS

NOTE: Other Funds excludes Interagency Contracts.

SOURCE: Legislative Budget Board.

APPROPRIATED, ESTIMATED, AND BUDGETED FUNDS COMPARISON

Each biennium there are circumstances which result in variances to state agency expenditures (i.e., estimated and budgeted amounts) from the amounts appropriated by the Legislature. Typically these result from shifts in population, client demands, or unforeseen events such as natural disasters, changes to federal formulas, grant requirements, and/or additional or reduced available revenue or balances supporting legislative appropriations. Often, these incremental changes to the current biennial budget are authorized by existing law, either through the Texas Constitution or the General Appropriations Act, and do not require legislative action. However, some expenditure changes require further action by the Legislature in the form of a supplemental appropriations bill.

Projected estimated and budgeted amounts for the 2018–19 biennium are estimated to increase by approximately \$19.2 billion in All Funds. This consists of an increase of \$1.9 billion in General Revenue Funds, and a net increase of \$17.3 billion in other funding sources (i.e., General Revenue–Dedicated Funds, Federal Funds and Other Funds). The most significant non-General Revenue Funds increase occurs in Federal Funds (\$12.2 billion) and mainly consists of increases for the Department of Public Safety for Hurricane Harvey Public Assistance and Hurricane Harvey Hazard Mitigation grants (\$6.2 billion), Health and Human Services Commission for the projected increase in Medicaid client services above appropriated (\$2.2 billion), General Land Office for FEMA Disaster Recovery from Hurricane Harvey (\$2.0 billion), Texas Department of Transportation for transportation projects (\$0.6 billion), Texas Workforce Commission for Child Care and Development Block Grants (\$0.5 billion) and Health and Human Services Commission and Department of State Health Services for responses to Hurricane Harvey including the administration of Other Needs Assistance (\$0.4 billion). **Figure 16** shows the most significant assumed General Revenue Fund changes, and the purpose for each.

FIGURE 16
RECONCILIATION OF THE 2018–19 APPROPRIATIONS TO 2018–19 ESTIMATED/BUDGETED AMOUNTS

(IN MILLIONS)	GENERAL REVENUE FUNDS
2018–19 Appropriations as Published in the Fiscal Size-Up	\$106,663.2
BUDGET ADJUSTMENTS	
General Government	
Comptroller of Public Accounts: unexpended balances from fiscal year 2017	\$24.7
Trusted Programs within the Office of the Governor: unexpended balances from fiscal year 2017	\$152.4
Health and Human Services	
Health and Human Services Commission: projected increase in Medicaid client services above appropriated, including replacing lost program-generated and other revenue, and increase to respond to Hurricane Harvey, including the administration of Other Needs Assistance	\$2,076.2
Health and Human Services Commission: net decrease in program-generated and other revenues for Medicaid and the Children's Health Insurance Program (CHIP)	(\$190.3)
Department of Family and Protective Services: net projected supplemental needs for the Department of Family and Protective Services (DFPS) including foster care (increase of \$86.8 million), and relative caregiver payments (increase of \$6.8 million), partially offset by surpluses at the Health and Human Services Commission in CHIP (decrease of \$3.5 million) and cash assistance payments (decrease of \$0.5 million), and surpluses at DFPS in Child Protective Services direct delivery staff (decrease of \$24.2 million), and adoption subsidies and permanency care assistance payments (decrease of \$3.3 million)	\$62.2
Health and Human Services Commission: increased General Revenue for the Healthy Texas Women program due to federal matching funds being available in a lesser amount	\$32.6
Public and Higher Education	
Texas Education Agency: unexpended balances from fiscal year 2017 of instructional material allotments	\$169.6
Texas Education Agency: adjustments to the Foundation School Program due to shifts in estimated Methods of Finance based on updated estimates including: Available School Fund No. 2 (increase of \$45.2 million), Foundation School Fund No. 193 (decrease of \$371.9 million), and Lottery Proceeds (increase of \$173.3 million)	(\$153.4)

EXCEPTIONS TO THE 2020–21 BASELINE FUNDING

In June 2018, the Governor and the Legislative Budget Board provided guidance to state agencies and institutions of higher education on the preparation of their legislative appropriations requests. As a starting point for budget deliberations, an agency's baseline request for General Revenue Funds and General Revenue–Dedicated Funds were prohibited from exceeding the sum of amounts estimated for fiscal year 2018 and budgeted for fiscal year 2019. Authorized exceptions to this restriction include amounts necessary to fund certain entitlement and other programs, debt service, and employee benefits. **Figure 17** shows the 2020–21 biennial recommended amounts for those program exceptions identified in the June correspondence and subsequent Legislative Appropriation Request Instructions.

FACTORS AFFECTING THE STATE BUDGET

Significant factors affecting the state budget can be divided into two categories: changes in the population served, and the cost of that service. Population based budget drivers include Medicaid, Children's Health Insurance Program (CHIP), and children in foster care, public and higher education enrollment, adult and juvenile institutional and probation populations, and retirement system enrollment.

Population change is one element that helps explain the growth in the budget. Cost-related factors can have an equal or greater effect on growth. For example, medical inflation impacts not only Medicaid and CHIP, but also inmate health care costs and state employee and teacher health care costs. Statutory requirements may also affect cost.

Figure 18 shows the population-based indicators that impact a large portion of the state budget.

TRENDS IN STATE GOVERNMENT EXPENDITURES

Figure 19 shows biennial All Funds and General Revenue Funds expenditures/appropriations since the 2012–13 biennium. The figures also adjust current and historical expenditure/appropriation totals into 2012–13 biennial dollars based on compounded population and inflation growth. All Funds expenditures increased by 29.6 percent from the 2012–13 to 2020–21 biennia, but decreased 0.6 percent after adjusting for population and inflation. General Revenue Funds appropriations increased by 34.2 percent during the same period and increased by 2.9 percent when adjusted.

FIGURE 19
TRENDS IN STATE GOVERNMENT EXPENDITURES, 2020–21 BIENNIAL RECOMMENDATIONS

SOURCE: Legislative Budget Board.

Population and inflation is one tool used to compare budget growth, however it does not tie directly to government budget drivers. For example, the Consumer Price Index (CPI) tracks the increased price of goods and services purchased by a typical family; such as groceries, clothing, housing, and private healthcare. Inflation of goods and services purchased by state government; such as education, public healthcare, and infrastructure, tend to grow faster than the price of goods and services purchased by consumers.

The compounded population and CPI growth in this table is based on data in the Comptroller of Public Accounts' Fall 2018 State Economic Forecast as published in the *2019 Biennial Revenue Estimate* and identified in **Figure 20**, which included a biennial growth rate of 7.90 percent from the 2018–19 to 2020–21 biennia. Population and inflation growth estimates

submitted to the Legislative Budget Board (LBB) in anticipation of the January 2019 LBB board meeting ranged from 7.54 percent to 8.39 percent.

The 2018–19 and 2020–21 biennial expenditure/recommendation totals in the figure includes the net effect of the 2020–21 recommendations and 2018–19 base adjustments in **Figure 20**.

FIGURE 20
BIENNIAL POPULATION AND INFLATION GROWTH FROM 2014–15 TO 2020–21 BIENNIA

SOURCE: Texas Comptroller of Public Accounts.

RESTRICTED APPROPRIATIONS

The 2020–21 biennial appropriations from General Revenue Funds and General Revenue–Dedicated Funds total \$121.7 billion of which \$92.0 billion is restricted by pre-existing constitutional provisions, statutory provisions, federal law, federal regulations, court decisions, and funding formulas. The Legislature maintains some discretion over a portion of the restricted budget, but in many cases would need to revise statutes outside of the appropriations process to change the restrictions. **Figure 21** includes examples of the largest restrictions by category.

In addition to the \$92.0 billion restricted amount, the recommendations include \$9.0 billion in General Revenue Funds above amounts estimated to fund current law Foundation School Program entitlement. The remaining \$20.7 billion, 17.0 percent, is appropriated by the Legislature without restriction. This non-restricted portion of the budget is slightly smaller than the 2018–19 biennial level of 17.8 percent. During the previous five biennia, this percentage has remained relatively constant.

FIGURE 21

SOURCE: Legislative Budget Board.

LIMITS ON APPROPRIATIONS

Texas has four Constitutional limits on spending: the balanced budget limit, which is commonly referred to as the pay-as-you-go limit; the limit on the rate of growth of appropriations from certain state taxes, commonly referred to as the spending limit; the limit on welfare spending; and the limit on tax-supported debt.

The pay-as-you-go limit and the spending limit both restrict appropriations, but in different ways. The pay-as-you-go limit prohibits the General Revenue Fund budget from exceeding available revenue. The spending limit prohibits appropriations funded with tax revenues not dedicated by the Constitution from growing faster than the state's economy. The spending limit does not apply to appropriations funded with non-tax revenues or appropriations funded with tax revenues if the Constitution requires the tax revenue to be spent for a specific purpose.

The 2020–21 biennial General Revenue Funds recommendations total \$115.4 billion. This amount is \$3.7 billion below the pay-as-you-go limit, based on the *2019 Biennial Revenue Estimate* (BRE) from the Comptroller of Public Accounts (CPA) (**Figure 22**). General Revenue Funds are \$4.1 billion below the General Revenue Funds capacity under the spending limit. Final 2018–19 biennial appropriations will affect the 2020–21 biennial spending limit capacity as well as the pay-as-you-go allowance. Because General Revenue spending authority pursuant to the pay-as-you-go limit is the lower of the two limits, the pay-as-you-go limit is the controlling limit.

FIGURE 22
REMAINING GENERAL REVENUE FUNDS SPENDING AUTHORITY, 2020–21 BIENNIUM

(IN BILLIONS)	AMOUNT
Pay-as-you-go Limit:	\$3.7
Spending Limit:	\$4.1

SOURCE: Legislative Budget Board.

ARTICLE III, SECTION 49A, PAY-AS-YOU-GO LIMIT

The Texas Constitution, Article III, Section 49a, sets the so-called pay-as-you-go limit. The constitution requires that bills making appropriations are sent to the CPA for certification that the appropriations are within estimates of available revenue.

CPA identifies the pay-as-you-go limit for General Revenue Funds appropriations as \$119.1 billion in the BRE. This total includes estimated 2020–21 biennial General Revenue Funds revenue collections of \$121.5 billion, less the amount of \$6.6 billion in General Revenue Funds deposits reserved for transfer to the Economic Stabilization Fund, the State Highway Fund, and the Texas Tomorrow Fund. This total also includes the beginning General Revenue Fund balance and General Revenue–Dedicated Funds account balances available for certification totaling \$4.2 billion (see **Figure 23**). Legislative actions increasing or decreasing revenue collections will change the total amount of revenue available.

By contrast, the amount of revenue available for the Eighty-fifth Legislature, Regular Session, 2017, under the pay-as-you-go limit identified in the 2017 BRE was \$104.9 billion.

FIGURE 23
COMPONENTS OF THE PAY-AS-YOU-GO LIMIT, 2020–21 BIENNIUM

NOTE: General Revenue Fund portion.
SOURCE: Legislative Budget Board.

The \$119.1 billion in available revenue applies to 2020–21 biennial General Revenue Funds appropriations and to fiscal year 2019 supplemental General Revenue Funds appropriations. Consequently, any supplemental General Revenue Funds appropriations for fiscal year 2019 will decrease General Revenue Funds spending capacity proportionately for the 2020–21 biennium.

ARTICLE VIII, SECTION 22, LIMITATION ON THE GROWTH OF CERTAIN APPROPRIATIONS

The Texas Constitution, Article VIII, Section 22, prohibits appropriations funded with state tax revenues not dedicated by the constitution from growing faster than the estimated rate of growth of the state's economy. Consequently, the revenue source funding appropriations determines if the appropriations are subject to the spending limit. Appropriations funded with tax revenues are subject to the spending limit unless the constitution dedicates the tax revenue for a specific purpose. The spending limit does not apply to appropriations funded with nontax revenues or appropriations funded with tax revenues if the constitution requires the tax revenue to be spent for a specific purpose.

The 2020–21 biennial spending limit equals total 2018–19 biennial appropriations funded with tax revenues not dedicated by the constitution of \$93.1 billion, grown by the adopted growth rate of 9.89 percent. The 2020–21 biennial spending limit is estimated to be \$102.3 billion after adjusting for revenue estimates in the CPA's *2019 Biennial Revenue Estimate* and updating the 2018–19 biennial base to include estimated supplemental appropriations. The 2020–21 biennial appropriations subject to the spending limit total \$99.3 billion, \$3.0 billion less than the spending limit (**Figure 24**).

FIGURE 24
SPENDING LIMIT COMPARED TO THE INTRODUCED GENERAL APPROPRIATIONS BILL
2020–21 BIENNIUM

(IN MILLIONS)	AMOUNT
Spending Limit	\$102,261.3
Appropriations Subject to the Spending Limit	(\$99,283.6)
Total Below the Spending Limit:	\$2,977.7

SOURCE: Legislative Budget Board.

Because revenue deposits to the General Revenue Fund also include revenue not subject to the spending limit, the maximum 2020–21 biennial General Revenue Funds appropriations associated with the \$102.3 billion limit is \$119.6 billion, leaving \$4.1 billion in remaining General Revenue Funds spending capacity below the spending limit (**Figure 25**).

FIGURE 25

ARTICLE III, SECTION 49 (J), DEBT LIMIT

The Texas Constitution, Article III, Section 49(j), provides that the Legislature may not authorize additional state debt if in any fiscal year the resulting maximum annual debt service payable from the General Revenue Fund, excluding revenues constitutionally dedicated for purposes other than payment of state debt, exceeds 5.0 percent of the average annual unrestricted General Revenue for the previous three years. To monitor where the state stands in relation to the constitutional debt limit (CDL), the Bond Review Board (BRB) calculates two debt ratios. The first ratio is the debt service on outstanding or issued debt as a percentage of unrestricted General Revenue Funds. At the end of fiscal year 2018, the BRB reported that the issued debt ratio is 1.33 percent. The second debt ratio is the debt service on outstanding debt plus estimated debt service for authorized but unissued bonds. For this ratio, the BRB has reported that the state is at 2.20 percent of unrestricted General Revenue Funds at the end of fiscal year 2018. The latter calculation represents a 6.4 percent decrease from the 2.35 percent calculated for outstanding and authorized but unissued debt for fiscal year 2017. The BRB expects the CDL ratio to continue to decrease with the issuance of authorized debt. However, the CDL ratio could be affected by changes to any of the following factors: the three-year average of unrestricted General Revenue Funds, the amount of debt outstanding and unissued debt authorizations, and actual and assumed interest rates.

ARTICLE III, SECTION 51-A, WELFARE SPENDING LIMIT

The Texas Constitution, Article III, Section 51-a, requires that the amount paid out of state funds for assistance grants to or on behalf of needy dependent children and their caretakers shall not exceed 1.0 percent of the state budget in any biennium.

The 2020–21 biennial budget defined in the Texas Human Resources Code, Section 31.053, is \$247.2 billion. Therefore, the welfare spending limit is \$2.5 billion. The biennial amount appropriated in the LBB recommendations for the 2020–21 biennium that is subject to the limit on state dollars paid out in Temporary Assistance for Needy Families (cash assistance) grants is \$100.6 million, which is \$2.4 billion less than the 1.0 percent limit.

TEXAS ECONOMIC OUTLOOK

Economic conditions and demographic trends influence the level of state appropriations and the revenue used to support those appropriations. As the economy expands, more revenue is available for appropriation. Some spending demands are lessened by a growing economy, and others are increased. For example, a growing economy can decrease pressure on Medicaid enrollment, but it also increases migration into Texas, which increases the demand for public education and other services. Furthermore, healthcare and higher education inflation rates tend to outpace other types of inflation. This section provides a high-level look at the economic conditions expected to prevail during the upcoming biennia. All economic forecasts are provided by the Comptroller of Public Accounts (CPA).

INDUSTRIAL OUTLOOK

Texas Real Gross State Product (GSP) experienced strong growth after the end of the recent recession, averaging 4.1 percent from fiscal years 2011 to 2015. Texas Real GSP growth slowed to 1.1 percent for fiscal year 2016 and 0.7 percent for fiscal year 2017, coinciding with the slowdown in the oil and gas extraction industry. However the industry rebounded strongly during fiscal year 2018, helping the overall state GSP expand by 3.0 percent. Growth is expected to remain strong for fiscal year 2019 at 4.0 percent, before moderating to 2.8 percent for fiscal year 2020 and 2.3 percent for fiscal year 2021.

EMPLOYMENT

The Texas unemployment rate peaked at just more than 8.0 percent during the 2010–11 biennium. Since the recession ended, the rate has decreased steadily, reaching less than 5.0 percent at the end of calendar year 2014 for the first time since the middle of 2008, and reaching less than 4.0 percent by the end of fiscal year 2018. This decrease can be attributed to a mix of moderately decreasing labor participation rates and strong job growth in the state. The Texas unemployment rate is forecast to remain at less than 4.0 percent during the 2020–21 biennium. Nonfarm payroll jobs in Texas are expected to increase by 2.5 percent for fiscal year 2019, with 633,600 jobs expected to be added during the current biennium. Job growth is expected to grow at a slower pace during the 2020–21 biennium, increasing by 1.9 percent for fiscal year 2020 and 1.3 percent for fiscal year 2021.

PERSONAL INCOME

Fiscal year 2018 personal income increased by 4.9 percent in Texas to reach \$1.4 trillion. Personal income is expected to increase by 5.0 percent for fiscal year 2020 and by 4.9 percent for fiscal year 2021.

Figure 26 shows key economic indicators from fiscal years 2009 to 2021. All forecasted data for fiscal years 2019 to 2021 is from the CPA's *2019 Biennial Revenue Estimate*.

ECONOMIC STABILIZATION FUND

The Texas Constitution Article III, Section 49-g, established the Economic Stabilization Fund (ESF). Appropriations can be made from the fund within certain fiscal conditions with a three-fifths vote of each legislative chamber. Appropriations also can be made for any purpose with a two-thirds vote of each legislative chamber. House Bill 903, Eighty-fourth Legislature, 2015, directed the Comptroller of Public Accounts (CPA) to invest a portion of the cash balance of the ESF in assets outside of the Treasury Pool, with the goal of obtaining a higher rate of return. Beginning September 1, 2015, CPA established the Texas Economic Stabilization Investment Fund (TESTIF) to invest a portion of the ESF pursuant to this legislation.

CPA forecasts the 2020–21 biennial ending cash balance of the ESF plus the total asset value of the TESTIF to be \$15.4 billion. The 2018–19 biennial recommendations contain \$633.0 million of appropriations from the fund, which, along with a decrease of interest and investment income, will lower the 2020–21 projected ending balance to \$14.7 billion.

Figure 27 shows the history of ESF deposits, expenditures, and balances from the 2004–05 to 2020–21 biennia.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE I

All Funds for the General Government agencies total \$6.7 billion for the 2020–21 biennium, a decrease of \$0.8 billion, or 10.3 percent, from the 2018–19 biennium. General Revenue Funds total \$3.7 billion, an increase of \$0.3 billion, or 8.9 percent.

HIGHLIGHTS

- Funding for the Cancer Prevention and Research Institute of Texas (CPRIT) includes an increase of \$4.9 million in All Funds from the 2018–19 biennium. This increase is due to the transfer of bond proceeds to the Department of State Health Services for the Cancer Registry and includes \$436.0 million in remaining available bond proceeds to CPRIT. Funding also includes \$164.0 million in Other Funds from the Economic Stabilization Fund to bring the agency up to its historical appropriation of \$600.0 million per biennium.
- Funding for Fiscal Programs within the Comptroller of Public Accounts totals \$1.5 billion in All Funds for the 2020–21 biennium, an increase of \$259.9 million. The increase is related primarily to agency estimates for certain statutorily required disbursements and changes to funding levels to various programs. Funding includes an estimated \$229.0 million in General Revenue Funds for the Texas Guaranteed Tuition Plan, also known as the Texas Tomorrow Fund, which is backed by the full faith and credit of the state and is expected to run out of cash in fiscal year 2020.
- Funding for the Texas Facilities Commission represents an All Funds decrease of \$909.5 million, mostly due to the removal of onetime funding for the maintenance and construction of state facilities used during the 2018–19 biennium.

- Funding for the Trusteed Programs within the Office of the Governor includes a net decrease of \$202.1 million in All Funds from the 2018–19 biennium. Decreases in All Funds are associated with the elimination of onetime revenues, including \$206.1 million in unexpended balance authority, and \$110.0 million in unallocated General Revenue Funds that were transferred primarily to the Texas Enterprise Fund and the Governor’s University Research Initiative.
- Funding for the Department of Information Resources totals \$846.3 million in All Funds, primarily Other Funds from Interagency Contracts and Appropriated Receipts, for the 2020–21 biennium, an increase of \$120.3 million. The increase is due primarily to an estimated increase in consumption of data center services by customer agencies and for providing a full biennium of funding out of Texas.gov receipts for implementation of the Texas.gov state website.
- Funding for the Texas State Library and Archives Commission totals \$94.6 million in All Funds for the 2020–21 biennium, which is an increase of \$25.0 million from the 2018–19 biennium. The increase is related primarily to onetime funding of \$26.6 million in Other Funds from the Economic Stabilization Fund for the expansion of the State Records Center in Austin.

Figure 29 shows the All Funds appropriation for each agency in Article I, and **Figure 30** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for some of the agencies in Article I.

ALL FUNDS, 2020–21 BIENNIUM (IN MILLIONS)		FULL-TIME-EQUIVALENT POSITIONS		

Note: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

Sources: Legislative Budget Board; State Auditor's Office.

Appropriations for the Office of the Attorney General (OAG) for the 2020–21 biennium total \$1.2 billion in All Funds, which is a decrease of \$22.3 million in All Funds from the 2018–19 biennium. This decrease is attributed primarily to the decrease of onetime capital funding for information technology projects.

HIGHLIGHTS

- Funding includes \$74.2 million in All Funds for Victims Assistance Grants. This amount includes an increase of \$7.7 million in General Revenue Funds from the 2018–19 biennium. Additional General Revenue Funds for the 2020–21 biennium is directed to the Sexual Assault Prevention and Crisis Services Program to award grants and contracts for rape crisis centers working to prevent sexual violence.
- Funding includes \$723.8 million in All Funds for Child Support Enforcement. This amount includes a decrease of \$29.1 million in All Funds, the majority of which is due to the decrease of onetime capital funding for the Texas Child Support Enforcement System 2.0 (T2) project, and the decrease of onetime capital funding for implementing the Centralized Accounting and Payroll/Personnel system.
- Funding includes \$17.4 million in All Funds for the T2 capital project, which seeks to enhance Texas' main database system for the Child Support Division. T2 funding includes \$10.0 million for managed services and \$7.2 million for ongoing infrastructure services. The cost of the T2 project is shared with the federal Office of Child Support Enforcement for the match requirement of 34.0 percent of state funding to 66.0 percent of federal grants. T2 was scheduled for release

as two phases from June 2016 to July 2017 at an estimated cost of \$223.6 million. T2 currently is expected to be released in one phase in March 2019 at an estimated total cost of \$419.6 million. The state share is estimated at \$142.6 million, and the federal share is estimated at \$277.0 million.

- Funding includes \$144.5 million in All Funds for Crime Victims Compensation, which provides victims of violent crime with financial assistance for certain expenses. This amount represents a decrease of \$0.8 million in All Funds from the 2018–19 biennium, mostly due to a decrease in federal reimbursements for crime victims compensation.

CANCER PREVENTION AND RESEARCH INSTITUTE OF TEXAS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Cancer Prevention and Research Institute of Texas (CPRIT) totals \$600.1 million in All Funds for the 2020–21 biennium, an increase of \$4.9 million from the 2018–19 biennium. This increase is due to the transfer of bond proceeds to the Department of State Health Services for the Cancer Registry.

HIGHLIGHTS

- Funding includes appropriating \$436.0 million in remaining available bond proceeds to the agency. This appropriation represents the remaining balance of the \$3.0 billion in General Obligation bonds authorized to be issued by the Texas Public Finance Authority for CPRIT.
- Funding includes \$164.0 million in Other Funds from the Economic Stabilization Fund to increase agency funding to its historical appropriation of \$600.0 million per biennium. Statute limits the authorization of grant awards to \$300.0 million each fiscal year.

COMPTROLLER OF PUBLIC ACCOUNTS

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Comptroller of Public Accounts totals \$635.6 million in All Funds for the 2020–21 biennium, a decrease of \$5.0 million. The decrease in funding is related primarily to the decreases in Other Funds from Appropriated Receipts and Interagency Contracts for the Centralized Accounting and Payroll/Personnel System (CAPPS) and a decrease in forfeiture and seizure receipts from criminal investigations.

HIGHLIGHTS

- General Revenue Funds are maintained at the 2018–19 biennial level of \$603.1 million for all programs and services. The funding level also provides for continuation of technology projects to upgrade the agency's tax collection, revenue processing, and statewide financial systems, and utilization of temporary agencies' services for revenue administration.
- Funding includes \$96.8 million in All Funds for maintenance and migration of agencies onto CAPPS. This amount includes \$68.2 million in General Revenue Funds, \$24.0 million in SmartBuy procurement system vendor fees (Appropriated Receipts), and \$4.7 million in PeopleSoft license payments made by six agencies (Interagency Contracts). Funding represents a decrease of \$3.8 million in Other Funds primarily from balances of SmartBuy fees (\$3.6 million) and Interagency Contract funds (\$0.3 million) carried forward and budgeted for the 2018–19 biennium, offset by an increase in Interagency Contract payments for PeopleSoft license maintenance (\$0.1 million).

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for Fiscal Programs within the Comptroller of Public Accounts totals \$1.5 billion in All Funds for the 2020–21 biennium, an increase of \$259.9 million. The increase is related primarily to agency estimates for certain statutorily required disbursements and changes to funding levels to various programs, including the addition of payment of obligations to the Texas Guaranteed Tuition Plan.

HIGHLIGHTS

- Funding includes payment of contract obligations of the Texas Guaranteed Tuition Plan for an estimated \$229.0 million in General Revenue Funds. The plan, also known as the Texas Tomorrow Fund, is expected to run out of cash in fiscal year 2020 and is backed by the full faith and credit of the state.
- Funding includes \$492.9 million in General Revenue Funds, an increase of \$47.4 million from the 2018–19 biennium, for mixed beverage taxes reimbursements to counties and incorporated municipalities to maintain statutorily set minimum disbursement levels of 10.7143 percent of the mixed beverage gross receipts and sales taxes based on estimated growth in mixed beverage sales.
- Funding provides \$550.0 million in General Revenue Funds for unclaimed property payments, which includes a decrease of \$25.0 million for estimated decreases in such claims.

- Funding provides \$26.0 million in General Revenue Funds for payments for miscellaneous and wrongful imprisonment claims based on historical expenditures. This amount represents decreases of \$2.0 million in General Revenue Funds and \$16.1 million in all other funds and accounts.
- Funding provides \$20.0 million in General Revenue Funds, an increase of \$13.5 million from the 2018–19 biennium, for payments to qualified cities and counties to offset lost property tax revenue from the granting of a 100.0 percent disabled veteran residence homestead exemption pursuant to the Texas Tax Code, Section 11.131. The funding increase is based on estimated growth in the value of homes owned by individuals qualifying for the exemption.

TRUSTEED PROGRAMS WITHIN THE OFFICE OF THE GOVERNOR

FIGURE 35
TRUSTEED PROGRAMS WITHIN THE OFFICE OF THE GOVERNOR, BY METHOD OF FINANCE

(IN MILLIONS)	ESTIMATED/BUDGETED 2018–19	RECOMMENDED 2020–21	BIENNIAL CHANGE	PERCENTAGE CHANGE

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Trusted Programs within the Office of the Governor totals \$1.3 billion in All Funds for the 2020–21 biennium, a decrease of \$202.1 million from the 2018–19 biennium. This decrease is due primarily to the expenditure during the 2018–19 biennium of unexpended balances carried forward from the 2016–17 biennium.

HIGHLIGHTS

- Significant funding decreases are related to the removal of onetime funding items from the 2018–19 biennium, including the following amounts:
 - a decrease of \$206.1 million in General Revenue Funds and General Revenue–Dedicated Funds related to unexpended balances carried forward from fiscal year 2017 into the 2018–19 biennium and removed from base appropriation levels in multiple strategies; and
 - a decrease of \$110.0 million in General Revenue Funds expended primarily for the Texas Enterprise Fund and the Governor's University Research Initiative.
- Funding includes an increase of \$45.8 million in Federal Funds related primarily to an increase in the federal allocation of Crime Victims Assistance and Homeland Security grants.
- Funding includes \$111.9 million in estimated unexpended balances remaining at the end of fiscal year 2019 in the Texas Enterprise Fund for incentive grants. The funding represents a decrease of \$45.3 million from the 2018–19 biennium level in the General Revenue–Dedicated account.

- Funding includes \$26.2 million in estimated unexpended balances remaining at the end of fiscal year 2019 in the Governor's University Research Initiative for recruitment grants. The funding reflects a decrease of \$27.1 million from the 2018–19 biennium level in the General Revenue–Dedicated account.
- Funding includes \$100.4 million in Hotel Occupancy Tax Deposits for the 2020–21 biennium, which is the same amount appropriated for the 2018–19 biennium (\$34.2 million), plus projected unobligated balances from the 2018–19 biennium (\$66.2 million).

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of Information Resources totals \$846.3 million in All Funds, primarily in Other Funds from Interagency Contracts and Appropriated Receipts, for the 2020–21 biennium, an increase of \$120.3 million. The increase is due primarily to an estimated increase in consumption of data center services by customer agencies and for providing a full biennium of funding from Texas.gov receipts for implementation of the Texas.gov state website.

HIGHLIGHTS

- Funding levels include \$776.1 million for payments to service providers of telecommunications and data center services for cost of services for which the agency directly bills customers and for payments to service providers for operation of the Texas.gov website. This amount is an increase of \$116.2 million from 2018–19 biennial funding levels for the following services:
 - Capitol Complex Telephone System – funding provides \$11.0 million, including an increase of \$0.9 million due to maintenance of the existing private branch exchange phone system as agencies transition to a voice over Internet protocol platform;
 - Texas Agency Network – funding provides \$142.3 million, including an increase of \$6.2 million related to an estimated increased in consumption of data and voice services;
 - Data Center Services (DCS) – funding provides \$551.5 million, including an increase of \$71.5 million based on anticipated increased usage of DCS by customer agencies. Costs reflect amounts to maintain current service levels

and projects initiated during the 2018–19 biennium, including certain agencies shifting procurement of Microsoft licensing costs from outside of the DCS program to the DCS program; and

- Texas.gov – funding provides \$71.3 million, including an increase of \$37.7 million, in estimated payments to service providers for application development, application maintenance, and customer support for the portal for a full biennium; only one year of costs is included in 2018–19 biennial funding.
- Funding provides \$21.3 million in All Funds for information security programs and services, including continuation of \$3.2 million in General Revenue Funds. Funding includes an increase of \$4.0 million in Appropriated Receipts and Interagency Contracts primarily related to delays in testing services and assessments for state agencies due to implementation of new service provider contracts during the 2018–19 biennium.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the State Office of Risk Management totals \$107.0 million in All Funds for the 2020–21 biennium, which is no change from the 2018–19 biennium. SORM is under Strategic Fiscal Review and Sunset review. The agency receives its funding primarily through allocation assessments paid by state entities that are participants in the state-administered workers' compensation program.

HIGHLIGHTS

- Funding includes \$98.5 million in All Funds for the State Workers' Compensation and Claims Operations Programs, which constitutes more than 90.0 percent of the agency's total budget and represents a \$0.2 million decrease from the 2018–19 biennium related to onetime Appropriated Receipts.
- Funding includes \$4.5 million in All Funds for the Enterprise Risk Management Program that represents an approximately \$0.2 million increase from the 2018–19 biennium related primarily to personnel costs.
- Funding includes \$0.4 million in All Funds for Insurance Purchasing and includes a \$34,293 increase from the 2018–19 biennium related primarily to personnel costs. SORM oversees the purchase of five state-sponsored insurance programs and reviews the purchase of other, nonstate-sponsored lines of insurance. The agency plans to introduce four lines of state-sponsored insurance during the next five years.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE II

All Funds for the Health and Human Services agencies total \$84.8 billion, an increase of \$1.2 billion from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$34.1 billion, a decrease of \$1.2 billion from the 2018–19 biennium.

Appropriations for Health and Human Services encompass many different programs, but the biennial All Funds increase is primarily the result of the following areas:

- an increase of \$2.3 billion associated with projected caseload growth and maintaining fiscal year 2019 average costs or rates for Medicaid, Children's Health Insurance Program (CHIP), and child protective services programs including foster care;
- a decrease of \$523.5 million in Federal Funds associated with onetime disaster-related federal funding and the Opioid State Targeted Response federal grant; and
- a decrease of \$460.0 million in Other Funds associated with funds from the Economic Stabilization Fund appropriated for capital repairs and renovations at state facilities during the 2018–19 biennium.

More favorable Federal Medical Assistance Percentages result in a higher proportion of the Medicaid program being funded with Federal Funds, more than offsetting increased General Revenue Funds demand associated with caseloads and costs, resulting in an overall decrease to General Revenue Funds.

HIGHLIGHTS

- Funding of \$67.6 billion in All Funds, including \$25.2 billion in General Revenue Funds and \$0.1 billion in General Revenue–Dedicated Funds, is provided at the three health and human services agencies for the Texas Medicaid program. This amount is an increase of \$2.0 billion in All Funds and a decrease of \$1.4 billion in General Revenue Funds, including the following amounts:
 - included in these amounts is \$62.9 billion in All Funds for Medicaid client services, \$1.7 billion in All Funds for programs supported by Medicaid funding, and \$2.9 billion in All Funds for administration of the Medicaid program and other programs supported by Medicaid funding. The net increase in Medicaid funding is due to a \$2.0 billion All Funds increase in Medicaid client services and a \$69.2 million All Funds increase in other programs supported by Medicaid funding offset by a \$33.7 million All Funds decrease in administrative funding;
 - increased All Funds provided for Medicaid client services supports caseload growth, maintains fiscal year 2019 average costs for most services, and provides funding for cost growth associated with average costs established by the federal government. More favorable Federal Medical Assistance Percentages result in a higher proportion of the program being funded with Federal Funds, more than offsetting increased General Revenue Funds demand associated with caseload and costs, resulting in an overall decrease to General Revenue Funds of \$1.4 billion. Full funding for anticipated increases in cost due to medical inflation, higher utilization, or increased acuity is not included; and
 - the 2018–19 biennial amounts for Medicaid assume supplemental funding to complete fiscal year 2019 expenditures.
- Funding for non-Medicaid/CHIP behavioral health services at the three health and human services agencies totals \$3.0 billion in All Funds, including \$2.3 billion in General Revenue Funds and General Revenue–Dedicated Funds, which includes funding for community mental health services; mental health services for veterans; inpatient mental health services at state-owned and community hospitals; and substance abuse prevention, intervention, and treatment services. This amount is a decrease of \$387.0 million in All Funds and an increase of \$90.8 million in General Revenue Funds and General Revenue–Dedicated Funds, primarily due to the following changes:
 - a decrease in Other Funds associated with funding from the Economic Stabilization Fund appropriated for onetime construction projects and certain capital repair and renovation projects at state hospitals and other state-funded inpatient mental health facilities;
 - a decrease in Federal Funds associated with an assumed decrease in the Opioid State Targeted Response federal grant; and
 - an increase in General Revenue Funds associated primarily with continuing funding for state mental health hospitals at fiscal year 2018 service levels and to staff and operate construction projects at San Antonio State Hospital, Kerrville State Hospital, and Rusk State Hospital.
- Funding includes \$1.9 billion in All Funds, including \$895.6 million in General Revenue Funds, for foster care, adoption subsidies, permanency care assistance, relative caregiver assistance, and contracted day-care services at the Department of Family and Protective Services (DFPS). This amount includes an increase of \$91.7 million in All Funds from 2018–19 biennial spending levels primarily to support projected caseload growth.

Figure 39 shows the All Funds appropriation for each agency in Article II, and **Figure 40** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for the agencies in Article II.

NOTES:

- (1) May include anticipated supplemental spending adjustments.
- (2) Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of Family and Protective Services (DFPS) for the 2020–21 biennium totals \$4.3 billion in All Funds, including \$2.4 billion in General Revenue Funds and \$11.4 million in General Revenue–Dedicated Funds. This amount represents a \$34.8 million, or 1.5 percent, increase in General Revenue Funds and a \$128.8 million, or 3.1 percent, increase in All Funds.

HIGHLIGHTS

- Funding includes a total of \$1.9 billion in All Funds and \$895.6 million in General Revenue Funds, an increase of \$91.7 million in All Funds and \$14.3 million in General Revenue Funds from 2018–19 biennial spending levels, for the following client services programs:
 - funding includes \$1.0 billion in All Funds and \$470.4 million in General Revenue Funds for Foster Care Payments, including those for Community-based Care. Funding includes a \$21.9 million increase in All Funds and \$5.9 million increase in General Revenue Funds from the 2018–19 biennial base. The increase is due primarily to projected caseload growth and increased network support payments for Community-based Care related to the biennializing expansion that occurred during fiscal year 2019. Increased General Revenue Funds demand associated with caseload growth and network support payments is offset mostly by a decrease in General Revenue Funds demand attributed to more favorable Federal Medical Assistance Percentages (FMAP);

- funding includes \$612.4 million in All Funds and \$281.9 million in General Revenue Funds for Adoption Subsidies and Permanency Care Assistance Payments. Funding includes a \$46.8 million increase in All Funds due primarily to projected caseload growth. Increased General Revenue Funds demand associated with caseload growth is more than offset by decreases attributed to more favorable FMAPs and an increase in eligibility for the federal Title IV-E funding, resulting in a decrease of \$3.4 million in General Revenue Funds;
- funding includes \$197.5 million in All Funds and \$85.1 million in General Revenue Funds for Texas Workforce Commission (TWC) contracted day-care services. Funding includes a \$15.3 million increase in All Funds, which are assumed to be funded with federal Child Care Development Block Grant Federal Funds, from the 2018–19 biennial base related primarily to projected caseload and cost growth and to maintain a full biennium of rate increases implemented by TWC in August 2018; and
- funding includes \$80.6 million in All Funds and \$58.1 million in General Revenue Funds for Relative Caregiver Monetary Assistance Payments. Funding includes a \$7.7 million increase in All Funds from the 2018–19 biennial base related to projected caseload growth. An \$11.8 million increase in General Revenue Funds is due to caseload growth and decreased eligibility for Temporary Assistance for Needy Families Federal Funds.
- Funding includes \$1.5 billion in All Funds for Child Protective Services direct delivery staff, including services provided through Community-based Care. This amount includes increased funding for additional full-time-equivalent (FTE) positions to maintain caseload per worker and increased funding and a decrease in FTE positions to biennialize Community-based Care expansion that occurred during fiscal year 2019.
- Funding includes an overall decrease of \$16.5 million in All Funds primarily for various information technology projects for Information Management Protecting Adults and Children in Texas and for projects related to programs that transferred to the Health and Human Services Commission, pursuant to Senate Bill 11, Eighty-fifth Legislature, Regular Session, 2017.

DEPARTMENT OF STATE HEALTH SERVICES

FIGURE 42
DEPARTMENT OF STATE HEALTH SERVICES, BY METHOD OF FINANCE

(IN MILLIONS)	ESTIMATED/BUDGETED 2018–19	RECOMMENDED 2020–21	BIENNIAL CHANGE	PERCENTAGE CHANGE
METHOD OF FINANCE				
General Revenue Funds	\$475.6	\$504.7	\$29.1	6.1%
General Revenue–Dedicated Funds	\$336.2	\$320.0	(\$16.2)	(4.8%)
Federal Funds	\$660.1	\$586.4	(\$73.7)	(11.2%)
Other Funds	\$216.3	\$210.6	(\$5.7)	(2.6%)
Total, All Methods of Finance	\$1,688.2	\$1,621.7	(\$66.5)	(3.9%)

NOTES:

- (1) Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.
- (2) The full-time-equivalent (FTE) actual positions for fiscal years 2016 to 2018 represent FTE positions transferred to the Texas Department of Licensing and Regulation pursuant to Senate Bill 202, Eighty-fourth Legislature, 2015, and to the Health and Human Services Commission pursuant to Senate Bill 200, Eighty-fourth Legislature, 2015.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of State Health Services (DSHS) for the 2020–21 biennium totals \$1.6 billion in All Funds, which represents an All Funds decrease of \$66.5 million, or 3.9 percent. The decrease in funding is related primarily to onetime Hurricane Harvey Assistance federal funding and a decrease in federal funding for HIV activities.

HIGHLIGHTS

- Funding for the 2020–21 biennium represents an overall increase of \$29.1 million in General Revenue Funds. Significant funding includes the following increases:
 - \$7.0 million to combat maternal mortality and morbidity, contingent on the enactment of legislation;
 - an increase of \$8.4 million for immunization activities to offset a decrease in Federal Funds;
 - a net increase of \$6.3 million to support newborn screening for X-linked adrenoleukodystrophy (X-ALD). Funding provides \$7.9 million for X-ALD screening, offset by a decrease of \$1.6 million for onetime start-up laboratory costs during the 2018–19 biennium; and
 - \$1.3 million to replace 49 vehicles, primarily in DSHS regional offices.

- Funding for EMS and Trauma Care Systems totals \$251.5 million in General Revenue Funds and General Revenue–Dedicated Funds for the 2020–21 biennium, which is a decrease of \$2.3 million from the 2018–19 biennium, primarily due to a decrease in fund balance in the General Revenue–Dedicated Account No. 5111, Designated Trauma Facility and EMS. The \$2.3 million decrease would decrease the Interagency Contract with the Health and Human Services Commission (HHSC) for add-on payments for trauma and safety-net hospitals. This decrease is offset by other methods of finance at HHSC.
- Funding represents a decrease of \$6.0 million in three General–Revenue Dedicated Accounts: Account No. 5044, Permanent Fund for Health and Tobacco Education and Enforcement; Account No. 5045, Permanent Fund for Children and Public Health; and Account No. 5046, Permanent Fund for Emergency Medical Services and Trauma Care. The decrease is due to an expected decrease in interest earnings available for appropriation. This decrease is offset by an increase of \$5.9 million in General Revenue Funds, including the following amounts:
 - \$1.5 million for regional and local health services;
 - \$3.0 million for tobacco prevention education; and
 - \$1.4 million to support the development of emergency medical services and trauma systems.
- Funding represents a decrease of \$10.8 million in Other Funds from HIV Vendor Drug Rebate Revenue available for appropriation for the 2020–21 biennium, primarily attributable to a pharmaceutical manufacture leaving the federal program.
- Funding represents a method-of-finance swap for laboratory activities of \$5.9 million in Other Funds from the Public Health Medicaid Reimbursements Account for General Revenue–Dedicated Account No. 524, Public Health Services Fees, due to a decreasing fund balance.

HEALTH AND HUMAN SERVICES COMMISSION

ALL FUNDS, 2020–21 BIENNIUM (IN MILLIONS)		FULL-TIME-EQUIVALENT POSITIONS		

NOTES:

- (1) May include anticipated supplemental spending adjustments.
- (2) Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.
- (3) Beginning in fiscal year 2017, full-time-equivalent (FTE) actual positions and the FTE position cap represent positions transferred to the Health and Human Services Commission (HHSC) from the Department of Aging and Disability Services (DADS), the Department of Assistive and Rehabilitative Services (DARS), and the Department of State Health Services, pursuant to Senate Bill 200, Eighty-fourth Legislature, 2015.
- (4) In addition to the FTE positions shown, DADS employed 15,803.0 FTE positions during fiscal year 2014; 15,529.0 positions during fiscal year 2015; 16,875.0 positions during fiscal year 2016; and 13,203.5 FTEs in fiscal year 2017. DARS employed 2,935.3 FTE positions during fiscal year 2014; 2,922.6 positions during fiscal year 2015, and 3,037.3 positions during fiscal year 2016. DADS and DARS were abolished by Senate Bill 200, Eighty-fourth Legislature, 2015, and their programs were transferred to other agencies, primarily to HHSC.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Health and Human Services Commission (HHSC) for the 2020–21 biennium totals \$77.4 billion in All Funds, which is an increase of \$1.1 billion in All Funds from the 2018–19 biennium. General Revenue Funds total \$29.2 billion, a decrease of \$1.2 billion from the 2018–19 biennium. The HHSC Office of Inspector General is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding for Medicaid client services at HHSC for the 2020–21 biennium includes \$62.9 billion in All Funds, including \$23.7 billion in General Revenue Funds and General Revenue–Dedicated Funds. This amount represents an increase of \$2.0 billion in All Funds, including a decrease of \$1.4 billion in General Revenue Funds and General Revenue–Dedicated Funds, from 2018–19 biennial spending levels. The net increase for Medicaid client services is related primarily to projected caseload growth, maintaining fiscal year 2019 average costs for most services, and cost growth associated with average costs established by the federal government. More favorable Federal Medical Assistance Percentages (FMAP) result in a higher proportion of the program being funded with Federal Funds, which more than offsets the increased

General Revenue Funds demand associated with caseload and costs and results in an overall decrease to General Revenue Funds of \$1.4 billion. Cost growth for the 2020–21 biennium is not included. The 2018–19 biennial spending levels for Medicaid client services assume supplemental funding to complete fiscal year 2019 expenditures.

- Funding for the Children’s Health Insurance Program (CHIP) client services for the 2020–21 biennium includes \$2.2 billion in All Funds (\$459.4 million in General Revenue Funds), which is an increase of \$186.8 million in All Funds (\$314.3 million in General Revenue Funds) from 2018–19 biennial spending levels. The All Funds increase is related primarily to projected caseload growth and the maintenance of fiscal year 2019 average costs. More favorable Enhanced Federal Medical Assistance Percentages are offset by the phase-out of the 23.0 percentage-point increase to matching rates, pursuant to the federal Affordable Care Act, resulting in a decrease of the proportion of the program that is federally funded. Cost growth for CHIP during the 2018–19 biennium is not included.
- Funding for non-Medicaid/CHIP behavioral health totals \$3.0 billion in All Funds, including \$2.2 billion in General Revenue Funds and General Revenue–Dedicated Funds. This amount includes funding for inpatient client services at state hospitals and community hospitals; outpatient services provided through local mental health authorities and local behavioral health authorities; substance abuse prevention, intervention, and treatment services for adults and children; mental healthcare services for veterans; and various other services. This amount is a decrease of \$389.4 million in All Funds and an increase of \$88.3 million in General Revenue Funds and General Revenue–Dedicated Funds. Behavioral health-related expenditures in Medicaid are estimated to be \$3.4 billion in All Funds for the biennium, when including cost growth that is not funded, and behavioral health-related expenditures in CHIP are estimated to be \$111.7 million in All Funds for the biennium, when including cost growth that is not funded. Total behavioral health-related funding at HHSC, including estimated Medicaid and CHIP expenditures, is estimated to be \$6.5 billion in All Funds for the biennium, including the following amounts:
 - funding for community mental health services totals \$1.3 billion in All Funds, including \$1.1 billion in General Revenue Funds. This amount is an increase of \$40.1 million in All Funds, including \$31.5 million in General Revenue Funds, primarily related to maintaining fiscal year 2019 service levels for certain community mental health grant programs and to expand outpatient treatment capacity for children;
 - funding for substance abuse services totals \$435.7 million in All Funds, including \$93.4 million in General Revenue Funds. This amount is a decrease of \$81.9 million in All Funds, primarily related to a projected decrease in the Opioid State Targeted Response federal grant;
 - funding for state mental health hospitals totals \$852.4 million in All Funds, including \$720.9 million in General Revenue Funds. This amount is an increase of \$48.3 million in All Funds, including \$54.4 million in General Revenue Funds, from 2018–19 biennial spending levels. Funding includes an increase of \$28.0 million in All Funds, including \$27.2 million in General Revenue Funds, to continue funding at fiscal year 2018 service levels and \$27.6 million in General Revenue Funds to staff and operate construction projects at San Antonio State Hospital, Kerrville State Hospital, and Rusk State Hospital; and
 - funding represents a decrease of \$380.5 million in Other Funds associated with funding from the Economic Stabilization Fund appropriated for onetime construction projects at the state hospitals and other state-funded inpatient mental health facilities.
- Funding for Medicaid and CHIP contracts and administration totals \$1.2 billion in All Funds, including \$400.8 million in General Revenue Funds, for the 2020–21 biennium. This amount is an increase of \$56.0 million in All Funds, including \$8.0 million in General Revenue Funds, from 2018–19 biennial spending levels related to additional federal funding for expansion of the Medicaid Management and Information System and additional funding to biennialize certain contract oversight and utilization review full-time-equivalent positions, partially offset by the transfer of the Subrogation and Recovery program to the Office of the Inspector General.

- Funding for the state supported living centers (SSLC) totals \$1.4 billion in All Funds for the 2020–21 biennium, including \$518.9 million in General Revenue Funds. This amount is a decrease of \$5.5 million in All Funds related to projected census decreases, contract savings, and the discontinuation of certain federal grants. More favorable FMAPs result in a higher proportion of the program being funded with Federal Funds, resulting in an overall decrease to General Revenue Funds of \$49.7 million. An additional decrease of funding from the Economic Stabilization Fund of \$78.1 million for capital repairs and renovations at the SSLCs does not contribute to the decrease previously discussed.
- Funding for Women’s Health Programs includes \$278.8 million in All Funds, including \$141.1 million in General Revenue Funds, for the 2020–21 biennium. This amount is a decrease of \$0.2 million in All Funds, including \$58.8 million in General Revenue Funds, from 2018–19 biennial spending levels. The decrease in General Revenue Funds is related primarily to assumed approval of HHSC’s Medicaid Section 1115 waiver application for the Healthy Texas Women program, and is offset by a corresponding increase in Federal Funds.
- Funding for Early Childhood Intervention services totals \$293.6 million in All Funds, including \$60.2 million in General Revenue Funds, for the 2020–21 biennium. This amount represents an increase of \$4.2 million in Federal Funds from 2018–19 biennial spending levels. The increase is related to projected caseload growth.
- Funding for Integrated Eligibility and Enrollment totals \$1.2 billion in All Funds, including \$402.7 million in General Revenue Funds. This amount is a decrease of \$99.3 million in All Funds, including \$99.6 million in General Revenue Funds, from 2018–19 biennial spending levels. The 2018–19 biennial spending levels include the expenditure of General Revenue Funds that were made available by a matching rate that was more favorable than the rate assumed in the Eighty-fifth Legislature, General Appropriations Act, 2018–19 Biennium, and the associated additional federal matching funds. Funding for Integrated Eligibility and Enrollment is maintained at the lower 2018–19 biennial appropriated level.
- Funding for the Office of Inspector General (OIG) totals \$110.3 million in All Funds, including \$45.5 million in General Revenue Funds. This amount is an increase of \$1.7 million in All Funds and a decrease of \$0.1 million in General Revenue Funds from 2018–19 biennial spending levels, due primarily to the transfer to OIG of the Subrogation and Recovery program from HHSC offset by a decrease to maintain the 2018–19 biennial base spending level for direct support services.
- Funding for disaster assistance represents a decrease of \$409.8 million in Federal Funds related to onetime funding for Hurricane Harvey response.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE III

Public education All Funds appropriations, excluding the Teacher Retirement System, the Optional Retirement Program, and end-of-article benefits, total \$65.5 billion for the 2020–21 biennium, an increase of \$10.0 billion, or 18.0 percent, from the 2018–19 biennium. General Revenue Funds total \$44.0 billion, an increase of \$7.3 billion, or 0.1 percent, from the 2018–19 biennium. Other Funds total \$10.8 billion for the 2020–21 biennium, an increase of \$2.5 billion, or 30.9 percent. Federal Funds total \$10.7 billion, a \$204.7 million, or a 1.9 percent increase, primarily attributable to Child Nutrition.

The majority of Public Education funding consists of state aid for school districts and charter schools through the Foundation School Program (FSP) system. FSP funding is driven by statutory formulas, amounts specified in the General Appropriations Act, and projected enrollment and district property value amounts, including the following areas:

- FSP funding for the 2018–19 biennium includes \$42.0 billion in General Revenue Funds and \$52.6 billion in All Funds. This amount represents a biennial increase of \$7.4 billion in General Revenue Funds, and an All Funds increase of \$9.9 billion, or 23.1 percent, compared to the 2018–19 biennium;
- General Revenue Funds provided for the FSP represent an increase of \$9.0 billion greater than what is estimated to be required to fund the current law FSP entitlement, contingent on enactment of legislation supporting school districts and charter schools by increasing the state share of the FSP, enhancing district entitlement, decreasing recapture, and providing local property tax relief, while maintaining an equitable system of school finance. The All Funds increase is

attributable primarily to the General Revenue Funds increase, but also incorporates a projected \$2.4 billion increase in recapture repayments and a projected \$171.7 million increase in the Property Tax Relief Fund. Funding for current law FSP entitlement includes an estimated \$2.4 billion for student enrollment growth and \$2.2 billion in additional state aid greater than the 2018–19 biennial funding level for the Tier 2 enrichment funding guaranteed yield associated with the Austin Independent School District;

- non-FSP program and administration funding for the 2018–19 biennium includes \$1,928.2 million in General Revenue Funds appropriations, a \$95.8 million decrease compared to the 2016–17 biennium. The net decrease is due primarily to a \$166.7 million decrease in funding for instructional materials and technology and an \$8.7 million decrease related to the expiration of onetime funding and other adjustments, partially offset by General Revenue Funds increases of \$79.7 million to various programs; and
- an All Funds total of \$54.5 million is provided for the Texas Education Agency's (TEA) Safe and Healthy Schools Initiative, including \$42.5 million in Other Funds from the Economic Stabilization Fund and \$12.0 million in General Revenue Funds. An additional \$50.5 million in General Revenue Funds is provided for TEA's Special Education Supports Initiative to provide grants for compensatory services to students in accordance with the federal Individuals with Disabilities Education Act.

Funding for teacher retirement benefits includes \$4.1 billion in All Funds for the state contribution to retirement benefits of the Teacher Retirement System (TRS). Retiree health insurance funding totals \$1.1 billion in All Funds, and includes \$879.4 million in General Revenue Funds to provide a statutorily required state contribution to TRS-Care of 1.25 percent of public education payroll. Funding also includes \$230.8 million greater than statutorily required amounts in Other Funds from the Economic Stabilization Fund to maintain plan year 2019 TRS-Care premiums and benefits for the 2020–21 biennium.

Funding for higher education, excluding end of article benefits, totals \$19.8 billion in All Funds for the 2020–21 biennium, an increase of \$345.8 million, or 1.8 percent from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$16.5 billion, an increase of \$147.0 million, or 0.9 percent, from the 2018–19 biennium. The majority of higher education funding provided from General Revenue Funds and General Revenue–Dedicated Funds consists of formula funding into the general academic institutions, Lamar State Colleges, Texas State Technical Colleges, health related institutions, and public community and junior colleges, including the following areas:

- higher education formulas are supported by \$7.4 billion in General Revenue Funds and \$1.5 billion in statutory tuition in General Revenue–Dedicated Funds. Included in this amount are increases of \$135.2 million in General Revenue Funds and \$55.8 million in General Revenue–Dedicated Funds. For most of the higher education formulas, the 2018–19 biennial rate is maintained. For the Lamar State Colleges (LSC), funding increases by an additional \$14.0 million to increase the Instruction and Administration Formula rate to \$5.23 and increase the LSCs' Small Institution Supplement. For The University of Texas Health Science Center at Tyler's Chest Disease Center Operations formula, the rate decreases to \$183 from \$187 per chest disease patient due to a growth limitation for mission specific formulas;
- funding for non-formula support items at all institutions for the 2020–21 biennium totals \$937.2 million in General Revenue Funds, which represents an increase of \$77.4 million from the 2018–19 biennium;
- funding for the 2020–21 biennium for tuition revenue bond debt service totals \$980.9 million in General Revenue Funds, which is a decrease of \$31.1 million from the 2018–19 biennium;
- funding at the Texas Higher Education Coordinating Board provides a total of \$157.2 million in All Funds for Graduate Medical Education (GME) Expansion. This amount includes \$135.2 million in General Revenue Funds, an increase of \$60.0 million from 2018–19 biennial funding levels, and \$22.0 million in distributions from the Permanent Fund Supporting Graduate Medical Education (Other Funds), an increase of \$0.2 million to meet the 1.1-to-1.0 ratio of first-year residency positions for each Texas medical school graduate; and

- funding for the TEXAS Grant Program, \$786.5 million, maintains the General Revenue Funds levels from the 2018–19 biennium.

Figure 45 shows the All Funds appropriation for each agency in Article III, and **Figure 46** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for some of the agencies in Article III.

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Education Agency (TEA) for the 2020–21 biennium totals \$65.4 billion in All Funds, a \$10.0 billion, or 18.1 percent, increase compared to the 2018–19 biennium. The increase is attributable primarily to an increase of \$9.9 billion in the Foundation School Program (FSP), a \$204.7 million Federal Funds increase, primarily in Child Nutrition, partially offset by a net General Revenue Funds decrease of \$95.8 million for non-FSP programs and administration.

HIGHLIGHTS

- FSP funding for the 2020–21 biennium includes \$42.0 billion in General Revenue Funds and \$52.6 billion in All Funds. This amount represents an increase of \$7.4 billion, or 21.2 percent, in General Revenue Funds, and an increase of \$9.9 billion, or 23.1 percent, in All Funds compared to the 2018–19 biennium.
- General Revenue Funds for the FSP provide an increase of \$9.0 billion greater than what is estimated to be required to fund the current law FSP entitlement, contingent on enactment of legislation supporting school districts and charter schools by increasing the state share of the FSP, enhancing district entitlement, decreasing recapture, and providing local property tax relief, while maintaining an equitable system of school finance.
- Excluding the additional \$9.0 billion in new funding, the appropriation required to fully fund current law FSP entitlement represents a net increase in All Funds of \$0.9 billion, attributable to a projected increase of \$2.4 billion in recapture revenue and a projected \$171.7 million increase from the Property Tax Relief Fund, partially offset by a decrease of \$1.6 billion in General Revenue Funds.

- Funding for non-FSP programs increase All Funds by \$122.2 million and General Revenue Funds by \$79.7 million to establish several new programs and provide increases to existing programs, including the following amounts:
 - \$54.5 million in All Funds for TEA's new Safe and Healthy Schools Initiative, including \$42.5 million in Other Funds from the Economic Stabilization Fund and \$12.0 million in General Revenue Funds;
 - \$50.5 million in General Revenue Funds for the new Special Education Supports Initiative to provide grants for compensatory services to students in accordance with the federal Individuals with Disabilities Education Act (IDEA); and
 - General Revenue Funds increases of \$10.0 million for Communities in Schools, \$5.5 million for Adult Charter School, and \$1.7 million for the Texas Advanced Placement Initiative.
- Instructional materials and technology funding is \$1,106.0 million in General Revenue Funds and is based on a distribution rate of 50.0 percent of the Permanent School Fund to the Available School Fund. This funding level is a \$2.6 million increase from 2018–19 biennial appropriations, but a \$166.7 million decrease from 2018–19 biennial budgeted amounts, attributable to \$169.6 million in unexpended balances from fiscal year 2017 carried into the 2018–19 biennium.
- Excluding instructional materials and non-FSP programs, other non-FSP program and administration funding for the 2020–21 biennium includes \$742.5 million in General Revenue Funds appropriations, representing an \$8.7 million decrease related to the expiration of onetime funding and other adjustments.
- The agency's full-time-equivalent (FTE) position cap is increased by 54.0 from 885.0 to 933.0 to implement the agency's Special Education Strategic Plan. The additional FTE positions will be paid for completely with federal IDEA funds.

FULL-TIME-EQUIVALENT POSITIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Teacher Retirement System (TRS) for the 2020–21 biennium totals \$5.5 billion in All Funds. This amount represents an increase of \$65.4 million, or 1.2 percent, from the 2018–19 biennial base. The increase is due primarily to an additional \$230.8 million in Other Funds from the Economic Stabilization Fund for TRS-Care and \$217.0 million in All Funds to cover projected payroll growth for the 2020–21 biennium, partially offset by a decrease of \$394.6 million in onetime General Revenue Funds for TRS-Care for the 2018–19 biennium.

Funding consists of state contributions for public and higher education retirement and retired public education employee healthcare benefits (TRS-Care), based on active member payroll amounts. Funding also includes an additional \$230.8 million in Other Funds from the Economic Stabilization Fund greater than amounts estimated to be statutorily required for TRS-Care to maintain plan year 2019 premiums and benefits for the 2020–21 biennium. TRS is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding includes \$4.9 billion in General Revenue Funds and \$48.8 million in General Revenue–Dedicated Funds. Funding represents a state contribution rate of 6.8 percent of active member payroll for retirement benefits. Funding for public education retirement benefits totals an estimated \$3.7 billion in General Revenue Funds for the 2020–21 biennium, a 5.7 percent increase from the 2018–19 biennial base. The increase is attributable to the growth of public education payroll, projected to be an average of 3.9 percent each year of the 2020–21 biennium across public education retirement and TRS-Care strategies. Funding for higher education retirement benefits totals an estimated \$368.5 million

in All Funds for the 2020–21 biennium, an 11.8 percent decrease from the 2018–19 biennial base due to lower-than-expected growth of higher education retirement contributions covered by General Revenue Funds.

- Funding for TRS-Care for the 2020–21 biennium totals \$1.1 billion in All Funds, a decrease of \$99.5 million, or 8.2 percent, from the 2018–19 biennial base. Funding includes an estimated \$879.4 million in General Revenue Funds to provide statutorily required contributions to TRS-Care equal to 1.25 percent of payroll and \$230.8 million in Other Funds from the Economic Stabilization Fund greater than amounts estimated to be statutorily required to maintain plan year 2019 TRS-Care premiums and benefit levels for the 2020–21 biennium. The biennial funding decrease is due to onetime additional TRS-Care funding of \$394.6 million in General Revenue Funds in the 2018–19 biennial base, partially offset by \$64.4 million in General Revenue Funds of projected public education payroll growth and the additional \$230.8 million from the Economic Stabilization Fund.
- Funding for administrative operations, which are supported by the TRS Pension Trust Fund (Other Funds), totals \$243.0 million, a 4.9 percent increase from the 2018–19 biennial base. The increase for administrative operations represents the full biennial costs of 94.0 additional full-time-equivalent positions authorized by the TRS Board during the 2018–19 biennium for benefits services, investment management, and administrative support functions.

TEXAS HIGHER EDUCATION COORDINATING BOARD

Total, All Methods of Finance	\$1,583.6	\$1,594.1	\$10.5	0.7%

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Higher Education Coordinating Board for the 2020–21 biennium totals \$1.6 billion in All Funds, a \$10.5 million, or 0.7 percent, increase compared to 2018–19 biennial funding levels. Funding includes \$1.4 billion in General Revenue Funds, an increase of \$51.6 million, or 3.7 percent, compared to 2018–19 biennial funding levels.

HIGHLIGHTS

- Funding includes a total of \$157.2 million in All Funds for Graduate Medical Education Expansion. This amount includes \$135.2 million in General Revenue Funds, an increase of \$60.0 million from 2018–19 biennial funding levels, and \$22.0 million in distributions from the Permanent Fund Supporting Graduate Medical Education (Other Funds), an increase of \$0.2 million to meet the 1.1-to-1.0 ratio of first-year residency positions for each Texas medical school graduate.
- Funds for the TEXAS Grant Program, \$786.5 million, maintain the General Revenue Funds levels from the 2018–19 biennium.
- Funding for the Tuition Equalization Grant Program totals \$178.6 million, an increase of \$6.8 million in General Revenue Funds from 2018–19 biennial levels.
- Funding provides \$0.2 million in General Revenue Funds for the B-On-Time Program – Private, a decrease of \$7.1 million in General Revenue Funds. Appropriations support only renewal awards in the program at private institutions during the 2020–21 biennium.

- Funding for the B-On-Time Program – Public include \$1.0 million in General Revenue–Dedicated Funds from Account No. 5103, Texas B-On-Time Student Loan, to support renewal awards for students attending public institutions of higher education, a decrease of \$17.2 million from 2018–19 biennial levels.
- Funding provides \$72.4 million in General Revenue Funds for Baylor College of Medicine Undergraduate Medical Education, a decrease of \$3.7 million from the 2018–19 biennial funding levels.
- Funding provides \$16.8 million in General Revenue Funds for Baylor College of Medicine Graduate Medical Education, an increase of \$1.4 million from the 2018–19 biennial funding levels.
- Funding represents a decrease of \$3.2 million in General Revenue Funds due to phase-out of the Top Ten Percent Scholarship Program.
- Funding represents a decrease of \$2.5 million in General Revenue Funds due to the transfer of funding for the Texas Community College Consortium to Angelina Community College.
- Funds for the Texas Research Incentive Program, \$35.0 million, maintain the General Revenue Funds levels from the 2018–19 biennium.
- Funding represents a \$5.5 million decrease in Federal Funds, primarily due the discontinuation of the Teacher Quality Grant Program.
- Funding represents an \$18.4 million decrease in Other Funds, primarily from aligning funding levels with projected distributions from certain tobacco funds.

SOURCE: Legislative Budget Board.

Funding for the Available University Fund (AUF) for the 2020–21 biennium totals an estimated \$2.3 billion in Other Funds, which is an increase of \$299.1 million. The increase in funding is due primarily to anticipated growth in the value of the Permanent University Fund (PUF) projected by the University of Texas Investment Management Company. The PUF is a state endowment fund that contributes to the support of most institutions and agencies of The University of Texas (UT) and Texas A&M University (TAMU) systems. Annual distributions are made from the PUF to the AUF as approved by the UT System’s Board of Regents in accordance with the Texas Constitution and Board of Regents’ policy. The estimated \$2.3 billion in AUF appropriations for the 2020–21 biennium are based on the Board of Regents’ policy rate of 5.0 percent for the annual distributions.

The Higher Education Fund (HEF) is a General Revenue Fund appropriation dedicated by the Texas Constitution to support certain capital costs at institutions of higher education that are not eligible to receive funding from the AUF. Funding for the HEF for the 2020–21 biennium totals \$787.5 million in General Revenue Funds, which represents no change from the 2018–19 biennium.

Funding for the Support for Military and Veterans Exemptions for the 2020–21 biennium totals an estimated \$47.8 million in All Funds, which includes an increase of \$0.5 million in Other Funds from the 2018–19 biennium. The All Funds include \$17.8 million in Other Funds from the Permanent Fund Supporting Military and Veterans Exemptions (MVE) and \$30.0 million in General Revenue Funds. The increase in funding is due to anticipated growth of the MVE projected by the Texas Treasury Safekeeping and Trust Company (TTSTC).

Funding for the Available National Research University Fund (ANRUF) for the 2020–21 biennium totals an estimated \$50.2 million in Other Funds, which is an increase of \$4.0 million from the 2018–19 biennium. The increase in funding is due to anticipated growth of the ANRUF projected by the TTSTC.

HIGHLIGHTS

- The Texas Constitution requires the Legislature to review the HEF formula allocation every 10 years and may adjust the amount and allocation of the HEF appropriation once every five years. The Texas Higher Education Coordinating Board (THECB) has completed a five-year study required by statute that recommends a reallocation of the HEF for fiscal year 2021 to account for fall 2017 space projection and campus condition data. The current allocation amounts for HEF-eligible institutions are listed in the Texas Education Code, Chapter 62, Subchapter B. An adjustment to the allocation amounts for fiscal years 2021 to 2025 would require enactment of legislation to amend current statute.
- The Eighty-third Legislature, Regular Session, 2013, established the MVE to help institutions of higher education offset the waived tuition and fee revenue from the Hazlewood Legacy Program as defined in the Texas Education Code. TTSTC administers the MVE and determines the amount available for annual distribution and appropriation from the fund in accordance with policy adopted by the Comptroller of Public Accounts. For the 2020–21 biennium, TTSTC projects the distribution rate to be 3.5 percent.
- The distribution of ANRUF appropriations and the eligibility requirements are set in the Texas Constitution, Article VII, Section 20, and the Texas Education Code, Subchapter G. Of the total ANRUF appropriations, each eligible institution receives a fiscal year distribution amount equal to the sum of: (1) one-seventh of the total available; and (2) an equal share of any amount remaining after distributions are calculated, not to exceed one-fourth of the remaining amount. The University of Texas at Dallas qualified as an eligible emerging research university consistent with THECB's eligibility requirements and received its first distribution from the ANRUF during fiscal year 2018. Currently, The University of Houston, Texas Tech University, and The University of Texas at Dallas are eligible to receive ANRUF appropriations and are projected to each receive \$16.7 million for the 2020–21 biennium.

GENERAL ACADEMIC INSTITUTIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the general academic institutions and university system offices for the 2020–21 biennium totals \$7.2 billion in All Funds, a \$3.9 million increase compared to the 2018–19 biennial base. Included in this funding is \$5.1 billion in General Revenue Funds, which is a \$52.9 million, or 1.1 percent, increase compared to 2018–19 biennial funding levels.

HIGHLIGHTS

- Appropriations provide \$3.4 billion in General Revenue Funds for the Instruction and Operations and the Infrastructure Support formulas, an increase of \$36.7 million from the 2018–19 biennium. Formula amounts for the 2020–21 biennium provide the same All Funds Instruction and Operations Formula rate of \$55.82 per weighted semester credit hour as the 2018–19 biennial rate. Formula amounts for the Infrastructure Formula also maintain the 2018–19 biennial rate of \$5.41 per predicted square foot.
- Funding for the 2020–21 biennium includes \$125.2 million in General Revenue Funds appropriations to The University of Texas at Austin and Texas A&M University through the Texas Research University Fund (TRUF). Appropriations to the TRUF maintain the General Revenue Funds amounts from the 2018–19 biennium.
- Funding provides state support for the eight emerging research universities through: (1) \$35.0 million in General Revenue Funds for the Texas Research Incentive Program (TRIP); and (2) \$105.4 million in General Revenue Funds for the Core Research Support Fund (CRS). Appropriations for TRIP are made to the Texas Higher Education Coordinating Board and are awarded to the institutions based on the receipt of private donations. Funding for CRS is appropriated

directly to the eight emerging research universities within their respective bill patterns. CRS funding for the 2020–21 biennium maintains the amounts provided for the 2018–19 biennium.

- Funding also provides for \$12.8 million in General Revenue Funds for the Comprehensive Research Fund (CRF) to support research at general academic institutions, excluding The University of Texas at Austin, Texas A&M University, and the eight emerging research universities. CRF appropriations maintain 2018–19 biennial funding levels.
- Non-formula support item funding totals \$483.1 million, an increase of \$46.4 million in General Revenue Funds for non-formula support items at general academic institutions and university system offices.
- Funding includes \$696.0 million in General Revenue Funds for tuition revenue bond debt service for previously authorized projects.

NOTES:

- (1) Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.
- (2) The actual full-time-equivalent positions for fiscal years 2014 and 2015 include positions funded with patient income.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the health related institutions (HRI) for the 2020–21 biennium totals \$3.2 billion in All Funds, a decrease of \$10.4 million from the 2018–19 biennium. Of this funding, \$2.9 billion is composed of General Revenue Funds, an increase of \$70.7 million from the 2018–19 biennium. The increase in General Revenue Funds is due primarily to enrollment growth at the health related institutions and to increased formula funding for the new medical schools at The University of Texas at Austin and The University of Texas Rio Grande Valley, which are fully operational.

HIGHLIGHTS

- Funding for the health related institutions includes appropriations to 13 institutions. Included in these appropriations is funding for The University of Texas at Austin Dell Medical School through The University of Texas at Austin's bill pattern, and for The University of Texas Rio Grande Valley School of Medicine through a new bill pattern. Appropriations to Baylor College of Medicine are made in the bill pattern for the Higher Education Coordinating Board but are included in formula amounts, which are discussed in the following sections.
- Formula funding recommendations maintain 2018–19 biennial rates for the 12 health related institutions. The Chest Disease Center Operations Formula at The University of Texas Health Science Center at Tyler is funded at less than the 2018–19 biennial rate due to the limitation in Article III, Special Provisions Relating Only to State Agencies of Higher Education, Section 9, which limits the growth of the Chest Disease Center Operations formula to the average growth in funding in the Instruction and Operations formula for the biennium.

- Funding provides \$1.9 billion in General Revenue Funds for the six HRI formulas that were funded in the 2018–19 biennium: the Instruction and Operations (I&O) Support formula, Infrastructure Support formula, Research Enhancement formula, Graduate Medical Education (GME) formula, and two mission-specific formulas (The University of Texas M.D. Anderson's Cancer Center Operations formula and The University of Texas Health Science Center at Tyler's Chest Disease formula). House Bill 1 as Introduced also establishes a new mission-specific formula for The University of Texas Southwestern Medical Center, the Performance Based Research Operations formula, which is funded with \$21.8 million reallocated from Hold Harmless funds appropriated to the institution during the 2018–19 biennium. The Performance Based Research Operations formula is a pilot formula for the 2020–21 biennium. Formula funding is an increase of \$73.0 million in General Revenue Funds, or 4.0 percent, from the 2018–19 biennium.
- Funding provides \$1.1 billion in General Revenue Funds for the I&O Support formula, an increase of \$34.9 million from the 2018–19 biennium. The 2020–21 biennial formula amounts maintain the I&O rate at \$9,431. Additionally, formula funding recommendations increase the weight of Biomedical Informatics in the I&O formula to 1.75 from 1.0. The I&O formula includes \$20.1 million in General Revenue Funds for a small class supplement. The supplement provides additional funding for instructional programs with enrollments of fewer than 200 students at remote locations and for instructional programs at The University of Texas Health Science Center at Tyler's main campus. Appropriations provide \$250.6 million in General Revenue Funds for the Infrastructure formula, an increase of \$0.5 million from the 2018–19 biennium. The 2020–21 biennial formula amounts maintain the 2018–19 biennial Infrastructure rate at \$6.11 for all institutions.
- Funding at the Higher Education Coordinating Board includes \$72.4 million in General Revenue Funds for Baylor College of Medicine Undergraduate Medical Education, a decrease of \$3.7 million from the 2018–19 biennium.
- Funding provides \$82.2 million in General Revenue Funds for the Research Enhancement formula, an increase of \$1.5 million from the 2018–19 biennium. The 2020–21 biennial formula amounts maintain the 2018–19 biennial Research Enhancement rate at 1.16 percent plus the base rate of \$1.4 million.
- Funding provides \$95.8 million in General Revenue Funds appropriated to health related institutions and Baylor College of Medicine for the GME formula, an increase of \$5.6 million from the 2018–19 biennium. The 2020–21 biennial formula amounts maintain the 2018–19 biennial GME rate at \$5,824 per medical resident.
- Funding provides \$272.9 million in General Revenue Funds for the Cancer Center Operations formula for The University of Texas M.D. Anderson Cancer Center, an increase of \$8.1 million, or 3.1 percent, from the 2018–19 biennium. The 2020–21 biennial formula amounts for the Cancer Center Operations formula maintain the 2018–19 biennial rate at \$1,650 per Texas cancer patient. Funding provides \$60.2 million in General Revenue Funds for the Chest Disease Center Operations formula for The University of Texas Health Science Center at Tyler, an increase of \$1.9 million, or 3.2 percent, from the 2018–19 biennium. The 2020–21 biennial formula amounts for the Chest Disease Center Operations formula decrease the rate to \$183 from \$187 per chest disease patient from the 2018–19 biennium, due to the growth limitation in Special Provisions.
- Funding for non-formula support items totals \$425.1 million, an increase of \$27.5 million from 2018–19 biennial General Revenue Funds base funding.
- Funding provides \$292.2 million in General Revenue Funds for tuition revenue bond debt service, a decrease of \$0.5 million from the 2018–19 biennium. The decrease is due to incremental decreases in tuition revenue bond debt service obligations.

Funding for public community and junior colleges for the 2020–21 biennium totals \$1.82 billion in General Revenue Funds, an increase of \$27.5 million from 2018–19 biennial levels.

HIGHLIGHTS

- Formula funding totals \$1.79 billion for the 2020–21 biennium, an increase of \$24.0 million from the 2018–19 biennium. Formula funding amounts maintain core operations funding at \$1.4 million for each community college district, and maintain the contact hour rate of \$2.70 and success point rate of \$171.56. The increase in funding is due to a 1.1 percent increase in contact hours and a 3.6 percent increase in the number of success points from the 2018–19 biennium.
- Recommendations for non-formula support items total \$30.6 million in General Revenue Funds for the 2020–21 biennium, an increase of \$3.5 million from the 2018–19 biennium.
- Funding for bachelor of applied technology programs total \$3.1 million for the 2020–21 biennium, an increase of \$0.3 million from the 2018–19 biennium, due to a 16.3 percent increase in semester credit hours in these programs. Appropriations maintain funding at the same Instruction & Operations General Revenue Funds rate used by general academic institutions.
- No information on full-time-equivalent positions is included because these positions are not appropriated for public community and junior colleges.

FULL-TIME-EQUIVALENT POSITIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas A&M University System (TAMU) agencies for the 2020–21 biennium totals \$1.0 billion in All Funds, a decrease of \$0.9 million from the 2018–19 biennium. Of this funding, \$407.7 million is composed of General Revenue Funds and General Revenue–Dedicated Funds, a decrease of \$0.7 million from the 2018–19 biennium. Texas A&M Veterinary Medical Diagnostic Laboratory is under Strategic Fiscal Review.

HIGHLIGHTS

- The TAMU agencies are state agencies that are part of the Texas A&M University System and have a broad statewide mission encompassing research, teaching, and public service. TAMU System agencies include the following agencies: Texas A&M AgriLife Research (TAR), Texas A&M AgriLife Extension Service (TAES), Texas A&M Forest Service (TFS), Texas A&M Engineering Experiment Station (TEES), Texas A&M Engineering Extension Service (TEEX), and Texas A&M Transportation Institute (TTI).
- TAR conducts research in agricultural, environmental, and life sciences. This function includes research on livestock, plants, crops, and processing techniques to ensure that Texas' agriculture system is competitive.
- TAES provides educational and training programs through a network of county extension agents across the state. The agency's program areas include health and safety, agriculture and natural resources, and leadership development.
- TEES conducts research, provides continuing education, and develops technology to assist industry and the engineering workforce. TEES performs engineering and technology research on water, energy, manufacturing, and the environment across the state.

- TEEX provides workforce training programs and technical assistance for first responders to enhance public safety and security (e.g., fire protection, law enforcement, water and wastewater, public works, environmental quality, etc.). TEEX also provides emergency response, search, and rescue operations statewide through Texas Task Force 1 and 2.
- TTI identifies and solves transportation problems through research and testing. TTI also develops and implements technologies for transportation needs and works closely with the Texas Department of Transportation.
- TFS provides wildfire prevention, detection, and suppression service and administers the statewide Texas Wildfire Protection Plan. TFS also assists during all-hazard emergencies such as flooding, ice storms, tornados, and hurricanes. TFS is involved in reforestation efforts and urban forestry programs, and conducts applied research on forest insects and diseases.
- Funding for TFS includes a \$2.0 million decrease in General Revenue–Dedicated Funds and a \$2.0 million increase in General Revenue Funds due to a method-of-finance swap between the General Revenue Funds Account No. 8042, Insurance Companies Maintenance Tax and Insurance Department Fees, and General Revenue–Dedicated Account No. 5064, Volunteer Fire Department Assistance. These funds are used for Texas Intrastate Fire Mutual Aid System grants.
- Funding for all seven agencies includes infrastructure support inside Brazos County that aligns with the general academic institutions' Infrastructure Formula rate, which results in a \$0.7 million decrease in General Revenue Funds from the 2018–19 biennium.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE IV

All Funds for the Judiciary agencies total \$875.4 million in All Funds for the 2020–21 biennium, which is an increase of \$18.4 million, or 2.1 percent, from the 2018–19 biennium. General Revenue Funds total \$541.9 million, which is an increase of \$51.1 million, or 10.4 percent from the 2018–19 biennium. General Revenue–Dedicated Funds total \$166.1 million, which is an increase of \$25.0 million, or 17.7 percent from the 2018–19 biennium. The General Revenue Funds increase primarily funds the provision of a 10.0 percent judicial salary increase and support for basic civil legal services.

Funding for the Judiciary supports administration of the Texas court system. This function includes the operations of 16 appellate courts and 76 children's courts, district judge salaries and county-level judge salary supplements, the judicial retirement system, prosecutor salaries and payments, judicial branch service agencies, indigent defense, basic civil legal services, juror pay, and judicial education.

HIGHLIGHTS

- Funding provides \$243.6 million in All Funds, an increase of \$27.2 million, for judicial salaries. The increase is due to a 10.0 percent judicial salary increase and the biennialization of funding for new statutory county courts and new district courts. An additional \$2.9 million in benefit costs related to the pay increase is recommended for the Employees Retirement System.

- Funding provides \$84.4 million in All Funds, an increase of \$25.5 million from 2018–19 biennial levels, for the Texas Indigent Defense Commission to assist counties in establishing, developing, and maintaining cost-effective indigent defense services. Increases in funding are due primarily to an additional 9.5 percent of court cost revenues being allocated to the General Revenue–Dedicated funding each fiscal year in compliance with a Texas Court of Criminal Appeals decision.
- Funding provides an estimated \$69.4 million in All Funds, a net decrease of \$39.2 million from 2018–19 biennial levels, for the Supreme Court of Texas to provide basic civil legal services to eligible recipients. This amount includes a General Revenue Funds increase of \$16.3 million to return this funding for the program to 2016–17 biennial spending levels and a \$55.6 million decrease in Other Funds from the Judicial Fund No. 573 due to onetime civil penalties awarded to the state during the 2018–19 biennium that no longer are available.
- Funding provides an estimated \$28.2 million in General Revenue–Dedicated Funds, an increase of \$4.3 million from 2018–19 biennial levels, to the Court of Criminal Appeals for its Judicial Education grant program for the purpose of continuing legal education and technical assistance of judges, court staff, prosecuting attorneys and their staff, and criminal defense attorneys that regularly represent indigent defendants in criminal matters, and provides innocence training.
- Funding provides \$12.7 million in All Funds for 33 Child Protection Courts within the Office of Court Administration, an increase of \$3.4 million in General Revenue Funds to provide nine additional courts in areas with large caseloads to promote faster case resolution.

Figure 56 shows the All Funds appropriation for each agency in Article IV, and **Figure 57** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for the Office of Court Administration, Texas Judicial Council.

SOURCES: Legislative Budget Board; State Auditor's Office.

All Funds for the Office of Court Administration, Texas Judicial Council for the 2020–21 biennium total \$175.4 million, which is an increase of \$20.0 million, or 12.9 percent, from the 2018–19 biennium. General Revenue Funds total \$39.5 million, which is an increase of \$1.5 million, or 4.0 percent from the 2018–19 biennium. General Revenue–Dedicated Funds total \$123.9 million, which is an increase of \$20.2 million, or 19.4 percent from the 2018–19 biennium. The Office of Court Administration, Texas Judicial Council is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding provides \$84.4 million in General Revenue–Dedicated Funds from Account No. 5073, Fair Defense (Account No. 5073) for the Texas Indigent Defense Commission, an increase of \$25.5 million. This funding replaces \$7.5 million in General Revenue Funds and provides an additional \$18.0 million for financial and technical support through discretionary grants to counties to develop and maintain indigent defense systems that meet the needs of local communities pursuant to the constitution and state law. Increases in funding are due primarily to the allocation of an additional 9.5 percent of court cost revenues to Account No. 5073 for each fiscal year in compliance with a Texas Court of Criminal Appeals decision.
- Funding provides an estimated \$39.2 million in General Revenue–Dedicated Funds from Account No. 5157, Statewide Electronic Filing System, a decrease of \$5.5 million, to fulfill Statewide Electronic Filing System vendor contract payments.

- Funding provides \$12.7 million in All Funds, an increase of \$3.4 million, for 33 Child Protection Courts. The funding provides nine additional courts in areas with large caseloads to promote faster case resolution.
- Funding provides \$5.7 million in General Revenue Funds, an increase of \$5.0 million, to provide a Guardianship Compliance Program to assist local courts with reviewing and auditing guardianship filings for elderly and incapacitated persons.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE V

All Funds for Public Safety and Criminal Justice agencies for the 2020–21 biennium total \$15.4 billion, which is a decrease of \$3.0 billion or 16.2 percent from the 2018–19 biennial expenditure levels. All Funds decreases are primarily the result of Federal Funds provided for Hurricane Harvey emergency assistance and funding from the Economic Stabilization Fund for onetime deferred maintenance, offset by funding for video surveillance at the Department of Criminal Justice.

General Revenue Funds and General Revenue–Dedicated Funds for the 2020–21 biennium total \$11.5 billion, which is an \$88.0 million increase, or 0.8 percent from the 2018–19 biennium. General Revenue Funds increases are primarily the result of increases for Correctional Managed Health Care and restoration of funding transferred from the Department of Criminal Justice for Hurricane Harvey relief, partially offset by a decrease related to the transfer of Driver License Services to the Department of Motor Vehicles, contingent on legislation.

HIGHLIGHTS

- Funding for the Department of Public Safety (DPS) totals \$5.4 billion in All Funds, which represents an All Funds decrease of \$3.3 billion, or 37.9 percent. Funding includes \$1.7 billion in General Revenue Funds and General Revenue–Dedicated Funds, a decrease of \$138.2 million, or 7.4 percent, compared to 2018–19 biennial funding levels and includes the following areas:

- funding for border security at DPS totals \$675.7 million in All Funds, \$435.2 million of which is in the agency's bill pattern in Goal B, Secure Texas. An additional \$246.5 million for border security operations and activities is provided in other agency goals. This amount is a \$18.6 million decrease from the 2018–19 biennium. This funding maintains support for DPS personnel at fiscal year 2019 full deployment levels, while eliminating funding for onetime and transitional expenditures; and
- funding includes \$130.7 million in General Revenue Funds for the Department of Public Safety's Driver License Services, which is a decrease of \$112.9 million from the 2018–19 biennium. Funding is decreased for fiscal year 2021 pursuant to the transfer of the Driver License Program to the Department of Motor Vehicles beginning September 1, 2020, contingent upon enactment of legislation.
- Funding for the Department of Criminal Justice for the 2020–21 biennium totals \$6.8 billion in All Funds, which includes an All Funds increase of \$183.8 million or 2.8 percent. The increase is primarily the result of funding for Correctional Managed Health Care (\$158.7 million), reimbursement of funding transferred for Hurricane Harvey relief (\$38.6 million), funding for video surveillance cameras at all remaining maximum-security units (\$26.0 million), and an educational and vocational pilot program (\$5.3 million), offset by decreases in onetime deferred maintenance funding (\$40.0 million) and funding populations at June 2018 projections (\$7.4 million).
- Funding for the Texas Juvenile Justice Department for the 2020–21 biennium totals \$633.6 million in All Funds, which is an All Funds decrease of \$27.5 million, or 4.2 percent. The All Funds decrease is primarily attributable to onetime deferred maintenance funding (\$12.1 million), onetime information technology funding (\$7.0 million), and funding populations at June 2018 projections (\$5.1 million).
- Funding for the Texas Military Department for the 2020–21 biennium totals \$190.4 million in All Funds, which represents an All Funds decrease of \$32.6 million, or 14.6 percent. The All Funds decrease is primarily attributable to Hurricane Harvey disaster assistance funding (\$35.1 million) and onetime deferred maintenance funding (\$16.2 million), offset by an agency-anticipated increase of Federal Funds for facilities maintenance (\$20.7 million).
- Funding for the Texas Alcoholic Beverage Commission for the 2020–21 biennium totals \$97.0 million in All Funds, which includes an All Funds decrease of \$2.5 million or 2.5 percent. The All Funds decrease is primarily attributable to Hurricane Harvey disaster assistance funding (\$1.6 million) and agency-anticipated decreases in Federal Funds and Appropriated Receipts (\$0.4 million).

Figure 60 shows the All Funds appropriation for each agency in Article V, and **Figure 61** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for some of the agencies in Article V.

Funding for the Texas Alcoholic Beverage Commission (TABC) for the 2020–21 biennium totals \$97.0 million in All Funds, which includes an All Funds decrease of \$2.5 million or 2.5 percent. The decrease in funding is primarily the result of onetime funding during the 2018–19 biennium for Hurricane Harvey assistance and decreases in required information technology funding. TABC is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding includes \$51.5 million in All Funds for Public Safety and Enforcement, which includes a \$1.6 million decrease for Governor's Emergency and Deficiency Grants (Other Funds) for Hurricane Harvey assistance.
- Funding includes a \$0.3 million General Revenue Funds decrease for Department of Information Resources' Data Center Services estimates and a \$0.1 million decrease in General Revenue Funds for onetime Centralized Accounting and Payroll/Personnel System funding.
- Funding includes a \$0.1 million agency-anticipated decrease in Federal Funds and a \$0.3 million agency-anticipated decrease in Appropriated Receipts.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Department of Criminal Justice (TDCJ) for the 2020–21 biennium totals \$6.8 billion in All Funds, which represents an All Funds increase of \$183.8 million or 2.8 percent from the 2018–19 biennium. The increase in funding is the net result of several increases and decreases to various budget items. Funding for the Board of Pardons and Paroles is included within the appropriations for TDCJ.

HIGHLIGHTS

- Funding includes \$5.7 billion in All Funds for the incarceration and treatment of adult offenders in state correctional institutions, which represents a \$227.7 million All Funds increase from the 2018–19 biennium. The net increase includes the following significant funding changes:
 - a \$160.0 million increase for Correctional Managed Health Care (CMHC), which provides mental, dental, nursing, pharmacy, hospital, and mental healthcare services to incarcerated offenders, to fully fund 2018–19 biennial expenditure levels;
 - a \$38.6 million transfer reimbursement for Hurricane Harvey relief;
 - a \$26.0 million increase for video surveillance cameras;
 - a \$5.3 million increase for an educational and vocational pilot program;
 - a \$0.7 million increase to fully fund the extension of medical prescriptions to 30 days to offenders upon release from a TDCJ facility; and

- a \$2.0 million decrease for a onetime sheltered housing project to expand unit infirmary capacity.
- Funding includes \$493.8 million in All Funds for the supervision of adult offenders on community supervision or probation, which represents a \$0.8 million decrease to fund basic supervision at Legislative Budget Board (LBB)-projected levels for the 2020–21 biennium.
- Funding includes \$416.4 million in All Funds for the Board of Pardons and Paroles, parole processing, parole supervision, and residential facilities, which represents an All Funds decrease of \$6.3 million from the 2018–19 biennium. The net funding decrease includes the following amounts:
 - a \$6.6 million decrease to fund parole supervision at LBB-projected levels for the 2020–21 biennium;
 - a \$0.5 million increase to relocate two Board and Institutional Parole Offices; and
 - a \$0.2 million decrease in Interagency Contracts as the result of a onetime Criminal Justice Grant.
- Projected felony direct community supervision populations are 155,520 for fiscal year 2020 and 155,598 for fiscal year 2021. Projected incarceration populations are 145,708 for fiscal year 2020 and 145,880 for fiscal year 2021. Projected parole populations are 84,488 for fiscal year 2020 and 84,641 for fiscal year 2021.

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Juvenile Justice Department (TJJD) for the 2020–21 biennium totals \$633.6 million in All Funds, which represents an All Funds decrease of \$27.5 million, or 4.2 percent. Included in the All Funds decrease is a General Revenue Funds decrease of \$14.1 million, an estimated Federal Funds decrease of \$0.4 million, and an Other Funds decrease of \$13.0 million. The All Funds decrease is attributable primarily to the decrease of onetime capital funding for information technology infrastructure, cybersecurity improvements, and deferred maintenance; a decrease for funding projected populations; and agency-identified operational efficiencies.

HIGHLIGHTS

- Funding for the 2020–21 biennium includes a \$5.1 million General Revenue Funds decrease across the following five areas of juvenile corrections to align funds with juvenile population projections:
 - probation basic supervision – a \$2.1 million decrease for supervision of juvenile offenders in local communities;
 - state-operated secure facilities – a \$4.2 million decrease for supervision, food, and basic needs of juvenile offenders in secure state facilities;
 - halfway houses – a \$0.3 million decrease for supervision, food, and basic needs of juvenile offenders in halfway houses;
 - contract residential placements – a \$1.6 million increase for juvenile offenders placed in contract residential facilities; and

- parole supervision – a \$45,177 decrease for basic supervision of juvenile parole offenders.
- Projections for juvenile populations for the 2020–21 biennium include the following populations:
 - projected state residential populations are 1,277 for fiscal year 2020 and 1,231 for fiscal year 2021. This population includes juveniles housed in state secure facilities, halfway houses, and contracted residential placements;
 - projected juvenile probation supervision populations are 19,081 for fiscal year 2020 and 18,596 for fiscal year 2021. This population includes juveniles supervised on adjudicated probation, deferred prosecution, and conditional release; and
 - projected parole supervision populations are 420 in fiscal year 2020 and 426 in fiscal year 2021.
- Funding for the 2020–21 biennium includes the following changes:
 - a \$7.0 million General Revenue Funds decrease for onetime information technology infrastructure and cybersecurity improvements;
 - a \$2.1 million General Revenue Funds decrease for agency-identified operational efficiencies across multiple strategies; and
 - a \$12.1 million decrease in Other Funds from the Economic Stabilization Fund for onetime deferred maintenance projects.

Funding for the Texas Military Department (TMD) for the 2020–21 biennium totals \$190.4 million in All Funds, which represents an All Funds decrease of \$32.6 million, or 14.6 percent. Included in the All Funds decrease is a General Revenue Funds increase of \$0.1 million, an estimated Federal Funds decrease of \$6.2 million, and an Other Funds decrease of \$26.4 million. TMD is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding includes an All Funds decrease of \$35.1 million to eliminate onetime funding for the deployment of the Texas Military Forces (TXMF) for disaster relief missions during and after Hurricane Harvey during fiscal year 2018. The net decrease in funding includes the following amounts:
 - a \$26.8 million decrease in Federal Funds; and
 - a \$8.3 million decrease in Governor's Emergency and Deficiency grants. TMD received \$30.0 million in emergency grants to deploy TXMF for activities related to Hurricane Harvey. TMD has reimbursed the Office of the Governor \$21.7 million of the grant amount.
- Funding for the Challenge Academy includes \$9.7 million in All Funds, which includes a decrease of \$1.0 million in Other Funds from Interagency Contracts – Foundation School Program Funds as the result of the consolidation of the two Challenge Academy campuses, resulting in the closure of the Sheffield location.
- Funding includes an All Funds decrease of \$3.7 million to eliminate onetime state funding for deferred maintenance and the State of Texas Armory Revitalization (STAR) program, primarily including the following amounts:

- a \$0.7 million decrease in General Obligation Bond Proceeds fully expended during the 2018–19 biennium;
 - a \$16.3 million decrease in funding from the Economic Stabilization Fund (ESF) to eliminate onetime deferred maintenance funding; and
 - a \$20.7 million agency-estimated increase in Federal Funds for facilities maintenance. The level of federal funding will decrease if the state's share of facilities maintenance funding decreases from the \$16.3 million in ESF that was appropriated for the 2018–19 biennium.
- Funding for border-related activities includes \$6.2 million in Other Funds from Interagency Contracts, which is a \$5.1 million decrease related to the National Guard surge deployment during the 2018–19 biennium and a \$0.1 million agency-estimated decrease for the Border Star program.
 - Funding includes a \$5.0 million increase in Current Fund Balance to maintain the 2018–19 biennial appropriated estimate from the sale of property.

ALL FUNDS, 2020–21 BIENNIUM (IN MILLIONS)		FULL-TIME-EQUIVALENT POSITIONS		

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of Public Safety for the 2020–21 biennium totals \$5.4 billion in All Funds, which represents an All Funds decrease of \$3.3 billion, or 37.9 percent. Funding includes \$1.7 billion in General Revenue Funds and General Revenue–Dedicated Funds, a decrease of \$138.2 million, or 7.4 percent, compared to 2018–19 biennial funding levels.

HIGHLIGHTS

- Funding includes \$675.7 million in All Funds, including \$669.7 million in General Revenue Funds and General Revenue–Dedicated Funds and \$6.0 million in Other Funds from Criminal Justice Grants for the 2020–21 biennium for border security in the border region. This amount includes \$435.2 million in the agency's bill pattern in Goal B, Secure Texas, and an additional \$246.5 million in other agency goals. This amount is an \$18.6 million decrease from the 2018–19 biennial expenditure levels, primarily as the result of the decrease of onetime funding for Operation Drawbridge equipment (\$7.0 million), construction of the Peñitas law enforcement facility (\$2.8 million), and removal of the Border Surge contingency funding (\$8.8 million). This funding maintains support for Department of Public Safety (DPS) personnel at fiscal year 2019 full deployment levels, and eliminates funding for onetime and transitional expenditures. The funding includes the following amounts:
 - \$671.1 million in 2018–19 biennial baseline border funding, which includes the 50.0-hour work week, and 250 additional troopers provided by the Eighty-fifth Legislature, Regular Session, 2017;
 - \$2.2 million for the University of North Texas Missing Persons Database;
 - \$1.3 million to fund the Border Auto Theft Information Center;

- \$0.7 million to fund training for local law enforcement agencies on transitioning crime reporting methodology to the National Incident Based Reporting System; and
- \$0.4 million for maintenance and operational costs for the Peñitas Law Enforcement Center.
- The remainder of the All Funds decrease is attributable primarily to an estimated Federal Funds decrease of \$3.0 billion (primarily Hurricane Harvey Public Assistance Grants), a decrease of \$174.9 million in Other Funds (primarily from the Economic Stabilization Fund and Interagency Contracts with the Office of the Governor for Hurricane Harvey relief), and a General Revenue Funds and General Revenue–Dedicated Funds increase of \$16.0 million, which includes the following amounts:
 - an \$8.3 million decrease for onetime Information Technology and Cybersecurity Items, and Centralized Accounting and Payroll/Personnel System deployment costs;
 - a \$5.8 million increase to restore General Revenue Funds provided to DPS crime labs;
 - a \$4.8 million increase in Motorcycle Education funding;
 - a \$4.0 million increase to fund a nonprofit entity dedicated to preventing and solving crime; and
 - a \$9.7 million increase for new facilities.
- Funding includes \$130.7 million in General Revenue Funds for the agency’s Driver License Services Program, which represents a decrease of \$112.9 million from the 2018–19 biennium. Funding is eliminated for fiscal year 2021 pursuant to the transfer of the Driver License Program to the Department of Motor Vehicles beginning September 1, 2020, contingent upon enactment of legislation.
- Funding includes \$87.5 million in General Revenue Funds to acquire 1,560 new and replacement vehicles during the 2020–21 biennium, a \$1.5 million increase from the 2018–19 biennium.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE VI

All Funds for the Natural Resources agencies total \$8.9 billion for the 2020–21 biennium, which is an increase of \$2.3 billion, or 35.6 percent, from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$2.2 billion, which is a decrease of \$89.9 million, or 3.9 percent from the 2018–19 biennium. Federal Funds total \$6.3 billion, which is an increase of \$2.5 billion, or 65.0 percent from the 2018–19 biennium.

HIGHLIGHTS

- Funding for the General Land Office and Veteran's Land Board provides the following amounts:
 - an increase of \$2.5 billion in Federal Funds for disaster recovery related to Hurricane Harvey including an additional \$1.9 billion for short-term and community housing projects and \$595.1 million for infrastructure projects offset by a \$9.0 million decrease from onetime coastal cleanup expenses;
 - an increase of \$96.9 million in All Funds for coastal projects, including \$61.3 million in additional Appropriated Receipts for coastal erosion projects from the National Fish and Wildlife Foundation (NFWF), the Restore Act, and the Natural Resource Damage Assessment Trustee program (NRDA), and \$40.1 million in additional Federal Funds from the Gulf of Mexico Energy Security Act for large-scale coastal construction projects;

- a decrease of \$71.9 million in All Funds for preserving, maintaining, and operating the Alamo facilities within the Alamo Complex, including \$71.3 million in Other Funds from the Economic Stabilization Fund (ESF), and \$0.6 million in General Revenue–Dedicated Funds. Alamo funding is continued with \$15.9 million in All Funds for the 2020–21 biennium, \$68.9 million from the ESF was encumbered during the 2018–19 biennium and is expected to be spent on construction projects through 2023; and
- a decrease of \$48.6 million in All Funds transferred as onetime emergency funding during the 2018–19 biennium in response to Hurricane Harvey. This amount includes \$38.6 million in General Revenue Funds transferred from the Texas Department of Criminal Justice and \$10.0 million transferred as a grant from the Office of the Governor for cash flow needs with short term housing.
- Funding for the Parks and Wildlife Department provides the following amounts:
 - \$158.4 million in General Revenue Funds from Sporting Goods Sales Tax (SGST) transfers, which is a decrease of \$46.9 million from the 2018–19 biennium;
 - \$131.1 million in Federal Funds, which includes a \$104.5 million decrease primarily due to the agency spending down allotment balances during fiscal year 2018. This amount does not represent an overall decrease in Federal Funds available to the agency. The agency receives funding from various federal sources for wildlife and fisheries conservation and management, developing outdoor recreation opportunities, law enforcement, and outreach and education efforts; and
 - all unexpended balances remaining from \$101.5 million appropriated in All Funds for deferred maintenance and capital construction projects for the 2018–19 biennium. This amount includes a decrease of \$65.6 million due to decreases of \$57.3 million from SGST and \$8.3 million in General Revenue–Dedicated Funds for onetime expenditures.
- Funding for the Commission on Environmental Quality includes the following amounts:
 - \$102.6 million greater than 2018–19 funding levels from the General Revenue–Dedicated Funds to provide \$96.6 million for the Low-Income Vehicle Repair, Replacement, Retrofit, and Accelerated Vehicle Retirement Program for 16 counties that participated in the program during the 2016–17 biennium and \$6.0 million for air quality-planning activities to reduce ozone in near nonattainment areas at levels appropriated by the Eighty-fifth Legislature, Regular Session, 2017; and
 - a \$90.0 million decrease in General Revenue–Dedicated Funds for onetime emergency funding transferred to the Texas Division of Emergency Management for debris removal associated with Hurricane Harvey recovery.
- Funding for the Department of Agriculture provides \$1.2 billion in All Funds, an increase of \$71.3 million in Federal Funds, for food and nutrition programs in schools and communities resulting from increased population projections.
- Funding for the Railroad Commission includes the following amounts:
 - continuing \$39.7 million for operational stability funding from General Revenue–Dedicated Funds instead of General Revenue Funds based on anticipated revenue collections; and
 - providing \$39.1 million from the ESF, an increase of \$0.9 million, for oil and gas well plugging and site remediation. This funding is anticipated to enable the agency to clean 230 sites and plug 1,400 wells during each fiscal year.

Figure 68 shows the All Funds appropriations for each agency in Article VI, and **Figures 69** and **70** show the appropriations for each agency in General Revenue Funds and General Revenue–Dedicated Funds, respectively. On the subsequent pages in this chapter are more specific details about funding levels for selected agencies in Article VI.

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of Agriculture for the 2020–21 biennium totals \$1.4 billion in All Funds, which is an increase of \$67.3 million, or 5.1 percent, from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$107.5 million, a decrease of \$3.0 million, or 2.8 percent. Federal Funds and Other Funds total \$1.3 billion, an increase of \$70.3 million, or 5.8 percent. The increase is due primarily to an increase in Federal Funds for the Child Nutrition programs administered by the agency.

HIGHLIGHTS

- Funding includes \$1.2 billion in All Funds for the Child and Adult Nutrition programs. This amount includes an increase of \$71.3 million in Federal Funds as a result of increased population projections.
- Funding includes \$145.3 million in Federal Funds from various other sources, an increase of \$5.1 million that is attributable primarily to increased funding in the Community Development Block Grant program for rural initiatives and rural hospitals.
- Funding includes \$39.5 million in General Revenue Funds contingent on the agency generating sufficient revenue to cover the direct and indirect costs for the agency's 11 cost recovery programs, which is approximately the same as 2018–19 biennial spending levels. Other direct and indirect costs total \$8.8 million for the 2020–21 biennium. Two existing cost recovery programs, the Metrology program and the Weights and Measures program, are combined into a single new program called Weights, Measures, and Metrology. Funding for this program includes \$14.8 million in General Revenue Funds, a decrease of \$0.8 million.

- Funding includes \$3.5 million in Other Funds from the Texas Economic Development Fund, a decrease of \$5.7 million due to depletion of the fund's original balances. The account funds investments in small businesses, including loans to small businesses focused on rural Texas.
- Funding includes \$3.2 million in General Revenue–Dedicated Funds from Account No. 5047, Permanent Fund for Rural Health Facility Capital Improvement, a decrease of \$1.4 million due to decreased interest on the state's tobacco settlement endowment.
- Funding includes \$1.8 million in General Revenue Funds, a decrease of \$0.6 million, for the Fuel Quality program. The program receives information on motor fuel quality testing conducted by third parties and may issue a stop-sale if a sample is contaminated or does not meet standards.

TEXAS ANIMAL HEALTH COMMISSION

FULL-TIME-EQUIVALENT POSITIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Animal Health Commission for the 2020–21 biennium totals \$30.4 million in All Funds, a decrease of \$2.0 million, or 6.0 percent, from the 2018–19 biennium. General Revenue Funds total \$27.1 million, a decrease of \$1.2 million, or 4.3 percent. The Texas Animal Health Commission is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding includes \$8.0 million in All Funds for the agency's continued cattle fever tick control and eradication activities, a decrease of \$1.2 million related to onetime expenditures on vehicles and capital equipment.
- Funding includes \$2.2 million in All Funds for diagnostic and epidemiological support services, including the State-Federal Laboratory in Austin, primarily maintaining funding at 2018–19 biennial levels. These services include sample collection and testing for certain animal diseases affecting the livestock industry.
- Funding includes \$0.4 million in General Revenue Funds for Chronic Wasting Disease surveillance and inspections of farmed deer and other cervids, representing an increase of \$14,418 from 2018–19 biennial funding levels.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

FIGURE 73

Total, All Methods of Finance	\$845.3	\$854.3	\$8.9	1.1%

ALL FUNDS, 2020–21 BIENNIUM (IN MILLIONS)

FULL-TIME-EQUIVALENT POSITIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Texas Commission on Environmental Quality (TCEQ) for the 2020–21 biennium totals \$854.3 million in All Funds, which is an increase of \$8.9 million, or 1.1 percent, from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$765.7 million, an increase of \$16.2 million, or 2.2 percent.

HIGHLIGHTS

- Funding provides \$197.5 million in General Revenue–Dedicated Funds from Account No. 151, Clean Air, a \$102.5 million increase that includes \$96.6 million for the Low-Income Vehicle Repair, Replacement, Retrofit, and Accelerated Vehicle Retirement Program (LIRAP) and \$6.0 million for local air pollution grants. This increase is offset by slight decreases to other programs. LIRAP is composed of two programs: the Drive a Clean Machine program, which provides financial assistance to income-eligible vehicle owners in participating counties for emissions-related vehicle repair, retrofit, and replacement; and the Local Initiative Projects program, which provides funding for TCEQ-approved projects that improve air quality.
- Funding provides \$154.7 million in General Revenue–Dedicated Funds from Account No. 5071, Texas Emissions Reduction Plan (TERP), to fund a set of programs that provide financial incentives to limit pollution from vehicles and equipment. This amount maintains funding for these programs at 2018–19 biennial levels. The Eighty-fifth Legislature, Regular Session, 2017, extended the TERP program authorization to the end of the biennium in which Texas attains national ambient air quality standards for ground-level ozone. TERP program fees and surcharges are set to expire at the end of fiscal year 2019.

- Funding includes a \$90.0 million decrease in General Revenue–Dedicated Funds from Account No. 5000, Solid Waste Disposal, for onetime emergency funding that was transferred to the Texas Division of Emergency Management for debris removal associated with Hurricane Harvey recovery.
- Funding provides \$7.1 million, a \$3.6 million increase, in General Revenue–Dedicated Funds from Account No. 5158, Environmental Radiation and Perpetual Care, for cleanup of radioactive material at a former uranium mining and processing site in Live Oak County.
- Funding provides \$2.3 million in Other Funds from Appropriated Receipts, a \$3.8 million decrease, primarily due to anticipated decreases in the amount of recovered costs from Superfund cleanups and disasters.
- Funding continues \$1.3 million in General Revenue–Dedicated Funds from Account No. 151, Clean Air, for the expedited processing of air permit applications, at 2018–19 biennial spending levels and provides up to \$2.2 million in funding contingent on the collection of additional expedited permit review surcharges greater than revenues included in the Comptroller of Public Accounts’ Biennial Revenue Estimate.

GENERAL LAND OFFICE

FIGURE 74
GENERAL LAND OFFICE, BY METHOD OF FINANCE

(IN MILLIONS)	ESTIMATED/BUDGETED 2018–19	RECOMMENDED 2020–21	BIENNIAL CHANGE	PERCENTAGE CHANGE
METHOD OF FINANCE				
General Revenue Funds	\$66.9	\$25.6	(\$41.3)	(61.8%)
General Revenue–Dedicated Funds	\$30.4	\$30.3	(\$0.1)	(0.4%)
Federal Funds	\$2,110.8	\$4,622.1	\$2,511.2	119.0%
Other Funds	\$205.8	\$168.7	(\$37.1)	(18.0%)
Total, All Methods of Finance	\$2,413.9	\$4,846.6	\$2,432.7	100.8%
ALL FUNDS, 2020–21 BIENNIUM (IN MILLIONS)		FULL-TIME-EQUIVALENT POSITIONS		

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the General Land Office for the 2020–21 biennium totals \$4.8 billion in All Funds, which is an increase of \$2.4 billion, or 100.8 percent, from the 2018–19 biennium. General Revenue Funds and General Revenue–Dedicated Funds total \$55.8 million, a decrease of \$41.5 million, or 42.6 percent. This decrease is due primarily to a onetime emergency transfer of funds from the Texas Department of Criminal Justice following Hurricane Harvey. Federal Funds and Other Funds total \$4.8 billion, an increase of \$2.5 billion, or 106.8 percent, primarily due to increased Federal Funds provided for housing and infrastructure following Hurricane Harvey.

HIGHLIGHTS

- Funding includes \$3.7 billion in All Funds for housing projects related to disaster recovery, which is an increase of \$1.8 billion, or 100.0 percent, from 2018–19 biennial spending levels.
- Funding includes \$858.5 million in Federal Funds for infrastructure projects related to disaster recovery, which is an increase of \$595.1 million, or 226.0 percent, from 2018–19 spending levels.
- Funding includes \$15.9 million in All Funds for the Alamo Complex, a decrease of \$71.9 million, or 81.9 percent, primarily due to the removal of Other Funds from the Economic Stabilization Fund (ESF) for the Alamo Master Plan. An estimated \$3.0 million from the ESF are continued as unexpended balances from the 2018–19 biennium for operation and maintenance of the Alamo. In addition, the agency will continue using encumbered funding from the ESF from the 2018–19 biennium during the 2020–21 biennium to continue implementing the Alamo Master Plan.

- Funding includes \$185.1 million in All Funds, an increase of \$96.9 million, to protect and maintain the Texas coast. This amount includes coastal construction and erosion project funding of \$171.7 million in All Funds.
- Funding includes \$37.8 million from the Permanent School Fund, a decrease of \$13.8 million, which is attributable primarily to the use of surface damage funds pending Federal Emergency Management Agency reimbursements for onetime disaster costs following Hurricane Harvey.

PARKS AND WILDLIFE DEPARTMENT

FIGURE 75
TEXAS PARKS AND WILDLIFE DEPARTMENT, BY METHOD OF FINANCE

(IN MILLIONS)	ESTIMATED/BUDGETED	RECOMMENDED	BIENNIAL	PERCENTAGE
METHOD OF FINANCE	2018–19	2020–21	CHANGE	CHANGE
General Revenue Funds	\$261.2	\$205.4	(\$55.8)	(21.3%)
General Revenue–Dedicated Funds	\$307.3	\$299.0	(\$8.3)	(2.7%)
Federal Funds	\$235.6	\$131.1	(\$104.5)	(44.4%)
Other Funds	\$49.2	\$28.0	(\$21.2)	(43.0%)
Total, All Methods of Finance	\$853.3	\$663.5	(\$189.8)	(22.2%)

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Parks and Wildlife Department (TPWD) for the 2020–21 biennium totals \$663.5 million in All Funds. This amount is a decrease of \$189.8 million, or 22.2 percent, from the 2018–19 biennium. The decrease is due primarily to decreases in appropriations of General Revenue Funds and General Revenue–Dedicated Funds for deferred maintenance and capital construction projects, the agency's expenditure during fiscal year 2018 of available Federal Funds remaining from fiscal years 2015 and 2016, and projected decreases from donations and project reimbursements.

HIGHLIGHTS

- Funding includes \$158.4 million from General Revenue Funds from Sporting Goods Sales Tax (SGST) transfers, which is a decrease of \$46.9 million from the 2018–19 biennium. In addition to the amounts in the agency's bill pattern, \$66.7 million from SGST is utilized for payroll-related benefits and debt service payments; the total appropriated and estimated amount for the agency is \$225.1 million. This amount is a \$52.5 million decrease from the 2018–19 biennial total appropriated and estimated amount.
- SGST direct appropriations to the agency are transferred to the following three General Revenue–Dedicated Funds accounts:
 - Account No. 64, State Parks (Account No. 64) – \$135.3 million, an increase of \$15.1 million, for state parks operations and minor repairs;
 - Account No. 467, Texas Recreation and Parks – \$15.7 million, a decrease of \$2.3 million, for grants to counties and municipalities with populations of less than 500,000 for local parks and other outdoor recreation opportunities; and

- Account No. 5150, Large County and Municipality Recreation and Parks – \$7.3 million, a decrease of \$2.4 million, for grants to counties and municipalities with populations of 500,000 or more for local parks and other outdoor recreation opportunities.
- The agency is provided unexpended balances authority to carry forward unexpended and unobligated balances in SGST transfers to General Revenue–Dedicated Funds Account No. 5004, Parks and Wildlife Conservation and Capital, from fiscal year 2019 into fiscal year 2020 for deferred maintenance and capital construction projects, as reviewed by the Joint Oversight Committee on Government Facilities.
- Funding includes \$183.9 million in All Funds, which is an increase of \$8.2 million, or 4.4 percent, from the 2018–19 biennial spending level, for state park operations, minor repairs, and support. These funds are used to operate 91 state parks, historic sites, and natural areas anticipated to be open to the public during the 2020–21 biennium. The increase is due primarily to SGST transfers to General Revenue–Dedicated Funds Account No. 64, State Parks, for state park operations and minor repair partially offset by decreases in Federal Funds and Other Funds.
- Funding includes \$174.3 million in All Funds for wildlife and fisheries conservation and management operations, which is a decrease of \$53.4 million from 2018–19 biennial spending levels, primarily due to decreases in Federal Funds of \$44.5 million. Of this amount, \$77.6 million is from General Revenue Funds and General Revenue–Dedicated Funds, and \$96.7 million is from Federal Funds and Other Funds.
- Funding includes \$131.1 million in Federal Funds, which is a decrease of \$104.5 million, or 44.4 percent from the 2018–19 biennium. The decrease is due primarily to the expenditure during fiscal year 2018 of federal grant allotments from previous years and does not represent a decrease in Federal Funds that are available to the agency.
- Funding includes \$28.0 million in Other Funds, a decrease of \$21.1 million, or 43.0 percent, from the 2018–19 biennium. Funding includes an agency-estimated \$20.2 million in donations and project reimbursements, a decrease of \$11.1 million, or 35.6 percent, which are not expected to continue for the 2020–21 biennium at previous levels. Funding also includes \$5.6 million from General Obligation Bond Proceeds, a decrease of \$2.5 million, or 31.1 percent.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE VII

All Funds for the Business and Economic Development agencies total \$37.8 billion for the 2020–21 biennium, an increase of \$1.2 billion, or 3.2 percent, from the 2018–19 biennium. General Revenue Funds total \$815.4 million, an increase of \$318.9 million, or 64.2 percent, from the 2018–19 biennium. The increase in General Revenue Funds is due primarily to the driver license program moving from the Department of Public Safety to the Department of Motor Vehicles, a change contingent upon enactment of legislation.

HIGHLIGHTS

- Funding for the Texas Department of Transportation (TxDOT) for the 2020–21 biennium includes \$31.6 billion in All Funds, an increase of \$0.8 billion from the 2018–19 biennium. Funding includes: an estimated \$5.1 billion from anticipated state sales tax and motor vehicle sales and rental tax deposits to the State Highway Fund (SHF) pursuant to Proposition 7, 2015 (an increase of \$0.2 billion); an estimated \$4.3 billion from oil and natural gas tax-related deposits to the SHF pursuant to Proposition 1, 2014 (an increase of \$0.9 billion); and all SHF available from traditional transportation tax and fee revenue sources, estimated to be \$9.3 billion for the 2020–21 biennium, an increase of \$0.7 billion. These increases are offset by a decrease of \$1.3 billion in Other Funds from bond proceeds. See the TxDOT bill summary for additional details.

- Funding of \$326.0 million in Revenue Bond Proceeds is provided for the construction and equipping of the Austin Campus Consolidation project for the relocation and consolidation of TxDOT facilities and operations in the Austin area.
- Funding for the Department of Motor Vehicles (DMV) includes increases of \$335.6 million in General Revenue Funds and \$4.6 million in Other Funds and 3,198.8 full-time-equivalent positions to administer the driver license program, contingent on the Eighty-sixth Legislature, 2019, passing legislation relating to the transfer of the driver license program from the Department of Public Safety to DMV. This increase in funding is offset by decreases of \$13.2 million in General Revenue Funds and \$14.8 million in Other Funds from the Texas Department of Motor Vehicles Fund and the SHF primarily related to onetime appropriations for information technology projects and deferred maintenance of buildings and facilities.
- Funding for the Texas Workforce Commission includes a net increase in All Funds of \$89.1 million primarily due to the increase in federal appropriations for the Child Care and Development Block Grant for childcare services provided to low-income families. See the Texas Workforce Commission bill summary for additional details.
- Funding for the Texas Lottery Commission includes an increase in All Funds (including General Revenue–Dedicated Funds) of \$1.0 million attributable to an increase of \$5.0 million for the Retailer Bonus program; an increase of \$2.8 million for Retailer Commissions, which is based on total projected sales; and an increase of \$0.3 million for ongoing information technology needs, offset by a decrease of \$7.2 million for the lottery operator contract, due to a decrease in the state’s projected contractual obligation.

Figure 77 shows the All Funds appropriation for each agency in Article VII, and **Figure 78** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for some of the agencies in Article VII.

Funding for the Department of Motor Vehicles (DMV) for the 2020–21 biennium totals \$641.1 million in All Funds, which includes an increase of \$312.1 million from the 2018–19 biennium. The increase in funding is primarily due to an increase of \$340.2 million in All Funds to administer the driver license program, contingent on the Eighty-sixth Legislature, 2019, passing legislation relating to the transfer of the driver license program from the Department of Public Safety to the DMV.

HIGHLIGHTS

- Funding includes increases of \$340.2 million in All Funds and 3,198.8 full-time-equivalent (FTE) positions to administer the driver license program, which includes:
 - \$135.6 million in General Revenue Funds, \$4.6 million in Other Funds, and 2,236.8 FTE positions for administration of the driver license program at current service levels; and
 - \$200.0 million in General Revenue Funds and an additional 962.0 FTE positions to increase staffing and improve service delivery at current driver license offices.
- Funding for current DMV programs, including vehicle registration and titling, motor carrier credentialing and permitting, motor vehicle industry regulation, and automobile burglary and theft prevention, totals \$300.8 million in All Funds, a decrease of \$28.0 million, which includes:
 - decreases of \$13.3 million in General Revenue Funds and \$7.0 million in Other Funds from the State Highway Fund and Texas Department of Motor Vehicles Fund (TxDMV Fund) related to onetime costs for information technology automation projects; and

- a decrease of \$7.8 million in Other Funds from the TxDMV Fund from onetime costs for facilities deferred maintenance, repair, and security system projects.

SOURCES: Legislative Budget Board; State Auditor's Office.

Funding for the Department of Transportation (TxDOT) for the 2020–21 biennium totals \$31.6 billion in All Funds, an increase of \$0.8 billion from the 2018–19 biennium. Funding includes an estimated \$5.1 billion from anticipated state sales tax and motor vehicle sales and rental tax deposits to the State Highway Fund (SHF) (Other Funds) pursuant to Proposition 7, 2015 (an increase of \$0.2 billion), an estimated \$4.3 billion from oil and natural gas tax-related deposits to the SHF pursuant to Proposition 1, 2014 (increase of \$0.9 billion), and all SHF available from traditional transportation tax and fee revenue sources (estimated to be \$9.3 billion for the 2020–21 biennium, an increase of \$0.7 billion). These increases are offset by a decrease of \$1.3 billion in Other Funds from bond proceeds.

HIGHLIGHTS

- Funding for the 2020–21 biennium includes \$20.3 billion in Other Funds for an increase of \$0.5 billion from the 2018–19 biennium and includes:
 - \$9.3 billion in Other Funds from the SHF from traditional transportation tax and fee revenue sources for an increase of \$0.7 billion;
 - \$5.1 billion from state sales tax and motor vehicle sales and rental tax deposits to the SHF (Proposition 7, 2015), an increase of \$0.2 billion, including \$4.5 billion for development and delivery of nontolled roadway projects and \$0.6 billion for debt service payments on Highway Improvement General Obligation bonds (Proposition 12, 2007);
 - \$4.3 billion from oil and natural gas tax-related deposits to the SHF (Proposition 1, 2014) for nontolled roadway projects (an increase of \$0.9 billion), including \$1.0 billion from Proposition 1 balances from previous fiscal years and \$3.2 billion from estimated Proposition 1 deposits to the SHF for the 2020–21 biennium;

- \$1.0 billion from the Texas Mobility Fund (a decrease of \$0.4 billion) for bond debt service payments and transportation project development and delivery;
- \$0.3 billion in Revenue Bond Proceeds to be issued by the Texas Public Finance Authority on behalf of the Department of Transportation for the construction and equipping of the Austin Campus Consolidation project; and
- a decrease of \$1.3 billion from bond proceeds for transportation projects primarily due to the expenditure of all remaining proceeds authorized for the Proposition 12, Proposition 14 (2003), and Texas Mobility Fund bond programs for the 2018–19 biennium.
- Funding of \$27.8 billion in All Funds is provided for highway planning and design, right-of-way acquisition, construction, and maintenance and preservation, including:
 - \$10.8 billion in Federal Funds;
 - \$7.6 billion from the SHF (Other Funds) from traditional transportation tax and fee revenue sources;
 - \$4.5 billion from state sales tax and motor vehicle sales and rental tax deposits to the SHF (Proposition 7, 2015);
 - \$4.3 billion from oil and natural gas tax-related deposits to the SHF (Proposition 1, 2014);
 - \$0.3 billion from the SHF from regional toll project proceeds; and
 - \$0.2 billion from the Texas Mobility Fund (Other Funds).
- \$2.2 billion in All Funds is provided for debt service payments and other financing costs associated with the agency's borrowing programs, including:
 - \$0.8 billion from the SHF (Other Funds) for Proposition 14 bonds;
 - \$0.7 billion from the Texas Mobility Fund (Other Funds) for Texas Mobility Fund bonds;
 - \$0.6 billion from the SHF, Proposition 7, 2015, proceeds for Proposition 12 General Obligation bonds;
 - \$0.1 billion in Federal Funds from Build America Bond interest payment subsidies; and
 - \$1.0 million from the SHF for credit agreements associated with the agency's short-term borrowing program.

TEXAS WORKFORCE COMMISSION

FULL-TIME-EQUIVALENT POSITIONS

NOTE: Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.

SOURCES: Legislative Budget Board; State Auditor's Office.

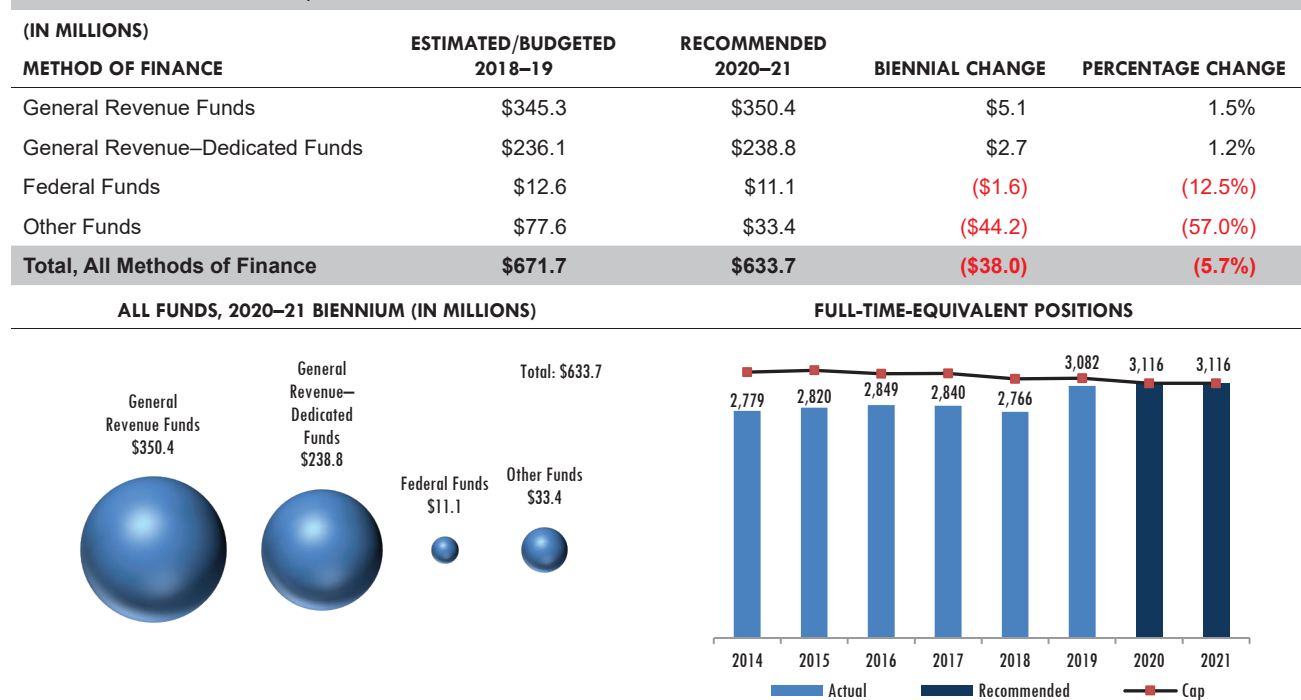

Funding for the Texas Workforce Commission (TWC) for the 2020–21 biennium totals \$3.7 billion in All Funds, which includes an All Funds increase of \$89.1 million from the 2018–19 biennium. The increase in funding is related primarily to the increase in federal appropriations for the Child Care and Development Block Grant (CCDBG). TWC is under Strategic Fiscal Review.

HIGHLIGHTS

- Funding includes an increase of \$49.5 million in Federal Funds for CCDBG. The federal Consolidated Appropriations Act of 2018 increased the CCDBG appropriation. Texas received approximately \$521.3 million for fiscal year 2018, an increase of approximately \$228.5 million from fiscal year 2017. It is assumed that the increased level of childcare funding will continue for the 2020–21 biennium.
- Funding includes \$140.6 million in General Revenue Funds, \$1.4 billion in Federal Funds, and \$197.5 million in Other Funds for childcare services provided to low-income families and foster care and protective service populations for the 2020–21 biennium. Funding includes an increase of \$15.3 million in Interagency Contracts for the Department of Family and Protective Services childcare services.
- Other federal funding at TWC includes a net increase of \$23.9 million primarily related to an increase in Vocational Rehabilitation grant funds carried forward from the 2018–19 biennium, offset by a decrease in the Workforce Innovation and Opportunity Act National Emergency grant provided for Hurricane Harvey that is not anticipated for the 2020–21 biennium.

ARTICLE VIII – REGULATORY

FIGURE 82
ARTICLE VIII – REGULATORY, BY METHOD OF FINANCE

NOTES:

- (1) Excludes Interagency Contracts.
- (2) Biennial change and percentage change are calculated on actual amounts before rounding. Therefore, figure totals may not sum due to rounding.
- (3) Due to enactment of House Bill 3078, Eighty-fifth Legislature, Regular Session, 2017, relating to the transfer of the regulation of podiatry to the Texas Department of Licensing and Regulation effective September 1, 2017, all funding and full-time-equivalent positions previously appropriated to the Board of Podiatric Medical Examiners are included in the estimates for the Texas Department of Licensing and Regulation.

SOURCES: Legislative Budget Board; State Auditor's Office.

MAJOR FISCAL AND POLICY ISSUES AFFECTING ARTICLE VIII

All Funds for the Regulatory agencies total \$633.7 million for the 2020-21 biennium, a reduction of \$38.0 million, or 5.7 percent from the 2018–19 biennium. The reduction in funding is primarily related to the expiration of the Health Insurance Risk Pool at the Texas Department of Insurance. Pursuant to Texas Insurance Code, Chapter 1510, the Health Insurance Risk Pool expires on August 31, 2019. The regulatory agencies regulate a variety of industries, including health-related occupations, non-health-related occupations, securities, and pari-mutuel racing, and the appropriations and indirect costs for the majority of these regulatory agencies are supported by fees generated from the industries and occupations they regulate.

HIGHLIGHTS

- The Sunset Advisory Commission is currently reviewing several Article VIII agencies including the Texas Funeral Service Commission, Board of Professional Geoscientists, Board of Professional Land Surveying, Texas Medical Board, State Board of Plumbing Examiners, State Board of Examiners of Psychologists, and the State Securities Board. The Commission will finalize decisions from these reviews by January 2019. Sunset Contingency riders are included for each agency under review.
- Funding for the Department of Insurance includes a net All Funds decrease of \$40.4 million for the 2020–21 biennium. This includes a decrease of \$42.1 million in General Revenue-Dedicated and Other Funds due to the expiration of the

temporary Health Insurance Risk Pool. Senate Bill 2087, Eighty-fifth Legislature, Regular Session, 2017, established the Pool to assist Texas residents in accessing quality healthcare contingent upon federal law, regulation, or executive action. The enabling statute expires at the end of the 2018–19 biennium. Funding also includes decreases of \$3.9 million in Appropriated Receipts primarily for the Three-Share Premium Assistance Program, \$1.8 million in Federal Funds for the elimination of a federal Affordable Care Act Health Insurance Premium Review Grant that is not expected in fiscal years 2020 and 2021, and \$0.8 million in General Revenue Funds for the State Regulatory Response to Hurricane Harvey in fiscal year 2018. These decreases are offset by an increase of \$4.4 million in General Revenue Funds to continue the agency's State Regulatory Response Rider which allows the agency to respond to unexpected changes in the insurance market, including emergencies and natural and man-made disasters. Funding also includes an increase of \$3.8 million in General Revenue Funds and General Revenue–Dedicated Funds for the agency's Data Center Services to align with the Department of Information Resources estimates of ongoing costs.

- Funding for the Texas Department of Licensing and Regulation includes a decrease of \$0.3 million in General Revenue Funds for one-time expenses incurred during the 2018–19 biennium for the implementation of Centralized Accounting and Payroll/Personnel System (CAPPS) and start-up costs for the regulation of programs and occupations created or transferred to the agency during the 2018–19 biennium and a reduction of 1.0 FTE in agency administration related to the implementation of CAPPS.
- Funding for the Board of Pharmacy includes an decrease of \$0.4 million in General Revenue Funds for one-time costs for capital budget projects, start-up costs for the agency's Sunset legislation, and one-time funding for lump sum annual leave payouts to retiring employees the agency received in 2018-19. Recommendations add an informational rider for the Prescription Monitoring Program (PMP) to the Special Provisions Relating to All Regulatory Agencies and remove the rider from the Board of Pharmacy's bill pattern. Recommendations also include funding for the PMP at the 2018-19 level of \$4.3 million.
- Funding for the State Office of Administrative Hearings includes a net decrease of \$2.6 million in All Funds. This includes a decrease of \$1.3 million in General Revenue Funds for one-time expenses for the agency's case management system from the 2018–19 biennium; and a decrease of \$1.3 million in Interagency Contracts for the projected decrease in case hours from 2018–19 contracted levels.

Figure 83 shows the All Funds appropriation for each agency in Article VIII, and **Figure 84** shows the General Revenue Funds appropriation for each agency. On the subsequent pages in this chapter are more specific details about funding levels for the Texas Department of Licensing and Regulation.

Funding for the Texas Department of Licensing and Regulation for the 2020–21 biennium totals \$71.0 million in All Funds, including \$60.2 million in General Revenue Funds. The Department of Licensing and Regulation is under Strategic Fiscal Review.

HIGHLIGHTS

- The agency regulates 39 license programs with 219 license types and holds more than 800,000 total individual and business licenses.
- Funding includes a decrease of \$0.1 million in General Revenue Funds and a reduction of 1.0 FTE in agency administration for one-time expenses incurred during the 2018–19 biennium for the implementation of Centralized Accounting and Payroll/Personnel System.
- Funding includes a decrease of \$0.2 million in General Revenue Funds for one-time expenses incurred during the 2018–19 biennium for start-up costs for the regulation of programs and occupations created or transferred to the agency during the 2018–19 biennium, including Transportation Network Companies, Behavior Analysts, and Podiatrists.
- The agency estimates generating \$85.0 million in revenue from fees, taxes, and administrative penalties for the 2020–21 biennium.

READER'S GUIDE TO GENERAL APPROPRIATIONS BILLS

This guide explains certain key elements of a General Appropriations Bill. The version of the General Appropriations Bill that becomes law is referred to as the General Appropriations Act (GAA). The GAA is the state's budget for a two-year period referred to as a biennium.

General Appropriations Bills are categorized by articles that cover a certain area of government. For example, Article I applies to areas of General Government, Article II covers Health and Human Services, and Article III applies to Public and Higher Education. Six additional articles cover other areas of government. Article IX, General Provisions, contains additional limitations, authority, and requirements applicable to other articles.

Articles contain agency bill patterns that all follow a similar format. Article-specific summary information is included at the end of each article.

The following sample shows a bill pattern for the Office of Attorney General.

A **Agency names** are followed by their bill patterns, which consist of items of appropriations and riders.

B **Methods of Finance (MOF)** describe different fund types in an agency's appropriations. The four MOF categories are General Revenue Fund (GR), General Revenue-Dedicated Funds (GR-D), Federal Funds, and Other Funds. Each of these four may contain subcategories.

C The **Number of Full-Time Equivalents (FTE)** shows the maximum number of FTE positions, or FTE cap, for the agency.

D The **Schedule of Exempt Positions** indicates annual salary caps for certain agency executives.

E **Agency Items of Appropriation** consist of goals with multiple strategies. Each strategy has its own appropriation.

F The left footer shows the version of the appropriations bill. This is the LBB recommended version for the House.

G The center footer shows the article number followed by its page number. This is the third page of Article I, General Government.

A OFFICE OF THE ATTORNEY GENERAL		
	For the Years Ending August 31, 2020	August 31, 2021
B Method of Financing:		
<u>General Revenue Fund</u>		
General Revenue Fund	\$ 105,808,005	\$ 105,594,280
Child Support Retained Collection Account	108,952,182	108,952,182
Attorney General Debt Collection Receipts	8,300,000	8,300,000
General Revenue - Insurance Companies Maintenance Tax and Insurance Department Fees Account No. 8042	3,411,343	3,411,343
Subtotal, General Revenue Fund	\$ 226,471,530	\$ 226,257,805
<u>General Revenue Fund - Dedicated</u>		
Compensation to Victims of Crime Account No. 469	\$ 61,263,780	\$ 61,263,780
Compensation to Victims of Crime Auxiliary Account No. 494	161,349	161,349
AG Law Enforcement Account No. 5006	308,431	308,431
Sexual Assault Program Account No. 5010	10,188,546	10,188,546
Subtotal, General Revenue Fund - Dedicated	\$ 71,922,106	\$ 71,922,106
Federal Funds	\$ 239,790,659	\$ 240,152,107

License Plate Trust Fund Account No. 0802, estimated	31,000	31,000
Subtotal, Other Funds	\$ 74,643,302	\$ 74,643,303
Total, Method of Financing	\$ 612,827,597	\$ 612,975,321
This bill pattern represents an estimated 100% of this agency's estimated total available funds for the biennium.		
C Number of Full-Time-Equivalents (FTE):	4,196.4	4,196.4
D Schedule of Exempt Positions:		
Attorney General, Group 6	\$153,750	\$153,750
E Items of Appropriation:		
A. Goal: PROVIDE LEGAL SERVICES		
Provide General Legal Services to the State and Authorized Entities.		
A.1.1. Strategy: LEGAL SERVICES	\$ 107,260,509	\$ 107,150,509
Provide Legal Counsel/Litigation/Alternative Dispute Resolution Svcs.		
B. Goal: ENFORCE CHILD SUPPORT LAW		
Enforce State/Federal Child Support Laws.		
B.1.1. Strategy: CHILD SUPPORT ENFORCEMENT	\$ 362,144,696	\$ 361,678,308
Establish Paternity/Obligations, Enforce Orders and Distribute Monies.		
B.1.2. Strategy: STATE DISBURSEMENT UNIT	14,375,236	14,375,236
Total, Goal B: ENFORCE CHILD SUPPORT LAW	\$ 376,519,932	\$ 376,053,544
C. Goal: CRIME VICTIMS' SERVICES		
Review/Process Applications for Compensation to Crime Victims.		
C.1.1. Strategy: CRIME VICTIMS' COMPENSATION	\$ 72,067,205	\$ 72,428,653
Review Claims, Determine Eligibility/State Liability, Pay Correctly.		
F A813-LBB House-1-A	G I-3	December 21, 2018

H **Grand Total** amounts are the sum of all individual agency strategy appropriations. Note that Grand Total amounts exactly match the Total, Method of Financing line above, and the Total, Object-of-Expense Informational Listing at the top of the next page.

I **Object-of-Expense (OOE) Informational Listing** categorizes the use of the agency's appropriation made above. It is not a separate appropriation.

J Entries for **Employee Benefits** and **Debt Service** are not specific agency appropriations, but rather an estimate of the amounts needed for this agency that are appropriated elsewhere.

K Performance Measure Targets instruct agencies on specific desired results within their strategies. Targets include four types of measures: outcome; output; efficiency; and explanatory/input. The Performance Measure Targets section is also the beginning of the Rider Section of an agency bill pattern. Riders inform agencies on their use of items of appropriations. They may authorize, direct, or limit the use of items of appropriation.

OFFICE OF THE ATTORNEY GENERAL (Continued)		
C.1.2. Strategy: VICTIMS ASSISTANCE		
Provide Grants & Contracts for Victims Svcs/Sexual Asslt Victims.	36,930,703	37,293,367
Total, Goal C: CRIME VICTIMS' SERVICES	\$ 108,997,908	\$ 109,722,020
D. Goal: REFER MEDICAID CRIMES		
Investigate/Refer for Prosecution Fraud/Misconduct Involving Medicaid.		
D.1.1. Strategy: MEDICAID INVESTIGATION	\$ 19,413,443	\$ 19,413,443
Conduct Investigation Supporting Prosecution of Alleged Medicaid Crime.		
E. Goal: ADMINISTRATIVE SUPPORT FOR SORM		
Provide Administrative Support for the State Office of Risk Management.		
E.1.1. Strategy: ADMINISTRATIVE SUPPORT FOR SORM	\$ 635,805	\$ 635,805
Provide Administrative Support to the State Office of Risk Management.		
Grand Total, OFFICE OF THE ATTORNEY GENERAL	<u>\$ 612,827,597</u>	<u>\$ 612,975,321</u>

Benefits Replacement	342,371	291,015
Subtotal, Employee Benefits	\$ 87,913,875	\$ 88,749,419
<u>Debt Service</u>		
Lease Payments	\$ 346,932	\$ 240,539
Total, Estimated Allocations for Employee Benefits and Debt Service Appropriations Made Elsewhere in this Act	<u>\$ 88,260,807</u>	<u>\$ 88,989,958</u>
1. Performance Measure Targets. The following is a listing of the key performance target levels for the Office of the Attorney General. It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of the Office of the Attorney General. In order to achieve the objectives and service standards established by this Act, the Office of the Attorney General shall make every effort to attain the following designated key performance target levels associated with each item of appropriation.		
	2020	2021
A. Goal: PROVIDE LEGAL SERVICES		
Outcome (Results/Impact):		
Delinquent State Revenue Collected	50,000,000	50,000,000
A.1.1. Strategy: LEGAL SERVICES		
Output (Volume):		
Legal Hours Billed to Litigation and Legal Counsel	1,092,696	1,088,254
Efficiencies:		
Average Cost Per Legal Hour	96.93	96.92
A302-LBB House-1-A	I-4	December 21, 2018

L For agencies that have a **Capital Budget rider**, it will appear as the second rider. Capital Budgets do not make additional appropriations, but rather direct the use of items of appropriation made above for specific uses. Capital Budgets direct the agency purchase or lease of vehicles, information resources, real property, or certain road construction or building repair.

OFFICE OF THE ATTORNEY GENERAL
(Continued)

B. Goal: ENFORCE CHILD SUPPORT LAW

Outcome (Results/Impact):

Percent of Title IV-D Cases That Have Court Orders for Child Support	85%	85%
Percent of All Current Child Support Amounts Due That Are Collected	65%	65%
Percent of Title IV-D Cases with Arrears Due in Which Any Amount Is Paid Toward Arrears	65%	65%
Percent of Paternity Establishments for Out of Wedlock Births	96%	96%

B.1.1. Strategy: CHILD SUPPORT ENFORCEMENT

Output (Volume):

Amount of Title IV-D Child Support Collected (in Millions)	4,400	4,450
--	-------	-------

Efficiencies:

Ratio of Total Dollars Collected Per Dollar Spent	12.42	12.18
---	-------	-------

B.1.2. Strategy: STATE DISBURSEMENT UNIT

Output (Volume):

Number of Payment Receipts Processed by the SDU Vendor	22,590,707	22,657,319
--	------------	------------

C. Goal: CRIME VICTIMS' SERVICES

Outcome (Results/Impact):

Amount of Crime Victims' Compensation Awarded	63,363,102	63,724,550
---	------------	------------

C.1.1. Strategy: CRIME VICTIMS' COMPENSATION

Efficiencies:

Average Number of Days to Analyze a Claim and Make an Award	46	46
---	----	----

D. Goal: REFER MEDICAID CRIMES

D.1.1. Strategy: MEDICAID INVESTIGATION

Output (Volume):

Number of Investigations Concluded	500	500
------------------------------------	-----	-----

L

2. Capital Budget. Funds appropriated above may be expended for capital budget items listed below. The amounts identified for each item may be adjusted or may be expended on other non-capital expenditures within the strategy to which the funds were appropriated. However, any amounts spent on capital items are subject to the aggregate dollar restrictions on capital budget expenditures provided in the General Provisions of this Act.

	2018	2019
a. Acquisition of Information Resource Technologies		
(1) Child Support Hardware/Software Enhancements	\$ 100,000	\$ 100,000
(2) Child Support TXCSES 2.0 Single Release	30,690,829	26,406,435
Total, Acquisition of Information Resource Technologies	\$ 30,790,829	\$ 26,506,435
b. Transportation Items

3. Cost Allocation, Reporting Requirement. The Office of the Attorney General is directed to continue an accounting and billing system by which the costs of legal services provided to each agency may be determined. This cost information shall be provided to the Legislative Budget Board and the Governor within 60 days after the close of the fiscal year.

4. Child Support Collections.

- a. The Office of the Attorney General shall deposit Child Support Retained Collections in a special account in the Comptroller's Office. The account shall be called the Child Support Retained Collection Account. Child Support Retained Collections shall include the state share of funds collected by the Office of the Attorney General which were previously paid by the State as Aid to Families with Dependent Children (AFDC) or Temporary Assistance for Needy Families (TANF) or foster care payments, all child support enforcement incentive payments received from the federal government, and all revenues specifically established by statute on a fee or service-provided basis and pertaining to the Child Support Enforcement Program.
- b. Amounts earned as interest on, and allocated by the Comptroller of Public Accounts to, the Child Support Trust Fund No. 994, in excess of \$808,289 in fiscal year ~~2018~~2020 and
